I waited until the last two years of high school to take Spanish and am now one of only three seniors; Sam and Rob are the others. Every day we have to conjugate verbs and today, the teacher was in a rare mood. Amar: to love That's what I

associated with Rob Holland, the newest student at Naylorville High who somehow has the power to make me blush, stammer and trip all at once. Molestar: to annoy That should be Sam Seeley's middle name. Since seventh grade he has annoyed me to the point where I should earn a gold medal for ignoring him. Matar: to kill This is what I want to do to the person putting black origami roses in my locker, writing hateful notes, rude emails and texts and throwing a rock at my bedroom window. Nadar: to swim My one talent. A college scholarship I desperately need. Something I never thought I wouldn't be able to do until an "accident" cuts my swim season short. Aprender: to learn I have a lot to learn. About Rob and how emotionally stunted a person can be. About Sam and how his life isn't better than anyone else's. About how one friend's mental illness can have lasting effects. About love. About myself Lane Meyers.

## **I Have ADD/ADHD. Now What?**

This book is a compilation of my thoughts-- transformed into poems, quotes, and self notes. At the unseasoned age of 20, I can testify to life taking me through some expected changes and detours. There were many days that I couldn't speak, think, or even write clearly. Through silence, prayer, and this little writing outlet, I've learned so much. I've found inspiration in the most unexpected places. I've learned that it's okay to cry. It's okay to not know all the answers. It's okay to be you-- Unapologetically you. Sometimes, it's even okay to feel lost.. So long as you remember who you are. We're all destined for greatness and success. I pray this book opens minds, encourages smiles, and inspires creativity. Above all, I'm forever grateful to my Heavenly Father for his magnificent plan over my life.

For all drivers, new and experienced -- everyone will learn useful information from this book. From the back cover: How safe are you while driving? Do you know what to do when suspicious situations arise? Do you know basic vehicle trouble signs? The Ride Guide's wealth of information tells how to be more safety conscious, avoid driving hazards, how to keep your vehicle safe, and so much more! Learn about important danger signs, how to handle problems and avoid potential safety traps. What do you do when blue lights are flashing behind you? (Perhaps not what you think!) When it is okay to leave the scene of an accident? What is the difference between road rage and aggressive driving? Do you know about the "Move Over Law" and the "Good Samaritan Law?" When not to use cruise control? How best to talk to a police officer? Proper procedure when you have an accident? What to do if involved in a "bump & grab?" When to call 511? BreeAnna Barton was born right after WWII to loving parents and was the center of their world. Her life began as ordinary as the families of the hit TV shows during the 50's and 60's. By the time she was three years old however, a drastic change was beginning to take place in her secure little world. Bree wanted so much to be a normal, happy child and teenager but the word "normal" didn't seem to exist for her. Abused, time and again, both physically and mentally until she was eighteen years old, there seemed to be nothing but black clouds on her horizon. She rose each time with another ray of hope and strong determination, only to be beaten back down. Outsiders turn their heads as the brutality that takes place inside her home stays within those walls, never to be discussed or shared by anyone involved. The rainbow was gradually fading from the clear blue sky of her dreams. As Bree's story unfolds, you'll hold your breath as she rides along with the changing winds, wanting to encourage her as she fiercely attempts to fight back against her attackers. She is courageous, determined, and through it all, still has the capacity to love. But, just how long and to what extent can these traits carry her? How much pain and suffering will this diminutive child's body be able to endure? Tiny bits of happiness are dashed as she rounds each corner, her journey reaching it's final destination

None of the five manuscripts were dated, but they appear to be late 19th or early 20th century. In the first of these newly discovered classics, a little boy named

Aaron travels through a tree in a nonsense fantasy in the style of The Wizard of Oz, Alice in Wonderland, and The Phantom Tollbooth. His dreams and wonders take him through a magical land of creatures - Feathers, Shells, Fins, and others - as he seeks out the dread Magistrate, who seems to be the keeper of the land.
