Critical Foundations in Young Adult Literature: Challenging Genres

This volume focuses on the 2016 Presidential campaign from a communication perspective, with each chapter considering a specific area of political campaign communication and practice. The first section includes chapters on the early candidate nomination campaigns, the nominating conventions, the debates, political advertising and new media technologies. The second section provides studies of critical topics and issues of the campaign to include chapters on candidate persona, issues of gender, wedge issues and scandal. The final section provides an overview of the election with chapters focusing on explaining the vote and impact of new campaign finance laws and regulations in the 2016 election. All the contributors are accomplished scholars in their areas of analysis. Students, scholars and general readers will find the volume offers a comprehensive overview of the historic 2016 presidential campaign.

Piccadilly Jim

In celebration of a century of making classic motorcycles, the official one-hundredth anniversary volume recounts the history of the company, and presents images of its famous products.

Harley-Davidson XL/XLH Sportster 1986-2003

Best-selling author Andy Kessler ties up the loose ends from his provocative book, *Running Money*, with this history of breakthrough technology and the markets that funded them. Expanding on themes first raised in his tour de force, *Running Money*, Andy Kessler unpacks the entire history of Silicon Valley and Wall Street, from the Industrial Revolution to computers, communications, money, gold and stock markets. These stories cut (by an unscrupulous editor) from the original manuscript were intended as a primer on the ways in which new technologies develop from unprofitable curiosities to essential investments. Indeed, *How We Got Here* is the book Kessler wishes someone had handed him on his first day as a freshman engineering student at Cornell or on the day he started on Wall Street. This book connects the dots through history to how we got to where we are today.

The Annotated Alice

Examines a variety of powerful motorcycles, including dirt bikes, custom bikes, and desert racers.

Harley-Davidson Evolution Motorcycles

This guide is designed for musicians and music professionals who wish to hone their knowledge of the music business. It is intended as a practical tool to help composers, performers and all those involved in the music world get into the specifics of the management of their intellectual property rights. The guide aims to provide instructive advice on how to build a successful career in music in both developed and developing countries, by generating income from musical talent.

Donny'S Unauthorized Technical Guide to Harley-Davidson, 1936 to Present

This is an edited volume of approximately 17 essays that deal with various types of spontaneous shrines and other, related public memorializations of death. The articles address events such as New York after 9/11; roadside crosses, and the use of 'Day of the Dead' altars to bring attention to deceased undocumented immigrants.

How We Got Here

Cars.

Missionaries

A scholarly analysis accompanies the text of Carroll's work about Alice.

Deeley

101 Sportbike Performance Projects

This dynamic volume chronicles the design and development of the Evolution engine and the machines it powers. Told through firsthand accounts from engineers and designers, this story goes beyond the new engine to Harley-Davidson's shift to a more nostalgic look. The book also covers the softtail suspension that has the appearance of 1940's-era suspension while providing a smooth and comfortable ride. Field taps into how Harley-Davidson transformed the motorcycle of choice for outlaws and outcasts into a cultural icon for affluent excitement.

Pipe Dreams

Lyrics and never-before-seen poetry and sketches from the iconic musician of Florence and the Machine Songs can be incredibly prophetic, like subconscious warnings or messages to myself, but I often don't know what I'm trying to say till years later. Or a prediction comes true and I couldn't do anything to stop it, so it seems like a kind of useless magic.

Myth of National Defense: Essays on the Theory and History of Security Production, The

White Coat Tales

This collection of intriguing stories offers profound insights into medical history. It highlights what all health professionals should know about the career path they have chosen. Each chapter presents a number of fascinating tales of legendary medical innovators, diseases that changed history, insightful clinical sayings, famous persons and their illnesses, and epic blunders made by physicians and scientists. The book relates the stories in history to what clinicians do in practice today and is ideal reading for physicians, residents, medical students and all clinicians.

100 Years of Harley-Davidson

The Ducati 750 Bible

XLH883, XL883R, XLH1100, XL/XLH1200

Ketamine

Volume I: The Twin Cam is the updated first volume of Petersen's long-awaited Donny's Unauthorized Technical Guide to Harley-Davidson, 1936 to Present series. This twelve-volume series by the dean of motorcycle technology examines the theory, design, and practical aspects of all things Harley-Davidson.

Harley-Davidson

The exciting story of a punch-em-up dirt-track racer who weathered personal tragedy to become the first Honda distributor in the English-speaking world and the first Harley-Davidson distributor anywhere.

Dune

"Neither Mason, a U.S. Army Special Forces medic, nor Lisette, a foreign correspondent, has emerged from America's long post-9/11 wars in Iraq and Afghanistan unscathed. Yet war also exerts a terrible draw that neither can shake--the noble calling, the camaraderie, the life-and-death stakes. Where else in the world can such a person go? All roads lead to Colombia, where the US, with its patented fusion of intelligence dominance and quick-striking special operators, has partnered with local government to stamp out a vicious civil war and keep the predatory narco gangs at bay. Mason, now a liaison to the Colombian military, is ready for the good war, and Lisette is more than ready to cover it. For Juan Pablo, Mason's counterpart in the Colombian officer corps, translating reality into a language the Americans can understand requires a cartoonist's gift for caricature, but it's child's play next to the challenge of navigating the viper's nest of factions bidding for power, in the capital and far out in the field. And if Juan Pablo's view is dark, the outlook of Abel, a lieutenant in the militia Los Mil Jesuses, which controls territory in rural Norte de Santander, a region on the Venezuelan border where the writ of law scarcely runs, is positively Stygian. Abel has lost everything he loves in the carnage that for his entire life has flowed unceasingly in this region, where the lines between drug cartels, militias, and the state are semi-permeable. It is Abel's cruel fate to find safety only by serving a man he has come to fear and loathe. Missionaries is an astonishment, a novel of extraordinary suspense whose central, unsparing drama is infused by a geopolitical sophistication and a wisdom about the human heart that would be rare even in isolation. As Los Mil Jesuses make their move to fill a power vacuum in Norte de Santander, aided and abetted by the Colombian military for its own reasons, the Americans are made pawns of a game they don't even begin to understand. The result is an unfolding calamity that will leave no character unscathed, and will echo across the planet. A work whose accomplishment calls forth comparisons to Joseph Conrad, Graham Greene, and

Robert Stone, Missionaries ultimately stands apart as its own electrifying new form of artistic reckoning with the forces we have unleashed in our world"--

The Many Faces of Corruption

Ink, Wink, and Blink go for a ride on their scooters.

Surging South of Baghdad: The 3rd Infantry Division

This book explores the nature of creativity in engineering and technology, and how it relates to creativity in art or science. Lienhard has for ten years done a twice-weekly radio show, carried on about 35 NPR stations, consisting of 3-minute essays on technology. He uses the substance of selected segments of his radio program to create a continuous narrative presenting his insights on technological creativity. This book has the same title as his radio program, to further draw the attention of his one million listeners.

WALNECK'S CLASSIC CYCLE TRADER, DECEMBER 1999

Harley-Davidson: words that evoke the open American road and the 'Made in America' tradition like no others. The sweeping chopper handlebars, the distinctive throaty 'potato potato' roar of the engine and the unmistakable logo are all emblems recognized the world over. This book expertly ties together the mechanical evolution of the Harley's engines – from the earliest motorized pedal bicycles to the iconic heavyweight twin cylinder V-engines we know and love today – and the social history of the brand's phenomenal rise in the twentieth century, as innovative survivor of the Great Depression, supplier of the military during both World Wars and enduring symbol of freedom and rebellion in movies such as 'Easy Rider'. It is fully illustrated with pictures of the bikes and those who have ridden them as well as beautiful examples of H-D's distinctive design aesthetic in advertising and collectibles.

Spontaneous Shrines and the Public Memorialization of Death

Applications of Topic Models

The Ducati 750 motorcycles were among the last pure, unadulterated sporting motorcycles built--representing a time before cost accounting and government design requirements--and have, unsurprisingly, inspired a new generation of retro

classics.

The 2016 US Presidential Campaign

Corruption How can policymakers and practitioners better comprehend the many forms and shapes that this socialpandemic takes? From the delivery of essential drugs, the reduction in teacher absenteeism, the containment of illegal logging, the construction of roads, the provision of water andelectricity, the international trade in oil and gas, the conduct of public budgeting and procurement, and the management of public revenues, corruption shows its many faces. 'The Many Faces of Corruption' attempts to bring greater clarity to the often murky manifestations of this virulent and debilitating social disease. It explores the use of prototype road maps to identify corruption vulnerabilities, suggests corresponding 'warning signals,' and proposes operationally useful remedial measures in each of several selected sectors and for a selected sampleof cross cutting public sector functions that are particularlyprone to corruption and that are critical to sector performance.Numerous technical experts have come together in this effort to develop an operationally useful approach to diagnosing and tackling corruption. 'The Many Faces of Corruption' is an invaluable reference for policymakers, practitioners, andresearchers engaged in the business of development.

When I Go Fishing I Like to Know That There's Nobody Within Five Miles of Me

Useless Magic

"The Life Harley-Davidson explores all aspects of what it means to embrace Harley-Davidson - the motorcycles, the people, the pop culture, and the history"--

The Life Harley-Davidson

How to Restore Your Harley-Davidson

Wodehouse does it again with Piccadilly Jim, a novel that picks up the story of overbearing gold-digger Nesta and her spoiled brat of a son, Ogden. In this caper tale, a scheme is hatched to fake Ogden's kidnapping. Will Nesta's nephew, the roustabout Jimmy Crocker, be able to pull off this nefarious plot?

Harley-Davidson Buyer's Guide

Describes recent academic and industrial applications of topic models with the goal of launching a young researcher capable of building their own applications of topic models.

The Engines of Our Ingenuity

Porsche 996 The Essential Companion

Women's Experimental Cinema

When I go fishing I like to know that there's nobody within five miles of me. Blank Lined Journal Notebook, 100 Pages, Soft Matte Cover, 6 x 9 In Details: Dimensions: 6 x 9 IN 1100 pages of Blank-Lined White Pages High-Quality Paper Soft Matte Cover

Minimizing Incisions and Maximizing Outcomes in Cataract Surgery

Many ophthalmologists are in the transition from the traditional cataract surgery technique to the new minimally incision cataract surgery (MICS) technique. They are in the need of updated information on how to make this transition smoothly. In this book, world-renowned opinion leaders present up-to-date information on the new and fast-developing trends in cataract surgery. It reflects the state of the art of microincisional cataract surgery with the concept of minimizing incision. It offers all necessary information on the new technology as well as on the surgical technique. Further, it demonstrates how to handle difficult cataract cases as well as new intraocular lenses.

Taming Liquid Hydrogen

This volume offers introductions to the work of fifteen avant-garde American women filmmakers.

Scooters

Looks at the the rise and fall of Enron, tracing the company's transformation from a small gas pipeline firm into a global conglomerate and the reasons why Enron ultimately failed.

New Thinking

WALNECK'S CLASSIC CYCLE TRADER, MARCH 1999

Motorbikes

Follows the adventures of Paul Atreides, the son of a betrayed duke given up for dead on a treacherous desert planet and adopted by its fierce, nomadic people, who help him unravel his most unexpected destiny.

WALNECK'S CLASSIC CYCLE TRADER, SEPTEMBER 2001

Young Adult literature, from *The Outsiders* to *Harry Potter*, has helped shape the cultural landscape for adolescents perhaps more than any other form of consumable media in the twentieth and twenty-first century. With the rise of mega blockbuster films based on these books in recent years, the young adult genre is being co-opted by curious adult readers and by Hollywood producers. However, while the genre may be getting more readers than ever before, Young Adult literature remains exclusionary and problematic: few titles feature historically marginalized individuals, the books present heteronormative perspectives, and gender stereotypes continue to persist. Taking a critical approach, *Young Adult Literature: Challenging Genres* offers educators, youth librarians, and students a set of strategies for unpacking, challenging, and transforming the assumptions of some of the genre's most popular titles. Pushing the genre forward, Antero Garcia builds on his experiences as a former high school teacher to offer strategies for integrating Young Adult literature in a contemporary critical pedagogy through the use of participatory media.

How to Make a Living from Music

"Karl Jansen's book *Ketamine, Dreams, and Realities* is a goldmine of information on this fascinating substance that combines in a unique way the properties of an anesthetic and a psychedelic. It is clearly written, well researched and documented, and presents a balanced and objective view point. The author's broad perspective that covers all the aspects of Ketamine from pharmacology to its use in raves makes this book interesting for clinicians and researchers, as well as the

general public."- Stan Grof, M.D., author of Psychology of the Future: Lessons From Modern Consciousness Research; LSD Psychotherapy "Indispensable reading for those with any interest in ketamine. Entertaining, thought-provoking, and thorough." - Rick Strassman, M.D., author of DMT: The Spirit Molecule: A Doctor's Revolutionary Research into the Biology of Near-Death and Mystical Experiences "It is an excellent book a well done comprehensive review of the entire history of ketamine." - Evgeny Krupitsky, M.D., Ph.D. Pioneer researcher into the use of ketamine-assisted psychotherapy in the treatment of alcoholism and heroin addiction.
