The objective of this study was to investigate the feasibility of intermodal freight service in Montana with respect to the potential demand for such service, obstacles to its implementation, and incentives that might be appropriate to promote it. Study activities consisted of a) review of relevant research and existing intermodal operations; b) survey of potential users relative to their needs and degree of interest in intermodal service; c) interviews with the various stakeholders involved in providing such service; d) network-level assessment of container demand across the state; e) identification of programs that support establishing intermodal service; and finally, f) assessment of the overall feasibility of establishing more extensive intermodal service than is currently available in the state.

“The Other Slavery is nothing short of an epic recalibration of American history, one that’s long overdue...In addition to his skills as a historian and an investigator, Résendez is a skilled storyteller with a truly remarkable subject. This is historical nonfiction at its most important and most necessary.”—Literary Hub, 20 Best Works of Nonfiction of the Decade “Long-awaited and important . . . No other book before has so thoroughly related the broad history of Indian slavery in the Americas.”—San Francisco Chronicle “A necessary work . . . [Reséndez’s] reportage will likely surprise you.”—NPR “One of the most profound contributions to North American history.”—Los Angeles Times Since the time of Columbus, Indian slavery was illegal in much of the American continent. Yet, as Andrés Reséndez illuminates in his myth-shattering *The Other Slavery*, it was practiced for centuries as an open secret. There was no abolitionist movement to protect the tens of thousands of Natives who were kidnapped and enslaved by the conquistadors. Reséndez builds the incisive case that it was mass slavery—more than epidemics—that decimated Indian populations across North America. Through riveting new evidence, including testimonies of courageous priests, rapacious merchants, and Indian captives, *The Other Slavery* reveals nothing less than a key missing piece of American history. For over two centuries we have fought over, abolished, and tried to come to grips with African American slavery. It is time for the West to confront an entirely separate, equally devastating enslavement we have long failed truly to see. “Beautifully written . . . A tour de force.”—Chronicle of Higher Education

Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated. Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.

## **AHA Guide to the Health Care Field**

Franklin, Jack, Marla, Thadius, and Caitlin this unlikely group of assorted misfits are the Cemeterians, a group that will take on any job - no, really, we mean any bloody job (money's a bit tight right now)! Trudge through disgusting sewers to battle manatee-massacring mermaids and soggy cultists, creep through creepy, fog-littered cemeteries straight out of an ancient Hammer Film soundstage, confront undead lecherous lodgers and other assorted beasts, creepies, and ghoulies. It all comes down to whether an adolescent giant Automaton, a truly mad, Mad Scientist, a surly Necromancer, a Banshee's granddaughter, and a reluctant furry monster straight from under your little sister's bed can manage not to kill each other - or, at least, quit fighting over the tele-privilege-schedule long enough to get the job done! Not likely.

## **Plunkett's Health Care Industry Almanac 2007**

Quickly and decisively manage any medical emergency you encounter in the great outdoors with Wilderness Medicine! World-renowned authority and author, Dr. Paul Auerbach, and a team of experts offer proven, practical, visual guidance for effectively diagnosing and treating the full range of emergencies and health problems encountered in situations where time and resources are scarce. Every day, more and more people are venturing into the wilderness and extreme environments, or are victims of horrific natural disasters and many are unprepared for the dangers and aftermath that come with these episodes. Whether these victims are stranded on mountaintops, lost in the desert, injured on a remote bike path, or ill far out at sea, this indispensable resource--now with online access at [www.expertconsult.com](http://www.expertconsult.com) for greater accessibility and portability-- equips rescuers and health care professionals to effectively address and prevent injury and illness in the wilderness! This textbook is widely referred to as "The Bible of Wilderness Medicine." Be able to practice emergency medicine outside of the traditional hospital/clinical setting whether you are in remote environments, underdeveloped but highly populated areas, or disaster areas, are part of search and rescue operations, or dealing with casualties from episodes of extreme sports and active lifestyle activities. Face any medical challenge in the wilderness with expert guidance: Dr. Auerbach is a noted author and the world's leading authority on wilderness medicine. He is a founder and Past President of the Wilderness Medical Society, consultant to the Divers Alert Network and many other agencies and

organizations, and a member of the National Medical Committee for the National Ski Patrol System. Handle everything from frostbite to infection by marine microbes, not to mention other diverse injuries, bites, stings, poisonous plant exposures, animal attacks, and natural disasters. Grasp the essential aspects of search and rescue. Respond quickly and effectively by improvising with available materials. Improve your competency and readiness with the latest guidance on volcanic eruptions, extreme sports, splints and slings, wilderness cardiology, living off the land, aerospace medicine, mental health in the wilderness, tactical combat casualty care, and much more. Meet the needs and special considerations of specific patient populations such as children, women, elders, persons with chronic medical conditions, and the disabled. Make smart decisions about gear, navigation, nutrition, and survival. Be prepared for everything with expanded coverage on topics such as high altitude, cold water immersion, and poisonous and venomous plants and animals. Get the skills you need now with new information on global humanitarian relief and expedition medicine, plus expanded coverage of injury prevention and environmental preservation. Get guidance on the go with fully searchable online text, plus bonus images, tables and video clips - all available on ExpertConsult.com.

### **Lemon-Aid New Cars 2001**

?Turquoise skies, the scent of roasting chilies, the warmth that radiates from thick adobe walls, the twirling crimson skirts of flamenco dancers, the steady drum beats at a Pueblo dance, and spectacular sunsets that bathe the mountains in a kaleidoscope of colors?just a few Santa Fe impressions that will linger long after your visit to New Mexico's historic capital city, ? writes Emily Drabanski in the foreword. ?Photographer Laurence Parent's skillful compositions richly capture many of these magical moments.? Laurence Parent truly presents the unique Southwestern style and culture of this famed city. Santa Fe Impressions features 88 of Parent's finest photographs, creating a complete portrait that includes: sunsets on the Sangre de Cristo Mountains; Abiqui?, land of Georgia O'Keeffe; the missions of Pecos National Historical Park; ancient Pueblo ruins at Jem?z State Monument; Petroglyph National Monument; historic adobe churches; and much more.
