The Grand Grimoire

HELMUT KOLLER, Austrian-born artist and photographer, is well known for his colorful, bold and festive paintings of animals, which are collected throughout the world. After Koller completed his training as a photographer, he became the official photographer for the Vienna State Opera, capturing legends such as Luciano Pavarotti, Placido Domingo, Leonard Bernstein and Rudolf Nureyev. He has published several books of his work, including "Opera Live," about the Vienna State Opera. In the 1980s, Koller came to America and transitioned from photography to painting. Since 1987, Koller has been creating "super-realistic colorful pop" animal paintings. His paintings are currently exhibited in the United States, Europe, Russia and Asia. Koller lives and works in Palm Beach, Florida and Vienna, Austria.

Drying

This book is an introduction to the principles of drying and gives an indication of the range of technologies available, along with case studies examining the use of improved drier designs.

#kollerism

Silence. This book emerged from the desire to visually explore the subtle dualities of silence. Silence is dark, foggy and eerie, but also melancholic, beautiful and inspiring. Dismissed as boring and sometimes considered intimidating, silence is, in fact, essential for contemplation. With it we can explore life's deepest mysteries, dive into the ocean of our deepest essence, and in doing so, stimulating the creative mind. A celebration of Silence.

One Day in the Desert

The Worst Thing I've Done

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Under the Care of the Japanese War Office

During the Crimean War (1853-56) Sister Ethel McCaul R.R.C. (1867-1931) Florence Nightingale became a popular heroine of medical improvement. but her later campaigns, for improved care for the British Army, were often obstructed. Even as late as the South African War (1899-1902) many major failings remained in Britain's military medical services.' One example of unchanging medical attitudes was the decision of the distinguished surgeon, Frederick Treves, to take only two specialist women nurses with him to South Africa. One of these. Sister Ethel McCau], distinguished herself as a front line nurse. became an articulate critic of current practices, and an advocate of medical reform. Soon she saw Japanese medical systems as a blueprint for change, and sought to learn lessons by visiting Japan.

Troubleshooting Marine Diesel Engines, 4th Ed.

This densely illustrated, hands-on guide to diesel engine maintenance, troubleshooting, and repair renders its subject more user-friendly than ever before. Finally, boatowners who grew up with gas engines can set aside their fears about tinkering with diesels, which are safer and increasingly more prevalent. As in other volumes in the International Marine Sailboat Library, every step of every procedure is illustrated, so that users can work from the illustrations alone. The troubleshooting charts in the second chapter--probably the most comprehensive ever published--are followed by system-specific chapters, allowing readers to quickly diagnose problems, then turn to the chapter with solutions. Diesel engine systems covered include: mechanical; oil; fresh- and raw-water cooling; low- and high-pressure fuel; exhaust; starting; charging; transmission and stern gear.

Diesel and high compression gas engines

Still searching for Funny Physics Right-hand Rule Geek t-shirts? Make a statement while maintaining a laid-back cool look with this Physics Gang Sign Right-hand Rule t-shirt. Makes a great gift for the physicist, physics teacher who loves funny physics t-shirts. Awesome for adults, men, women, kids, boys and girls. A great gift for christmas, a birthday, an anniversary, or any other present occasion. Get this present for the special physic guy in your life.

Jurassic Peck

I like you, you know that? I know we've only just met, but you're my favourite abortionist. Maz and Bricks is a passionate, angry, funny and touching play which tells the story of two young people who meet over the course of a day in Dublin. Maz is attending a 'Repeal the Eighth' demonstration, while Bricks is going to meet the mother of his young daughter. As the day unfolds, the two become unlikely friends, changing each other in ways they never thought possible. Maz and Bricks delves deep into the issue of reproductive rights in Ireland to ask what does it mean to be alive in Ireland today and what really makes it all worthwhile? Maz and Bricks was published to coincide with the premiere production and tour by Olivier Award-winning Fishamble: The New Play Company in April 2017.

The Minor Prophets

Medieval Archaeology

'A wounded mountain lion moves from his mountain habitat to a Papago Indian hut

in Arizona's Sonoran desert during a record-breaking July day. All creation adapts to the blistering heat until a cloudburst causes a flash flood. With a measured yet vivid style, this introduction to desert ecology makes a memorable impact." —SLJ.

Diesel Mechanics

Jujube is thrilled when Brent asks her out. She is not so happy when the rumors start flying at school. Pretty soon her name is showing up on bathroom walls and everyone is whispering behind her back. When her mother gets involved, Jujube's reputation takes another hit. Deciding that someone has to take a stand, Jujube gathers all the other girls who have been labelled sluts--and worse--and tries to impress on her fellow students the damaging effects words can have on a person

Hamster Pals

An accident in Professor Quack's lab sends Gordon Blue (otherwise known as Kung Pow Chicken) and his companions, Egg Drop and Beak Girl, back to dinosaur times, where they meet Dr. Strangebok, an evil chicken who wants to bring dinosaurs to Fowladelphia and take over the city--and the three superheroes, with help from a friendly dinosaur named Sweet Tooth, must find a way to stop her before she turns the city into a buffet lunch for her dinos.

Silence (paperback)

Are you looking for a beautiful, simple journal, diary or notebook for your trip to Ireland? This is a travel journal with prompts and checklists that is a perfect Gift for someone planning their travel to Ireland. Use it as Notebook, Diary, to Journal or just like any other notebook. Other details include: 120 pages, 6x9, cream paper and a beautiful matte-finished cover. Make sure to look at our other products for more Travel journals.

Sticks and Stones

Christmas may be the most wonderful time of the year, but it's also one of the most stressful--and most expensive. Expectations run high and it's tempting to whip out the credit cards to create the perfect Christmas for your family, with lavish meals, new decorations, and the latest, greatest gadgets and fashions for everyone on your Christmas gift list. But you don't have to overspend or go into debt to have a fabulous holiday. Financial expert Mary Hunt shows readers how. She helps readers assess their financial situation, commit to no new debt, and think creatively about their gift list. With Mary's guidance, readers will identify what has caused them to overspend in the past and approach this Christmas with a plan and a new attitude toward holiday spending. This just might be the best gift you can give yourself and your family. This book is an updated edition of Debt-Proof the Holidays.

Aldous Huxley

From where they sleep to what they eat and how you can make them feel safe and

at home, this book gives you all the pet care advice you need to become a hamster's best pal. Learn the inside information on how hamsters communicate, what games they like to play, and how to understand their behavior, so you can build a bond with your pet that will last a lifetime.

Perfect Italian

Unveiled

Cat Journal

Italian food appeals to almost everyone, perhaps because when you tuck into a generous plateful of pasta or risotto, a regional meat or fish dish, or a delectable dessert, you get a wonderful taste of the Italian love of all good things. This book has a selection of the very best traditional Italian recipes to inspire you for every occasion. Whether you are looking for a quick lunch or supper dish or ideas for an elegant three-course dinner party, there is something here for you.--Publisher's description.

My People Skills Are Fine It's My Tolerance to Idiots That Needs Work: Graph Paper Notebook - 1/2 Inch Squares

Debt-Proof Your Christmas

When Grant Davis stepped into the job of assistant director at Joy Universe, he knew he was taking on a challenge. The AD before him left a mess nobody thought could be cleaned up--but Grant loves nothing more than beating the odds. Over a year later, he's convinced there's something hinky going on. The solution: an independent audit. What he doesn't expect is that the head of the audit team will be his old college crush. Luke Durrant's come a long way since he last saw Grant, the man he had a steamy night with back in college. He's been married, divorced, has a successful career, and is now a parent. But one look at Grant brings all the old feelings crashing back. With Grant's job in Luke's hands, two insecure kids, and a host of nosy coworkers, it seems like professionalism is the only option but who wants that? Grant and Luke are willing to take the shot for a second chance at happily ever after. And then Luke's ex turns up.

The Hidden Art of Interviewing People

Provide your students with a solid foundation in individual and corporate taxation using the book that pioneered an unforgettable, clear and engaging approach to tax law more than 25 years ago. A ground-breaking, first-of-its-kind text, Pratt/Kulsrud's FEDERAL TAXATION today continues the momentum of success for your students with the most timely updates of the latest tax legislation. The book is built upon the authors' unwavering belief that the key to mastering taxation is to understand the underlying purpose behind every rule. To support this

understanding, FEDERAL TAXATION 2013, 7E provides a strong conceptual background and places all material within a significant historical context. Specific learning objectives, intriguing special features, more on tax planning in this edition, and ongoing coverage of the continuing impact of recent legislative acts further your students' full comprehension of tax issues today. In addition to rich online instructional support, this edition includes leading professional software, such as H&R BLOCK At Home and CPAexcel for CPA Exam study. FEDERAL TAXATION 2013, 7E provides everything today's students need for a full understanding of individual and corporate taxation as it's practiced today. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

The Green God

Explores and identifies the main issues, concepts, principles and evolution of software testing, including software quality engineering and testing concepts, test data generation, test deployment analysis, and software test management This book examines the principles, concepts, and processes that are fundamental to the software testing function. This book is divided into five broad parts. Part I introduces software testing in the broader context of software engineering and explores the qualities that testing aims to achieve or ascertain, as well as the lifecycle of software testing. Part II covers mathematical foundations of software testing, which include software specification, program correctness and verification, concepts of software dependability, and a software testing taxonomy. Part III discusses test data generation, specifically, functional criteria and structural criteria. Test oracle design, test driver design, and test outcome analysis is covered in Part IV. Finally, Part V surveys managerial aspects of software testing, including software metrics, software testing tools, and software product line testing. Presents software testing, not as an isolated technique, but as part of an integrated discipline of software verification and validation Proposes program testing and program correctness verification within the same mathematical model, making it possible to deploy the two techniques in concert, by virtue of the law of diminishing returns Defines the concept of a software fault, and the related concept of relative correctness, and shows how relative correctness can be used to characterize monotonic fault removal Presents the activity of software testing as a goal oriented activity, and explores how the conduct of the test depends on the selected goal Covers all phases of the software testing lifecycle, including test data generation, test oracle design, test driver design, and test outcome analysis Software Testing: Concepts and Operations is a great resource for software quality and software engineering students because it presents them with fundamentals that help them to prepare for their ever evolving discipline.

On the Banks of Mulroy Bay

A graph notebook features pages covered with a continuous square grid. The squares have different sizes according to your preference. The lines are often used as guides for plotting mathematical functions or experimental data and drawing two-dimensional graphs. It is the preferred page for mathematical graphing, art projects, statistical charts and home renovation projects. Here are other benefits of using a Graph Paper: - Drawing schematics, diagrams and models - Graphs - Flow

charts - Orderly, bulleted notetaking - Check-box style to do lists - Budgeting - Timelines - Writing in Japanese or Chinese Who would LOVE this notebook? - Those note takers with small handwriting who want to maximize their total number of words per page - Those note takers with a tendency for messy handwriting, who need structure to focus on controlling the size and spacing of each letter Whether you need form to guide you with your letters and numbers or a notebook to easily tick off your To Do lists, you'll love our notebook.

The Work Boat

This book offers guidance and practice development strategies for social workers on the causes of, and effective responses to, the many different types of conflicts that they may experience from the classroom to the workplace. In addition, the text sets out the complex, multi-layered and sometimes conflicting roles within social work settings, with the balancing of care and control functions, and safeguarding and empowering approaches. Based on evidence of the range, extent and effects of behaviour, the book offers advice on how you can best recognize and work with issues that can cause conflict. These include: -Reluctant service user engagement, resistance, and oppositional behaviours. -Aggression, threats, abuse, and physical violence. -Safeguarding responsibilities for vulnerable people, including in domestic violence and vulnerable adults and children work. -Sexist, disablist, and racist behaviours, or where someone is being negatively targeted, bullied or harassed because of LGBTQ+ status. -Situations where there is potential conflict between students, colleagues, managers, or other professionals (e.g. whistleblowing). This book forms part of the Social Work Skills in Practice series and is essential reading for social work students and practitioners. Brian Littlechild is a Professor of Social Work at the University of Hertfordshire, UK, with a practice and management background in mental health, looked-after children, child safeguarding and working with young people who have offended. He has researched, published, worked, and trained in this area for over 35 years. Karen Mills is Programme Lead for the MSc Social Work and Step up to Social Work Programmes at the University of Hertfordshire, UK. Rose Parkes is Deputy Head of Higher Education at University College Jersey, UK, and leads the BA Social Work course.

In Your Hands

This is the first reference work to cover the archaeology of medieval Europe. No other reference can claim such comprehensive coverage--from Ireland to Russia and from Scandinavia to Italy, the archaeology of the entirety of medieval Europe is discussed.

Federal Taxation 2013

There is growing interest in the use of Neuro Linguistic Programming (NLP) as a Qualitative Market Research technique. NLP was previously used in psychology to understand how people think and react, and as a tool in self-development, interpersonal skills and business, looking at how our brains think and experience the world. Qualitative Market research experts now see that using NLP can help the

researchers understand the human brain and, armed with this power, they can find out the truth from interviewees. The Hidden Art of Interviewing People shows how, by using NLP and related techniques in interviews, the market researcher can see beyond the obvious to the truth.

Friends since childhood, Annie, Jake and Mason had a special bond that transcended all other relationships. When Annie's parents die on her and Mason's wedding night, the three friends decide to raise Annie's infant sister, Opal, together. Entangled relationships ensue between them and Annie struggles to be both a sister and a mother to Opal. And then, on one fateful night, the friends step over a line that has shocking, unforeseen consequences. Beautifully written and brilliantly vivid, this truth-telling and engaging novel of friendship, love and death and -- ultimately -- of resilience and understanding, will resonate long after each character tells their story.

My Travel Journal Ireland

Infectious diseases remain a major problem for physicians and other health professionals dealing with problems of the reproductive system. Accordingly, this two-volume comprehensive presentation of infectious diseases involving the male and female reproductive systems promises to be a major contribution in this field and to fill a much-needed vacuum. During the past three decades, the introduction of antimicrobial therapy has dramatically altered both the clinical presentation and the therapeutic approaches employed in dealing with the traditional infections of the reproductive system. In addition, the changing demographics of infectious problems in the industrial countries and the developing world have been a source of concern. A good deal of important information on this topic is included in this series. In recent years, considerable attention has been given to the role of Mycoplasma and Chlamydia in both male and female infertility and the problems related

to genital herpes and human papilloma virus infections. Current clinical information is included on these infections as well as on newer aspects of diagnosis, such as the use of laparoscopy in the diagnosis and treatment of pelvic inflammatory disease. Also addressed is new information regarding the role of actinomycosis in pelvic infections; current problems such as toxic shock syndrome and acquired immune deficiency syndrome (AIDS) are reviewed as well. New concepts are included in these volumes to complement the clinical information. The attachment of microbial organisms to sperm may help to explain access of these and other organisms to the upper female genital tract.
