The slasher film genre got its start in the early 1960s when acclaimed filmmakers such as Alfred Hitchcock and Michael Powell made provocative mainstream film such as Psycho and Peeping Tom, but it is most associated with the late 1970s releases of Halloween and Friday the 13th and the many sequels and imitators that followed. They have been frightening and thrilling audiences ever since with their bloody scenes and crazed killers. This filmography catalogs more than 150 slasher films. Entries provide major cast and production credits, a plot synopsis, a short critique and often interesting production notes. Some of the films covered include Alice, Sweet Alice, American Psycho, The Burning, Cherry Falls, Curtains, Deep Red, Frenzy, Hide and Go Shriek, Maniac, Prom Night, Scream, Sleepaway Camp, Slumber Party Massacre, and The Texas Chainsaw Massacre. Fiery Darts: Satan's Weapon of Choice

through a dazzling combination of memoir, history, reporting, visual culture, literature, and theology, Sarah Sentilles offers an impassioned defense of life lived by peace and principle. It is a literary collage with an urgent hope at its core: that art might offer tools for remaking the world. In *Draw Your Weapons*, Sentilles tells the true stories of Howard, a conscientious objector during World War II, and Miles, a former prison guard at Abu Ghraib, and in the process she challenges conventional thinking about how war is waged, witnessed, and resisted. The pacifist and the soldier both create art in response to war: Howard builds a violin; Miles paints portraits of detainees. With echoes of Susan Sontag and Maggie Nelson, Sentilles investigates images of violence from the era of slavery to the drone age. In doing so, she wrestles with some of our most profound questions: What does it take to inspire compassion? What impact can one person have? How should we respond to violence when it feels like it can't be stopped?

Praise for Upright Women Wanted "A good old-fashioned horse opera for the 22nd century. Gunslinger librarians of the apocalypse are on a mission to spread public health, decency, and the revolution."—Charles Stross "A dazzling neo-western adventure. . . . Women hold the key for the solution to success in our Roman Catholic Church. This key has been hidden! Rise Catholic Women will not only tell you why, but how women can unlock the secrets that have been hidden from them, and expose the unnecessary control of men in decision making in the church. This informative book provides mostly unknown facts about the reasons priests are not allowed to marry. It answers questions that our pastors have been encouraged not to discuss. Sarah Harding shows us that even though statistics show the Catholic church is doing well in the United States, the influx of the Latino communities in our Church has covered up the fact that the non- Latino Catholic population has diminished. The shortage of priests has affected the salvation of souls to a large degree. Women need to rise and face the challenge to be heard. We need all our priests, not just those who have courageously endured celibacy, but the other one third who have left the Church to marry. There are twenty-thousand priests in the United States alone who have left the Church to marry. These priests could be called back to shepherd our churches. You hold the key to unlock the door for them to help save our Roman Catholic Church in America. Note from the author: I am extremely grateful for the professional help given to

A Question of Choice

From the start of the U.S. war in Afghanistan in 2001 to the withdrawal of U.S. troops in 2014, Pakistan's military cooperation was critical to the United States. Yet Pakistani politics remain a source of anxiety for American policymakers. Despite some progress toward democratic consolidation over the last ten years, Pakistan's military still asserts power over the country's elected government. Pakistan's western regions remain largely ungoverned and home to the last remnants of al-Qaeda's original leadership as well as multiple militant groups that have declared war on the Pakistani state. The country's economy is in shambles, and continuing tensions with India endanger efforts to bring a durable peace to a region haunted by the distant threat of nuclear war. *Pakistan's Enduring Challenges* surveys the political and economic landscape of Pakistan in the wake of U.S. military withdrawal. Experts in the domestic and international affairs of the region consider the country's prospects from a variety of angles, including security issues and nuclear posture, relations with Afghanistan, India, and the United States, Pakistan's Islamist movements, and the CIA's use of drone warfare in Pakistan's tribal areas. This timely volume offers a concise, accessible, and expert guide to the currents that will shape the country's future. Contributors: Christopher Clary, C. Draw Your Weapons

Janet Warren Lane has been a Christian for 54 years, a school teacher for 15 years, a minister's wife for 33 years, a mother of four grown and married children who are all involved in ministry and/or missions, and a grandmother of 8 and counting! For most of that time she was unaware of Satan's most formidable weapon used against Christians - Fiery Darts. Since becoming aware of this weapon, Satan's motives for using it, and how to wield the power of God's Word against it, Janet's release from years of captivity has been wondrously secured. Most people agree that negative thinking can have a debilitating effect on a person's life. But just knowing this does little to help combat such thinking. By comparing negative thinking to the weapon of fiery darts, Janet exposes the weapon and the tactics used by Satan to manipulate. After the weapon and its tactics are exposed, detailed instructions are given as to how to counter-attack and live life free from the bondage negative thinking can impose.
