Multiculturalism: A Shalom Motif for the Christian Community is an attempt to engage the Christian community on the ongoing discussion of cultural

diversity and its implications for the church and the entire Christian community of the twenty-first century. Written for Christian schools and churches, this book confronts the fact that, for the Christian church in North America to remain vibrant and relevant in the twenty-first century, it must engage with the idea of multiculturalism and all other forms of diversity that now characterize the contemporary society. While the nature of this engagement will vary from case to case, cultural diversity must become a growing face of the church in America. This book uses a combination of philosophy, educational theories, and biblical theology to provide Christian educators and churches with a critical understanding of multiculturalism, as well as practical steps for engaging this issue within the Christian community.
