American Government

A journey through a land where Milo learns the importance of words and numbers provides a cure for his boredom.

The Phantom Tollbooth

Classic Books Library presents this brand new edition of “The Federalist Papers”, a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the governing doctrines and policies of the States lacked cohesion. “The Federalist”, as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755–1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation’s finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

Principles of Comparative Politics

Barron’s AP U.S. Government and Politics is aligned with the College Board course and updated based on feedback from actual AP teachers. You’ll get in-depth content review and revised practice tests to help you feel prepared for the exam. Updated content based on actual teacher feedback after putting the new course framework in practice in the classroom Two full-length practice tests in the book Review of the essential information likely to appear on the test, including the branches of federal government, political parties, and key foundational documents Up-to-date content including required Supreme Court decisions and the impact of the 2016 Presidential election

Princeton Review AP European History Premium Prep, 2021

William Roberts Clark, Matt Golder, and Sona Nadenichek Golder’s groundbreaking Principles of Comparative Politics offers the most comprehensive and up-to-date introduction to comparative inquiry, research, and scholarship. In this thoroughly revised Third Edition, readers have an even better guide to cross-national comparison and why it matters. Readers are offered a new intuitive take on statistical analyses and a clearer explanation of how to interpret regression results; a thoroughly-revised chapter on culture and democracy that now includes a more extensive discussion of cultural modernization theory and a new overview of survey methods for addressing sensitive topics; and a revised chapter on dictatorships that incorporates a principal-agent framework for understanding authoritarian institutions. Examples from the gender and politics literature have been incorporated into various chapters and empirical examples and data on various

types of institutions have been updated. The book's outstanding pedagogy includes more than 250 tables and figures, numerous photos and maps, end of chapter exercises and problem sets, and a broader set of works cited. New to this Edition A new intuitive take on statistical analyses and a clearer explanation of how to interpret regression results are included. A thoroughly-revised chapter on culture and democracy includes a more extensive discussion of cultural modernization theory and a new overview of survey methods for addressing sensitive topics. A revised chapter on dictatorships incorporates a principal-agent framework for understanding authoritarian institutions. Examples from the gender and politics literature have been incorporated into various chapters. Empirical examples and data on various types of institutions have been updated. Online videos and tutorials guide students through some of the methodological components addressed in the book.

The Mueller Report: Report on the Investigation into Russian Interference in the 2016 Presidential Election

Real People. Real Stories. Real Politics. Politics involves people, from many backgrounds, struggling to make their voices heard. Real people, telling their stories, reflect our ideals, choices, and collective experiences as a nation. In *American Government: Stories of a Nation*, author Scott Abernathy tunes in to these voices, showing how our diverse ideas shape the way we participate and behave, the laws we live by, and the challenges we face. Each chapter features real stories illustrating how the American political system is the product of strategies, calculations, and miscalculations of countless individuals. Students learn the nuts and bolts of political science through these compelling stories. Learning concepts in context is a tested learning technique that works to help ideas stick. The key concepts are memorable because they are tied to real politics, where students see political action and political choices shaping how institutions advance or impede the fulfillment of fundamental ideas. Not only will all students see themselves reflected in the pages, but they will come to understand that they, too, are strategic players in American politics, with voices that matter. Just like the Full version, The Essentials edition is perfect for instructors who don't wish to cover the last three chapters on policy.

AP US Government and Politics Premium

Our *American Government* textbook adheres to the scope and sequence of introductory American government courses nationwide. We have endeavored to make the workings of American Government interesting and accessible to students while maintaining the conceptual coverage and rigor inherent in the subject at the college level. With this objective in mind, the content of this textbook has been developed and arranged to provide a logical progression from the fundamental principles of institutional design at the founding, to avenues of political participation, to thorough coverage of the political structures that constitute American government. The book builds upon what students have already learned and emphasizes

connections between topics as well as between theory and applications. The goal of each section is to enable students not just to recognize concepts, but to work with them in ways that will be useful in later courses, future careers, and as engaged citizens. The organization and pedagogical features were developed and vetted with feedback from American government instructors dedicated to the project.

AP U.S. Government and Politics Crash Course

Get ready to ace your AP U.S. Government & Politics Exam with this easy-to-follow, multi-platform study guide 5 Steps to a 5: AP U.S. Government & Politics Elite Student Edition 2020 introduces an effective 5-step study plan to help you build the skills, knowledge, and test-taking confidence you need to achieve a high score on the exam. Cracking the AP U.S. Government & Politics Exam, 2019 Edition

AP U.S. Government & Politics Premium Prep, 2021, previously titled *Cracking the AP U.S. Government & Politics Exam, Premium Edition*, provides students with an in-depth review of all AP U.S. Government & Politics topics, including the institutions of government, elections, political parties, interest groups, public policy, civil rights, constitutional underpinnings, and more. It also includes a comprehensive glossary of key U.S. Government & Politics terms and useful

techniques for cracking the free-response section. This Premium edition includes 6 full-length practice tests including (4 in the book and 2 online) for the most practice possible.

The Constitution

The central question/problem of the book is twofold. In the past, Amn politics was local: it reflected the needs of people in communities/regions across the country. Today, on the other hand, DC flies over the US. Representational government used to work but not much anymore; so, what has happened? It is as if a big blob crashed earth from a distant globe, top-notch desire of capitalism consumes everything in its path Thus, violence and violation of political party capitalism compose the book's complaint in Part I Next, what about democracy, and the spans of time in culture/history when the constitution served the people? Because the founders are the experts, Part II looks back - in literature to trace the spirit of equality to the Declaration of Independence. Finally, to find in the 'instrument of government' itself the wherewithal and supreme power to address and tackle today's most difficult challenges.. Essentially, this book makes the case that Ama's constitution rocks!

CliffsNotes AP U.S. Government and Politics Cram Plan

AP Comparative Government and Politics

A majestic big-picture account of the Great Society and the forces that shaped it, from Lyndon Johnson and members of Congress to the civil rights movement and the media. Between November 1963, when he became president, and November 1966, when his party was routed in the midterm elections, Lyndon Johnson spearheaded the most transformative agenda in American political history since the New Deal, one whose ambition and achievement have had no parallel since. In just three years, Johnson drove the passage of the Civil Rights and Voting Rights Acts; the War on Poverty program; Medicare and Medicaid; the National Endowments for the Arts and the Humanities; Public Broadcasting; immigration liberalization; a raft of consumer and environmental protection acts; and major federal investments in public transportation. Collectively, this group of achievements was labeled by Johnson and his team the "Great Society." In *The Fierce Urgency of Now*, Julian E. Zelizer takes the full measure of the entire story in all its epic sweep. Before Johnson, Kennedy tried and failed to achieve many of these advances. Our practiced understanding is that this was an unprecedented "liberal hour" in America, a moment, after Kennedy's death, when the seas parted and Johnson could simply stroll through to victory. As Zelizer shows, this view is off-base: In many respects America was even more conservative than it seems now, and Johnson's legislative program faced bitter resistance. *The Fierce Urgency of Now* animates the full spectrum of forces at play during these turbulent years, including religious groups, the media, conservative and liberal political action groups, unions, and civil rights activists. Above all, the great character in the book whose role rivals Johnson's is Congress—indeed, Zelizer argues that our understanding of the Great Society program is too Johnson-centric. He discusses why Congress was so receptive to

passing these ideas in a remarkably short span of time and how the election of 1964 and burgeoning civil rights movement transformed conditions on Capitol Hill. Zelizer brings a deep, intimate knowledge of the institution to bear on his story: The book is a master class in American political grand strategy. Finally, Zelizer reckons with the legacy of the Great Society. Though our politics have changed, the heart of the Great Society legislation remains intact fifty years later. In fact, he argues, the Great Society shifted the American political center of gravity—and our social landscape—decisively to the left in many crucial respects. In a very real sense, we are living today in the country that Johnson and his Congress made.

Letters to Democracy

For the 2020 Exam! AP® U.S. Government and Politics Crash Course® A Higher Score in Less Time! At REA, we invented the quick-review study guide for AP® exams. AP US Government and Politics 2019

Equip your students to excel in the new AP course and on the exam.

Defense of Marriage Act

From war powers to health care, freedom of speech to gun ownership, religious liberty to abortion, practically every aspect of American life is shaped by the Constitution. This vital document, along with its history of political and judicial interpretation, governs our individual lives and the life of our nation. Yet most of us know surprisingly little about the Constitution itself, and are woefully unprepared to think for ourselves about recent developments in its long and storied history. The Constitution: An Introduction is the definitive modern primer on the US Constitution. Michael Stokes Paulsen, one of the nation's most provocative and accomplished scholars of the Constitution, and his son Luke Paulsen, a gifted young writer and lay scholar, have combined to write a lively introduction to the supreme law of the United States, covering the Constitution's history and meaning in clear, accessible terms. Beginning with the Constitution's birth in 1787, Paulsen and Paulsen offer a grand tour of its provisions, principles, and interpretation, introducing readers to the characters and controversies that have shaped the Constitution in the 200-plus years since its creation. Along the way, the authors provide correctives to the shallow myths and partial truths that pervade so much popular treatment of the Constitution, from school

textbooks to media accounts of today's controversies, and offer powerful insights into the Constitution's true meaning. A lucid and engaging guide, *The Constitution: An Introduction* provides readers with the tools to think critically and independently about constitutional issues—a skill that is ever more essential to the continued flourishing of American democracy.

Cracking the AP U. S. Government and Politics Exam, 2017 Edition

The wait for The Mueller Report is over. This strikingly designed edition has been prepared by expert typographers - allowing for an optimised, immersive reading experience. "From the moment [the report] was published, two separate news universes took shape. In one, the special counsel's report was presented as a smoking-gun chronicle of high crimes and misdemeanours. In the other, it was heralded as a credibility-shredding blow to the president's opponents."—The Atlantic
Make up your own mind. The Mueller Report is a must read political blockbuster.
