Army Combat Fitness Test CALL NO. 18-37, September 2018
FM 7-22 ARMY PHYSICAL READINESS

TRAINING, October 2012 IOC TESTING - ACFT EQUIPMENT LIST (1 X LANE REQUIREMENT) Version 1.1, 4 September 2018 ACFT Field Test Highlight Poster (Final) OVERVIEW: The Army will replace the Army Physical Fitness Test (APFT) with the Army Combat Fitness Test (ACFT) as the physical fitness test of record beginning in FY21. To accomplish this, the ACFT will be implemented in three phases. Phase 1 (Initial Operating Capability – IOC) includes a limited user Field Test with approximately 60 battalion-sized units from across all components of the Army. While the ACFT is backed by thorough scientific research and has undergone several revisions, there are still details that have not been finalized. The ACFT requires a testing site with a two-mile run course and a flat field space approximately 40 x 40 meters. The field space should be grass (well maintained and cut) or artificial turf that is generally flat and free of debris. While maintaining testing standards and requirements, commanders will make adjustments for local conditions when necessary. The start and finish point for the two-mile run course must be in close proximity to the Leg Tuck station. When test events are conducted indoors, the surface must be artificial turf only. Wood and rubberized surfaces are not authorized as they impact the speed of the Sprint-Drag-Carry. When environmental conditions prohibit outdoor testing, an indoor track may be used for the 2 Mile Run. The Test OIC or NCOIC are responsible to inspect and certify the site and determine the number of testing lanes. There should not be more than 4 Soldiers per testing group for the SPT, HRP, and SDC. The OIC or NCOIC must add additional lanes or move Soldiers to a later testing session to ensure no more

than 4 Soldiers per testing group. Concerns related to Soldiers, graders, or commanders will be addressed prior to test day. The number of lanes varies by number of Soldiers testing. A 16-lane ACFT site will have the following: ACFT specific test equipment requirements: 16 hexagon/trap bars (60 pounds), each with a set of locking collars. While all NSN approved hexagon bars must weigh 60 pounds, there is always a small manufacturer's production tolerance. The approved weight tolerance for the hexagon bar is + 2 pounds (58-62 pounds). Weight tolerance for the hexagon bar and therefore the 3 Repetition Maximum Deadlift does not include the collars. On average hexagon bar collars weigh

U.S. Army Physical Readiness Training Manual

Government Reports Announcements & Index

This training circular is meant to be a reference for subjects in which all Soldiers must maintain proficiency, regardless of rank, component, or military occupational specialty (MOS). It condenses information from Army Doctrine Publications (ADPs), Army Doctrine Reference Publications (ADRP), Field Manuals (FMs), Training Circulars (TCs), Army Regulations (ARs), and other Army publication sources. It addresses general subjects and is not all-inclusive or intended as a stand-alone document. This guide offers Soldiers a ready reference on many subjects. The Soldier's Guide describes the Army Values, Army Ethic, the fundamental obligations of a Soldier and the basics of leadership. The principal audience for TC 7-21.13 is all Soldiers of the Army Profession, but primarily those from ranks of PVT thru SPC. TC 7-21.13 applies to the Active Army, Army National Guard (ARNG), United States Army Reserve (USAR), and Army civilians unless otherwise stated.

This Center for Army Lessons Learned (CALL) handbook assists company-, battalion-, and brigade-level officers and noncommissioned officers to effectively use money as a weapons system on the counterinsurgency (COIN) battlefield. Coalition money is defeating COIN targets without creating collateral damage, by motivating antigovernment forces to cease lethal and nonlethal operations, by creating and providing jobs along with other forms of financial assistance to the indigenous population, and by restoring or creating vital infrastructure. Money also funds other tools of war. This handbook is a guide and addresses some of the most common funds available to warfighters. Key lessons: - Money is a valuable

weapons system. - Money and contracting in a COIN environment are vital elements of combat power. - Leaders must leverage money and contracting in operations. - Leaders must understand funding programs and contracting. - Brigades often lack internal resource management expertise and knowledge of funding. - Financial management administrative requirements in a combat environment can be extremely burdensome but are necessary for good stewardship. - Financial management expertise and knowledge of funding are critical to successful operations. - Without proactive leadership involvement, the potential for extensive fraud, waste, and abuse of funds exists in the COIN environment.

Why buy a book you can download for free? We print this book so you don't have to. First you gotta find a good clean (legible) copy and make sure it's the latest version (not always easy). Some documents found on the web are missing some pages or the image quality is so poor, they are difficult to read. We look over each document carefully and replace poor quality images by going back to the original source document. We proof each document to make sure it's all there - including all changes. If you find a good copy, you could print it using a network printer you share with 100 other people (typically its either out of paper or toner). If it's just a 10-page document, no problem, but if it's 250-pages, you will need to punch 3 holes in all those pages and put it in a 3-ring binder. Takes at least an hour. It's much more cost-effective to just order the latest version from Amazon.com This book includes original commentary which is copyright material. Note that government documents are in the public domain. We print these large documents as a

service so you don't have to. The books are compact, tightly-bound, full-size (8 1/2 by 11 inches), with large text and glossy covers. 4th Watch Publishing Co. is a HUBZONE SDVOSB. <https://usgovpub.com>
