The Big Book of Autocorrects is a hilarious compilation of over 350 of the very best nightmare texts ever sent. Crammed full of genuine belly-laughs, it's guaranteed to have you looking at your phone in a whole new light. In fact, you may never send a text message again! Technology marches steadily onwards, revolutionizing the world in its path. The theory is that it makes life easier and more efficient, but you don't have to be a computer scientist to see that it's just as likely to sow confusion, chaos - and hilarity. One of the greatest villains in that regard is autocorrect. In theory, it's a genius feature that works out what you're trying to say and helps you express it correctly. In practice, it's more like your phone suddenly develops a mind of its own and insists on warping and twisting your words in the most humiliating way possible. So you send your innocent, friendly text message, only to realise - too late, too late - that in fact you're making suggestions that would appall hardened war criminals, and make veteran hookers blush. Fortunately, one person's 'absolutely devastating' is another's 'utterly hilarious'.

The Ghetto Blues

My legacy is important to me. I want to leave a legacy that my children and grandchildren could be proud of. A legacy that would be a blueprint for future generations to tweak and make better. I write this book for future generations to learn, grow, and inspire to be a better you. This book is the story of my life and based on true events. It's about a young lady that struggled through her identity crisis and was raised in unstable environments and poverty. A story about a life of tragedy, trepidation, but triumph. I never accepted the ideology of a victim. Instead, I embraced strength, resilience, and a warrior's philosophy. I fit the perfect description of Tupac Shakur's meaning of the saying, "a rose that grew from the concrete."

When the odds were stacked against me, I continued to grow mentally, physically, and spiritually. I believe that you are only a victim when you have no choice; otherwise, you are an enabler. I had no choice being born into poverty, but I had a choice on whether to rise above my circumstances. My desire was to break the mental and physical chains plagued in our communities and instill new ones for me and my children. My story goes out to all the people that suffered and survived, The Ghetto Blues. I hope to transform and inspire you to never give up on you.

The purpose of this book is to respond to these challenges, sound bites, and slogansand give people confidence that the Bible can be trusted and that it matters for our lives because God really has spoken.
