The Marketing Book

Walt Disney always loved to entertain people. Often it got him into trouble. Once he painted pictures with tar on the side of his family's white house. His family was poor, and the happiest time of his childhood was spent living on a farm in Missouri. His affection for small-town life is reflected in Disneyland Main Streets around the world. With black-and-white illustrations throughout, this biography reveals the man behind the magic. This book is not authorized, licensed or endorsed by the Walt Disney Company or any affiliate. From the Trade Paperback edition.

Economics, Global Edition

Examines the life and accomplishments of computer industry pioneer Steve Jobs, a founder of Apple Computer, Inc.

Transdisciplinary Perspectives on Complex Systems

This refreshing textbook shows how research into human behaviour can be applied in the workplace. It is focussed on helping students to develop the key skills they will need as future managers and employees. It assumes no prior work experience, and instead asks students to draw on their everyday experiences. They are invited to complete a range of innovative activities designed to deepen their understanding of key topics, such as personality, perception, and motivation. The book is an ideal length for one-semester taught courses. It is aimed primarily at first and second year undergraduate students on Business and Management degrees, who are taking OB modules for the first time, though could also be used on postgraduate and MBA courses.

Essentials of Statistics for Business and Economics

Acemoglu, Laibson, List: An evidence-based approach to economics Throughout Economics, 2nd Edition, authors Daron Acemoglu, David Laibson, and John List use real economic questions and data to help students learn about the world around them. Taking a fresh approach, the authors use the themes of optimisation, equilibrium, and empiricism to illustrate the power of simple economic ideas, and their ability to explain, predict, and improve what happens in the world. Each chapter begins with an empirical question that is later answered using data in the Evidence-Based Economics feature. As a result of the text's practical emphasis, students learn to apply economic principles to guide the decisions they make in their own lives.
