What is the evidence? Why do you need it? How do you evaluate it? How do you use it to make decisions? Put the evidence to work for your patients. Master the knowledge and clinical decision-making skills you need to provide the very best care for your clients...based on the evidence. Step by step, you'll learn how to find and evaluate the existing research and determine whether there is sufficient clinical evidence to support a specific treatment and whether it should be recommended or used to address a client's need. A wealth of examples drawn from the literature illustrates its role in everyday practice.

After launch of Hemang Doshi's CISA Video series, there was huge demand for simplified text version for CISA Studies. This book has been designed on the basis of official resources of ISACA with more simplified and lucid language and explanation. Book has been designed considering following objectives:\*

- \* CISA aspirants with non-technical background can easily grasp the subject.
- \* Use of SmartArts to review topics at the shortest possible time.\*
- Topics have been profusely illustrated with diagrams and examples to make the concept more practical and simple.
- \* To get good score in CISA, 2 things are very important. One is to understand the concept and second is how to deal with same in exam. This book takes care of both the aspects.\*
- Topics are aligned as per official CISA Review Manual. This book can be used to supplement CRM.\*
- Questions, Answers & Explanations (QAE) are available for each topic for better understanding. QAEs are designed as per actual exam pattern.
- \* Book contains last minute revision for each topic.
- \* Book is designed as per

A Certified Dietary Manager (CDM) / Certified Food Protection Professional (CFPP) demonstrates competency in the area of food protection and sanitation. The certification exam is not a nutrition exam nor a food tech exam. Rather, it is a highly comprehensive exam covering both the technical side and the business management side of the field of food service management. One may qualify for taking the exam by completing an approved dietary manager training program OR by possessing a two-year or four-year degree in foodservice management, nutrition, or culinary arts. A combination of training and experience would also aid in the qualification process. According to the official exam blueprint, the following topics are covered: Gather Nutrition Data Apply Nutrition Data Provide Food Services Provide Nutrition Education Hire and Supervise Develop Personnel and Communications Professional Interaction Manage Supplies, Equipment Use, Sanitation, and Safety Manage Production Manage Business Operations This book focuses on laws, nutrition and food processing/storage.
