Fellow in the Center for Study of Public Choice and University Professor of Law and Economics. He also taught at the University of South Carolina, the University of Virginia, Rice University, Virginia Polytechnic Institute and State University, and the University of Arizona. In 1966 he founded the journal that became Public Choice and remained its editor until 1990. Charles K. Rowley was Duncan Black Professor of Economics at George Mason University and a Senior Fellow of the James M. Buchanan Center for Political Economy at George Mason University. He was also General Director of the Locke Institute.

### **Hitler's War**

This comparative study explores the involvement of the United States in four successful military coups in Turkey and Pakistan during the Cold War. Focusing on military-to-military relations with the US in each country, the book offers insight into how external actors can impact the outcomes of coups, particularly through socialization via military training, education, and international organizations such as NATO. Drawing upon recently declassified government documents and a trove of unexplored interviews with high-ranking officials, Ömer Aslan also examines how coup plotters in both countries approached the issue of US reaction before, during, and after their coups. As armed forces have continued to make and unmake Turkish and Pakistani governments well into the twenty-first century, this volume offers original, probing analysis of the circumstances which make coups possible.

## **The Coup D'état Against President Donald J. Trump**

## **The Roots of Political Instability in Nigeria**

This book models the trade-off that rulers of weak, ethnically-divided states face between coups and civil war. Drawing evidence from extensive field research in Sudan and the Democratic Republic of the Congo combined with statistical analysis of most African countries, it develops a framework to understand the causes of state failure.

BONUS: This edition contains an excerpt from Harry Turtledove's The War that Came Early: West and East. A stroke of the pen and history is changed. In 1938, British prime minister Neville Chamberlain, determined to avoid war, signed the Munich Accord, ceding part of Czechoslovakia to Hitler. But the following spring, Hitler snatched the rest of that

## Read Free Coup Detat The War That Came Early 4 Harry Turtledove

country, and England, after a fatal act of appeasement, was fighting a war for which it was not prepared. Now, in this thrilling alternate history, another scenario is played out: What if Chamberlain had not signed the accord? In this action-packed chronicle of the war that might have been, Harry Turtledove uses dozens of points of view to tell the story: from American marines serving in Japanese-occupied China and ragtag volunteers fighting in the Abraham Lincoln Battalion in Spain to an American woman desperately trying to escape Nazi-occupied territory—and witnessing the war from within the belly of the beast. A tale of powerful leaders and ordinary people, at once brilliantly imaginative and hugely entertaining, Hitler's War captures the beginning of a very different World War II—with a very different fate for our world today.

### **The Crimean War. Italian independence. Home policy. Home affairs. 1870**

A World War II alternate history explores the lives of historic leaders, soldiers, and civilians in a world where Chamberlain chooses not to appease Adolf Hitler in 1938.

### **The Coup D'etat**

This book presents a detailed story on each military coup detat that occurred in Haiti from February 1986 to September 1991. In fact, it describes the political spectrum that reigned in Haiti after the departure of President Jean-Claude Duvalier. The epoch that

## Read Free Coup Detat The War That Came Early 4 Harry Turtledove

succeeded the fall of the Duvaliers from power was one of the most ambiguous periods in the history of Haiti founded by Generalissimo Jean-Jacques Dessalines the Great, in 1804. Dessalines, as GENERAL-IN-CHIEF of the Haitian Indigenous army, became the first of the nations Heads-of-state to be overthrown by a military coup detat, in October 17, 1806. Since then, most of the nations Chiefs-of-state assumed power through revolutions, or coups detat. Currently, the nation experiences 33 coups detat. From February 1986 to September 1991, seven coups or attempted coups detat had taken place in Haiti. That is that period of social and political instability that is exposed in this book. (In the post opinions, the author speaks briefly about the problematic of the army involvement in coups detat in Haiti, the January 12, 2010 Earthquake as well as the need for a new Haitian Armed Forces.) The book is made available to help Haitians or foreigners in particular those who are curious about Haitis history, including observers, professors, students, politicians, ordinary people, etc. Everybody should be capable of judging for himself or for herself on the countrys situation during and after the fall of the Duvaliers from power in February 1986. By writing this essay, the author encourages all Haitians that live inside the country or abroad to come to unity. That is a powerful tool that can bring Haiti to a dramatic turn toward consistent DEMOCRACY and economic development.

### **Ethnic Politics and State Power in Africa**

Coup de tat by the Gambia National Army, July 22nd

## Read Free Coup Detat The War That Came Early 4 Harry Turtledove

1994 is the authors autobiography chronicling the events of the title and its impact in his life. It is a story filled with lessons about Gambian history with a special focus on the genesis of the Gambian Military. For complexity, Lt. Col. Sarr alternated his story in the early chapters between scenes in the Gambia and his struggles to obtain political asylum in the United States of America. The book also revealed recollections from his childhood to educate his readers about certain social and spiritual beliefs and traditions in the Gambia. After the first few chapters, which set up the coup and established his thoughts about it, he further provided a detailed history of his personal life up to the time of his enlistment in the Gambia National Army. There he discussed his first days in the USA in the early 80s sequentially focusing on life in the Gambia before, during and after the coup. The book is intended to be instructive and educational to readers interested in, among other things, the background of the Gambia National Army and current APRC government headed by President Yaya A. J. J. Jammeh since July 22nd 1994.

### **Library of Congress Subject Headings**

MY FIRST COUP D'ETAT is a literary nonfiction account that charts the coming of age of John Dramani Mahama in Ghana during the dismal post-independence "lost decades" of Africa. He was seven years old when rumors of that first coup reached his

## Read Free Coup Detat The War That Came Early 4 Harry Turtledove

boarding school in Accra. His father was suddenly missing. "It is sometimes incorrectly referred to in texts as a bloodless coup, yet it was anything but," Mahama writes. "They tried, as best they could, with smiles and toffee, to shield me from their rising anxiety but I could feel it bouncing off the quick sideways glances they shot one another and taking flight like some dark, winged creature." John's father, a Minister of State, was in prison for more than a year. MY FIRST COUP D'ETAT offers a look at the country that has long been considered Africa's success story--from its founding as the first sub-Saharan nation to gain independence, to its current status as the only nation on the continent to have, thus far, met the majority of targets on hunger, poverty, and education set by the U.N. But these stories work on many levels--as fables, as history, as cultural and political analysis, and of course as the memoir of a young man who, unbeknownst to him or anyone else, is destined to become a leader in his own land. These are stories that rise above their specific settings and transport the reader--much like the stories of Isaac Bashevis Singer and Nadine Gordimer--into a world all their own, one which straddles a time lost and explores the universal human emotions of love, fear, faith, despair, loss, longing, and hope despite all else.

### **Coup D'État**

States seldom resort to war to overthrow their adversaries. They are more likely to attempt to covertly change the opposing regime, by

## Read Free Coup Detat The War That Came Early 4 Harry Turtledove

assassinating a foreign leader, sponsoring a coup d'état, meddling in a democratic election, or secretly aiding foreign dissident groups. In *Covert Regime Change*, Lindsey A. O'Rourke shows us how states really act when trying to overthrow another state. She argues that conventional focus on overt cases misses the basic causes of regime change. O'Rourke provides substantive evidence of types of security interests that drive states to intervene. Offensive operations aim to overthrow a current military rival or break up a rival alliance. Preventive operations seek to stop a state from taking certain actions, such as joining a rival alliance, that may make them a future security threat. Hegemonic operations try to maintain a hierarchical relationship between the intervening state and the target government. Despite the prevalence of covert attempts at regime change, most operations fail to remain covert and spark blowback in unanticipated ways. *Covert Regime Change* assembles an original dataset of all American regime change operations during the Cold War. This fund of information shows the United States was ten times more likely to try covert rather than overt regime change during the Cold War. Her dataset allows O'Rourke to address three foundational questions: What motivates states to attempt foreign regime change? Why do states prefer to conduct these operations covertly rather than overtly? How successful are such missions in achieving their foreign policy goals?

### **Coup D'etat**

## Read Free Coup Detat The War That Came Early 4 Harry Turtledove

Demonstrating how Turkey's politics have developed, this book focuses on the causes and consequences of the failed coup d'état of 15 July 2016. The momentous event and its aftermath challenges us to ask if the coup was the cause of Turkey's present crisis, or simply an accelerant of trends already in motion, and thus a catalyst for the realization of Erdoğan's latent authoritarian impulses. Bringing together approaches from politics, sociology, history and anthropology, the chapters shed much-needed light on these crucial questions. They offer scholars and nonspecialists alike a comprehensive overview of the implications of the coup attempt and its aftermath on the issues of religion, democracy, the Kurds, the state, resistance and more besides. Its effects have been felt in almost every aspect of Turkish society from religion to politics, yet it came at a time when Turkey was already experiencing significant social and political turmoil under the increasingly authoritarian leadership of President Recep Tayyip Erdoğan. Readers interested in contemporary politics, Turkish and Middle Eastern studies will find the volume useful, as they ponder other cases in this era of democratic retrenchment and global turmoil.

### **Annual Report of the American Historical Association**

In this book the author analyzes the phenomenon of coup d'etat as a specific means of gaining state power. Though quite frequently found in practice, this phenomenon is almost completely unexplored in political theory. The author examines the concept of

## Read Free Coup Detat The War That Came Early 4 Harry Turtledove

coup d'etat itself and its various connotations and compares coup d'etat with other forms of usurpation of state power, such as revolutions, rebellions, civil wars or guerilla warfare. He also deals with the technique of coup d'etat. The book includes an overview of accomplished coups d'etat since the beginning of the twentieth century and a list of present political leaders who came to power in this way."

### **Riots, Coups and Civil War: Revisting the Greed and Grievance Debate**

Right now elements of the Unelected Shadow Government are actively attempting to overthrow President Donald J. Trump. This book explores the covert background of the Deep State and the history of who is behind these clandestine operations against the President. It also reveals who funds them and explains what you can do about coming world events to protect yourself. I explore the myriad of secret societies and name the perpetrators as well. This book covers the high-stakes collaboration of fifth columnists, orchestrated by controlled media and globalists such as billionaire George Soros. When all else fails, the deluded New World Order group will attempt to create a global economic crisis. Don't be concerned - this book covers every angle and how you can protect yourself. George Soros is an international billionaire many times over. He doesn't hesitate to use his money to gain influence, and in turn uses that influence to make radical changes in the fabric of American society. In the opinion of many

## Read Free Coup Detat The War That Came Early 4 Harry Turtledove

he is subverting the American political system and forcing his dangerous interests into American legislatures. Trump knows everything, and he is in process of taking the New World Order people down. Of course they are highly traumatized. The mainstream media is using distractions to move the public away from the truth. The real hidden hand of the small group of families who run the monetary system of the world includes, among other players, the Committee of 300. This encompasses the Rothschilds, the Rockefellers and the Council on Foreign Relations. These are some of the main groups who are pulling all of the strings. How they operate and the platforms from which they emanate are all covered in this book. A background history of the Illuminati, the Freemasons, and the Shadow Government are all covered. In fact, the JFK conspiracy has elements not unlike the current status of the New World Order, including the use of a variety of legends, covers, psychological operations and disinformation. The comparisons are striking and can educate us. It's a lesson text in critical thinking so I review JFK and in fact my stepfather's part in it, as he took the autopsy photos at Bethesda Naval Hospital. The globalists have a strategy of bringing in millions of illegal immigrants, putting them on welfare and afterwards moving us to permanent war status to bankrupt the country. These people are known as the New World Order. These politicians are of course bought and paid for, and I identify many of them by name and the rest by affiliation. Just know that if they belong to any of these listed organizations in the book, then by deductive logic you know exactly who they are. I cover how intelligence agencies, their

## Read Free Coup Detat The War That Came Early 4 Harry Turtledove

rogue elements and contractors work. I cover the goals of the New World Order which President Donald J. Trump is defeating soundly. I explore the Royal Institute of International Affairs and their attempts to control Presidents. You really have to understand the Committee of 300, the governing body of the New World Order, to understand why and how the cover up takes place, and I cover their makeup and operations. Very importantly, this book leads you through the maze and the matrix to the End Game. This book guides the reader into a detail insider look at where New World Order policies are purposely and secretly leading America. It is a revelation every American needs to know. Their hidden agenda, which I know Donald Trump is very aware of, is revealed for the first time here. I begin the book discussing how the NSA in joint operation with the FBI were both monitoring the phone calls and texts made by the Russian ambassador to the United States. This data is called raw-acquired information, and the distribution should have been restricted to no more than three dozen or so analysts. The data should have been classified RAGTIME-A,B,C,D or P, where each letter is a variety of intelligence classification. It should be a very rare instance where raw intelligence of this type is distributed outside of the intelligence community itself. The three sets of signal communications intercepted between General Flynn and the ambassador should have stayed within controlled channels. However, they likely circulated the transcripts to the National Security Council, which during January of 2017 was populated by Obama staffers. After Trump was sworn in, the FBI sent agents to question Flynn. The acting Attorney General

## Read Free Coup Detat The War That Came Early 4 Harry Turtledove

informed White House counsel that their account of what Flynn said did not match what Flynn insisted he said. We don't know the full flow of this investigation but some days later the Vice President became fully aware of all of the facts. Trump was forced to act and lose a key member of his advisors. Does this tell you a lot about how the Deep State works and the vast power they hold? You can explore the mysteries of this vast Shadow Government in detail in this book, a book that is light years ahead of others in the totality of its revelations and analysis.

### **The Democratic Coup D'état**

On the Way to a Coup d'Etat is a dramatic story, a searing scrutiny of our politics and government. Though set in the near future, it is an entirely credible development of the forces that are now in play. President Millwright, elevated to office by an unusual event, is short, balding, he limps and has a high squeaky voice (as did Abraham Lincoln). But he possesses something more essential: character. He is opposed in every conceivable way, some of which are horrific, by nefarious politicians, truth-distorting think-tanks and media, and by many members of Congress too greedy or too fearful to align with their consciences-and even by a bizarre cultural hero. This opposition proves to be successful. But how things turn is truly convincing as America, while on the surface continues to lie to itself, continues to decline. Yet On the Way to a Coup d'Etat is a surprisingly uplifting story, due in part to the believable characters of both President Millwright and his wife,

## Read Free Coup Detat The War That Came Early 4 Harry Turtledove

Ann. These folks are more human and more alive than many of our current politicians. One of the underlying themes in this remarkably astute book is an in-depth examination of what it means to lead a country, especially a country in trouble. Bob Scher, author of *Lightning, The Nature of Leadership*

### **My First Coup d'Etat**

In this lively and provocative book, Erica De Bruin looks at the threats that rulers face from their own armed forces. Can they make their regimes impervious to coups? *How to Prevent Coups d'État* shows that how leaders organize their coercive institutions has a profound effect on the survival of their regimes. When rulers use presidential guards, militarized police, and militia to counterbalance the regular military, efforts to oust them from power via coups d'état are less likely to succeed. Even as counterbalancing helps to prevent successful interventions, however, the resentment that it generates within the regular military can provoke new coup attempts. And because counterbalancing changes how soldiers and police perceive the costs and benefits of a successful overthrow, it can create incentives for protracted fighting that result in the escalation of a coup into full-blown civil war. Drawing on an original dataset of state security forces in 110 countries over a span of fifty years, as well as case studies of coup attempts in Asia, Africa, Latin America, and the Middle East, De Bruin sheds light on how counterbalancing affects regime survival. Understanding the dynamics of counterbalancing, she

## Read Free Coup Detat The War That Came Early 4 Harry Turtledove

shows, can help analysts predict when coups will occur, whether they will succeed, and how violent they are likely to be. The arguments and evidence in this book suggest that while counterbalancing may prevent successful coups, it is a risky strategy to pursue—and one that may weaken regimes in the long term.

### **Covert Regime Change**

The constant drumbeat of headlines about Darfur, Zimbabwe, Sudan, Somalia, as well as the other states in Africa that are beleaguered by political instability have made the causes of failed states and intra-state political conflicts a major issue, both academic and practical. Using Harry Eckstein and Ted R. Gurr's congruence-consonance theoretical framework of regime classification, E.C. Ejiogu examines the internal variations of society evident in the Nigerian state to explain why the country experiences political conflict and instability. The first time this theoretical framework has been applied to an African country; E.C. Ejiogu offers a balanced and interdisciplinary analysis of the evolution in the Nigerian political system and the role played by evolved social traits in society. Exploring themes such as colonial rule and legacies, economic development, political authority and religion, Ejiogu insists that it is critical to examine Africa's diverse nationalities in terms of their geography, social, economic and authority patterns as critical elements that are disregarded in accounts of their political development. At a time when the question of state

## Read Free Coup Detat The War That Came Early 4 Harry Turtledove

building in Africa is still unresolved, this timely book is a major contribution to the literature on transition processes in African politics and is particularly relevant to scholars and policy makers wanting to grapple with the issues associated with Africa's political disorder and the other social problems it spawns.

**Letters on the coup d'etat of 1851. Caesarism as it existed in 1865. Oxford. Bishop Butler. The ignorance of man. On the emotion of conviction. The metaphysical basis of toleration. The Public Worship Regulation bill. Henry Crabb Robinson. Bad lawyers or good? The Crédit Mobilier and banking companies in France. Memoir of the Right Honorable James Wilson**

In 1942, two nations switch sides—and World War II takes a horrifying new course. In the real world, England and France allowed Adolf Hitler to gobble up the Sudetenland in 1938. Once Hitler finished dismembering Czechoslovakia, he was ready to go to war over Poland a year later. But Hitler had always been eager to seize Czechoslovakia, no matter the consequences. So what if England and France had stood up to the Nazis from the start, and not eleven months later? That is the question behind the War That Came Early series. Four years later, the civil war in Spain drags on, even after General Franco's death. The United States, still neutral in Europe, fights the

## Read Free Coup Detat The War That Came Early 4 Harry Turtledove

Japanese in the Pacific. Russia and Germany go toe-to-toe in Eastern Europe—yet while Hitler stares east, not everything behind him is going as well as he would like. But nothing feeds ingenuity like the fear of losing. The Germans wheel out new tanks and planes, Japan deploys weapons of a very different sort against China, and the United States, England, and France do what they can to strengthen themselves against imminent danger. Seen through the eyes of ordinary citizens caught in the maelstrom, this is a you-are-there chronicle of battle on land and sea and in the air. Here are terrifying bombing raids that shatter homes, businesses, and the rule of law. Here are commanders issuing orders that, once given, cannot be taken back. And here are the seeds of rebellion sown in blood-soaked soil. In a war in which sides are switched and allies trust one another only slightly more than they trust their mortal enemies, Nazi Germany has yet to send its Jews to death camps, and dangerous new nationalist powers arise in Eastern Europe. From thrilling submarine battles to the horror of men fighting men and machines all through Europe, *Two Fronts* captures every aspect of a brilliantly reimagined conflict: the strategic, the political, and the personal force of leaders bending nations to their wills. BONUS: This edition includes an excerpt from Harry Turtledove's *The War That Came Early: Last Orders*. Praise for *Two Fronts* “[Harry] Turtledove has another major twist in store for the readers and his alternative world.”—SF Site “Turtledove’s new variation on the theme of WWII is departing more and more from the original, sometimes in subtle ways and sometimes in less subtle ones. . . . What’s next is anybody’s guess,

## Read Free Coup Detat The War That Came Early 4 Harry Turtledove

except that it will almost certainly be more surprises.”—Booklist “Turtledove is the standard-bearer for alternate history.”—USA Today Praise for Harry Turtledove “If you like alternate histories, you’re going to like this series a lot.”—The San Diego Union-Tribune “Turtledove is the standard-bearer for alternate history.”—USA Today

### **Pretext for Mass Murder**

The coup is the most frequently attempted method of changing government, and the most successful. Coup d'etat outlines the mechanism of the coup and analyzes the conditions—political, military, and social, that gives rise to it. In doing so, the book sheds much light on societies where power does indeed grow out of the barrel of a gun and the role of law is a concept little understood.

### **Two Fronts (The War That Came Early, Book Five)**

### **Coup d'Etat**

### **Last Orders (The War That Came Early, Book Six)**

While coups drive a majority of regime changes and are responsible for the overthrow of many democratic governments, there has been very little empirical work on the subject. *Seizing Power* develops a new

## Read Free Coup Detat The War That Came Early 4 Harry Turtledove

theory of coup dynamics and outcomes, drawing on 300 hours of interviews with coup participants and an original dataset of 471 coup attempts worldwide from 1950 to 2000. Naunihal Singh delivers a concise and empirical evaluation, arguing that understanding the dynamics of military factions is essential to predicting the success or failure of coups. Singh draws on an aspect of game theory known as a coordination game to explain coup dynamics. He finds a strong correlation between successful coups and the ability of military actors to project control and the inevitability of success. Examining Ghana's multiple coups and the 1991 coup attempt in the USSR, Singh shows how military actors project an image of impending victory that is often more powerful than the reality on the ground. In his close analysis of ten coups in Ghana from 1967 to 1981, Singh identifies three distinct points of coup origination: coups from top military officers, coups from the middle ranks, and mutinous coups from low-level soldiers. -- Leonardo R. Arriola, University of California, Berkeley

## **President Roosevelt's Coup D'etat**

### **What We Won**

Mohammad Mosaddeq is widely regarded as the leading champion of secular democracy and resistance to foreign domination in Iran's modern history. Mosaddeq became prime minister of Iran in May 1951 and promptly nationalized its British-controlled oil industry, initiating a bitter confrontation

## Read Free Coup d'etat The War That Came Early 4 Harry Turtledove

between Iraq and Britain that increasingly undermined Mossaddeq's position. He was finally overthrown in August 1953 in a coup d'etat that was organized and led by the United States' Central Intelligence Agency. This coup initiated a twenty-five-year period of dictatorship in Iran, leaving many Iranians resentful of the U.S. legacies that still haunt relations between the two countries today. Contents include: "Mosaddeq's Government in Iranian History: Arbitrary Rule, Democracy, and the 1953 Coup" - Homa Katouzian; "Unseating Mosaddeq: The Configuration and Role of Domestic Forces" - Fakhreddin Azimi; "The 1953 Coup in Iran and the Legacy of the Tudeh" - Maziar Behrooz; "Great Britain and the Intervention in Iran, 1953" - Wm. Roger Louis; "The International Boycott of Iranian Oil and the Anti-Mossaddeq Coup of 1953" - Mary Ann Heiss; "The Road to Intervention: Factors Influencing U.S. Policy Toward Iran, 1945-1953" - Malcolm Byrne; "The 1953 Coup d'etat Against Mosaddeq" - Mark J. Gasiorowski

### **The Social Dilemma**

The term coup d'etat--French for stroke of the state--brings to mind coups staged by power-hungry generals who overthrow the existing regime, not to democratize, but to concentrate power in their own hands as dictators. We assume all coups look the same, smell the same, and present the same threats to democracy. It's a powerful, concise, and self-reinforcing idea. It's also wrong. In *The Democratic Coup d'etat*, Ozan Varol advances a simple, yet controversial, argument: Sometimes, a democracy is

## Read Free Coup Detat The War That Came Early 4 Harry Turtledove

established through a military coup. Covering events from the Athenian Navy's stance in 411 B.C. against a tyrannical home government, to coups in the American colonies that ousted corrupt British governors, to twentieth-century coups that toppled dictators and established democracy in countries as diverse as Guinea-Bissau, Portugal, and Colombia, the book takes the reader on a gripping journey. Connecting the dots between these neglected events, Varol weaves a balanced narrative that challenges everything we thought we knew about military coups. In so doing, he tackles several baffling questions: How can an event as undemocratic as a military coup lead to democracy? Why would imposing generals-armed with tanks and guns and all-voluntarily surrender power to civilian politicians? What distinguishes militaries that help build democracies from those that destroy them? Varol's arguments made headlines across the globe in major media outlets and were cited critically in a public speech by Turkish President Recep Tayyip Erdogan. Written for a general audience, this book will entertain, challenge, and provoke, but more importantly, serve as a reminder of the imperative to question the standard narratives about our world and engage with all ideas, no matter how controversial.

### **Coup D'Etat**

History is changed by one small act. In an extraordinary saga of nations locked in war, master storyteller Harry Turtledove examines a very different World War II—one which erupts eleven months earlier,

## Read Free Coup Detat The War That Came Early 4 Harry Turtledove

and over Czechoslovakia rather than Poland. Now comes the final installment in this landmark series. Hitler's Plan A was to win in a hurry, striking hard and deep into France. There was no Plan B. Now the war grinds on. Countries have been forced into strange alliances. The Nazis fortify thin lines with Hungarian and Romanian troops. England, finding its footing after the suspicious death of Winston Churchill and a coup d'état, fights back in Europe and on the seas of the North Atlantic. Jews fight on both sides of the war—in secret in German uniform, openly in Spain, France, and Russia. Into the standoff come new killing tools, from tanks to bazookas. In the Pacific, Japan prepares bombs filled with macabre biological concoctions to be dropped on Hawaii. For the U.S., the only enemy is Japan, as there has been no casus belli for America in Europe. Then Hitler becomes desperate and declares war on the United States. But is it too late? His own people are rising up in revolt. The German military may have to put down the violence, even perhaps bomb its own cities. In this epic drama, real men and women are shaped by the carnage, and their individual acts in turn shape history. Drawing on the gritty, personal reality of war and on a cast of unforgettable characters, Harry Turtledove has written an alternate history that intrigues, fascinates, and astounds. Praise for *Last Orders* "From our perspective seventy years later, we're accustomed to thinking of WWII's outcome as being inevitable. Not so, says [Harry] Turtledove. . . . Disdaining broad brush strokes, Turtledove's focus on the characters serves to fill out the big picture with patient, nitty-gritty detail. It's all quite plausible. . . . Armchair warriors will have much to ponder."—Kirkus Reviews

Praise for Harry Turtledove “If you like alternate histories, you’re going to like this series a lot.”—The San Diego Union-Tribune “Turtledove is the standard-bearer for alternate history.”—USA Today Coup d’Etat “This is what alternative history is all about.”—Historical Novel Society The Big Switch “The Hugo Award winner continues to delight in exploring the world of ‘what if?’”—Library Journal West and East “There’s plenty to satisfy fans of military strategy, tactics, and armaments.”—Publishers Weekly Hitler’s War “Turtledove is always good, but this return to World War II . . . is genuinely brilliant. . . . The characterizations in particular bring the book to extraordinary life.”—Booklist From the Hardcover edition.

### **How to Prevent Coups d'État**

The wait is over—Ben Coes, whose debut *Power Down* was called "the must read thriller of the year" (Vince Flynn) is back and at the top of his game with a mesmerizing new novel *Wanting only a peaceful, obscure life, Dewey Andreas has gone to rural Australia, far from turbulent forces that he once fought against. But powerful men, seeking revenge, have been scouring the earth looking for Dewey. And now, they've finally found him - forcing Dewey to abandon his home and to fight for his life against a very well armed, well trained group of assassins. Meanwhile, a radical cleric has been elected president of Pakistan and, upon taking power, sets off a rapidly escalating conflict with India. As the situation spins quickly out of control, it becomes clear that India is*

only days from resorting to a nuclear response, one that will have unimaginably disastrous results for the world at large. With only days to head this off, the President sends in his best people, including Jessica Tanzer, to do whatever it takes to restore the fragile peace to the region. Tanzer has only one viable option - to set up and execute a coup d'etat in Pakistan - and only one man in mind to lead the team that will try to pull off this almost unimaginable task in the nerve-wrackingly short time frame, Dewey Andreas. If, that is, Jessica can even get to Dewey and if Dewey can get out of Australia alive

In the early morning hours of October 1, 1965, a group calling itself the September 30th Movement kidnapped and executed six generals of the

## Read Free Coup Detat The War That Came Early 4 Harry Turtledove

Indonesian army, including its highest commander. The group claimed that it was attempting to preempt a coup, but it was quickly defeated as the senior surviving general, Haji Mohammad Suharto, drove the movement's partisans out of Jakarta. Riding the crest of mass violence, Suharto blamed the Communist Party of Indonesia for masterminding the movement and used the emergency as a pretext for gradually eroding President Sukarno's powers and installing himself as a ruler. Imprisoning and killing hundreds of thousands of alleged communists over the next year, Suharto remade the events of October 1, 1965 into the central event of modern Indonesian history and the cornerstone of his thirty-two-year dictatorship. Despite its importance as a trigger for one of the twentieth century's worst cases of mass violence, the September 30th Movement has remained shrouded in uncertainty. Who actually masterminded it? What did they hope to achieve? Why did they fail so miserably? And what was the movement's connection to international Cold War politics? In *Pretext for Mass Murder*, John Roosa draws on a wealth of new primary source material to suggest a solution to the mystery behind the movement and the enabling myth of Suharto's repressive regime. His book is a remarkable feat of historical investigation. Finalist, Social Sciences Book Award, the International Convention of Asian Scholars

leaders, soldiers, and civilians had Great Britain's Neville Chamberlain not appeased Hitler.

### **The Story of the Coup D'État**

In February 1989, the CIA's chief in Islamabad famously cabled headquarters a simple message: "We Won." It was an understated coda to the most successful covert intelligence operation in American history. In *What We Won*, CIA and National Security Council veteran Bruce Riedel tells the story of America's secret war in Afghanistan and the defeat of the Soviet 40th Red Army in the war that proved to be the final battle of the cold war. He seeks to answer one simple question—why did this intelligence operation succeed so brilliantly? Riedel has the vantage point few others can offer: He was ensconced in the CIA's Operations Center when the Soviet Union invaded Afghanistan on Christmas Eve 1979. The invasion took the intelligence community by surprise. But the response, initiated by Jimmy Carter and accelerated by Ronald Reagan, was a masterful intelligence enterprise. Many books have been written about intelligence failures—from Pearl Harbor to 9/11. Much less has been written about how and why intelligence operations succeed. The answer is complex. It involves both the weaknesses and mistakes of America's enemies, as well as good judgment and strengths of the United States. Riedel introduces and explores the complex personalities pitted in the war—the Afghan communists, the Russians, the Afghan mujahedin, the Saudis, and the Pakistanis. And then there are the Americans—in this

war, no Americans fought on the battlefield. The CIA did not send officers into Afghanistan to fight or even to train. In 1989, victory for the American side of the cold war seemed complete. Now we can see that a new era was also beginning in the Afghan war in the 1980s, the era of the global jihad. This book examines the lessons we can learn from this intelligence operation for the future and makes some observations on what came next in Afghanistan—and what is likely yet to come.
