Kingston and finally to Fredericton, New Brunswick. It was in Fredericton in 1980 that Norm was introduced to the world of theatre. Foster fell in love with the theatre right then and there, and two years later he penned his first professionally produced play, *Sinners*. It was produced by Theatre New Brunswick and directed by Malcolm Black, who would also direct Foster's next effort, the highly successful, *The Melville Boys*. *The Melville Boys* would go on to be produced across Canada and in the United States, including a well-received run Off Broadway in New York. It would become Foster's signature play, and the one which would bring his name to the forefront of Canadian theatre. Since then, Norm Foster has produced an astonishing output of work. Nearly forty plays in all, including *The Affections of May*, the most produced play in Canada in 1991. Middle Grades Math Thematics

This book draws on geometric ideas from cultural activities from Sub-Saharan Africa and demonstrates how they may be explored to develop mathematical reasoning from school level through to university standard. Paulus Gerdes provides a thoroughly illustrated and researched exploration of mathematical ideas, motifs and patterns. Many important mathematical points are brought to the fore, not via the formal ``theorem-proof'' method, but in a more schematic and diagrammatic manner. African artifacts, oral traditions, sand drawing and other forms of artwork with a geometric basis, all provide mathematical ideas for discussion in this unique book. Mathematicians and teachers of mathematics at all levels will be fascinated, as will anybody with an interest in African cultures.

Boulders and Butterflies is intended to help young men and women who have a desire to discover and experience that deeper sensual component in each of us begging for attention, yet continued social pressure suppresses. A sensual relationship goes far deeper than the mere appearance and social prestige that appears to be happiness. Men are forced to be macho warriors from birth. Women continue to be harassed for being too emotional and similarly are being forced to suppress the true woman she is. Unleashing the true sensual being is what it takes to experience heaven on earth. Book Review Dalfors confirmed and gave words to thoughts, experiences, and feelings I have developed over a lifetime of lovers. Now in my sixties, I wish I had understood the distinction between sexuality and genuine erotic, spiritual sensuality when I was much younger. But, I am constantly grateful that I get it now. What is it? I have finally come to realize that, as Dalfors expresses it, I much prefer the intimacy of emotional love making rather than the athletic, physical performance of the same act. In the underground labyrinths of New York City's subway system, beneath the third rail of a long forgotten line, Saul Williams discovered scrolls of aged yellowish-brown paper rolled tightly into a can of spray paint. Now, for the first time, Saul Williams shares with the world the wonder revealed to him by the Dead Emcee Scrolls. I have paraded as a poet for years now.
