The Gun Digest Book of Modern Gun Values

Nortrop Frye differed from other theorists of myth in tracing all of the major literary genres--romance, comedy, satire, not just tragedy--to myth and ritual. This volume is the most thorough presentation of his thinking on the subject.

Natural Law

Handbook for Shooters and Reloaders

Indispensable information has been funnelled into a huge new edition, completely rewritten and refreshed by Sam Fadala. This textbook for black powder shooters is topped off by a catalog of all currently-manufactured work powder firearms. The ultimate source for black powder.

Treasure Me

Learn what works, what doesn't work, and why! Following the numerous chapters on the science and safety of cartridge reloading, there are over 200 pages of rifle cartridge loads and another 20 pages of handgun cartridge loads to help handloaders get the most out of their cartridges. Handbook for Shooters & Reloaders has been the quintessential guide for cartridge reloaders since 1962. Widely renowned in reloading and wildcat circles, this book culminates decades of reloading experience and cartridge development by P. O. Ackley and a number of contributing writers. Backed by extensive research, the information contained in this first volume provides comprehensive information on wildcat cartridges and

covers basic to advanced techniques that remain timeless. Parker O. Ackley (1903-1989), revered as one of the foremost authorities on wildcat cartridges, was an avid gunsmith, researcher, and writer. His Ackley Improved Cartridges brought an innovative twist to cartridge design, and he is credited with the development of high-velocity wildcat cartridges.

The Complete Encyclopedia of Pistols and Revolvers

An introduction to linear time playing. The first section contains basic exercises for linear playing skills: voice coordination, dynamic balance, accenting, and more. The second section deals with the development of time feels in the linear style, including 4/4, half-time, shuffle, and odd meter feels.

Day By Day Armageddon

The Morningstar virus. Those infected suffer delirium, fever, violent behaviour and a hundred per cent mortality rate. But that's not the worst of it. The victims return from the dead to walk the earth. And when a massive military operation fails to contain the plague of the living dead, it escalates into a worldwide pandemic. On one side of the world, thousands of miles from home, a battle-hardened general surveys the remnants of his command: a young medic, a veteran photographer, a

rash private, and dozens of refugees -- all of them his responsibility. Meanwhile in the United States, an army colonel discovers the darker side of Morningstar and collaborates with a well-known journalist to leak the information to the public

Jane's Infantry Weapons

Guns and how They Work

A great read for fans of PBS's Poldark and Downton Abbey—first in the saga of a man returning from battle to an estate in the pre-WWI English countryside. After serving his country in the Boer War, injured Lieutenant Paul Craddock returns to England to resume civilian life. But things have changed since he joined the Imperial Yeomanry three years ago. His father has died, leaving Paul as heir to a scrap metal business he has no intention of continuing. Instead, he purchases an auctioned-off thirteen-hundred-acre estate in a secluded corner of Devon. Neglected and overgrown, Shallowford becomes the symbol of all that Paul has lost—and a reminder of the gentle place his homeland once was. And here, on this sprawling stretch of land, he will be changed by his love for two women: fiercely independent Grace Lovell, and lovely, demure Claire Derwent. Set in the English countryside in the first part of the previous century—from the long “Edwardian

afternoon” following the death of Queen Victoria, to the gathering storm of World War I—Long Summer Day is the story of a man, his family, and a people struggling to adapt to life in a new world. Long Summer Day is the first novel in R. F. Delderfield’s saga A Horseman Riding By, which continues with Post of Honour and The Green Gauntlet.

Understanding Caste

The Legend Hunters . . . The Men of Solomon's meet in secret, their very existence only a rumor among the best of Victorian society. They are treasure hunters, men of wealth and title, seekers of myths and legends. And no legend is as captivating as the Loch Ness monster . . . Graeme Langford, Duke of Rothmore, has always been torn between his beloved Scottish homeland and his duty to the English Crown. Yet his is truly an adventurer's soul-and he's determined to find a long-lost

stone hidden near Loch Ness. Bookish Vanessa Pembroke heads to the Highlands to prove the existence of the legendary beast. Instead she finds the first man who has ever shared her hunger for adventure. Soon Graeme and Vanessa are fighting a dangerous battle as well as their own simmering attraction. As their passion grows, so does the danger. Ultimately, they must risk everything to keep the cursed stone out of a murderer's hands. But can they survive without losing the greatest treasure of all-their love?

The Complete Black Powder Handbook

May 16th. 1201 hrs. We are now under siege. Beyond the silo access doors, we have a small army of beaten and battered undead to contend with. They only want one thing Day by Day Armageddonis the handwritten journal of one man and his struggle for survival. Trapped in the midst of global disaster, he must make decisions that could mean life, or which could condemn him eternally to walk as one of them. Enter, if you dare, into his world. The world of the undead.

Sonata in G Minor

Gale Encyclopedia of U.S. Economic History

A guide for all people wishing to handle a gun correctly. Chapters include equipment, marksmanship, target shooting, practical shooting, rifle ranges and joining a rifle club. Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

Long Summer Day

This book gives practical advice and ready to use tips on the design and construction of subsurface reservoir models. The design elements cover rock architecture, petrophysical property modelling, multi-scale data integration, upscaling and uncertainty analysis. Philip Ringrose and Mark Bentley share their experience, gained from over a hundred reservoir modelling studies in 25 countries covering clastic, carbonate and fractured reservoir types. The intimate relationship between geology and fluid flow is explored throughout, showing how the impact of

fluid type, production mechanism and the subtleties of single- and multi-phase flow combine to influence reservoir model design. Audience: The main audience for this book is the community of applied geoscientists and engineers involved in the development and use of subsurface fluid resources. The book is suitable for a range of Master's level courses in reservoir characterisation, modelling and engineering. · Provides practical advice and guidelines for users of 3D reservoir modelling packages · Gives advice on reservoir model design for the growing world-wide activity in subsurface reservoir modelling · Covers rock modelling, property modelling, upscaling and uncertainty handling · Encompasses clastic, carbonate and fractured reservoirs

Measures for Research and Evaluation in the English Language Arts

This extensive and useful encyclopedia is specially written for sport shooters, weapons collectors, and government officials. Inside readers will find: an extensive glossary of technical terms and types of ammunition, complete with full color illustrations Information on arms manufacturers and makes of pistols from around the world; detailed descriptions of each weapon, often accompanied by its history and development Information on handguns of the nineteenth, twentieth, and twenty first centuries; an extensive index to help readers find specific weapons or

subjects; and hundreds of color photographs of pistols and revolvers. Listed in alphabetical order by manufacturer, the principal data for individual guns is given, along with extensive information on the development of each weapon. The book addresses all the technical terminology, such as the locking and safety systems of pistols and revolvers, as well as information on handgun ammunition. Readers will find all the important models listed in this reference book.

The Zalozhniy Quartet

Honda XL/XR 500-600 1979-1990

Excerpt from Foundations of Structures In foundation work the engineer must use rocks and soil as structural materials. He realizes that the planning of the superstructure should be based upon the characteristics of the materials of which it is to be built, and he may select and use the materials that will best serve his purpose. On the other hand, in planning the substructure, he must use whatever soils are already there, or he must devise ways to improve the situation in the interests of safety and suitable economy. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical

work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

The Fatal Delusions of the Society

Plague of the Dead

Mackenzie "Mac" Nighthorse is a highly respected homicide detective and a career cop. There isn't a dangerous situation that can back him down. However, the personal becomes uncomfortably entangled in the professional when he goes undercover in a high class BDSM club as a male submissive to find a Dominatrix who is winning the trust and then murdering her chosen partners. When his path crosses Violet Siemanski's, he realizes he's found a Mistress willing to be his ally in finding the murderess. But Violet is also going to shatter Mac's shields and make him question who he is and what he wants, a challenge more disturbing than any case he's ever worked.

The Semi-Automatic Pistol in Police Service and Self Defense

Hand Guns

This book is about how guns work. Leaving aside, for the moment, the moral and psychological aspects, whatever else you may think of firearms, you have to admit that they are remarkable mechanical achievements. We have, in this book, tried to bring out some of the mechanics of firearms and show how the various technical problems were overcome, whilst not losing sight of the broad spectrum of historical development. Highlighted in the book are twenty-four of those guns worthy of the title "famous" because of their performance, their historical significance, or sheer charisma. For those unfamiliar with some of the terms and verbal shorthand associated with firearms, we have appended a section at the end of the book which will explain the mysteries of calibre notation and conversion. - Introduction.

Disappearing Nine Patch Quilts

Knitting paper design knitting charts for your new patterns! Rectangular shaped grid paper, to reflect the shape of knitting stitches. This paper is 2:3 ratio. 2 stitches measure the same length as 3 rows (20 stitches = 30 rows). This notebook

measures 15.24 cm x 22.86 cm (6x9 inches), soft cover, 100 pages, glossy finish on cover. Click on Author, KEEP IT SIMPLE PRESS, to view this notebook in other sizes!

Northrop Frye on Myth

A-level Physics

Today several ideas and conceptions regarding ancient-traditions in the society are taken as correctly right, and therefore derivate activities considered as granted, however their interpretation and use could be put in debate as we never were told the true and sometimes even the real history was never mentioned. The human reason and trust was betrayed by rulers with the help of religion, transforming "rationality" into blind faith into false religious statements about our social role. Several facts were adapted conveniently by historian to the politicians in powers, it was not always appropriate or obviously as more of the people thing they were. For example, the legacy of religion, Calvinism, as one of religious which tough people about predestination, and the peoples' impossibility to change their destiny, thus, such beliefs that laws of rulers were Gods will.
