The Story of My Life

Have you ever woken up to the thought of scribbling down your dream because it was simply amazing - only to wake up once again? Hi! I am Doofus, and I suffer from Sleep Paralysis and Vivid Dreams Syndrome. This means that I see dreams that feel so real, that they can make you question reality. Paralyzed in Dreamland is a collection of some of my vivid dreams - expressed in the form of humorous, yet thought-provoking short stories. From the best-selling author of Heart Broken Musings and The Things We Do for Love, comes an unputdownable collection of fifteen short stories - based on his actual dreams. The stories are narrated by Doofus; the protagonist, and revolve around various themes like friendship, love, family, religion, career, society, fantasies, and the world at large. Being the literal transcription of the author's dream, each story goes through bizarre twists and turns, providing the reader with an escape from their monotonous reality. About the author: Raunak Agarwal is a storyteller and poet based in Kolkata, India. One of the most popular bloggers on Instagram with over 50,000 followers, Raunak considers himself as a jack of all trades, who is slowly, but steadily working towards becoming the master of all of them. Blue Into the Rip

HOME IS 400 YEARS AWAY A Rip in the fabric of time, a far-flung globally warmed future, a flooded Earth and the only remainder of civilisation-a militaristic organisation living underneath 'Desert Amazon' Getting back home was the only thing that mattered to messed up, mixed race teenager, Blue (named after his stupid, googly blue eyes) - and that was the problem-home was over four hundred years in the past. But how does a lowly cadet in a military academy living in a post-apocalyptic future achieve such a goal, especially with the distractions of girls, pilot training, spacewalks and his almost constant unpopularity? The more Blue found out about this flooded, gung-ho and annoying future, about himself-who and what he was (was he even human?)-and the equally disturbing and shocking truth about his parents, the more he realised getting home was the only solution. Wasn't it? If Blue knew one thing, it was that he would at least try.

Exploring the World of Lucid Dreaming

It's night. Always night. Dreams guard against the evil forged by nightmares. Infinite shooting stars illuminate a moonless sky. A city stands alone, surrounded by a darkened field. On its fringes, a man

watches one star separate from the masses and fall. What survives the crash will unveil a secret centuries long hidden. Molly hasn't slept well since the night of her twenty-fourth birthday. Being struck by lightning might have something to do with it, but then again, her chicken did look a little undercooked at dinner. Whatever the culprit, her life quickly catapults from mundane to insane as, night after night, Molly is transported through her once dreamless sleep to a mysterious land illuminated by shooting stars. There she meets the captivating but frustrating Dev, and together they discover Molly possesses a power coveted by his people--the ability to conjure almost anything she desires into existence. Seduced by the possibilities of this gift, Molly shifts her attention from waking life toward the man, the magic, and the world found in her dreams. But Molly must ask herself--does something truly exist if you only see it when you close your eyes? Faced with the threat of losing everything--her job, best friend, boyfriend, and most importantly, that little thing called her sanity--Molly will learn just how far she'll go to uncover what is real and what is merely a figment of her imagination.

What Your Dreams Are Telling You

This memoir is not your traditional story-told-in-words, although there are gripping excerpts that recount a midnight shooting and the dreams that foretold it, as well as interviews that introduce in depth the painter/poet, subject of the book, and explore her post-trauma road to recovery. Nor is it your average book of paintings, although there are over sixty

paintings, prints, and cartoons to peruse. The paintings, like the memoir passages, grip the viewer with great intensity; they are mostly portraits, the kind that do not just represent but bring the viewer into the living presence of a soul, like those by Rembrandt or Van Gogh. Schavrien paints in that tradition, bringing psychological and spiritual insights to her readings of the many types around her, from intimates to café denizens, by way of her decades as a psychotherapist. This is a book which restores one's faith in creativity-its boundless power to bring resurrection in the face of death. Schavrien, student and friend of the late Harold Rosenberg, art critic for *The New Yorker*, has been recognized through nomination as Oakland, California artist of the year. She has received 15 national and international prizes in the arts. "Judy Schavrien's extraordinary memoir combines images and words to capture the brave evolution of her richly creative life. Hers is a journey that reveals the power of art to transcend suffering and elevate the soul. You will be moved and mesmerized and swept along by her unquenchable passion for life." --Joseph McBride, author of *The Broken Places: A Memoir* and the biography *Steven Spielberg: A Biography**

Rip Van Winkle and The Legend of Sleepy Hollow

How does an impressionable 17-year-old girl deal with Fat Phil the Wet Kisser and a revolution at the same time? Ithaca Diaries is a coming of age memoir set at Cornell University in the tumultuous 1960s. Based on the author's diaries and letters,

interviews and other primary and secondary accounts of the time, *Ithaca Diaries* describes collegiate life as protests, politics, and violence increasingly engulf the student, her campus, and her nation. Her irreverent observations serve as a prism for understanding what it was like to live through those tumultuous times. While often laugh-out-loud funny, they provide meaningful insight into the process of political and social change we continue to experience, today. Author James McConkey has called the book "a remarkable achievement." According to historian Carol Kammen, *Ithaca Diaries* is "earnest, honest and funny. Historically important in addition to being an engaging coming-of-age story."

The Sleepwalker's Dream

An eye-opening and courageous memoir that explores what learning a new language can teach us about distant worlds and, ultimately, ourselves. After miraculously surviving a serious illness, Katherine Rich found herself at an impasse in her career as a magazine editor. She spontaneously accepted a freelance writing assignment to go to India, where she found herself thunderstruck by the place and the language, and before she knew it she was on her way to Udaipur, a city in the northwestern state of Rajasthan, in order to learn Hindi. Rich documents her experiences—ranging from the bizarre to the frightening to the unexpectedly exhilarating—using Hindi as the lens through which she is given a new perspective not only on India, but on the radical way the country and the language itself were changing her. Fascinated by the process, she went on to interview linguistics experts around the world, reporting back from the frontlines of the science wars on what happens in the brain when we learn a new language. She brings both of these experiences together seamlessly in *Dreaming in Hindi*, a remarkably unique and thoughtful account of self-discovery.

Wide Awake

Have you ever wondered what dreams actually are? Are they really just nonsensical narratives strung together by our brains as we sleep, or are they something else entirely? Could it be that they are just as real as the world we live in while awake? The truth may very well surprise you. When we fall asleep, we actually wake up in another world, slightly different than the one we are accustomed to. Dreams are memories of this other place - we just can't seem to make sense of them. But what if we could? What if we could seamlessly live in both worlds without any lapse in our memory? With the help of an experimental medicine, one man can. Unfortunately for him, his newfound ability quickly becomes a burden. Before long, he comes face to face with some grave questions - just what exactly is real and which one of his lives is worth dying for?

“Quite extraordinary.”—Toni Morrison In this lyrical, unsentimental, and compelling memoir, the son of a black African father and a white American mother searches for a workable meaning to his life as a black American. It begins in New York, where Barack Obama learns that his father—a figure he knows more as a myth than as a man—has been killed in a car accident. This sudden death inspires an emotional odyssey—first to a small town in Kansas, from which he retraces the migration of his mother’s family to Hawaii, and then to Kenya, where he meets the African side of his family, confronts the bitter truth of his father’s life, and at last reconciles his divided inheritance. The Sleep Revolution

Your dreams hold the key to a better, fuller life. There is a reason we dream at night. It's not random nonsense. When we are dreaming, we are thinking on a much deeper, more insightful level than when we're awake. When we're dreaming, we're actually problem solving—it's just in a different language. Our minds are speaking to us in codes: warning, helping, and guiding us through our constantly evolving situations in life. The mind, through dreams, is trying to alert us to problems it wants fixed. The truth is, our best thinking isn't done in the shower, it's done while we dream. In fact, when we say, "Let me sleep on it," what we're really saying is, "Let me dream on it." In this easy-to-use guide, renowned dream analyst Lauri Quinn Loewenberg gives you the tools to interpret the often confounding language of dreams. You will learn how to:

- * unlock the hidden dream communications your mind wants you to know
- * understand commonly occurring people, places and animals as extensions of your personality
- * decipher the real meaning behind nightmares like falling, drowning, and being chased
- * discover the big messages in seemingly small dream elements as Lauri guides you through dozens of real-life dreams
- * use your dreams as a tool to solve your everyday problems and effect real change in your life

Jesus appears to be revealing Himself to Muslims through powerful dreams and vision throughout the Islamic world today, and the results are dramatic. Eleven years ago, Pastor Tom Doyle felt God calling him to leave the pastorate and become a full-time missionary in the Middle East and Central Asia. Through his extensive work in the region, which includes over 80 trips to places like Iran, Afghanistan, Iraq, Egypt, Syria, Israel, Lebanon, and Turkey, Tom has met and recorded the stories of former Muslims who were first introduced to Jesus through either a dream or a vision that powerfully opened their hearts to become followers of Christ. Though they live in the most dangerous places in the world for people who leave Islam and embrace Christ, their passion for the Savior is contagious and inspirational. These are never-before-told stories from the front lines of the world of Islam. Through these unexplained supernatural occurrences, more Muslims have become believers in the last ten years than in the last 15 centuries of Islam. Why would God use dreams to reach the Muslim world? Can dreams and visions be trusted? What happens after these people experience

The Things You Can See Only when You Slow Down

Why We Sleep

Mirabai, a sixteenth-century Indian princess, wrote passionate love songs to Lord Krishna. Hadewijch, a thirteenth-century European Beguine, wrote of her yearning to become Love itself, to be "God with God." Each woman practiced a full-bodied, sensuously-imaged longing for love; at the same time, each also practiced certain ascetic disciplines. Spanning centuries, continents, and religious traditions, this book juxtaposes Hadewijch's and Mirabai's inextricable energies of longing and letting go as

resources for a comparative theology of passionate non-attachment. Within both Hinduism and Christianity, desire and renunciation are often presented as opposites; yet, both Mirabai and Hadewijch, in their own distinct ways, illuminate the integral, tensile relationship between these concepts. Rather than choosing one or the other, each woman's dual practices of longing and letting go not only take her on an inward spiritual journey but also deeply involve her in the beauty and suffering of the wider world. Drawing out crucial differences and intriguing resonances between these two women of faith, Hillgardner develops a Hindu-Christian comparative theology that argues for an interreligious ethic of passionate non-attachment, one capacious and brave enough to hold together our own longings with the desires of others in an interconnected, fragile world.

"Brilliant, heartbreaking, tender, and highly original - poet Ocean Vuong's debut novel is a sweeping and shattering portrait of a family, and a testament to the redemptive power of storytelling. On Earth We're Briefly Gorgeous is a letter from a son to a mother who cannot read. Written when the speaker, Little Dog, is in his late twenties, the letter unearths a family's history that began before he was born--a history whose epicenter is rooted in Vietnam--and serves as a doorway into parts of his life his mother has never known, all of it leading to an unforgettable revelation. At once a witness to the fraught yet undeniable love between a single mother and her son, it is also a brutally honest exploration of race, class, and masculinity"--
