Endlessly

Maggie Scott knows better than to trust again. When her marriage deteriorated, she went on the lam. Hiding out in the Pacific Northwest, she thinks she's safe. She even finds herself falling--just a little--for a laid-back boat bum who makes the Puget Sound his temporary home. For Cooper Grant, working as a private investigator simply means more time on his boat--until he meets Maggie. After taking on the job of finding her for the man he believes is her brother, he realizes he's in over his head. And as the perfect storm of danger and deception is thrust upon them, keeping her safe becomes his obsession.

Car Wars

"The Encyclopedia of Microcomputers serves as the ideal companion reference to the popular Encyclopedia of Computer Science and Technology. Now in its 10th year of publication, this timely reference work details the broad spectrum of microcomputer technology, including microcomputer history; explains and illustrates the use of microcomputers throughout academe, business, government, and society in general; and assesses the future impact of this rapidly changing technology."

The Principles of Computer Hardware

The last time Andreas Ferrante saw Sienna Baker, she was naively trying to seduce him. While her provocative sensuality is emblazoned on Andreas's memory, the terrible consequences torment him. So the news that they must marry to secure his inheritance is unthinkable. Once devastated by his heartless rejection, seeing Andreas again makes Sienna's humiliation burn brighter. And as for marrying him? They'd be lucky to last the ceremony without killing each other! But there's a fine line between love and hate. Will these flames of anger turn to white-hot passion on their wedding night?

End of the Alphabet

Describes Latin American theater from pre-Columbian times to the present, with sections on each country and entries for playwrights, theaters, and cultural movements, placing them within the context of international literature.

Encyclopedia of Latin American Theater

"Major Jim Gant, a man seen by many of us as the 'perfect insurgent,'--an inspiring, gifted, courageous leader -- GENERAL DAVID H. PETRAEUS (U.S. Army, Ret.) THE PAPER THAT ROCKED OSAMA BIN LADEN Team members during the May 2, 2011 U.S. military raid that killed Osama Bin Laden seized piles of Al Qaeda intelligence. One piece of evidence found in Bin Laden's personal sleeping quarters was an English language copy of Jim Gant's One Tribe at a Time. It contained notes in the margins consistent with others identified as written by Osama Bin Laden. A directive from Osama Bin Laden to his intelligence chief was also discovered. It identified Jim Gant by name as an impediment to Al Qaeda's operational objectives for eastern Afghanistan. Bin Laden ordered that Gant be assassinated. "[One Tribe at a Time] was hugely important at a time when I was looking for ideas on Afghanistan[Gant] was the first to write it down, in a very coherent fashion, very readable, very encouraging frankly and there is enormous power in that." --General David H. Petraeus (U.S. Army, Ret.) quoted in American Spartan: The Promise, The Mission, and The Betrayal of Special Forces Major Jim Gant by Ann Scott Tyson Washington Post reporter Ann Scott Tyson read "One Tribe at a Time," and - informed by her combat experience in Afghanistan and Iraq and her eight years as a reporter in China - she realized that Jim's paper made sense. She decided to write a story about Jim entitled, "Jim Gant, the Green Beret who could win the war in Afghanistan." After the article appeared in January 2010, as Jim was in Washington, D.C., attending Pashto language training, he met Ann and the two fell in love. She followed his mission in Afghanistan and wrote AMERICAN SPARTAN: The Promise, the Mission, and the Betrayal of Special Forces Major Jim Gant.

Enemy Waters

Reveals some of the auto industry's darker secrets, including the fact that General Motors manufactured airplane engines for Nazi Germany

Encyclopedia of Time

Blast off into space to discover the galaxies and beyond with the new edition of this out-of-this-world reference Send your child on an amazing journey into space. They'll see the Hubble telescope orbiting the Earth, discover the birth of our solar system and follow the search for life on Mars. Packed with practical tips for the amateur astronomer, spectacular images from space, detailed charts and fantastic facts. Perfect for home or school, there are even instructions on building a simple telescope! Supports Common Core State Standards.

One Tribe at a Time

Endure (Defy, Book 3)

The Sunflower Forest

Having a dream and aiming for it . . . a gentle coming-of-age novel for girls by much-loved YA novelist Fleur Beale. Ruby Yarrow is a 14 year old who lives in a busy, loving, chaotic family with her mum, stepdad, brother and two little stepbrothers. Ruby feels a bit like a doormat - she has to help out while her brother doesn't. He wins lots of prizes at school but she has a learning difficulty and needs a reader/writer to help her in exams. What's more, her surname, Yarrow, is at the end of the alphabet and when the roll gets called out she's always at the end . She hates it. She feels she's always at the end of the line. Not that Ruby is a misery bag at all. She's bright, vibrant and a really neat character. She has great friends and loves clothes, fashion magazines and sewing, which she has a real knack for. She's very keen to go on the school trip to Brazil and so she gets a job to earn the money for her airfare, working in a supermarket for an old grump. She also learns a bit of Portuguese and meeting exchange students. Ruby doesn't get to go on the trip but she stands up to her parents, gets some backbone and starts to see herself in a much better light. There's even a bit of romance. This book is about having a dream and aiming for it. But it's not sentimental - it's a great read, very real and it has a lovely upbeat tone.

Encyclopedia of Mystics, Saints & Sages

This book is part of a series designed to facilitate identification of South American insects likely to be encountered in, on, or near water, on wetlands, and in unusual aquatic habitats. It permits identification of all known adults and larvae. Each volume of the Encyclopedia of South American Aquatic Insects begins with a short general introduction. The scope of this volume is the Plecoptera. It includes all species known from South America as of the year 2002 and permits a state-of-the-art identification of the species. In the case of specimens belonging to undescribed species or those not previously reported from South America, it permits identification to genus or family and gives the reader reasonable certainty that his specimen does not belong to the known fauna of the continent. The keys are richly illustrated to permit non-specialists in the group to reliably identify specimens. Taxonomic revisions are intentionally avoided, but doubtful taxa are so designated in the keys. The volume is meant for anyone interested in identifying aquatic stoneflies, including entomologists, stream biologists, ecologists, zoogeographers, fishery biologists, and naturalists. Already published within this encyclopedia:

Enduring Justice

BEST OF THE WEST A veteran trail driver, who has survived thundering stampedes and Comanche raids, discovers there's nothing so dangerous as courting a beautiful woman. . . . A brutally beaten homesteader crawls off to die—only to stumble upon an ancient talisman that restores his will to live. . . . This treasure trove of stories captures the grit, grandeur, and the glory of the men and women who wielded pistol and plow, Bible and branding iron to tame a wild country. A mysterious preacher rides into town to deliver a warning that leads to a surprising revelation. . . . And in the full-length novella *Rustler Roundup*, the hardworking citizens of a law-abiding town are pushed to the edge as rumors of rustlers in their midst threaten to turn neighbor against neighbor. Each of these unforgettable tales bears the master's touch—comic twists, stark realism, crackling suspense—all the elements that have made Louis L'Amour an American legend. From the Paperback edition.

Encyclopedia of Space

A heart-warming short story of friendship and love from the pen of bestselling novelist Judy Nunn. When struggling young journalist Nancy buys a tiny rundown terrace in Surry Hills she knows nothing about the previous owner, other than the old lady died six months earlier. But a dusty box retrieved from underneath the old wardrobe in an upstairs bedroom soon changes all that. And the lives, loves and losses of Emily Roper and her best friend Margaret are tantalisingly revealed

Endure My Heart

A PAINFUL PAST Hanna Kessler's childhood secret has remained buried for over two decades. But when the dark shadows of her past threaten to destroy those she loves, Hanna must face the summer that changed her life and the man who still haunts her memories. **A RACIALLY-MOTIVATED KILLER** As a Crimes Against Children FBI Agent, Michael Parker knows what it means to get knocked down. Difficult cases and broken relationships have plagued his entire year. But when the system fails and a white supremacist is set free, Michael's drive for retribution eclipses all else. **A LIFE-ALTERING CHOICE** A racist's well-planned assault forces Hanna and Michael to decide between executing vengeance and pursuing justice. The dividing line between the two is the choice to heal. But when the attack turns personal, is justice enough?

Science Year 9

Two years after her father's death, 11-year-old Redi Tlhabi meets Mabegzo: handsome, charming, and smooth, but also a rumored gangster, murderer, and

rapist. Against her family's wishes, Redi develops a strong and sometimes uncomfortable attraction to him; she herself doesn't understand why she is drawn to Mabegzo. When he too is found lying dead in a pool of blood, as her father was, Redi has to try to stay sane. Following her emotional journey into the past to finally humanize Mabegzo, this account interviews the alleged criminal's family and friends. As she fits together the pieces of the puzzle that was Mabegzo, Redi also finds peace and allows her demons to rest.

End of the Night Girl

Six weeks ago, Imperial Japanese military forces conquered and occupied the Hawaiian Islands. A puppet king sits on Hawaii's throne, his strings controlled by the general of the invasion force. American POWs, malnourished and weak, are enslaved as hard laborers until death takes them. Civilians fare little better, struggling to survive on dwindling resources. And families of Japanese origin find their loyalties divided. Meanwhile, across the United States, from Pensacola, Florida, to San Diego, California, the military is marshaling its forces. Steel factories and fuel refineries are operating around the clock. New recruits are enlisting, undergoing rigorous training exercises. All for the opportunity to strike back and drive the enemy from American soil...

Endgame in Afghanistan

Principles of Computer Hardware, now in its third edition, provides a first course in computer architecture or computer organization for undergraduates. The book covers the core topics of such a course, including Boolean algebra and logic design; number bases and binary arithmetic; the CPU; assembly language; memory systems; and input/output methods and devices. It then goes on to cover the related topics of computer peripherals such as printers; the hardware aspects of the operating system; and data communications, and hence provides a broader overview of the subject. Its readable, tutorial-based approach makes it an accessible introduction to the subject. The book has extensive in-depth coverage of two microprocessors, one of which (the 68000) is widely used in education. All chapters in the new edition have been updated. Major updates include: * powerful software simulations of digital systems to accompany the chapters on digital design; * a tutorial-based introduction to assembly language, including many examples; * a completely rewritten chapter on RISC, which now covers the ARM computer.

End of the Drive

"The Encyclopedia of Microcomputers serves as the ideal companion reference to the popular Encyclopedia of Computer Science and Technology. Ending the War on Drugs

Why does this remote swathe of Sahara along the Atlantic seaboard concern the USA and Europe? Why does Morocco maintain its occupation? Why has the UN Security Council prevaricated for three decades while the Sahrawis live under Moroccan rule or as refugees? In this revealing book, Toby Shelley examines the geopolitics involved. He brings out: The little-known struggle of Sahrawis living under Moroccan rule to defend their identity. USA/European competition for influence in the Maghreb. The natural resources at stake -- rich fishing grounds, phosphates, and the prospect of oil. The reasons behind the UN failure to resolve what is now Africa's last decolonisation issue. The evolution of the USA-backed Baker Plan to settle the dispute. How the Western Sahara's history and future is tangled up with Moroccan--Algerian rivalry. The political development of Polisario, independence movement and state-in-waiting. Toby Shelley has talked to Polisario, Moroccan, Algerian and other diplomats. He has visited the territory and had access to opposition activists and Moroccan officials. In the refugee camps he interviewed the leadership of Polisario. What emerges is that the fate of the Western Sahara is being moulded by global and regional forces and that it is the Sahrawis under Moroccan rule who are best placed to influence that fate.

Enemies at the Altar

Encyclopedia of Russian & Slavic Myth and Legend

An accessible reference that explores every aspect of the municipal bond market Until now, there has been no accessible encyclopedia, dictionary, nor guide to the world of municipal bonds. Comprehensive and objective, this groundbreaking volume covers the history and mechanics of the municipal market in clear and understandable terms. It covers all aspects of the market, including pricing, trading, taxation issues and yields, as well as topical events such as the financial crisis, hysteria about defaults and Chapter 9 municipal bankruptcy, fraud, and regulation. Encyclopedia of Municipal Bonds also contains entries on important historical events and provides much-needed context for this field. Everything you ever wanted to know about municipal bonds in one comprehensive resource Joe Mysak is the author of the Bloomberg bestseller Handbook for Muni Issuers Demystifies the world of municipal bonds for both the novice and professional investor Explores issues such as the Orange County bankruptcy, the Jefferson County default, the New York City financial crisis, and the surprisingly recent

creation of the modern municipal market Encyclopedia of Municipal Bonds offers an essential reference guide for investors, professionals, regulators, insurers, and anyone else involved in the municipal bond market.

Endings & Beginnings

Presents an alphabetical reference guide detailing the lives and works of poets associated with the New York Schools of the early twentieth century.

Encyclopedia of Municipal Bonds

Endgame in Afghanistan: For Whom the Dice Rolls covers a wide territory related to the war in Afghanistan, the stakes the whole world-and not just the United States-has in it, and its possible outcome. It shows that it is not merely a war for the future of Afghanistan, but a conflict between the regressive worldview of the Taliban and al Qaeda and modernity. The book examines the consequences of an American exit from Afghanistan under circumstances indicating a defeat; the ability of the Karzai government or its successor to hold its own thereafter; and the regional and global geo-strategic consequences, including those on Pakistan, of a Taliban-al Qaeda takeover of Afghanistan. It also explores the possibility of the United States arriving at a peace settlement with the Taliban as well as that of the Americans winning the Afghan war. Taking an analytical multi-disciplinary approach, coupled with meticulous research, this book focuses on areas hitherto neglected. Linking known but scattered information in entirely new and cohesive analyses, the author presents the kind of comprehensive picture of the Afghan war and its consequences that no other book has done.

The Yugo

Overwhelming arrogance demands that Damian Marcel claim Jamie Walsh no matter who vies against them. For she is the only woman who can sate this powerful werewolf's untamed hunger. But Jamie believes Damian is the Draicon werewolf who murdered her brother. She fights the dominating male at every step—only to succeed in binding herself to him. Now the same magick that links them together is slowly killing Jamie, for she is infected with a spell that's turning her to stone. As they race against time to find a cure and to ward off attacks from the evil Morphs, dare Damian hope that his draicara will finally accept him as her lover...forever?

Encyclopedia of Microcomputers

Six months after its American introduction in 1985, the Yugo was a punch line; within a year, it was a staple of late-night comedy. By 2000, NPR's Car Talk declared it "the worst car of the millennium." And for most Americans that's where the story begins and ends. Hardly. The short, unhappy life of the car, the men who built it, the men who imported it, and the decade that embraced and discarded it is rollicking and astounding, and one of the greatest untold business-cum-morality tales of the 1980s. Mix one rabid entrepreneur, several thousand "good" communists, a willing U.S. State Department, the shortsighted Detroit auto

industry, and improvident bankers, shake vigorously, and you've got *The Yugo: The Rise and Fall of the Worst Car in History*. Brilliantly re-creating the amazing confluence of events that produced the Yugo, Yugoslav expert Jason Vuic uproariously tells the story of the car that became an international joke: The American CEO who happens upon a Yugo right when his company needs to find a new import or go under. A State Department eager to aid Yugoslavia's nonaligned communist government. Zastava Automobiles, which overhauls its factory to produce an American-ready Yugo in six months. And a hole left by Detroit in the cheap subcompact market that creates a race to the bottom that leaves the Yugo . . . at the bottom.

End of the Beginning

World-class spell collector, fortune teller, psychic practitioner, spirit worker as well as independent scholar, writer, and teacher, Judika Illes offers a comprehensive encyclopedia of the sacred, helpful mystics, saints, and sages from a large variety of religious traditions who can, when venerated, produce miracles for the reader. Illes, author of *The Encyclopedia of 5000 Spells* and *The Encyclopedia of Spirits*, surpasses herself in this peerlessly expansive guide for all interested in folklore, mythology, and history, as well as those looking for guidance about accessing the power of saints. Illes's *The Encyclopedia of Mystics, Saints, & Sages* is the most comprehensive, accessible, and effective guide available anywhere.

The Convention Industry Council Manual

Covers the myths and legends of the Russian Empire at its greatest extent as well as other Slavic people and countries. Includes historical, geographical, and biographical background information.

Endgame in the Western Sahara

Bestselling author Torey Hayden's novel poignantly tells of a daughter's attempt to grow up in the shadow of her mother's haunted past. Warm, melancholy and evocatively rendered this book captures the essence of a family touched by sadness.

Contrastes

A reference surveying the major concerns, findings, and terms of social history. The coverage includes major categories within social history (family, demographic transition, multiculturalism, industrialization, nationalism); major aspects of life for which social history has provided a crucial per

Energetic Materials at Extreme Conditions

"Christina Moore uses her talent for storytelling to create a more narrative-like tale. An attractive offering for listening centers and for young children interested in nature and science." -School Library Journal

Encyclopedia of Social History

Molly, a sassy Australian waitress, is haunted by the ghost of a murdered Polish Jew. The two young women's stories, each a compelling page-turner, combine teasingly in one as 'End of the Night Girl' explores shadows cast by the Holocaust across decades, continents and cultures. 'A brilliant testimonial to the power of the literary imagination.' - Nicholas Jose. 'Clothed in prose that sparks and simmers, End of the Night Girl slowly reveals her dark and beautiful bones.' - Carol Lefevre. 'Amy Matthews' world of gritty realism is foreshadowed by an older, more traditional society about to be invaded by chaos and horror. One cannot help admiring Matthews' accuracy of observation and her subtle placement of emotion in the uncovering of these parallel universes through the coalescence of memory and imagination. This is a remarkable novel of contemporary rootlessness, haunted histories and redemptive decency.' - Brian Castro. 'Can atrocity be changed somehow in art? This book cannot answer this, but it powerfully suggests that the creative act is meaningful even when atrocity is too big for us to mould it. As Molly attempts to imagine and create from an atrocity she hasn't shared, she herself is remade.' - Eva Hornung. 'End of the Night Girl' was Winner of the 2010 Adelaide Festival Award for Best Unpublished Manuscript.

Enemy Lover

David I.A. Millar's thesis explores the effects of extreme conditions on energetic materials. His study identifies and structurally characterises new polymorphs obtained at high pressures and/or temperatures. The performance of energetic materials (pyrotechnics, propellants and explosives) can depend on a number of factors including sensitivity to detonation, detonation velocity, and chemical and thermal stability. Polymorphism and solid-state phase transitions may therefore have significant consequences for the performance and safety of energetic materials. In order to model the behaviour of these important materials effectively under operational conditions it is essential to obtain detailed structural information at a range of temperatures and pressures.

Encyclopedia of Life Writing

The author, a conservative Republican, examines why America is losing the war on drugs-and makes a case for controlled legalization.

The Wardrobe (Storycuts)

The picture of innocence, Miss Mabel Anderson, and the sister of a cleric. But many people in her port town of Salford lived in poverty, their only chance at making a decent living being the smuggling trade. Mab inadvertently found herself the leader of this group, but a government agent, Sir Stamford Wicklow, was come to town specifically to discover the leader's identity—and imprison the villain. Regency Romance by Joan Smith; originally published by Fawcett Coventry

OSHA Compliance Manual

Kiersten White's New York Times bestselling Paranormalcy trilogy comes to a breathless conclusion with a signature mix of wit, romance, paranormal creatures, and a truly original heroine. In *Endlessly*, pink-loving, butt-kicking Evie has way too much on her to-do list. Paranormals are begging her to open a faerie gate so they can leave the human world, something Evie's not sure she has the power to do. The Dark Queen is torturing humans and must be destroyed. On top of all that, Evie's prom is coming up. She's not sure what to wear, and, oh, yeah, her shape-shifting boyfriend, Lend, has been cursed so that he falls into an enchanted sleep whenever he and Evie are in the same room...and even Evie's ex-boyfriend, the faerie Reth, can't reverse the dark magic. An epic battle is looming, and the choices Evie makes will determine the fate of whole paranormal world—and her own life.

Encyclopedia of South American Aquatic Insects: Plecoptera

At last, Alexa and King Damian are engaged to be married. But their lives are far from safe. The kingdom of Antion is under siege, and Rylan is a prisoner of the enemy. Even worse, Alexa remains at the mercy of the evil Dansian Rafe, who controls her mind and can force Alexa to kill or harm Damian at any moment. Despite this, Alexa is determined to rescue Rylan, which soon leads her far from Damian and deep into enemy territory. When she arrives, what awaits her is deadlier than anything she could have ever imagined: an army of black sorcerers, and a horrifying plot to destroy the world as Alexa knows it. Will she be able to gather the strength to free herself, protect the love of her life, and save the land? Will there ever be true peace? Acclaimed author Sara B. Larson has woven a stunning, romantic, and evocative finale to the Defy trilogy that is sure to leave readers breathless until the very last page.

Frogs

This is the first substantial reference work in English on the various forms that constitute "life writing." As this term suggests, the Encyclopedia explores not only autobiography and biography proper, but also letters, diaries, memoirs, family histories, case histories, and other ways in which individual lives have been recorded and structured. It includes entries on genres and subgenres, national and regional traditions from around the world, and important auto-biographical writers, as well as articles on related areas such as oral history, anthropology, testimonies, and the representation of life stories in non-verbal art forms.
