The World

Charley unexpectedly runs into Jake, the bad boy who broke her heart, four years after their breakup. Now she must decide if she's ready to trust him again and take a chance on the greatest love she's ever known.

Eminent Love

In this second edition of his successful book, experienced teacher and author Mark Allen Weiss continues to refine and enhance his innovative approach to algorithms and data structures. Written for the advanced data structures course, this text highlights theoretical topics such as abstract data types and the efficiency of algorithms, as well as performance and running time. Before covering algorithms and data structures, the author provides a brief introduction to C++ for programmers unfamiliar with the language. Dr Weiss's clear writing style, logical organization of topics, and extensive use of figures and examples to demonstrate the successive stages of an algorithm make this an accessible, valuable text. New to this Edition *An appendix on the Standard Template Library (STL) *C++ code, tested on multiple platforms, that conforms to the ANSI ISO final draft standard 0201361221B04062001

Get Dirty

For readers of Bella Andre, New York Times bestselling author Claudia Connor follows up her heartfelt debut, *Worth the Fall*, with a novel about Matt's brother, Stephen. When a McKinney brother falls in love, powerful emotion and overwhelming desire are never far behind. Two hearts locked away . . . Hannah Walker spends her days coaching children through injury and trauma, one therapeutic horseback ride at a time. She knows all too well how violence can change a child and leave scars that never heal. It's easy for her to relate to the kids; what isn't easy is the thought of facing her own harrowing past. Millionaire playboy Stephen McKinney could use a little coaching himself. Five years ago he encountered his most horrible nightmare—and the nightmare won. No matter what he achieves, nothing can make up for that awful night . . . or so he believes. Both desperate for a second chance . . . Stephen is used to getting what he wants. And

he wants Hannah. So when she turns him down, he's intrigued. What he doesn't know is that her secrets will lead him to a place he never wanted to go again . . . to a side of himself he's tried to forget . . . a side that would scare Hannah away from ever loving him. Now his only chance to win her trust is to bare his soul, risking everything he tried so hard to protect. Praise for *Worth the Risk* and Claudia Connor "Love, love, love! Read Claudia Connor for a consistently raw and emotional love story."—New York Times bestselling author Carly Phillips "Achingly real characters, combined with Connor's deft and tender handling of complex issues, make for a compelling, layered read."—USA Today bestselling author Maggie McGinnis "Worth the Risk is a story of healing, of overcoming heartbreaking memories and panic-inducing fears, and taking the risk to trust and love again. You do not want to miss this wonderfully emotional story by one of my new favorite authors!"—Wendy S. Marcus, author of *Loving You Is Easy* "Connor's writing is strong enough to maintain the emotional intensity of the main couple's relationship through it all, providing a reading experience that will no doubt satisfy fans and leave many eager for more tales of the passionate McKinney Brothers."—RT Book Reviews "A brand-new author I think you're really gonna like."—New York Times bestselling author Kristan Higgins "I can't get enough of Claudia Connor's heartwarming stories. Sexy, emotional, complex, dreamy—her characters satisfy on every level."—New York Times bestselling author Virna DePaul "Loved this book, love this series and I cannot wait for more of this series and Claudia Connor."—Live, Read and Breathe "Claudia Connor is a natural storyteller. I was engrossed in *Worth the Risk*, down to the familiar interactions between the siblings."—Book Crack "This was just a really great book to read, and I definitely recommend it! I really want to go back and read *Worth the Fall* now! I can't wait to see what else this author has in store for us!"—Pages of Comfort Includes a special message from the editor, as well as an excerpt from another Loveswept title.

No Pink Caddy

This practical text contains fairly "traditional" coverage of data structures with a clear and complete use of algorithm analysis, and some emphasis on file processing techniques as relevant to modern programmers. It fully integrates OO programming with these topics, as part of the detailed presentation of OO programming itself. Chapter topics include lists, stacks, and queues; binary and general trees; graphs; file processing and external sorting; searching; indexing; and limits to computation. For programmers who need a good reference on data structures.

Wild Blue Wonder

Pre-med student Caroline "Charlie" Collins, a sophomore at Texas A&M, knows exactly what she wants in life and the order that it will happen: finish college, complete medical school, and then fall in love. A chance meeting with A&M's star quarterback Colin McKinney changes everything. A friendship between the two grows over time and blossoms into a powerful love affair. Charlie and Colin must learn to cope with his transition to playing professional football, the crushing attention of the media, and constant demands of his fans. At the same time, she's struggling with how her dream of attending medical school will fit into their already

stressed relationship and Colin's new life. Falling Into Infinity asks the question is just loving someone enough to make a relationship work?

Bullied (Bullied Book 1)

Falling Under

From the team that brought you The 39 Clues and Spirit Animals comes a brand new epic Egyptian adventure! Nothing can save Alex Sennefer's life. That's what all the doctors say, but his mother knows it's not true. She knows that the Lost Spells of the Egyptian Book of the Dead can crack open a door to the afterlife and pull her son back from the brink. But when she uses the spells, five evil ancients--the Death Walkers--are also brought back to life. An ancient evil has been unleashed.

Mummies are awakening. New York is overrun with scorpions. And worst of all for Alex, his mom and the Lost Spells have both disappeared. He and his best friend, Ren, will do anything to find his mom and save the world . . . even if that means going head-to-head with a Death Walker who has been plotting his revenge for 3,000 years. Read the book, then continue the adventure online! Build an Egyptian tomb of your own, hide treasure and protect it with traps, then challenge your friends to play through! Michael Northrop is the New York Times bestselling author of TombQuest, an epic book and game adventure series featuring the magic of ancient Egypt. He is also the author of Trapped, an Indie Next List Selection, and Plunked, a New York Public Library best book of the year and an NPR Backseat Book Club selection. An editor at Sports Illustrated Kids for many years, he now writes full-time from his home in New York City. Learn more at www.michaelnorthrop.net.

Bloodspell

A YA romance—with a sparkling commercial voice and a dash of science—that explores a relationship over six years The moment Spencer meets Hope the summer before seventh grade, it's something at first sight. The pair become fast friends, climbing trees and planning world travels. After years of being outshone by his older brother and teased because of his Tourette syndrome, Spencer finally feels like he belongs. But as Hope and Spencer get older and life gets messier, the clear label of "friend" gets messier, too. Through sibling feuds and family tragedies, new relationships and broken hearts, the two grow together and apart, and Spencer, an aspiring scientist, tries to map it all out using his trusty system of taxonomy. He wants to identify and classify their relationship, but in the end, he finds that life doesn't always fit into easy-to-manage boxes, and it's this messy complexity that makes life so rich and beautiful.

From Now Until Infinity

Electrical Engineering 101 covers the basic theory and practice of electronics, starting by answering the question "What is electricity?" It goes on to explain the fundamental principles and components, relating them constantly to real-world examples. Sections on tools and troubleshooting give engineers deeper

understanding and the know-how to create and maintain their own electronic design projects. Unlike other books that simply describe electronics and provide step-by-step build instructions, EE101 delves into how and why electricity and electronics work, giving the reader the tools to take their electronics education to the next level. It is written in a down-to-earth style and explains jargon, technical terms and schematics as they arise. The author builds a genuine understanding of the fundamentals and shows how they can be applied to a range of engineering problems. This third edition includes more real-world examples and a glossary of formulae. It contains new coverage of: Microcontrollers FPGAs Classes of components Memory (RAM, ROM, etc.) Surface mount High speed design Board layout Advanced digital electronics (e.g. processors) Transistor circuits and circuit design Op-amp and logic circuits Use of test equipment Gives readers a simple explanation of complex concepts, in terms they can understand and relate to everyday life. Updated content throughout and new material on the latest technological advances. Provides readers with an invaluable set of tools and references that they can use in their everyday work.

Crow'S Row

The fourth edition of an authoritative overview, with all new chapters that capture the state of the art in a rapidly growing field.

A Name Like Karma: A Urban Fantasy Reverse Harem Romance

Nineteen-year-old Emily Sheppard is losing her sanity. Ever since her mob king boyfriend, Cameron Hillard, abandoned her for her own good, Emmy has been attempting to move on with her charmed college student life as if nothing happened. Now rejected from the underworld and left grieving over Cameron's alleged death, Emmy realizes she belongs nowhere. Worse yet, she is now keeping a dangerous secret. After just a short time with Emily, Cameron has lost control over his world. As he miserably attempts to return to what is left of his life and unravel the mess he has made of the underworld, Emily's hate turns to desperation. She needs to kill the kingpins responsible for Cameron's death before they come looking for her. As Cameron secretly observes Emily, he has no idea of the danger he has placed her in--or that it may already be too late for him to save her. Scare Crow is a tale of revenge, terror, and love as Emmy and Cameron embark on separate journeys to face enemies, correct past mistakes, and find their way to their destinies.

How Dare the Sun Rise

Two missing girls. Thirteen years apart. An intense psychological thriller for readers of *I Am Watching You*, *The Luckiest Girl Alive*, and *All the Missing Girls*. Olivia Shaw has been missing since last Tuesday. She was last seen outside the entrance of her elementary school in Hunts Point wearing a white spring jacket, blue jeans, and pink boots. I force myself to look at the face in the photo, into her slightly smudged features, and I can't bring myself to move. Olivia Shaw could be my mirror image, rewound to thirteen years ago. If you have any knowledge of Olivia Shaw's whereabouts or any relevant information, please contact I've spent a long time

peering into the faces of girls on missing posters, wondering which one replaced me in that basement. But they were never quite the right age, the right look, the right circumstances. Until Olivia Shaw, missing for one week tomorrow. Whoever stole me was never found. But since I was taken, there hasn't been another girl. And now there is.

The Rich and the Dead

Theia Alderson has always led a sheltered life in the small California town of Serendipity Falls. But when a devastatingly handsome boy appears in the halls of her school, Theia knows she's seen Haden before- not around town, but in her dreams. As the Haden of both the night and the day beckons her closer one moment and pushes her away the next, the only thing Theia knows for sure is that the incredible pull she feels towards him is stronger than her fear. And when she discovers what Haden truly is, Theia's not sure if she wants to resist him, even if the cost is her soul.

Scare Crow

"Finding Infinity" as described by Colin "Fine Charlie." Colin says dropping his hands in defeat. "Here's what I want. I want everybody to back off and let me play football. I want you to go back to practicing medicine because I'm ready for you to be happy again - not this forced shit that you keep trying to sell me. I want Brad to get his house finished because I'm tired of listening to his DIY project updates. I want Jenny to decide on a hair color. I want Aiden and Rachael to either figure their shit out or leave each other alone, because Aiden's chick drama is annoying. I want Mark to quit trying so hard to be my buddy again. I want my parents to get off my back about us living in sin. I want you to pick a date to marry me. That's what I want. What am I going to get? None of it, because I have to do another interview to try to patch the gaping wound that is my life with a Band-Aid." This is book three of the "Infinity Series." To read them in order, please start with "Falling Into Infinity" and then "From Now Until Infinity."

Dreaming Awake

A heartbeat away from the President is where White House Chief of Staff Rachael Early spends almost every waking minute of every day. She's sacrificed everything to be in this position including her chance at love, or so she thinks. But, if you ask her, all of her dreams have come true. Graham Jackson is a teacher and coach at the President's son's school. Graham met Rachael when he was a staffer during the campaign - a chance meeting that Rachael does not remember. However, her rally speech inspired the next seven years of his career. They're pushed together by the First Family. Rachael's world shifts on its axis, and she is left to figure out her new future. What happens next is a journey of self-discovery, learning how to be a partner in a relationship, and redefining what it means to have it all.

Crush

Haunted by history. Bound by mystery. Lori Chase doesn't know what to think

about ghosts. She may have seen a few in the past, but those were just childish imaginings . . . right? Only now that she is living in Gettysburg, Pennsylvania, spirits seem to be on everyone's mind. The town is obsessed with its bloody Civil War history, and the old inn that Lori's parent run is supposedly haunted by the souls of dead soldiers. Then Lori meets one such soldier -- the devastatingly handsome Nathaniel Pierce. Nathaniel's soul cannot rest, and he desperately needs Lori's help. Because Nathaniel was not killed in the famous battle. He was murdered. Lori begins to investigate the age-old mystery, stumbling upon shocking clues and secrets. At the same time, she can't help falling for Nathaniel, just as he is falling for her

The World

Fans of Crash and Clash will be dying to get their hands on this third red-hot romance featuring Lucy and Jude. Anyone who loved, Slammed by Colleen Hoover, Beautiful Disaster by Jamie McGuire and Just For Now by Abbi Glines will love this series from Nicole.

Girl Last Seen

#1 NEW YORK TIMES BESTSELLER • A bold work from the author of *The Black Swan* that challenges many of our long-held beliefs about risk and reward, politics and religion, finance and personal responsibility In his most provocative and practical book yet, one of the foremost thinkers of our time redefines what it means to understand the world, succeed in a profession, contribute to a fair and just society, detect nonsense, and influence others. Citing examples ranging from Hammurabi to Seneca, Antaeus the Giant to Donald Trump, Nassim Nicholas Taleb shows how the willingness to accept one's own risks is an essential attribute of heroes, saints, and flourishing people in all walks of life. As always both accessible and iconoclastic, Taleb challenges long-held beliefs about the values of those who spearhead military interventions, make financial investments, and propagate religious faiths. Among his insights:

- For social justice, focus on symmetry and risk sharing. You cannot make profits and transfer the risks to others, as bankers and large corporations do. You cannot get rich without owning your own risk and paying for your own losses. Forcing skin in the game corrects this asymmetry better than thousands of laws and regulations.
- Ethical rules aren't universal. You're part of a group larger than you, but it's still smaller than humanity in general.
- Minorities, not majorities, run the world. The world is not run by consensus but by stubborn minorities imposing their tastes and ethics on others.
- You can be an intellectual yet still be an idiot. "Educated philistines" have been wrong on everything from Stalinism to Iraq to low-carb diets.
- Beware of complicated solutions (that someone was paid to find). A simple barbell can build muscle better than expensive new machines.
- True religion is commitment, not just faith. How much you believe in something is manifested only by what you're willing to risk for it. The phrase "skin in the game" is one we have often heard but rarely stopped to truly dissect. It is the backbone of risk management, but it's also an astonishingly rich worldview that, as Taleb shows in this book, applies to all aspects of our lives. As Taleb says, "The symmetry of skin in the game is a simple rule that's necessary for fairness and justice, and the ultimate BS-buster," and "Never trust anyone who doesn't have skin in the game. Without it, fools and

crooks will benefit, and their mistakes will never come back to haunt them.”

Love, Lucas

Madison. Paul. Stewart. They have accepted the situation. Stewart, because his life is too busy for the sort of obligations that are required in a relationship. Paul, because he loves Madison too much to tell her no. And because her sexual appetite is such that one man has trouble keeping up. So they exist, parallel relationships, each running their own course, with no need for intersection or conflict. Dana sat in the background and waited, saw the relationships, the love, and the moment that it all fell apart. She loves them. Everything else hangs in the balance.

Falling Into Infinity

"Love doesn't follow Einstein's rules of the universe. It doesn't march across a linear plane of time. No. Love is other worldly. It doesn't believe in rules and timelines and logical next steps. My brain kept reasoning with my heart that we couldn't feel this strongly about Graham Jackson, the guy that I only dated for two weeks, but what I've come to learn about the heart is that it doesn't listen to logic." Rachael Early, the first female White House Chief of Staff, is facing the scariest chapter of her life - the unknown. After discovering that Graham Jackson is one of the Sons of Liberty - a political talk show that is shaking up Washington - she ends their two week, whirlwind love affair. However, fate has other plans, forcing them back into each other's lives. Rachael and Graham begin their journey to overcome the hurt they've caused each other and move forward while struggling to find balance in their new careers. In the conclusion to Rachael and Graham's story, their relationship is tested in ways that they could have never imagined. In the end, does love really conquer all?

Coral and Brass

This profoundly moving memoir is the remarkable and inspiring true story of Sandra Uwiringiyimana, a girl from the Democratic Republic of the Congo who tells the tale of how she survived a massacre, immigrated to America, and overcame her trauma through art and activism. Sandra was just ten years old when she found herself with a gun pointed at her head. She had watched as rebels gunned down her mother and six-year-old sister in a refugee camp. Remarkably, the rebel didn't pull the trigger, and Sandra escaped. Thus began a new life for her and her surviving family members. With no home and no money, they struggled to stay alive. Eventually, through a United Nations refugee program, they moved to America, only to face yet another ethnic disconnect. Sandra may have crossed an ocean, but there was now a much wider divide she had to overcome. And it started with middle school in New York. In this memoir, Sandra tells the story of her survival, of finding her place in a new country, of her hope for the future, and how she found a way to give voice to her people.

Midnight Sun

Haden Black changed Theia Alderson's life when he appeared in her dreams. And to save Haden, Theia sacrificed everything, but the dangerous bargain she made could have lasting repercussions. Now Theia is susceptible to the same deadly hungers that Haden has long struggled with—and their return to Serendipity Falls could test their control. And someone from Haden's past is determined to destroy Theia from the inside out, starting with those closest to her

Rebel Spirits

The Breakfast Club meets Pretty Little Liars in Gretchen McNeil's witty and suspenseful sequel to Get Even. The members of Don't Get Mad aren't just mad anymore . . . they're afraid. And with Margot in a coma and Bree under house arrest, it's up to Olivia and Kitty to try to catch their deadly tormentor. But just as the girls are about to go on the offensive, Ed the Head reveals a shocking secret that turns all their theories upside down. The killer could be anyone, and this time he—or she—is out for more than just revenge. The girls desperately try to discover the killer's identity as their personal lives are falling apart: Donté is pulling away from Kitty and seems to be hiding a secret of his own, and Olivia's mother is on an emotional downward spiral. The killer is closing in, the threats are becoming more personal, and when the police refuse to listen, the girls have no choice but to confront their anonymous friend . . . or die trying.

Book of the Dead (TombQuest, Book 1)

A 2015 Whitney Award Nominee! A powerful story of loss, second chances, and first love, reminiscent of Sarah Dessen and John Green. When Oakley Nelson loses her older brother, Lucas, to cancer, she thinks she'll never recover. Between her parents' arguing and the battle she's fighting with depression, she feels nothing inside but a hollow emptiness. When Mom suggests they spend a few months in California with Aunt Jo, Oakley isn't sure a change of scenery will alter anything, but she's willing to give it a try. In California, Oakley discovers a sort of safety and freedom in Aunt Jo's beach house. Once they're settled, Mom hands her a notebook full of letters addressed to her—from Lucas. As Oakley reads one each day, she realizes how much he loved her, and each letter challenges her to be better and to continue to enjoy her life. He wants her to move on. If only it were that easy. But then a surfer named Carson comes into her life, and Oakley is blindsided. He makes her feel again. As she lets him in, she is surprised by how much she cares for him, and that's when things get complicated. How can she fall in love and be happy when Lucas never got the chance to do those very same things? With her brother's dying words as guidance, Oakley knows she must learn to listen and trust again. But will she have to leave the past behind to find happiness in the future? Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.

Stealing Harper

#1 bestselling author Stephenie Meyer makes a triumphant return to the world of Twilight with this highly anticipated companion: the iconic love story of Bella and Edward told from the vampire's point of view. When Edward Cullen and Bella Swan met in Twilight, an iconic love story was born. But until now, fans have heard only Bella's side of the story. At last, readers can experience Edward's version in the long-awaited companion novel, *Midnight Sun*. This unforgettable tale as told through Edward's eyes takes on a new and decidedly dark twist. Meeting Bella is both the most unnerving and intriguing event he has experienced in all his years as a vampire. As we learn more fascinating details about Edward's past and the complexity of his inner thoughts, we understand why this is the defining struggle of his life. How can he justify following his heart if it means leading Bella into danger? In *Midnight Sun*, Stephenie Meyer transports us back to a world that has captivated millions of readers and brings us an epic novel about the profound pleasures and devastating consequences of immortal love. An instant #1 New York Times Bestseller An instant #1 USA Today Bestseller An instant #1 Wall Street Journal Bestseller An instant #1 IndieBound Bestseller Apple Audiobook August Must-Listens Pick "People do not want to just read Meyer's books; they want to climb inside them and live there." -- Time "A literary phenomenon." -- New York Times

Electrical Engineering 101

I have always been bullied and trapped in darkness. I hoped life would get better when I moved to my mother's hometown, but it only got worse because it was there that I met my unrequited crush, Hayden Black. He despised me from day one, and even more when I became best friends with his twin, Kayden. Kayden gave light to my life, but my happiness with him lasted only until one night two years ago. That night Kayden died because of me. Half of me died with him. The other half was left to bleed, suffering Hayden's and his friends' constant bullying. Now I must endure one more year before I can finally escape them and go to college. This year has to be different. Either I will become stronger, or they will finally break me into nothing. Warning: This book contains mature and sensitive themes such as abuse, violence, and offensive language. It includes situations that may be triggering for some readers, so caution is advised.

The Girl In Between

How fast can a pink '57 Cadillac whisk me away from my dead-end life? Because my twenties have been less than what was promised in the college brochure. Then one day, it happens. Instead of falling in love with my best friend like I was supposed to, I meet a rock star who happens to be a fan of my site, NoPinkCaddy.com. You'd think that would be where the story ended, but it's actually just the beginning. How does a southern girl from New Orleans, who just wants to make her own way in the world, merge her life with that of one of the hottest rock stars on the planet? Well, let me tell you, it's not easy. This book is recommended for anyone who refuses to take the easy road in life, and those girls who dream of falling in love with a rock star. It's not all tight jeans and guitar serenades, but hot damn, there are some fun times along the way.

Sex Love Repeat

"It's the rarest author who can pull off laugh-out-loud hilarious, profound, and breathlessly romantic, all in the most sparkling prose. That shortlist includes Rainbow Rowell, Nicola Yoon, and now, Carlie Sorosiak."—Jeff Zentner, Morris Award-winning author of *The Serpent King* and *Goodbye Days* Last June, the summer camp Quinn's family owns in Winship, Maine, was still a magical place. A place where wild blueberries grew no matter the season, a legendary sea monster lurked in the waters, and Quinn fell in love with her best friend, Dylan. Then the accident happened. Now it's winter, the magic has drained from Quinn's life, and she knows it's her fault. But the new boy in town, Alexander, doesn't see her as the monster she believes herself to be. As Quinn lets herself open up again, she begins to understand the truth about love, loss, and monsters—real and imagined. Perfect for fans of Morgan Matson, Jenny Han, and Jandy Nelson, this wondrous novel was proclaimed "a striking examination of love—of friends, of family, of self—as well as of grief" by ALA Booklist in a starred review.

Data Structures and Algorithm Analysis in C+

The Opportunist Olivia Kaspen never imagined she'd get a second chance with her first love, the one she foolishly let slip away. When fate brings them together in a chance encounter, Olivia discovers that not only has Caleb Drake moved on, but he's forgotten her too. Olivia finds herself asking how far she is willing to go to get him back. Standing in her way is his new girlfriend, a red-headed viper named Leah Smith. Olivia must fight for what was once hers, and in the process discover that sometimes love falls short of redemption.

Up to Me

Chase Grayson has never been interested in having a relationship that lasts longer than it takes for him and his date to get dressed again. But then he stumbles into a gray-eyed girl whose innocence pours off her, and everything changes. From the minute Harper opens her mouth to let him know just how much he disgusts her, he's hooked. But a princess deserves a Prince Charming who can make her dreams come true. Not a guy who can turn her life into a nightmare. All good intentions go out the window when Harper starts to fall for the guy Chase has come to view as a brother. He wanted to protect her by keeping her away, but he can't stand to see her with anyone else, and he'll do anything to make her his. But when it comes down to Harper choosing between the two, will Chase have the strength to step back from the girl who has become his whole world if it means she's happy? Lines will be crossed. Friendships will be put to the test. And hearts will be shattered.

Into the Deep

To solve the crime of the century, she'll have to go back in time. Welcome to Star Island, where Miami's wealthiest residents lead private lives behind the tall gates of their sprawling mansions. It's a blissful escape from the hot and dirty city—or it was, until New Year's Day 2015, when twelve of the most powerful people in the world were found murdered in the basement of a Star Island mansion. The

massacre shocked the nation and destroyed the life of investigator Lila Day. Her hunt for the Star Island killer consumed her. But the case went unsolved, resulting in her dismissal from the Miami PD. Now, three years later, life hands Lila an unexpected second chance: reclusive billionaire Teddy Hawkins approaches Lila and asks her to solve the case. But how do you investigate a crime when all the leads have long ago gone cold? The answer, Teddy tells her, is to solve the case before it happens. He's going to send Lila back in time. With nothing left to lose, an incredulous Lila travels back to 2014, determined to find the Star Island killer once and for all. But as she goes undercover among the members of Miami's high society, she finds herself caring for—and falling for—people who are destined to die that fateful night. Now she must either say good-bye or risk altering the future forever.

Finding Infinity

Comprehensive treatment focuses on creation of efficient data structures and algorithms and selection or design of data structure best suited to specific problems. This edition uses C++ as the programming language.

The Opportunist

Bryn Reyes is a real life sleeping beauty. Afflicted with Klein-Levin Syndrome, she suffers episodes of prolonged sleep that steal weeks, and sometimes even months, from her life. But unlike most KLS patients, she doesn't spend each episode in a catatonic state or wake up with no recollection of the time she's missed. Instead, Bryn spends half her life in an alternate reality made up of her memories. For Bryn, the past is a place, until one day a boy she's never met before washes up on the illusory beach of her dreams with no memory of who he is. But the appearance of this strange boy isn't the only thing that's changed. Bryn's symptoms are worsening, her body weakening as she's plagued by hallucinations even while awake. Her only hope of finding a cure is to undergo experimental treatment created by a German specialist. But when Dr. Banz reveals that he knows more about her strange symptoms than he originally let on, Bryn learns that the boy in her head might actually be the key to understanding what's happening to her, and worse, that if she doesn't find out his identity before it's too late, they both may not survive.

The Ivy Lessons

Coral and Brass is the biography of General Holland McTyeire "Howlin' Mad" Smith, known as the "father" of modern U.S. amphibious warfare. His book is a riveting first-hand account of key battles fought in the Pacific between the U.S. Army and Canadian troops against the Japanese, including assaults on the Gilbert Islands, the Marshall Islands, the island of Saipan, Tinian in the Marianas and Iwo Jimo.

A Taxonomy of Love

Victoria Warrick's life is changed forever when she receives an old journal for her seventeenth birthday which reveals she is a witch and she meets the enigmatic

Christian Devereux.

Worth the Risk

For college student Emily Sheppard, the thought of spending a summer alone in New York is much more preferable than spending it in France with her parents. Just completing her freshman year at Callister University, Emily faces a quiet summer in the city slums, supporting herself by working at the campus library. During one of her jogs through the nearby cemetery while visiting her brother Bills grave, Emily witnesses a brutal killing and then she blacks out. When Emily regains consciousness, she realizes she's been kidnapped by a young crime boss and his gang. She is hurled into a secret underworld, wondering why she is still alive and for how long. Held captive in rural Vermont, she tries to make sense of her situation and what it means. While uncovering secrets about her brother and his untimely death, Emily falls in love with her very rich and very dangerous captor, twenty-six-year-old Cameron. She understands it's a forbidden love and one that won't allow her to return to her previous life. But love may not be enough to save Emily when no one even knows she is missing.

The Handbook of Science and Technology Studies

A Practical Introduction to Data Structures and Algorithm Analysis

After helping her "bad boy" lover, Cash, turn his life around by accepting who he is, Olivia faces an unexpected challenge when strangers from his past return and threaten her relationship and her life.

Skin in the Game

My name is Karma and yes, it's my job too. Since I was eighteen, I have used my powers to deliver karma to those in need like my other family does. Only they are much better at it. I deliver much needed karma to both good and bad humans, but mainly the bad as it's more fun. The only rule of the job? Don't talk to the other gods, especially not the powerful ones, and definitely don't accidentally kill one of them Whoops. Now the twin gods of justice are after me, and not even my family can save me now. If I'm caught, it will be a one-way ticket pass to the gods' correctional prison. It's a place where more than mere gods are locked up and no one ever escapes. Even gods can't escape their fate but they sure can try to run.

Data Structures and Algorithm Analysis in C++, Third Edition

When Sophia wins a post-graduate place at Ivy Drama College, she can't believe her luck. The college is owned by one of the most well-respected young actors in London, Marc Blackwell-- who not only founded the college, but teaches the students. Known for his strict classes and belief in discipline, Marc has a reputation for being arrogant and aloof, yet Sophia soon finds herself drawn to this cold,

fascinating young man. Soon, Sophia is embarking on a journey of sexual discovery that promises to explore all that is forbidden between teacher and student.
