But as Snap starts to get to know Jacks, she realizes that Jacks may in fact have real magic—and a connection with Snap's family's past.

### **Managing Nonprofit Organizations in a Policy World**

If nonprofits influence policy, make policy, are affected by policy, and are subject to policy, then shouldn't every nonprofit manager fully understand the policy world in which they operate? In explicitly tying the policy realm to management skills, Shannon Vaughan and Shelly Arsneault's foundational book sheds new light on how nonprofit managers can better navigate policymaking and regulatory contexts to effectively lead their organizations. *Managing Nonprofit Organizations in a Policy World* provides a comprehensive overview of the nonprofit sector and the policy environment, with a focus on skills and strategies managers can use to advance

the causes of their organizations. Abundant examples and rich case studies explore the complexity of the policy-nonprofit relationship and highlight both management challenges and successes. While coverage of the nuts-and-bolts is in here, what sets this book apart is tying everyday management to the broader view of how nonprofits can thrive within the policy ecosystem.

### **Careers in Focus**

It was the 50s and life was simple, until September 25, 1954. That was the night that would be etched in the memory of the citizens of Stanfield, Massachusetts. The Chief of Police described the brutal savagery of the double homicide as "the most atrocious crime in the history of the city." A fourteen-year-old girl, and the four-year-old boy in her care were murdered at the hands of a deranged, depraved killer. A Thread of Evidence places the reader at the scene of the crime, an eye witness to the senseless stabbing of two innocent children. With a piece of crochet thread as their only clue, the entire police department, lead by detectives Steven Logan and Raymond Gage, scour the city in search of a maniacal savage. When all tips and leads have been exhausted, they review all evidence. They come back to the thread. The only real evidence. With tenacity and perseverance of Logan and Gage the killer is apprehended. The reader experiences the twists and turns of the investigation, and ultimately occupies a reserved seat in the Superior Court as the trial proceedings commence. A Thread of Evidence has been written as fiction, but inspired by an actual event. Fifty years later, it remains etched in the minds of all who had lived in the area. The author has researched court records, newspapers, interviewed neighbors, police and has drawn on personal recollections of the crime. The story has been recounted over and over and to this day, it continues to be discussed. A Thread of Evidence is a compelling account of superb detective work, and unprecedented dedication of an entire police department.

### **Directory of Research Grants 2008**

What is the relevance of civil society to people empowerment, effective governance, and deepening democracy? This book addresses this question by examining the activities and public participation of non-governmental organizations (NGOs) in the areas of religion, ethnicity, gender and the environment. Examples are taken from Indonesia, Malaysia, the Philippines, Singapore, Thailand and Vietnam. State regimes' attempts to co-opt the concept or reject it as alien to "Asian values" have apparently not turned out as expected. This is evident from the fact that many Southeast Asian citizens are inspired by the civil society concept and now engage in public discourse and participation. The experience of civil society in Southeast Asia shows that its impact -- or lack of impact -- on democratization and democracy depends on a variety of factors not only within civil society itself, but also within the state.

Ministry leaders possess the compassion, creativity, and knowledge about community needs that grant funders appreciate. Yet ministry groups are often less experienced than other types of nonprofit organizations in discerning which funding to seek, understanding how to build relationships with funders, and putting together proposals. This book offers a pathway to strengthening new and existing ministries. Joy Skjegstad is an experienced grant-proposal writer who has successfully raised money for a variety of nonprofits over the past 20 years, including a number of ministry organizations. She shows how fundraising can be an integral part of ministry--forcing us into deeper conversation with God, expanding our relationships with others, and building both our faith and our discipline. Providing detailed guidance on the practical aspects of seeking grants from foundation and corporate funders, Skjegstad describes approaches for researching potential funders, developing a case statement, putting together an effective grant proposal, and following up with grant makers. She explains the types of grants available and how to determine which are a good fit with your ministry. For faith-based ministries, faith is the groundwork for fundraising--the most important thing

to consider while developing fundraising values and strategies. Skjegstad helps faith communities identify their own cultural beliefs, follow spiritual disciplines, and cultivate generous hearts as they work toward integrating their faith and their fundraising.
