

emphasized that there is no "one" Arab culture or society. The Arab world is full of rich and diverse communities, groups and cultures. Differences exist not only among countries, but within countries as well. Caveat: It is impossible to talk about groups of people without generalizing. It then follows that it is hard to talk about the culture of a group without generalizing. This handbook attempts to be as accurate and specific as possible, but inevitably contains such generalizations. Treat these generalizations with caution and wariness. They do provide insight into a culture, but the accuracy and usefulness will depend on the context and specific circumstances.

"It's easy to feel a sense of peace after completing Fawzia Gilani's Cinderella. This humble version of the classic fairy tale is a gentle reminder that victory comes as much from a peaceful soul as a beautiful dress and a dramatic confrontation." - Luxury Reading Cinderella is one of the oldest, best-known, and most loved stories worldwide, with hundreds of cultural variants and re-tellings from ancient Egypt and China to the present day. In this version we follow the trials and tribulations of the sweet, gentle, and pious Zahra when her parents die and she is left at the mercy of an uncaring stepmother and stepsisters. What are "essential questions," and how do they differ from other kinds of questions? What's so great about them? Why should you design and use essential questions in your classroom? Essential questions (EQs) help target standards as you

organize curriculum content into coherent units that yield focused and thoughtful learning. In the classroom, EQs are used to stimulate students' discussions and promote a deeper understanding of the content. Whether you are an Understanding by Design (UbD) devotee or are searching for ways to address standards—local or Common Core State Standards—in an engaging way, Jay McTighe and Grant Wiggins provide practical guidance on how to design, initiate, and embed inquiry-based teaching and learning in your classroom. Offering dozens of examples, the authors explore the usefulness of EQs in all K-12 content areas, including skill-based areas such as math, PE, language instruction, and arts education. As an important element of their backward design approach to designing curriculum, instruction, and assessment, the authors

- *Give a comprehensive explanation of why EQs are so important;
- *Explore seven defining characteristics of EQs;
- *Distinguish between topical and overarching questions and their uses;
- *Outline the rationale for using EQs as the focal point in creating units of study; and
- *Show how to create effective EQs, working from sources including standards, desired understandings, and student misconceptions.

Using essential questions can be challenging—for both teachers and students—and this book provides guidance through practical and proven processes, as well as suggested "response strategies" to encourage student engagement. Finally, you will learn how to create a culture of inquiry so that all members of the educational community—students, teachers, and administrators—benefit from the increased rigor and deepened understanding that emerge when essential questions become a guiding force for learners of all ages.

The hajj calls Muslims to journey to Mecca from wherever they are across the world. Of the far-flung communities one of the largest is that of the Muslims of Southeast Asia, and within that region in times past, one of the principal centres for hajj transit and transport was Singapore. If modern air travel bridges continents within hours, before the 1970s, pilgrim travel from Southeast Asia was by sea, and distance and difficulties were far more strongly felt. Hajj pilgrims then might take a lifetime to save for the journey, so a great many were old and frail, yet no real records remain and very few personal accounts exist of the experience, the tests, or fears along the way, of the time spent under sail or by 'steam.' This book sets out to describe the development of hajj shipping and the historical place of Singapore in this network. And, through anecdotes and comparisons, images and maps, to paint a picture of what this hajj journey by sea entailed and, in that sense, to offer a kind of 'human face' to the journey.

The World Travel Guide

A new account of the birth of the West through its birthplace--Renaissance Italy The period between 1492--resonant for a number of reasons--and 1571, when the Ottoman navy was defeated in the Battle of Lepanto, embraces what we know as the Renaissance, one of the most dynamic and creatively explosive epochs in world history. Here is the period that gave rise to so many great artists and figures, and which by its connection to its classical heritage enabled a redefinition, even reinvention, of human potential. It was a moment both of violent struggle and great achievement, of Michelangelo and da Vinci as well as the Borgias and Machiavelli. At the hub of this cultural and intellectual ferment was Italy. The Beauty and the Terror offers a vibrant history of Renaissance Italy and its crucial role in the emergence of the Western world. Drawing on a rich range of sources--letters, interrogation records, maps, artworks, and inventories--Catherine Fletcher explores both the explosion of artistic expression and years of bloody conflict between Spain and France, between Catholic and Protestant, between Christian and Muslim; in doing so, she presents a new way of witnessing the birth of the West.

Islamic Horizons

The present volume focuses on the political perceptions of the Hajj, its global religious appeal to Muslims, and the European struggle for influence and supremacy in the Muslim world in the age of pre-colonial and colonial empires. In the late fifteenth century and early sixteenth century, a pivotal change in seafaring occurred, through which western Europeans played important roles in politics, trade, and culture. Viewing this age of empires through the lens of the Hajj puts it into a different perspective, by focusing on how increasing European dominance of the globe in pre-colonial and colonial times was entangled with Muslim religious action, mobility, and agency. The study of Europe's connections with the Hajj therefore tests the hypothesis that the concept of agency is not limited to isolated parts of the globe. By adopting the tools of empires, the Hajj, in itself a global activity, would become part of global and trans-cultural history. With contributions by: Aldo D Agostini; Josep Lluís Mateo Dieste; Ulrike Freitag; Mahmood Kooria; Michael Christopher Low; Adam Mestyan; Umar Ryad; John Slight and Bogusław R. Zagorski."

Ernst offers a nontheological approach that treats the Qur'an as a historical text that unfolded over time, in dialogue with its audience, during the career of the Prophet Muhammad.

The Hajj

INTRODUCTION Hajj, the fifth pillar of Islam, brings together Muslims of all races and creed to adopt two unidentifiable white pieces of cloth in an awesome demonstration of Islam's total disregard of insignificant issues like race, social position and nationality. Annually, several million people make the pilgrimage to Makkah from every corner of the globe, providing a unique opportunity of those different nations to meet one another, making it the largest gathering in the world. It is a clear-cut act of worship, but also it is symbolic and represents the spirit's return to its place of origin. Hajj is an essential duty (fardh) for all Muslims, who are physically and financially able to perform it. Allah Ta'ala has prescribed certain rites that a pilgrim should uphold for his pilgrimage to be correct. The primary condition is intention (niyyah), while the others will be mentioned in their places. The meaning of the pilgrimage (Hajj meaning effort) is to leave all worldly activities aside and go forth to meet Allah Ta'ala. The purpose of Hajj is to develop consciousness of Allah Ta'ala and also spiritual upliftment. It is also an opportunity to atone sins collected throughout life. Prophet Muhammad [PBUH] had said that a person who performs Hajj properly "will return as (sinless as) a newly born baby. Due to the usual practice of Umrah being performed before the Hajj, it was deemed appropriate that this publication starts with Umrah. The first part of this book deals with the procedures of Umrah. It clearly outlines the entire procedure of how Umrah should be performed, explaining each part of Umrah individually and giving a breakdown of which actions are necessary and which one's are Sunnah and virtuous. Thereafter the rites of Hajj are described in full in the same clear distinctive manner. Starting from the explanation of the three types of Hajj and how they differ. The "Hajj at a glance" diagram has been specially made to assist the Hajji in simplifying the procedure further.

A Visual Guide to Essay Writing

The story of Hajj, the pilgrimage to Makkah, begins over 4000 years ago when, following the Divine command, the Prophet Ibrahim travelled for a long distance till he reached the hot, barren lands of Arabia. There he left his wife, Hagar, and his little baby, Ismail. The story goes on to tell how Hagar struggled to find water for her baby and how at last the miraculous Zamzam spring came gushing out and saved their lives. This is followed by the great sacrifice of Ibrahim, the building of the Kabah and the call to Hajj. This book explains the importance of the annual pilgrimage—one of the pillars of Islam—with a special focus on the Prophet Muhammad's Hajj. These exciting historical events are presented in a simple, informative style, with beautiful illustrations, so that young people may understand and enjoy them.
