Being healthy is much more than being physically fit and free from disease. Health is the state of well-being in which all of the components of health -- physical, emotional, social, mental, spiritual, and environmental -- are in balance. To be truly healthy, you must take care of all six components. - p. 11.

Ancient Civilizations Through the Renaissance

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

World Geography

A new verse rendering of the great epic of ancient Mesopotamia, one of the oldest works in Western Literature. Ferry makes Gilgamesh available in the kind of energetic and readable translation that Robert Fitzgerald and Richard Lattimore have provided for readers in their translations of Homer and Virgil.

World History

Presents a collection of short stories by such authors as Sherwood Anderson, Willa Cather, F. Scott Fitzgerald, and James Joyce, along with analysis of their works.
