Save 20% when you purchase ten copies: (Discount reflected in price listed above.) Don and Jenny Killgallon's sentence-composing approach has transformed how writing is taught in thousands of language arts classes, helping students all across America become more proficient, sophisticated writers. Now the Killgallons use their highly effective method for a unique, powerful textbook that links good writing to that perennially difficult-to-teach subject - grammar. Grammar for Middle School: A Sentence-Composing Approach gives your students the chance to absorb and replicate the grammatical structures used by some of the best writers of our times. Included among the over 150 authors, 200 titles, and 400 model sentences in Grammar for Middle School are award-winning young-adult literature such as Cynthia Voigt's Homecoming, popular favorites like J. K. Rowling's Harry Potter, and curricular staples such as John Steinbeck's The Red Pony and The Pearl. Fourteen grammatical structures are developed in the same predictable, understandable manner, using the sentence-composing approach. When students first encounter a tool, it is clearly defined and characterized. Then it's practiced through five activities: matching, unscrambling, combining, imitating, and expanding. Finally, a creative writing activity immerses students in the composition or revision of a paragraph through independent use of the sentence - composing tools they have already learned. Best of all, after each section, review activities - which can be easily graded as unit or final tests - offer opportunities for students to bring it all together and build better sentences. An accompanies Grammar for Middle School and includes advice, tips, resources, answer keys, and even curricular plans for teachers who are either new to the Killgallon approach or sentence-composing veterans. No one can forge the link between grammar and writing like Don and Jenny Killgallon. Discover for yourself or rediscover how powerful the sentence - composing approach can be, and watch as your students get grammar like never before - and write better sentences too.

## **The Essentials of Vedic Mathematics**

Imagine a top producing real estate salesperson, single mom, bad relationships with men, unhealthy, self-styled dumb blonde who awakens to her destiny of healing bodies, minds and souls. Meet Nadine Mercey, high vibrational healer. This is her personal story. Reading it will change yours. Her mission is raising awareness about the potential in all of us to boost our personal vibration so we can be healthy, in loving relationships, and laughing often and out loud. lol About the Author Nadine Mercey is a high vibrational healer. She grew up in Brantford, Ontario, and confesses to having never done well at formal education. "My mind just didn't work like other people's." Looking back, she recognizes signs of mild autism in her behavior. For twenty years, Nadine worked in real estate, rising to become one of Canada's top realtors. Her success came from an uncanny ability to intuitively understand the needs and motivations of buyers and sellers. Her awakening to the extent of her intuitive capabilities came from selling a haunted house -- one that had been featured in her dreams since childhood. Soon she was experiencing great vibrational development -- and receiving messages in her mind from voices who identified themselves as angels. She is guided and protected by the Gabrielle Collective and other energies. Nadine conducts readings, often at

great distances, during which she communicates with the client's spirit guide(s) and/or angel(s). These entities provide instruction about what is required to raise the person's vibration, in order to restore balance to soul, mind and body. Generally energy flows into the person's body as Nadine visualizes areas that need help. Healing happens through creative visualization, and only when intended for the highest and best interest -- to help that person progress toward his or her predetermined life purpose. Blessed with extraordinarily high vibration, Nadine devotes a portion of her practice to healing other intuitives and to making people aware of their own intuitive capabilities. She is a medical intuitive, who has helped doctors identify illnesses in their patients. Nadine is a dynamic presenter at seminars, and has been the subject of a documentary film. Discussions are underway about hosting a television show. She is also developing her own line of healing products. Nadine lives in Ancaster, Ontario, Canada with her two teenaged sons, Eric and Jaxon. She loves to dance and laugh. And she does own way too many shoes. Reviews "Nadine's healing is amazing. Pro and amateur athletes will gain new awareness and better health by reading her new book." -- Peter Zezel, NHL hockey legend and coach "Nadine Mercy is the most powerful healer that I know and will astonish even her most ardent skeptic. This profound book is a must read!" -- renown psychic medium Karyn Reece (as seen on Lifetime Channel, TLC and Discovery Channel) "Deeper Souls, Less Shoes is a fascinating and breezy narrative. At first I felt like a voyeur, but soon I realized this book was all about me, too! Nadine's tale gives me permission to fully embrace the many odd occurrences that fall into my life daily and to expect that these occurrences or clues, will fit together to create a picture, MY LIFE, larger, more fulfilling and powerful than I can currently imagine. After reading Nadine's book I am filled with confidence to look, and guess what it's there. Thank you, sister! -- Linda Schaumleffel, Olympic athlete and brain fitness expert

Frank Bergon's astonishing portrayals of people in California's San Joaquin Valley reveal a country where the culture of a vanishing West lives on in many twenty-first-century Westerners, despite the radical technological transformations around them. All are immigrants, migrants, their children, or their grandchildren whose lives intertwine with the author's, including several races and ethnicities: Chicanos, Mexicans, African Americans, Italians, Asians, Native Americans, Scots-Irish descendants of Steinbeck's Okies, and Basques of the author's own heritage. Bergon presents a powerful array of rural and small-town Westerners who often see themselves as part of a region and a way of life most Americans aren't aware of or don't understand, their voices unheard, their stories untold. In these essays, Westerners from the diverse heritage of the San Joaquin Valley include California's legendary Fred Franzia, the maker of the world's best-selling Charles Shaw wines dubbed "Two-Buck Chuck," and Darrell Winfield, a Dust Bowl migrant and lifelong working cowboy who for more than thirty years reigned as the iconic Marlboro Man. Their voices help us understand the complexities of today's rural West, where Old West values intersect with New West realities. This is the West (and America today)—a region in conflict with itself.
