Apollo's Warriors

The New York Times bestseller! A new threat haunts the streets of London... Rory Deveaux has changed in ways she never could have imagined since moving to London and beginning a new life at boarding school. As if her newfound ability to see ghosts hadn't complicated her life enough, Rory's recent brush with the Jack the Ripper copycat has left her with an even more unusual and intense power. Now, a new string of inexplicable deaths is threatening London, and Rory has evidence that they are no coincidence. Something sinister is going on, and it is up to her to convince the city's secret ghost-policing squad to listen before it's too late.

In the Shadow of the Sword

Eagerly anticipated by her legions of fans, this sixth novel in Diana Gabaldon's bestselling Outlander saga is a masterpiece of historical fiction from one of the most popular authors of our time. Since the initial publication of Outlander fifteen years ago, Diana Gabaldon's New York Times bestselling saga has won the hearts of readers the world over — and sold more than twelve million books. Now, A Breath of Snow and Ashes continues the extraordinary story of 18th-century Scotsman Jamie Fraser and his 20th-century wife, Claire. The year is 1772, and on the eve of the American Revolution, the long fuse of rebellion has already been lit. Men lie dead in the streets of Boston, and in the backwoods of North Carolina, isolated cabins burn in the forest. With chaos brewing, the governor calls upon Jamie Fraser to unite the backcountry and safeguard the colony for King and Crown. But from his wife Jamie knows that three years hence the shot heard round the world will be fired, and the result will be independence — with those loyal to the King either dead or in exile. And there is also the matter of a tiny clipping from The Wilmington Gazette, dated 1776, which reports Jamie's death, along with his kin. For once, he

hopes, his time-traveling family may be wrong about the future.

Ulysses

The Book of Job has held a central role in defining the project of modernity from the age of Enlightenment until today. The Book of Job: Aesthetics, Ethics and Hermeneutics offers new perspectives on the ways in which Job's response to disaster has become an aesthetic and ethical touchstone for modern reflections on catastrophic events. This volume begins with an exploration of questions such as the tragic and ironic bent of the Book of Job, Job as mourner, and the Joban body in pain, and ends with a consideration of Joban works by notable writers – from Melville and Kafka, through Joseph Roth, Zach, Levin, and Philip Roth.

The Sleepwalkers

"I hold this book to be the most important expression which the present age has found; it is a book to which we are all indebted, and from which none of us can escape." T.S. Eliot Ulysses depicts a day in Leopold Bloom's life, broken into episodes analogous to Homer's Odyssey and related in rich, varied styles. Joyce's novel is celebrated for its depth of learning, earthy humor, literary allusions and piercing insight into the human heart. First published in Paris in 1922 Ulysses was not published in the United States until 1934. Immediately recognized as an extraordinary work that both echoed the history of English literature and took it in new, unheralded directions, Joyce's book was controversial. Its widespread release was initially slowed by censors nitpicking a few passages. The novel is challenging, in that it is an uncommon reader who will perceive all that Joyce has put into his pages upon first reading, but it is uniquely rewarding for anyone willing to follow where the author leads. Far more than a learned exercise in literary skill, Ulysses displays a sense of humor that ranges from delicate to roguish as well as sequences of striking beauty and emotion. Chief among the latter must be the novel's climactic stream of consciousness step into the mind of the protagonist's wife, Molly Bloom, whose open-hearted acceptance of life and love is among the most memorable and moving passages in English literature. With an eye-catching new cover, and professionally typeset manuscript, this edition of Ulysses is both modern and readable.

LEAVES OF GRASS

The acclaimed author of Rubicon and other superb works of popular history now produces a thrillingly panoramic (and incredibly timely) account of the rise of Islam. No less significant than the collapse of the Roman Republic or the Persian invasion of Greece, the evolution of the Arab empire is one of the supreme narratives of ancient history, a story dazzlingly rich in drama, character, and achievement. Just like the Romans, the Arabs came from nowhere to carve out a stupefyingly

vast dominion—except that they achieved their conquests not over the course of centuries as the Romans did but in a matter of decades. Just like the Greeks during the Persian wars, they overcame seemingly insuperable odds to emerge triumphant against the greatest empire of the day—not by standing on the defensive, however, but by hurling themselves against all who lay in their path.

The Onion Book of Known Knowledge

Widely acknowledged as a contemporary classic that has introduced thousands of readers to American literature, *From Puritanism to Postmodernism: A History of American Literature* brilliantly charts the fascinating story of American literature from the Puritan legacy to the advent of postmodernism. From realism and romanticism to modernism and postmodernism it examines and reflects on the work of a rich panoply of writers, including Poe, Melville, Fitzgerald, Pound, Wallace Stevens, Gwendolyn Brooks and Thomas Pynchon. Characterised throughout by a vibrant and engaging style it is a superb introduction to American literature, placing it thoughtfully in its rich social, ideological and historical context. A tour de force of both literary and historical writing, this Routledge Classics edition includes a new preface by co-author Richard Ruland, a new foreword by Linda Wagner-Martin and a fascinating interview with Richard Ruland, in which he reflects on the nature of American fiction and his collaboration with Malcolm Bradbury. It is published here for the first time.

Will in the World: How Shakespeare Became Shakespeare (Anniversary Edition)

Presenting a fascinating insider's view of U.S.A.F. special operations, this volume brings to life the critical contributions these forces have made to the exercise of air & space power. Focusing in particular on the period between the Korean War & the Indochina wars of 1950-1979, the accounts of numerous missions are profusely illustrated with photos & maps. Includes a discussion of AF operations in Europe during WWII, as well as profiles of Air Commandos who performed above & beyond the call of duty. Reflects on the need for financial & political support for restoration of the forces. Bibliography. Extensive photos & maps. Charts & tables.

Within the Sanctuary of Wings

Deep below the surface of the lake, the three lights merge. The Wisp's black, beady eyes glitter in the dark water. Just as the young man's hand comes nearly close enough to touch, the three glowing red mouths leer mockingly, their protruding fangs glinting.

Christ Revealed

Are you a witless cretin with no reason to live? Would you like to know more about every piece of knowledge ever? Do you have cash? Then congratulations, because just in time for the death of the print industry as we know it comes the final book ever published, and the only one you will ever need: The Onion's compendium of all things known. Replete with an astonishing assemblage of facts, illustrations, maps, charts, threats, blood, and additional fees to edify even the most simple-minded book-buyer, THE ONION BOOK OF KNOWN KNOWLEDGE is packed with valuable information-such as the life stages of an Aunt; places to kill one's self in Utica, New York; and the dimensions of a female bucket, or "pail." With hundreds of entries for all 27 letters of the alphabet, THE ONION BOOK OF KNOWN KNOWLEDGE must be purchased immediately to avoid the sting of eternal ignorance.

The Three

Legend

A chilling and masterfully crafted teen horror novel guaranteed to keep the pages turning, the mind reeling, and the lamp on any reader's bedside table on long after midnight. Privileged and popular Caleb Mason is celebrating his high school graduation when he receives a mysterious, disturbing letter from his long-lost childhood playmate, Christine. Caleb and his jokester friend Bean decide to travel to his tiny hometown of Hudsonville, Florida, to find her. Upon arrival, they discover the town has taken a horrifying turn for the worse. Caleb's childhood home is abandoned and his father has disappeared. Children are going missing. The old insane asylum has reopened, and Christine is locked inside. Her mother, a witch, is consumed with madness, and Christine's long-dead twin sister whispers clues to Caleb through the static of an a.m. radio. The terrifying prophesies of the spirits are coming to pass. Sixteen clocks are ticking; sixty-six murdered souls will bring about the end of the world. As Caleb peels back layer after layer of mystery, he uncovers a truth more horrible than anything he had imagined, a truth that could only be uttered by the lips of the dead.

From Adam's Peak to Elephanta: Sketches in Ceylon and India

Machete Season

First published in 1925, 'Arrowsmith' is a novel by American author Sinclair Lewis. It is arguably the earliest major novel to deal with the culture of science. It was written in the period after the reforms of medical education flowing from the Flexner Report on Medical Education in the United States and Canada: A Report to the Carnegie Foundation for the Advancement of

Teaching, 1910, which had called on medical schools in the United States to adhere to mainstream science in their teaching and research.

Demons Not Included

The Demon-Haunted World

The Pulitzer Prize and National Book Award finalist, reissued with a new afterword for the 400th anniversary of Shakespeare's death. A young man from a small provincial town moves to London in the late 1580s and, in a remarkably short time, becomes the greatest playwright not of his age alone but of all time. How is an achievement of this magnitude to be explained? Stephen Greenblatt brings us down to earth to see, hear, and feel how an acutely sensitive and talented boy, surrounded by the rich tapestry of Elizabethan life, could have become the world's greatest playwright.

Skinned

Daniel and the Revelation

While the bells of a Royal Wedding peel out to the fading echoes of war, danger stalks the coastline of Wales

The Book of Job

Childhood friends Chris and Imran celebrate the Millennium as inseparable blood brothers, they are both seven years old. But by 2011 their lives have taken very different paths. One has joined the Army and served in Afghanistan, the other is a potential jihad recruit. They are no longer friends, and there are bitter wounds between them which remain unhealed. Will their childhood bond be strong enough to overcome an extremist plot? In a highly-charged, honest and life affirming story, told in flashback from both Chris and Imran's viewpoint, Alan Gibbon's cleverly explores the very real issue of terrorism that affects everyone today.

The Story of Patriarchs and Prophets

Filled with bloodcurdling twists and turns, this sequel to *Hunted* will draw readers into a world of terror. The Shadowing

draws near . . . After learning that he is the last chime child, the only one who can protect the human world from demons, Callum turns to his friends Jacob and Melissa for help. Jacob is a ghost who teaches Callum to control his powers; Melissa shares her extensive knowledge of the supernatural. But with the Shadowing quickly approaching, Callum is faced with an unexpected problem. One of the Netherworld demons has surfaced early and is feeding on the flesh of young children to gain strength. Now Callum must stop this monster without becoming her next victim. . . .

Tomorrow, When the War Began

The Madness Underneath

Four simultaneous plane crashes. Three child survivors. A religious fanatic who insists the three are harbingers of the apocalypse. What if he's right? The world is stunned when four commuter planes crash within hours of each other on different continents. Facing global panic, officials are under pressure to find the causes. With terrorist attacks and environmental factors ruled out, there doesn't appear to be a correlation between the crashes, except that in three of the four air disasters a child survivor is found in the wreckage. Dubbed 'The Three' by the international press, the children all exhibit disturbing behavioural problems, presumably caused by the horror they lived through and the unrelenting press attention. This attention becomes more than just intrusive when a rapture cult led by a charismatic evangelical minister insists that the survivors are three of the four harbingers of the apocalypse. The Three are forced to go into hiding, but as the children's behaviour becomes increasingly disturbing, even their guardians begin to question their miraculous survival

Red Plenty

When Ellie and six of her friends return home from a camping trip deep in the bush, they find things hideously wrong -- their families gone, houses empty and abandoned, pets and stock dead. Gradually they begin to comprehend that their country has been invaded and everyone in the town has been taken prisoner. As the horrible reality of the situation becomes evident they have to make a life-and-death decision: to run back into the bush and hide, to give themselves up to be with their families, or to stay and try to fight. This re-ve-ting, tautly-drawn novel seems at times to be only a step away from today's headlines.

A Breath of Snow and Ashes

"Spufford cunningly maps out a literary genre of his own . . . Freewheeling and fabulous." —The Times (London) Strange as

it may seem, the gray, oppressive USSR was founded on a fairy tale. It was built on the twentieth-century magic called "the planned economy," which was going to gush forth an abundance of good things that the lands of capitalism could never match. And just for a little while, in the heady years of the late 1950s, the magic seemed to be working. Red Plenty is about that moment in history, and how it came, and how it went away; about the brief era when, under the rash leadership of Khrushchev, the Soviet Union looked forward to a future of rich communists and envious capitalists, when Moscow would out-glimmer Manhattan and every Lada would be better engineered than a Porsche. It's about the scientists who did their genuinely brilliant best to make the dream come true, to give the tyranny its happy ending. Red Plenty is history, it's fiction, it's as ambitious as Sputnik, as uncompromising as an Aeroflot flight attendant, and as different from what you were expecting as a glass of Soviet champagne.

Proverbial Philosophy

Meet Nyx. This half-human, half-Drow private eye investigates paranormal crimes by day and is an elite Tracker of demons by night. She prefers working solo—and playing rough. So when a terrifying force starts murdering innocent humans and paranorms, and leaving strange demonic symbols burned into their buildings, it's a case Nyx takes very personally. Meanwhile, Nyx's fellow Trackers are being killed one by one—and a sexy new Tracker named Torin is shadowing her every move. Torin has powers Nyx can't read, and sometimes she wonders whose side he's on. Nyx's instincts tell her something's brewing in the city's meanest supernatural streets, and that it's ready to unleash hell on Earth. Who can she trust? Now it's five minutes to permanent midnight and Nyx's last chance means risking everything—even her own life. Demons Not Included is the first Night Tracker Novel from bestselling author Cheyenne McCray.

Pop

The Shadowing is a spine-tingling new horror series for fans of Darren Shan. The girl lies by the canal, her face turned upwards like a stargazer. But she will never see the stars again. Her eyes have been torn out. The rain fills the empty sockets until they brim over, spilling bloody tears down her cold, white cheeks. Once every century, the boundary between the demon Netherworld and the human world weakens. Legions of creatures gather, preparing to cross over, to bring death and destruction. This time is called The Shadowing. Callum has always known that there is something beyond the mortal world – he can see ghosts. Lately, he's started to have horrific visions of children murdered by some terrible, unseen creature. And then the visions start to come true – and Callum realises he is being hunted too. But Callum must stay alive. He is bound by a dark destiny, and must stand against the demon forces that threaten our world forever. For it is nearly time. The Shadowing is coming . . . Hunted is the first book in Adam Slater's chilling new horror series for children and young adults. Fans of Darren Shan's Demonata series will love The Shadowing. Dive in to the best new horror series for kids

if you dare! 'Kept me up all night. Excellent!' Michael Grant, author of the international best-seller, *Gone*.

An Act of Love

In April-May 1994, 800,000 Rwandan Tutsis were massacred by their Hutu fellow citizens--about 10,000 a day, mostly being hacked to death by machete. In *Machete Season*, the veteran foreign correspondent Jean Hatzfeld reports on the results of his interviews with nine of the Hutu killers. They were all friends who came from a single region where they helped to kill 50,000 out of their 59,000 Tutsi neighbors, and all of them are now in prison, some awaiting execution. It is usually presumed that killers will not tell the truth about their brutal actions, but Hatzfeld elicited extraordinary testimony from these men about the genocide they had perpetrated. He rightly sees that their account raises as many questions as it answers. Adabert, Alphonse, Ignace, and the others (most of them farmers) told Hatzfeld how the work was given to them, what they thought about it, how they did it, and what their responses were to the bloodbath. "Killing is easier than farming," one says. "I got into it, no problem," says another. Each describes what it was like the first time he killed someone, what he felt like when he killed a mother and child, how he reacted when he killed a cordial acquaintance, how 'cutting' a person with a machete differed from 'cutting' a calf or a sugarcane. And they had plenty of time to tell Hatzfeld, too, about whether and why they had reconsidered their motives, their moral responsibility, their guilt, remorse, or indifference to the crimes. Hatzfeld's meditation on the banal, horrific testimony of the genocidaires and what it means is lucid, humane, and wise: he relates the Rwanda horror to war crimes and to other genocidal episodes in human history. Especially since the Holocaust, it has been conventional to presume that only depraved and monstrous evil incarnate could perpetrate such crimes, but it may be, he suggests, that such actions are within the realm of ordinary human conduct. To read this disturbing, enlightening and very brave book is to consider in a new light the foundation of human morality and ethics.

Hunted

After experiencing an intense Force vision, Jedi Knight Jaden Korr enlists the help of two salvagers and their ship to locate the source of a distress signal in space--a discovery that yields a unimaginable bounty and poses a threat to everything the Jedi Order stands for. Original.

Anne of Green Gables

The second book in a rip-roaring adventure series set in the wild west! After escaping the ruthless desperados, P.K. finally feels safe in Virginia City and is ready to set up a new private eye business. But all the mysteries in town seem to be pranks—until the day P.K. meets a young maid named Martha. Martha's employer has been found dead . . . and now the

killer is after her. The mystery takes a grave turn when Martha disappears, so P.K. consults Poker Face Jace, an expert at people reading. With his help, P.K. inspects saloons and billiard rooms, and even tries sneaking into the coroner's office. But time is quickly running out for P.K., and Martha's life has never been in more danger.

Survivor: A Novel

The War Widow

Once every century, the barrier between the human world and the demon realm begins to break down. Creatures gather, anxiously waiting to cross the divide, to bring death and destruction from their world to ours. This time is called The Shadowing. Callum Scott has always known that there is a supernatural world out there—he's seen ghosts for as long as he can remember. Lately, he's had visions of children being brutally murdered by a terrifying creature. Then the visions start coming true, and Callum realizes that he's being hunted, too. Driven by a dark destiny, he must stand against the demons that threaten our world. And The Shadowing is almost here. . .

Cross Current

Arrowsmith

A prescient warning of a future we now inhabit, where fake news stories and Internet conspiracy theories play to a disaffected American populace “A glorious book . . . A spirited defense of science . . . From the first page to the last, this book is a manifesto for clear thought.”—Los Angeles Times How can we make intelligent decisions about our increasingly technology-driven lives if we don't understand the difference between the myths of pseudoscience and the testable hypotheses of science? Pulitzer Prize-winning author and distinguished astronomer Carl Sagan argues that scientific thinking is critical not only to the pursuit of truth but to the very well-being of our democratic institutions. Casting a wide net through history and culture, Sagan examines and authoritatively debunks such celebrated fallacies of the past as witchcraft, faith healing, demons, and UFOs. And yet, disturbingly, in today's so-called information age, pseudoscience is burgeoning with stories of alien abduction, channeling past lives, and communal hallucinations commanding growing attention and respect. As Sagan demonstrates with lucid eloquence, the siren song of unreason is not just a cultural wrong turn but a dangerous plunge into darkness that threatens our most basic freedoms. Praise for *The Demon-Haunted World* “Powerful . . . A stirring defense of informed rationality. . . Rich in surprising information and beautiful writing.”—The

Washington Post Book World "Compelling."—USA Today "A clear vision of what good science means and why it makes a difference. . . . A testimonial to the power of science and a warning of the dangers of unrestrained credulity."—The Sciences "Passionate."—San Francisco Examiner-Chronicle

Pushing to the Front

Within the Sanctuary of Wings is the conclusion to Marie Brennan's thrilling Lady Trent Memoirs After nearly five decades (and, indeed, the same number of volumes), one might think they were well-acquainted with the Lady Isabella Trent--dragon naturalist, scandalous explorer, and perhaps as infamous for her company and feats of daring as she is famous for her discoveries and additions to the scientific field. And yet--after her initial adventure in the mountains of Vystrana, and her exploits in the depths of war-torn Eriga, to the high seas aboard The Basilisk, and then to the inhospitable deserts of Akhia--the Lady Trent has captivated hearts along with fierce minds. This concluding volume will finally reveal the truths behind her most notorious adventure--scaling the tallest peak in the world, buried behind the territory of Scirland's enemies--and what she discovered there, within the Sanctuary of Wings. The Lady Trent Memoirs 1. A Natural History of Dragons 2. The Tropic of Serpents 3. Voyage of the Basilisk 4. In the Labyrinth of Drakes 5. Within the Sanctuary of Wings At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Hunted

"Brilliantly satiric and savagely funny, Survivor is a wild amphetamine ride through the vagaries of fame and the nature of belief." —San Francisco Chronicle Tender Branson—last surviving member of the Creedish Death Cult—is dictating his life story into the recorder of Flight 2039, cruising on autopilot at 39,000 feet somewhere over the Pacific Ocean. He is all alone in the airplane, which will crash shortly into the vast Australian outback. But before it does, Branson will unfold the tale of his journey from an obedient Creedish child and humble domestic servant to an ultra-buffed, steroid- and collagen-packed media messiah.

The Dirdir

Anne of Green Gables is a children's classic by Canadian author L. M. Montgomery and recently adapted by Netflix in the hit series Anne with an E. 11-year-old Anne is mistakenly sent away from her orphanage to live on Prince Edward Island with brother and sister Matthew and Marilla Cuthbert who need help on their farm. Wild and imaginative Anne learns to find her place in the little town of Avonlea, makes friends, and strives to be the best in school. A children and adults' favourite Anne's tale of is one of love, individuality, and (mis)adventures. Lucy Maud Montgomery (1874-1942) was a Canadian

author. She is most famous for her novel 'Anne of Green Gables' that was an instant hit and became a series that is still enjoyed by children and parents the world over. She grew up on Prince Edward Island and was raised by her grandparents after her mother's early death. Much like her most famous character, Anne, Montgomery had a lonely childhood for which she found relief in the beautiful nature of Prince Edward and in her fierce imagination, which she very early on turned into writing. She's a canon of Canadian and children's literature with over twenty novels, and hundreds of short-stories, poems, and essays to her name.

From Puritanism to Postmodernism

P.K. Pinkerton and the Petrified Man

In a dark future, when North America has split into two warring nations, fifteen-year-olds Day, a famous criminal, and prodigy June, the brilliant soldier hired to capture him, discover that they have a common enemy.

Notes, Critical and Practical, on the Book of Leviticus

Haunted is a novel made up of twenty-three horrifying, hilarious, and stomach-churning stories. They're told by people who have answered an ad for a writer's retreat and unwittingly joined a "Survivor"-like scenario where the host withholds heat, power, and food. As the storytellers grow more desperate, their tales become more extreme, and they ruthlessly plot to make themselves the hero of the reality show that will surely be made from their plight. This is one of the most disturbing and outrageous books you'll ever read, one that could only come from the mind of Chuck Palahniuk.

The Shadowing

Gordon Korman's acclaimed and timely YA novel explores the dangerous side of high school contact sports. Marcus is new in town and is hoping to make the championship high school football team, but it seems like a closed club, run by current star quarterback Troy. One day, while tossing the ball around in a park one day, Marcus meets Charlie, a man in his fifties who can play football like an old pro, which is exactly what he happens to be — a former NFL player and local celebrity. Charlie has boundless energy and coaches Marcus on his fear of being tackled, but as Marcus becomes more involved in this friendship with Charlie, it becomes painfully obvious to him, through the simplicity of Charlie's thoughts, that the long-term effects of the violent plays he suffered during his football glory days have taken their toll on Charlie. With wit and sensitivity, Gordon Korman tackles truths about high school sports, while delivering a poignant story about an unlikely

friendship.
