### **Naming Jhumpa Lahiri**

Banned in Boston when it was first published in 1928, Scarlet Sister Mary is the story of a sexy, independent, and outspoken woman who lives to please herself. Abandoned by her husband, the heroine takes many lovers, loses her firstborn son,

and eventually "finds peace" as a church member, although she refuses to give up her love charm and her gold hoop earrings. *Scarlet Sister Mary* shocked readers with its sensual portrayal of a black woman's private life, but it was universally lauded for its honesty and courage. The first edition sold more than one million copies worldwide, and was awarded the Pulitzer Prize for Fiction in 1929.

deepen students', general readers', and academic scholars' appreciation for the politics surrounding Lahiri's works and understanding of the literary texts themselves.

### **A Study Guide for Jhumpa Lahiri's "Interpreter of Maladies"**

'Rich. . . eclectic. . . a feast' Telegraph This landmark collection brings together forty writers that reflect over a hundred years of Italy's vibrant and diverse short story tradition, from the birth of the modern nation to the end of the twentieth century. Poets, journalists, visual artists, musicians, editors, critics, teachers, scientists, politicians, translators: the writers that inhabit these pages represent a dynamic cross section of Italian society, their powerful voices resonating through regional landscapes, private passions and dramatic political events. This wide-ranging selection curated by Jhumpa Lahiri includes well known authors such as Italo Calvino, Elsa Morante and Luigi Pirandello alongside many captivating new discoveries. More than a third of the stories featured in this volume have been translated into English for the first time, several of them by Lahiri herself.

### **Whereabouts**

Winner of the 2003 Trillium Book Award "Stories are wondrous things," award-

winning author and scholar Thomas King declares in his 2003 CBC Massey Lectures. "And they are dangerous." Beginning with a traditional Native oral story, King weaves his way through literature and history, religion and politics, popular culture and social protest, gracefully elucidating North America's relationship with its Native peoples. Native culture has deep ties to storytelling, and yet no other North American culture has been the subject of more erroneous stories. The Indian of fact, as King says, bears little resemblance to the literary Indian, the dying Indian, the construct so powerfully and often destructively projected by White North America. With keen perception and wit, King illustrates that stories are the key to, and only hope for, human understanding. He compels us to listen well.

### **The Folded Earth**

Navigating between the Indian traditions they've inherited and the baffling new world, the characters in Jhumpa Lahiri's elegant, touching stories seek love beyond the barriers of culture and generations. In "A Temporary Matter," published in *The New Yorker*, a young Indian-American couple faces the heartbreak of a stillborn birth while their Boston neighborhood copes with a nightly blackout. In the title story, an interpreter guides an American family through the India of their ancestors and hears an astonishing confession. Lahiri writes with deft cultural insight reminiscent of Anita Desai and a nuanced depth that recalls Mavis Gallant. She is an important and powerful new voice.

## **Two Women**

Redefines the great canon of American poetry from its origins in the 17th century right up to the present.

## **Only Goodness**

Between 1929 and 1945, two great travails were visited upon the American people: the Great Depression and World War II. This book tells the story of how Americans endured, and eventually prevailed, in the face of those unprecedented calamities. The Depression was both a disaster and an opportunity. As David Kennedy vividly demonstrates, the economic crisis of the 1930s was far more than a simple reaction to the alleged excesses of the 1920s. For more than a century before 1929, America's unbridled industrial revolution had gyrated through repeated boom and bust cycles, wastefully consuming capital and inflicting untold misery on city and countryside alike. *Freedom From Fear* explores how the nation agonized over its role in World War II, how it fought the war, why the United States won, and why the consequences of victory were sometimes sweet, sometimes ironic. In a compelling narrative, Kennedy analyzes the determinants of American strategy, the painful choices faced by commanders and statesmen, and the agonies inflicted on the millions of ordinary Americans who were compelled to

swallow their fears and face battle as best they could. Both comprehensive and colorful, this account of the most convulsive period in American history, excepting only the Civil War, reveals a period that formed the crucible in which modern America was formed. The Oxford History of the United States The Atlantic Monthly has praised The Oxford History of the United States as "the most distinguished series in American historical scholarship," a series that "synthesizes a generation's worth of historical inquiry and knowledge into one literally state-of-the-art book. Who touches these books touches a profession." Conceived under the general editorship of one of the leading American historians of our time, C. Vann Woodward, The Oxford History of the United States blends social, political, economic, cultural, diplomatic, and military history into coherent and vividly written narrative. Previous volumes are Robert Middlekauff's *The Glorious Cause: The American Revolution*; James M. McPherson's *Battle Cry of Freedom: The Civil War Era* (which won a Pulitzer Prize and was a New York Times Best Seller); and James T. Patterson's *Grand Expectations: The United States 1945-1974* (which won a Bancroft Prize).

Palpasa Café tells the story of an artist, Drishya, during the height of the Nepalese Civil War. The novel is partly a love story of Drishya and the first generation American Nepali, Palpasa, who has returned to the land of her parents after 9/11. ### **Waiting**

NATIONAL BESTSELLER WINNER OF THE PULITZER PRIZE The searing, post-apocalyptic novel about a father and son's fight to survive. A father and his son

walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. The Road is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. ### **All the King's Men**

LONGLISTED FOR THE 2011 MAN ASIAN LITERARY PRIZE SHORTLISTED FOR THE HINDU LITERARY PRIZE FOR BEST FICTION 2011 WITH HER DEBUT NOVEL, An Atlas of Impossible Longing, Anuradha Roy's exquisite storytelling instantly won readers' hearts around the world, and the novel was named one of the best books of the

year by The Washington Post and The Seattle Times. Now, Roy has returned with another masterpiece that is already earning international prize attention, an evocative and deeply moving tale of a young woman making a new life for herself amid the foothills of the Himalaya. Desperate to leave a private tragedy behind, Maya abandons herself to the rhythms of the little village, where people coexist peacefully with nature. But all is not as it seems, and she soon learns that no refuge is remote enough to keep out the modern world. When power-hungry politicians threaten her beloved mountain community, Maya finds herself caught between the life she left behind and the new home she is determined to protect. Elegiac, witty, and profound by turns, and with a tender love story at its core, *The Folded Earth* brims with the same genius and love of language that made *An Atlas of Impossible Longing* an international success and confirms Anuradha Roy as a major new literary talent.

### **The Between**

"In a country teetering on the brink of civil war, two young people meet--sensual, fiercely independent Nadia and gentle, restrained Saeed. They embark on a furtive love affair, thrust into premature intimacy by the unrest roiling their city. When it explodes, turning familiar streets into a patchwork of checkpoints and bomb blasts, they begin to hear whispers about doors--doors that can whisk people far away, if perilously and for a price. As violence and the threat of violence escalate, Nadia

and Saeed decide that they no longer have a choice. Leaving their homeland and their old lives behind, they find a door and step through. An epic compressed into a slender page-turner, *Exit West* is both completely of our time and for all time."--

### **The Penguin Book of Italian Short Stories**

A marvelous new novel from the Pulitzer Prize winning author of *The Lowland* and *Interpreter of Maladies*--her first in nearly a decade. Exuberance and dread, attachment and estrangement: in this novel, Jhumpa Lahiri stretches her themes to the limit. The woman at the center wavers between stasis and movement, between the need to belong and the refusal to form lasting ties. The city she calls home, an engaging backdrop to her days, acts as a confidant: the sidewalks around her house, parks, bridges, piazzas, streets, stores, coffee bars. We follow her to the pool she frequents and to the train station that sometimes leads her to her mother, mired in a desperate solitude after her father's untimely death. In addition to colleagues at work, where she never quite feels at ease, she has girl friends, guy friends, and "him," a shadow who both consoles and unsettles her. But in the arc of a year, as one season gives way to the next, transformation awaits. One day at the sea, both overwhelmed and replenished by the sun's vital heat, her perspective will change. This is the first novel she has written in Italian and translated into English. It brims with the impulse to cross barriers. By grafting herself onto a new literary language, Lahiri has pushed herself to a new level of artistic achievement.

## **The Clothing of Books**

### **Freedom from Fear**

National Best Seller From the best-selling author and Pulitzer Prize winner, a powerful nonfiction debut—an “honest, engaging, and very moving account of a writer searching for herself in words.” —Kirkus Reviews (starred) *In Other Words* is a revelation. It is at heart a love story—of a long and sometimes difficult courtship, and a passion that verges on obsession: that of a writer for another language. For Jhumpa Lahiri, that love was for Italian, which first captivated and capsized her during a trip to Florence after college. Although Lahiri studied Italian for many years afterward, true mastery always eluded her. Seeking full immersion, she decides to move to Rome with her family, for “a trial by fire, a sort of baptism” into a new language and world. There, she begins to read, and to write—initially in her journal—solely in Italian. *In Other Words*, an autobiographical work written in Italian, investigates the process of learning to express oneself in another language, and describes the journey of a writer seeking a new voice. Presented in a dual-language format, this is a wholly original book about exile, linguistic and otherwise, written with an intensity and clarity not seen since Vladimir Nabokov: a startling act of self-reflection and a provocative exploration of belonging and reinvention.
