From a veteran writer new to the Accent list, a novel

about four women who find strength and insight in each other. Mamie is facing an overwhelming secret. Margaret has lost her home. Billie can no longer care alone for her disabled daughter. And Maria is living with an untenable choice. When these four women come together to live on a drought-stricken Georgia farm, they must open their hearts, and share their burdens, before they can find the bounty that lies hidden in tough times, and once again see the glorious pattern of meaning in their lives.

Kawasaki Z1, Z/KZ900 & Z/KZ1000

Download Free Kawasaki Engine Prices

Kawasaki Z1, Z/KZ900 & Z/KZ1000 is for all owners and enthusiasts of the legendary Kawasaki Z1 900, Z/KZ900 and Z1000 built between 1972 and 1980. The book covers the complete restoration of a 1976 KZ900, from the sourcing of the bike to its completion as a fully restored machine. Every area is covered starting with advice on the different models, spares availability, and where best to source a bike to restore. Every area of the restoration is then covered in full detail including the engine, frame, gearbox, wheels, suspension and forks, brakes, ancillaries, bodywork and electrics, accompanied by hundreds of clear color photos to illustrate the text. Additional work on a 1974 Z1A model adds complementary information. What really sets this manual apart, however, is the style in which it is written: not as some dull and distant workshop manual but in a friendly, humorous manner by an enthusiast of many years who is able to involve and entertain the reader, as well as guiding them through the restoration process. This is the third restoration guide from Chris Rooke, whose previous works have been a massive hit with mechanics, enthusiasts and restorers throughout the world.

The Oriental Economist

Popular Science gives our readers the information and tools to improve their technology and their world. The core belief that Popular Science and our readers share: The future is going to be better, and science and technology are the driving forces that will help make it better.
