Quartet for the End of Time: A Novel

Rubberband Stew

Langston Holiday lives with his no-nonsense mother in the gritty public housing projects of Poindexter Village, better known as "The Vil," after his father abandons them. Without any assistance, his mother is determined to make a man out of Langston—and she's doing a pretty good job. By the end of his senior year, Langston is one of the best high-school basketball players in the nation. That's when he makes the biggest decision of his life: to forgo college and enter the professional ranks. When word hits the streets about Langston's success, his newfound

wealth stirs up plenty of envy in the projects, sparking a wave of unthinkable drama and crime. He's being relentlessly pursued by Toy Daniels, a has-been athlete who's determined to sign Langston to his newly formed sports agency. Langston's best friend, Jalen, becomes involved in shady dealings with people who are known for nothing but trouble, and his girlfriend, Tori, is quickly becoming fed up with Langston's wandering ways. Suddenly, Langston doesn't know who he can trust. This gripping novel from bestselling author Franklin White realistically depicts the pitfalls of basketball stardom, when large amounts of money fall into the hands of people who've never known anything but poverty and struggle.

The Other Woman

At the end of 1912 Jacques Schneider announced his

intention of presenting an annual trophy for an international seaplane contest. There were only twelve Schneider contests but they were major international events with the major rivals being Britain and Italy, followed by France and the US. Biplane seaplanes and flying-boats predominated the early contests and some very advanced twin-float biplanes were among the winners as late as 1925. However, it was the monoplane which was to become the symbol of Schneider Trophy, with Supermarine and Macchi designs reaching the peak of racing seaplane performance. The final winning combination of Supermarine airframe and Rolls-Royce engine was to make a vital contribution to Britain's defence in 1940 in the form of the Rolls-Royce powered Hurricane and Spitfire. This book records the contests and, in considerable detail, the design, development and achievements of the participating aircraft; those which failed to take part; and the projects, some of which embodied very advanced ideas even if they were proved to be unrealistic.

It is a comprehensive reference that gets professional programmers up to speed on AppForge, NS Basic, and CASL. The author, Jon Kilburn, shares his vast experience as a developer of dozens of applications for Palm OS in presenting the Palm programming strategies contained in this book. Kilburn clearly explains how to structure programs for Palm devices and how to develop conduits for passing information between PC desktops and Palm devices, and reviews the conduit tools available to developers. Palm Programming in Basic also includes a guide to developing Web Clipping applications, an overview of Palm utilities that all programmers can use, and an appendix on performing data compression.

HE'S WANTED HER FOR YEARS

Historical Dictionary of Vietnam

A “cinematic . . . page-turner and a compassionate analysis of faith, memory, responsibility, and consequence.”—Molly Antopol, Fiction Writers Review

Inspired by and structured around the chamber piece of the same title by the French composer Olivier Messiaen, *Quartet for the End of Time* is a mesmerizing story of four lives irrevocably linked in a single act of betrayal. The novel takes us on an unforgettable journey beginning during the 1930s Bonus Army riots, when World War I veteran Arthur Sinclair is falsely accused of conspiracy and then disappears. His absence will haunt his son, Douglas, as well as Alden and Sutton Kelly, the children of a powerful U.S. congressman, as they experience—each in different ways—the dynamic political social changes that took place leading up to and during World War II. From the New Deal projects through which Douglas, newly fatherless, makes his living to Sutton’s work as a journalist, to Alden’s life as a code breaker and a spy, each character is haunted by the

past and is searching for love, hope, and redemption in a world torn apart by chaos and war. Through the lives of these characters, as well as those of their lovers, friends, and enemies, the novel transports us from the Siberian Expedition of World War I to the underground world of a Soviet spy in the 1920s and 1930s, to the occultist circle of P. D. Ouspensky and London during the Blitz, to the German prison camp where Messiaen originally composed and performed his famous Quartet for the End of Time. At every turn, this rich and ambitious novel tells some of the less well-known stories of twentieth-century history with epic scope and astonishing power, revealing at every turn the ways in which history and memory tend to follow us, and in which absence has a palpable presence.
