Mercy Without End

In this national bestseller, the president of The Church of Jesus Christ of Latter-day Saints, Gordon B. Hinckley, has created a classic look at the values that can change our world--and how to stand up for them. Drawing on anecdotes from his much-admired life of faith and service, as well as examples from American culture today, he examines ten virtues that have always illuminated the path to a better world: love, honesty, morality, civility, learning, forgiveness and mercy, thrift and industry, gratitude, optimism, and faith. He then shows how the two guardians of virtue--marriage and the family--can keep us on that path, even in difficult times. Standing for Something is an inspiring blueprint for what we all can do--as individuals, as a nation, and as a world community--to rediscover the values and virtues that have historically made us

strong and that will lead us to a brighter future. From the Trade Paperback edition.

Courtships of the Prophets

A two-thousand-year-old prophecy lingers at the threshold of fulfillment. Sworn to slaughter anyone they suspect could fulfill it, the Leoni family has nearly succeeded in wiping out the family they consider their greatest threat. Meanwhile, Nicolai Cavallo, eccentric heir to the vast Cavallo fortune, has hunted his entire life for his family's long-lost treasure and is positive his search is paying off when he stumbles across what he believes is the missing key to his encoded map. In *Serpent's Treasure: The Ancestral Key* a race against time begins when the computer system designed to help solve Nick's family riddles is hacked. Elaine T. Cook expertly weaves this thrilling narrative of betrayal and daring. Nick must relocate the system's unwilling programmer, Juliana Matthews, and convince her to aid him once more. Even so, can she fix the system before the Leonis learn Nick is attempting to fulfill the prophecy or, more importantly, before they discover he has found the key to do so?

Glimpses Into the Life and Heart of Marjorie Pay Hinckley

"These eighteen essays span more than thirty years of Lavina Fielding Anderson's concerns about and reflections on issues of inclusiveness in the Church of Jesus Christ of Latter-day Saints, including her own excommunication for "apostasy" in 1993, followed by twenty-five years of continued attendance at weekly LDS ward meetings. Written with a taste for irony and an eye for documentation, the essays are timeless snapshots of sometimes controversial issues, beginning with official resistance to professionally researched Mormon history in the 1980s. They underscore unanswered questions about gender equality and repeatedly call attention to areas in which the church does not live up to its better self. Compassionately and responsibly, it calls Anderson's beloved religion back to its holiest nature"--

As I Have Loved You

One of the greatest gifts you can give your children is a strong sense of personal values. Helping your children develop values such as honesty, self-reliance, and dependability is as important a part of their education as teaching them to read or how to cross the street safely. The values you teach your children are their best protection from the influences of peer pressure and the temptations of consumer culture. With their own values clearly defined, your children can make their own decisions -- rather than imitate their friends or the latest fashions. In Teaching Your Children Values Linda and Richard Eyre present a practical, proven, month-by-month program of games, family activities, and value-building exercises for kids of all ages.

To Draw Closer to God

Inspirational address to women highlights five things they should never forget about their divine relationship with God: forget not to be patient with yourself; forget not the difference between a good sacrifice and a foolish sacrifice; forget not to be happy now; forget not the "why" of the gospel; and forget not that the Lord loves you.

Serpent's Treasure

Letters to Jill

From medieval conqueror to Renaissance autocrat to Victorian Empress to modern melodrama, *Royal Panoply* is the story of some of the most fascinating people in world history. With her trademark blend of probing scholarship, lively prose, and psychological insight, Carolly Erickson focuses on each monarch's entire life---from the puny, socially awkward Charles I, to the choleric, violent William the Conqueror, to the well-meaning, deeply affectionate Queen Anne, who was so heavy she had to be carried to her coronation. *Royal Panoply* recaptures the event-filled, often dangerous, always engaging lives of England's kings and queens, set against the backdrop of a thousand years of Britain's past.

Forget Me Not

She's a Mom

The Informed Writer

Twenty-three-year-old Laura Fish Judd left rural Massachusetts in 1827 for the Hawaiian islands, one of eighty young American women who enlisted in the effort to Christianize the islands between 1819 and 1850. Only a month before, after receiving a marriage proposal from a young physician in need of a wife to qualify for mission service, she had written in her diary: "'The die is cast.' I have in the strength of the Lord, consented Rebecca-like--I WILL GO, yes, I will leave friends, native land, everything for Jesus." Laura Judd and other ambitious young women consented to hasty marriages with virtual strangers to achieve their goal of carrying Christ's message to the heathen. As Patricia Grimshaw's compelling study makes clear, these women were driven by a desire for important, independent life-work that went well beyond their expected roles as dutiful wives. The ambitions, hopes, and fears of those eighty pioneer women make a poignant and fascinating story. But *Paths of Duty* does more than recount the experiences of a group of individuals. Grimshaw shows how the mission women reflected the larger society of which they were part, and through their story shed new light on the role of American Protestant mission in Hawaii. Although the women's public role in mission work was limited, they were highly influential in their daily and seemingly mundane interactions with Hawaiian women. The American women's ethnocentricity made them quite incapable of appreciating Hawaiian culture on its own terms, but their notions of proper femininity and female

behavior were effectively transmitted to Hawaiian girls and women. Paths of Duty provides a deeper understanding of this neglected process of acculturation in the islands and its eventual implications for Hawaii's entry into the American sphere of influence.
