Good Omens

El's Holy Injiyl

Leviathan or The Matter, Forme and Power of a Common-Wealth Ecclesiastical and Civil is a book written by an English materialist philosopher Thomas Hobbes about problems of the state existence and development. Leviathan is a name of a Bible monster, a symbol of nature powers that belittles a man. Hobbes uses this character to describe a powerful state (“God of the death”). He starts with a postulate about a natural human state (“the war of all against all”) and develops the idea “man is a wolf to a man”. When people stay for a long time in the position of an inevitable extermination they give a part of their natural rights, for the sake of their lives and general peace, according to an unspoken agreement to someone who is obliged to maintain a free usage of the rest of their rights - to the state. The state, a union of people, where the will of a single one (the state) is compulsory for everybody, has a task to regulate the relations between all the people. The

book was banned several times in England and Russia.

The Nuwaubian Nation

In search of Identity explores the origins of the Black race clarifying the true identity of our people. The book uncovers the circular journey of a people who are doomed to repeat enslavement or ultimate destruction if they do not awaken to the truths about themselves. The author has always since childhood had a interest in the Whys of racism. Putting life aside to self- reach knowledge to find the truth of Why does racism exist? Its time to remove the blinders. This book has You Tube references so the reader can better understand the topics addressed. This book is highly recommended for teenagers because the educational system does not address Black history and religion in the proper context.

A Critical Review and Analysis of the Evidences of His Existence

Atlanta Journal Constitution journalist tells the convoluted story of the Nuwaubians and their cult leader, Dwight York, convicted in the largest child molestation prosecution in the United States, begging the question "How did this happen here?"

Labourers in the Vineyard of the Lord

An international news story when published last year, now in paperback: A historical detective story leads to

dramatic and ground-breaking revelations about the life and times of Jesus. Waiting to be rediscovered in the British Library is an ancient manuscript of the early Church, copied by an anonymous monk. The manuscript is at least 1,450 years old, possibly dating to the first century. And now, *The Lost Gospel* provides the first ever translation from Syriac into English of this unique document that tells the inside story of Jesus' social, family, and political life. *The Lost Gospel* takes the reader on an unparalleled historical adventure through a paradigm shifting manuscript. What the authors eventually discover is as astounding as it is surprising: the confirmation of Jesus' marriage to Mary Magdalene; the names of their two children; the towering presence of Mary Magdalene; a previously unknown plot on Jesus' life (thirteen years prior to the crucifixion); an assassination attempt against Mary Magdalene and their children; Jesus' connection to political figures at the highest level of the Roman Empire; and a religious movement that antedates that of Paul—the Church of Mary Magdalene. Part historical detective story, part modern adventure, *The Lost Gospel* reveals secrets that have been hiding in plain sight for millennia.

Ralph Epperson contends that the major events of the past, the revolutions, the wars, the depressions and the revolutions, have been planned years in advance by an international conspiracy. He puts forward his Conspiratorial View of History.

The Degree of Christism

Doctor Robert Child

More than four years ago, and almost a year before the 2000 presidential election, I put up a website proposing that George W Bush was the Antichrist. Tragically, nobody listened. Now the World Trade Center has been hauled off for scrap and our nation is fighting a holy war in the Middle East. The question is: how can we achieve victory over the ultimate evil in the world (terrorism), without recognizing the kind of deception that is the hallmark of the Antichrist? Unlike Bush, I don't claim to be on a divinely appointed mission. And also unlike him, I present the well-documented facts.

Dr. York Vs. the Computer

The Nuwaubian Nation takes the reader on a journey into an African-American spiritual movement. The United Nuwaubian Nation has changed shape since its inceptions in the 1970s, transforming from a Black Hebrew mystery school into a Muslim utopian

community in Brooklyn, N.Y.; from an Egyptian theme park into an Amerindian reserve in rural Georgia. This book follows the extraordinary career of Dwight York, who in his teens started out in a New York street gang, but converted to Islam in prison. Emerging as a Black messiah, York proceeded to break the Paleman's spell of Kingu and to guide his people through a series of racial/religious identities that demanded dramatic changes in costume, gender roles and lifestyle. Dr. York's Blackosophy is analyzed as a new expression of that ancient mystical worldview, Gnosticism. Referring to theories in the sociology of deviance and media studies, the author tracks the escalating hostilities against the group that climaxed in a Waco-style FBI raid on the Nuwaubian compound in 2002. In the ensuing legal process we witness Dr. York's dramatic reversals of fortune; he is now serving a 135-year sentence as his Black Panther lawyer prepares to take his case to the Supreme Court. This book presents fresh and important insights into racist spirituality and the social control of unconventional religions in America.

Our True Roots

In Psalm 91 and Demonic Menace Gerrit Vreugdenhil offers a thorough analysis of Psalm 91, a text that already in its earliest interpretations has been associated with the demonic realm.

Ungodly

This book examines the contemporary operational and theoretical parameters of Pan-Africanism and black nationalism in the post-civil rights era. It uses the Nuwaubian movement as a case study to explore this essential strand in African Diasporan history, culture, and tradition. The author argues that the Nuwaubian Nation, like their contemporaries such as the Nation of Islam, represents contemporary efforts of African descendants to dialectically and culturally fight oppression. He argues that unlike the classical Back to Africa movements, the contemporary ones do not seek to primarily relocate to Africa, but to go to Africa culturally and bring back Africa to the diaspora. This effort can be seen in the Nuwaubian attempts at unearthing and importing classical African traditions, mores, and values in their in their various communities across the United States, especially in Eatonton, Georgia. Their aim was to chart an identity

for their adherents and inspire racial pride for people of African descent.

The classic collaboration from the internationally bestselling authors Neil Gaiman and Terry Pratchett, soon to be an original series starring Michael Sheen and David Tennant. “Good Omens . . . is something like what would have happened if Thomas Pynchon, Tom Robbins and Don DeLillo had collaborated. Lots of literary inventiveness in the plotting and chunks of very good writing and characterization. It’s a wow. It would make one hell of a movie. Or a heavenly one. Take your pick.”—Washington Post According to The Nice and Accurate Prophecies of Agnes Nutter, Witch (the world's only completely accurate book of prophecies, written in 1655, before she exploded), the world will end on a Saturday. Next Saturday, in fact. Just before dinner. So the armies of Good and Evil are amassing, Atlantis is rising, frogs are falling, tempers are flaring. Everything appears to be going according to Divine Plan. Except a somewhat fussy angel and a fast-living demon—both of whom have lived amongst

Earth's mortals since The Beginning and have grown rather fond of the lifestyle—are not actually looking forward to the coming Rapture. And someone seems to have misplaced the Antichrist . . .

The Degree of Muhammadism

The subject of aliens is not a new one and has been around for a really long time now. We talk about it all the time. News and articles about the possibility of alien visits or attacks are everywhere. Perhaps this has become so common that people have started to

shrug it off, thinking this is just one of those science fiction topics that media loves to sensationalize. If all of a sudden we have an alien encounter one day, are we psychologically prepared for this? Like many of you even I think we are not. In fact we might be in a state of shock as they might turn out to be completely different from any of our imaginations about them. But if we are prepared for anything, then such an alien encounter might not be shocking. The objective of this book is to prepare its readers psychologically to deal with the subject of aliens and the first alien encounter. In other words aiming to prepare humanity with the cope of a possible shock upon an impending alien encounter. There are a lot of mysteries in this world that might have some paranormal behavior associated to them, but they are kind of scattered and appear here and there. In other words although these mysteries have been documented well enough by a lot of people from time to time, but they do not appear related. This book attempts to bring together these mysteries and relate them with one possible explanation that is common, the alien connection. Also it is trying to bring this subject out from the confines of a circle of scientists, subject experts and enthusiasts to a common person. So this book is for a common man by a common man.

Nuwaubian Pan-Africanism

This book examines the violent, cruel, and brutal plagiarism of what has been adopted as the norm. The knowledge of Ancient Africa has been plagiarized to place other cultures in a superior state. This

plagiarism has developed a system of morality hidden behind allegories and symbols. We will present our argument backing it with researched information. The fight for liberation of the minds, bodies, spirits, and souls is remains in place to give our children a better life.
