The book gives you the conversation you always wanted but never

knew you needed. If you only own one book this is certainly the one to have, and if you only have room for one more book - make room for this one. Consider the book the base foundation material that the personal development industry must have to completely transform the "Juice Factory" method into a self-sustainable and self-maintainable process that lasts and never fails. YES - Never Fails! "JUICE FACTORY" - the high energy hype that humans go along to get along but provides no long lasting results, so we have to come back for more to get "JUICED" up with energy again. Avoid these entertaining salesmen who only want your repeat business!"
