The Explainers

Born into a Jewish ghetto in Hungary, as a child, Elie Wiesel was sent to the Nazi concentration camps at Auschwitz and Buchenwald. This is his account of that atrocity: the ever-increasing horrors he endured, the loss of his family and his struggle to survive in a world that stripped him of humanity, dignity and faith. Describing in simple terms the tragic murder of a people from a survivor's perspective, Night is among the most personal, intimate and poignant of all accounts of the Holocaust. A compelling consideration of the darkest side of human nature and the enduring power of hope, it remains one of the most important works of the twentieth century. New translation by Marion Wiesel, with a new introduction by Elie Wiesel.

In the Shadow of No Towers

The author discusses his ideas and theories and provides instructions on the art of graphic storytelling.

Fahrenheit 451

The creator of Maus conveys experience of the September 11th tragedy in a series of drawings and text that capture the horror of the event, its impact on his own life, and the dangerous erosion of American democracy that has occurred in the aftermath of the attack. 75,000 first printing.

Maus

The Four

A revised and complete edition of this modern classic, featuring a new foreword from author Tony Kushner.

Information Technologies in Environmental Engineering

An exciting and unforgettable graphic novel that takes you on a magical adventure to a place where everything is never as it seems . . . Welcome to Opposite Land - where socks wear feet, broccoli is meat, behind is ahead, and people poop from their head! After the worst day ever, Steve discovers a strange book written upside down and back to front. That night, when its words become mysteriously clear and Steve begins to read them, she's transported to the topsy-turvy world in the book - Opposite Land. In this extraordinarily peculiar place, roads float in mid-air, people live in giant snail shells and monsters are made of pasta! But all that will change once Emperor Never gets his way and destroys Opposite Land for good. When a flying cabbage called Sanjiv reveals that Steve is the only one who can defeat the emperor, it's up to Steve to face her fears and save the world. Can Steve help restore Opposite Land to its former glory and find her way back home?

Dr. Seuss Goes to War

Includes *The Prisoners Of War In Japanese Hands During World War Two* pack with 130 photos, plans and photos. In *Give Us This Day* a young Oklahoman, a survivor of Bataan, reveals the terrible truth about a little-known aspect of the Pacific war as he experienced it from the beginning in the Philippines. He was a captive of the Japanese for more than three years; he knew one after another all the torments of confinement in conditions of primitive barbarism. True though his story is, it almost defies belief. With touching simplicity he recounts the stark and shocking details of one of the most shameful features of that war — the treatment of American soldiers who fell into the hands of the Japanese. At first Stewart hated his captors, but in the end hatred gave place to a dawning comprehension that the Japanese were as different from us as the men of Genghis Khan. "It is one of the most harrowing and debilitating chronicles that I have read. . . . He describes the ordeal brilliantly; he harbors no resentments apparently, and he has emerged from an inferno of bestiality with utter serenity." — Maxwell Geismar, *Saturday Review* "An impressive and moving book." — David Dempsey, *New York Times* "His is no ordinary prisoner-of-war story; better written than most, it contains no tales of swashbuckling defiance. . . . The force of this book is its testimony to the indomitable strength of the human spirit." — *Manchester Guardian* "The plain narrative of this story would by itself have been fascinating, but this book is far more than a story, it is a work of art." — André Siegfried, *Academie Francaise* "Sidney Stewart's composed narrative is one of the most noble documents ever penned by a prisoner of war. The companions he writes about remained men to the end, until at last only one man remained; he survived to write this unforgettable, this magnificent story." — George Slocombe, *New York Herald Tribune* [Paris]

The Hiding Place

A tour-de-force by rising indy comics star Gene Yang, *American Born Chinese* tells the story of three apparently unrelated characters: Jin Wang, who moves to a new neighborhood with his family only to discover that he's the only Chinese-American student at his new school; the powerful Monkey King, subject of one of the oldest and greatest Chinese fables; and Chin-Kee, a personification of the ultimate negative Chinese stereotype, who is ruining his cousin Danny's life with his yearly visits. Their lives and stories come together with an unexpected twist in this action-

packed modern fable. American Born Chinese is an amazing ride, all the way up to the astonishing climax. American Born Chinese is a 2006 National Book Award Finalist for Young People's Literature, the winner of the 2007 Eisner Award for Best Graphic Album: New, an Eisner Award nominee for Best Coloring and a 2007 Bank Street - Best Children's Book of the Year. This title has Common Core Connections

Meditations

Six million-- a number impossible to visualize. Six million Jews were killed in Europe between the years 1933 and 1945. What can that number mean to us today? We can that number mean to us today? We are told never to forget the Holocaust, but how can we remember something so incomprehensible? We can think, not of the numbers, the statistics, but of the people. For the families torn apart, watching mothers, fathers, children disappear or be slaughtered, the numbers were agonizingly comprehensible. One. Two. Three. Often more. Here are the stories of those people, recorded in letters and diaries, and in the memories of those who survived. Seen through their eyes, the horror becomes real. We cannot deny it--and we can never forget. 'Based on diaries, letters, songs, and history books, a moving account of Jewish suffering in Nazi Germany before and during World War II.' —Best Books for Young Adults Committee (ALA). 'A noted historian writes on a subject ignored or glossed over in most texts. . . . Now that youngsters are acquainted with the horrors of slavery, they are more prepared to consider the questions the Holocaust raises for us today.' —Language Arts. '[An] extraordinarily fine and moving book.' —NYT. Notable Children's Books of 1976 (ALA) Best of the Best Books (YA) 1970–1983 (ALA) 1976 Boston Globe–Horn Book Award for Nonfiction Best Books of 1976 (SLJ) Outstanding Children's Books of 1976 (NYT) Notable 1976 Children's Trade Books in Social Studies (NCSS/CBC) 1977 Jane Addams Award Nominee, 1977 National Book Award for Children's Literature IBBY International Year of the Child Special Hans Christian Andersen Honors List Children's Books of 1976 (Library of Congress) 1976 Sidney Taylor Book Award (Association of Jewish Libraries)

Persepolis 2

He saw the soft cedars of San Pedro Island, its high, rolling hills, the low mist that lay in long streamers against its beaches, the whitecaps riffing its shoreline. The moon had risen already behind the island - a quarter moon, pale and indefinite, as ethereal and translucent as the wisps of cloud that travelled the skies. A fisherman is found dead in the net of his boat off the coast of a North American island. When a local Japanese-American man is charged with his murder, it becomes clear that what is at stake is more than one man's guilt. For on San Pedro, memories grow as thickly as cedar trees - memories of a charmed romance between a white boy and a Japanese girl. Above all, the island is haunted by what happened to its Japanese residents during the Second World War, when an entire community was sent into exile while its neighbours watched.

Give Us This Day [Illustrated Edition]

access codes, or print supplements that may come packaged with the bound book. Advance your everyday proficiency with Excel 2016. And earn the credential that proves it! Demonstrate your expertise with Microsoft Excel! Designed to help you practice and prepare for Microsoft Office Specialist (MOS): Excel 2016 Core certification, this official Study Guide delivers: In-depth preparation for each MOS objective Detailed procedures to help build the skills measured by the exam Hands-on tasks to practice what you've learned Practice files and sample solutions Sharpen the skills measured by these objectives: Create and manage worksheets and workbooks Manage data cells and ranges Create tables Perform operations with formulas and functions Create charts and objects About MOS A Microsoft Office Specialist (MOS) certification validates your proficiency with Microsoft Office programs, demonstrating that you can meet globally recognized performance standards. Hands-on experience with the technology is required to successfully pass Microsoft Certification exams.

American Born Chinese

Beyond its housing estates and identikit high streets there is another Britain. This is the Britain of mist-drenched forests and unpredictable sea-frets: of wraith-like fog banks, druidic mistletoe and peculiar creatures that lurk, half-unseen, in the undergrowth, tantalising and teasing just at the periphery of human vision. How have the remarkably persistent folkloric traditions of the British Isles formed and been formed by the identities and psyches of those who inhabit them? In her sparkling new history, Carolyne Larrington explores the diverse ways in which a myriad of imaginary and fantastical beings has moulded the cultural history of the nation. Fairies, elves and goblins here tread purposefully, sometimes malignly, over an eerie, preternatural landscape that also conceals brownies, selkies, trows, knockers, boggarts, land-wights, Jack o'Lanterns, Barguests, the sinister Nuckleavee, or water-horse, and even Black Shuck: terrifying hell-hound of the Norfolk coast with eyes of burning coal. Focusing on liminal points where the boundaries between this world and that of the supernatural grow thin those marginal tide-banks, saltmarshes, floodplains, moors and rock-pools wherein mystery lies the author shows how mythologies of Mermen, Green men and Wild-men have helped and continue to help human beings deal with such ubiquitous concerns as love and lust, loss and death and continuity and change. Evoking the Wild Hunt, the ghostly bells of Lyonesse and the dread fenlands haunted by Grendel, and ranging the while from Shetland to Jersey and from Ireland to East Anglia, this is a book that will captivate all those who long for the wild places: the mountains and chasms where Gog, Magog and their fellow giants lie in wait."

Automate the Boring Stuff with Python

"Designed with Mr. Spiegelman's help, [Co-Mix] has the tall, narrow proportions of Rawits images form a chronological sampling of Mr. Spiegelman's extraordinary imagination, including his precocious early work, underground comics, preparatory notes and sketches for Maus, indelible covers for The New Yorker, lithographic efforts and much else."—New York Times In an art career that now spans six decades, Art Spiegelman has been a groundbreaking and influential figure with a global impact. His Pulitzer Prize-winning holocaust memoir Maus established the graphic novel as a legitimate form and inspired countless cartoonists while his

shorter works have enormously expanded the expressive range of comics. *Co-Mix: A Retrospective of Comics, Graphics, and Scraps* is a comprehensive career overview of the output of this legendary cartoonist, showing for the first time the full range of a half-century of relentless experimentation. Starting from Spiegelman's earliest self-published comics and lavishly reproducing graphics from a host of publications both obscure and famous, *Co-Mix* provides a guided tour of an artist who has continually reinvented not just comics but also made a mark in book and magazine design, bubble gum cards, lithography, modern dance, and most recently stained glass. By showing all facets of Spiegelman's career, the book demonstrates how he has persistently cross-pollinated the worlds of comics, commercial design, and fine arts. Essays by acclaimed film critic J. Hoberman and MoMA curator and Dean of the Yale University School of Art Robert Storr bookend *Co-Mix*, offering eloquent meditations on an artist whose work has been genre-defining.

Kapampangan Dictionary

A memoir done in the form of a graphic novel by a cult favorite comic artist offers a darkly funny family portrait that details her relationship with her father--a funeral home director, high school English teacher, and closeted homosexual.

Comics & Sequential Art

What was the secret to surviving the death camps? How did you keep from dying of heartbreak in a place of broken hearts and broken bodies? "Think of it as a game, Jack," an older prisoner tells him. "Play the game right and you might outlast the Nazis." Caught up in Hitler's Final Solution to annihilate Europe's Jews, fifteen-year-old Jack is torn from his family and thrown into the nightmarish world of the concentration camps. Despite intolerable conditions, Jack resolves not to hate his captors, and vows to see his family again. He forges friendships with other prisoners, and together they struggle to make it one more hour, one more day. But even with his strong will to live, can Jack survive the life-and-death game he is forced to play with his Nazi captors? Award-winning author Andrea Warren has crafted an unforgettable true story of courage, friendship, family love, and a boy becoming a man in the shadow of the Third Reich.

Surviving Hitler

This monograph contains recent studies in eco-informatics, promising ideas and new challenges in information management for supporting sustainability in companies and other organization. The scope of this book includes sets of solutions which show different stakeholders' viewpoints on sustainability. In individual chapters, authors discuss the role which Environmental Information Systems (EIS) play in the environmental conscious functioning of enterprise. New models, methods and tools supporting sustainability are presented. Emphasis is placed on the innovative approach to eco-friendly organization and coordination of transport, logistics processes and operations management. The information management and decision making in manufacturing and service organizations is highlighted. The scope of this monograph also encompasses topics related to the modeling and

monitoring of climate change.

Opposite Land

Expands the definition of second-generation literature to include texts written from the point of view of the children of Nazi perpetrators.

Lord of the Flies

The great-granddaughter of Iran's last emperor and the daughter of ardent Marxists continues her description of growing up in Tehran--a country plagued by political upheaval and vast contradictions between public and private life. 50,000 first printing.

The Magus

On a remote Greek island, Nicholas Urfe finds himself embroiled in the deceptions of a master trickster. Fowles unfolds a tale that is lush with over-powering imagery in a spellbinding exploration of the complexities of the human mind.

Second-generation Holocaust Literature

The Philippines series of the PALI Language Texts, under the general editorship of Howard P. McKaughan, consists of lesson textbooks, grammars, and dictionaries for seven major Filipino languages.

Neon Lit:city of Glass

William Golding's unforgettable classic of boyhood adventure and the savagery of humanity comes to Penguin Classics in a stunning Graphic Deluxe Edition with a new foreword by Lois Lowry. As provocative today as when it was first published in 1954, *Lord of the Flies* continues to ignite passionate debate with its startling, brutal portrait of human nature. William Golding's compelling story about a group of very ordinary boys marooned on a coral island has been labeled a parable, an allegory, a myth, a morality tale, a parody, a political treatise, and even a vision of the apocalypse. But above all, it has earned its place as one of the indisputable classics of the twentieth century for readers of any age. This Penguin Classics Graphic Deluxe Edition features an array of special features to supplement the novel, including a foreword by Lois Lowry, an introduction by Stephen King, an essay by E. M. Forster, an essay on teaching and reading the novel and suggestions for further exploration by scholar Jennifer Buehler, and an extended note by E. L. Epstein, the publisher of the first American paperback edition of *Lord of the Flies*. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Fun Home

A family relocates to a small house on Ash Tree Lane and discovers that the inside of their new home seems to be without boundaries

MetaMAUS

The Discovery of Oxygen, Part 1

In an alternate future in which Germany wins World War II and Britain becomes a fascist state, a vigilante named "V" stalks the streets of London trying to free England of its ideological chains.

Night

Mark Z. Danielewski's House of Leaves

A fireman in charge of burning books meets a revolutionary school teacher who dares to read. Depicts a future world in which all printed reading material is burned.

Seal of Approval

The Land of the Green Man

The story of how Corrie and her family became leaders in the Dutch Underground, hiding Jewish people in a specially built room in their house and aiding their escape from the Nazis.

Maus I and Maus II

A New Yorker contributor and co-founder of RAW traces the creative process that went into his Pulitzer Prize-winning classic, revealing the inspirations for his work while providing on an accompanying DVD a reference copy of The Complete Maus and audio interviews with his father.

Vietnamerica

This authoritative book covers qualities and practices of engaged readers; practices for elementary, middle, and high school classrooms; the influence of family literacy beliefs and interactions; the range of methodologies used by literacy researchers; and policy implications of the engagement perspective."--BOOK JACKET.

Snow Falling on Cedars

A graphic, crime noir novel on a New York detective-cum-novelist who answers a wrong number. A double-barreled investigation, one from the perspective of the detective, the other from that of the novelist. Adapted from Paul Auster's *City of Glass* by the creators of *Maus*.

The Complete Maus

If you've ever spent hours renaming files or updating hundreds of spreadsheet cells, you know how tedious tasks like these can be. But what if you could have your computer do them for you? In *Automate the Boring Stuff with Python*, you'll learn how to use Python to write programs that do in minutes what would take you hours to do by hand—no prior programming experience required. Once you've mastered the basics of programming, you'll create Python programs that effortlessly perform useful and impressive feats of automation to:

- Search for text in a file or across multiple files
- Create, update, move, and rename files and folders
- Search the Web and download online content
- Update and format data in Excel spreadsheets of any size
- Split, merge, watermark, and encrypt PDFs
- Send reminder emails and text notifications
- Fill out online forms

Step-by-step instructions walk you through each program, and practice projects at the end of each chapter challenge you to improve those programs and use your newfound skills to automate similar tasks. Don't spend your time doing work a well-trained monkey could do. Even if you've never written a line of code, you can make your computer do the grunt work. Learn how in *Automate the Boring Stuff with Python*. Note: The programs in this book are written to run on Python 3.

Engaged Reading

A memoir about Vladek Spiegelman, a Jewish survivor of Hitler's Europe, and about his son, a cartoonist who tries to come to terms with his father, his story, and with history itself. Cartoon format portrays Jews as mice and Nazis as cats.

MOS 2016 Study Guide for Microsoft Excel

Grin, giggle, and guffaw your way through this celebrated cartoonist's graphic commentary of contemporary lesbian life.

Dykes to Watch Out for

Co-Mix

On the occasion of the twenty-fifth anniversary of its first publication, here is the definitive edition of the book acclaimed as "the most affecting and successful narrative ever done about the Holocaust" (*Wall Street Journal*) and "the first masterpiece in comic book history" (*The New Yorker*). The Pulitzer Prize-winning *Maus* tells the story of Vladek Spiegelman, a Jewish survivor of Hitler's Europe, and his son, a cartoonist coming to terms with his father's story. *Maus* approaches the unspeakable through the diminutive. Its form, the cartoon (the Nazis are cats, the Jews mice), shocks us out of any lingering sense of familiarity and succeeds in

"drawing us closer to the bleak heart of the Holocaust" (The New York Times). Maus is a haunting tale within a tale. Vladek's harrowing story of survival is woven into the author's account of his tortured relationship with his aging father. Against the backdrop of guilt brought by survival, they stage a normal life of small arguments and unhappy visits. This astonishing retelling of our century's grisliest news is a story of survival, not only of Vladek but of the children who survive even the survivors. Maus studies the bloody pawprints of history and tracks its meaning for all of us.

Never to Forget

A superb new graphic memoir in which an inspired artist/storyteller reveals the road that brought his family to where they are today: Vietnamera GB Tran is a young Vietnamese American artist who grew up distant from (and largely indifferent to) his family's history. Born and raised in South Carolina as a son of immigrants, he knew that his parents had fled Vietnam during the fall of Saigon. But even as they struggled to adapt to life in America, they preferred to forget the past—and to focus on their children's future. It was only in his late twenties that GB began to learn their extraordinary story. When his last surviving grandparents die within months of each other, GB visits Vietnam for the first time and begins to learn the tragic history of his family, and of the homeland they left behind. In this family saga played out in the shadow of history, GB uncovers the root of his father's remoteness and why his mother had remained in an often fractious marriage; why his grandfather had abandoned his own family to fight for the Viet Cong; why his grandmother had had an affair with a French soldier. GB learns that his parents had taken harrowing flight from Saigon during the final hours of the war not because they thought America was better but because they were afraid of what would happen if they stayed. They entered America—a foreign land they couldn't even imagine—where family connections dissolved and shared history was lost within a span of a single generation. In telling his family's story, GB finds his own place in this saga of hardship and heroism. Vietnamera is a visually stunning portrait of survival, escape, and reinvention—and of the gift of the American immigrants' dream, passed on to their children. Vietnamera is an unforgettable story of family revelation and reconnection—and a new graphic-memoir classic.

The Complete Grimm's Fairy Tales

M?ric Casaubon's famous 1634 translation of Meditations was the first English version of the Stoic masterwork to be reprinted many times because of its widespread popularity. The Shakespearean language has been called difficult by modern standards but the poetic Elizabethan prose greatly enhances this deeply spiritual work. Aurelius is no less eloquent or articulate than in later versions and the power of his thoughts and ideas are beautifully conveyed.

V for Vendetta

"A fascinating collection" of wartime cartoons from the beloved children's author and illustrator (The New York Times Book Review). For decades, readers throughout the world have enjoyed the marvelous stories and illustrations of

Theodor Seuss Geisel, better known as Dr. Seuss. But few know the work Geisel did as a political cartoonist during World War II, for the New York daily newspaper PM. In these extraordinarily trenchant cartoons, Geisel presents “a provocative history of wartime politics” (Entertainment Weekly). Dr. Seuss Goes to War features handsome, large-format reproductions of more than two hundred of Geisel’s cartoons, alongside “insightful” commentary by the historian Richard H. Minear that places them in the context of the national climate they reflect (Booklist). Pulitzer Prize-winner Art Spiegelman’s introduction places Seuss firmly in the pantheon of the leading political cartoonists of our time. “A shocker—this cat is not in the hat!” —Studs Terkel

Angels in America: A Gay Fantasia on National Themes

In his highly provocative first book, Scott Galloway pulls back the curtain on exactly how Amazon, Apple, Facebook, and Google built their massive empires. While the media spins tales about superior products and designs, and the power of technological innovation, Galloway exposes the truth: none of these four are first movers technologically - they've either copied, stolen, or acquired their ideas. Readers will come away with fresh, game-changing insights about what it takes to win in today's economy. Print run 125,000.
