Wiley CPA Exam Review 2011, Business Environment and Concepts

Now in its twenty-first edition, *Advances in Accounting* continues to provide an important forum for discourse among and between academic and practicing accountants on issues of significance to the future of the discipline. Emphasis continues to be placed on original commentary, critical analysis and creative research - research that promises to substantively advance our understanding of financial markets, behavioral phenomenon and regulatory policy. Technology and aggressive global competition have propelled tremendous changes over the two decades since *AIA* was founded. A wide array of unsolved questions continues to plague a profession under fire in the aftermath of one financial debacle after another and grabbing with the advent of international accounting standards. This volume of *Advances in Accounting* not surprisingly includes articles reflective of recent focus on corporate governance, earnings management and the influence of the CEO, the accuracy of earnings forecasts and the value relevance or voluntary and mandated disclosures. This volume also looks at challenges facing the academic community with respect to technology and addresses pedagogical advances holding promise. *AIA* continues its commitment to the global arena by publishing research with an international perspective in the International Section inaugurated in Volume 20. As never before the accounting profession is seeking ways to reinvent itself and recapture relevance and credibility. *AIA* likewise continues to champion forward thinking research.

Cost Accounting: Principles And Practice

The classic Wiley CPA Examination review Published annually, in December, this comprehensive four-volume study guide for the Certified Public Accountant's (CPA) Exam arms readers with detailed outlines and study guidelines, plus skill-building problems and solutions, that help them to identify, focus on, and master the specific topics that need the most work. Many of the practice questions are taken from previous exams, and care was taken to ensure that they cover all the information candidates need to master in order to pass the Uniform CPA Examination. Featuring a unique modular structure, these CPA study guides review materials and combine over 230 AICPA content specifications into a series of forty-four related modules. By combining and relating topics, the books help build knowledge in a logical, self-reinforcing way, so as to foster a level of understanding beyond that achieved through rote memorization.

Yearbook

The SAGE Course Companion on Management Accounting is an accessible introduction to the subject that will help readers extend their understanding of key concepts and enhance their thinking skills in line with course requirements. It provides support on how to revise for exams, how to present calculations, and how to prepare for and write assessed pieces. Readers are encouraged not only to think like a management accountant but also to think about the subject critically.
