"Atoms First seems to be the flavor of the year in chemistry textbooks, but many of them seem to be little more than rearrangement of the chapters. It takes a master like McQuarrie to go back to the drawing board and create a logical development from smallest to largest that makes sense to students."---Hal Harris, University of Missouri-St. Louis "McQuarrie's book is extremely well written, the order of topics is logical, and it does a great job with both introductory material and more advanced concepts. Students of all skill levels will be able to learn from this book."---Mark Kearley, Florida State University This new fourth edition of General Chemistry takes an atoms-first approach from beginning to end. In the tradition of McQuarrie's many previous works, it promises to be another ground-breaking text. This superb new book combines the clear writing and wonderful problems that have made McQuarrie famous among chemistry professors and students worldwide. Presented in an elegant design with all-new illustrations, it is available in a soft-cover edition to offer professors a fresh choice at an outstanding value. Student supplements include an online series of descriptive chemistry Interchapters, a Student Solutions Manual, and an optional state-of-the-art Online Homework program. For adopting professors, an Instructor's Manual and a CD of the art are also available.

Seven Spheres by Rufus Opus Seven Spheres is more than a simple book of traditional Hermetic Magic. It is designed to be a series of rituals that function on many levels to take an average ordinary magician and turn them into a self-actualized powerhouse of proactive reality engineering. It's entirely about attaining

initiation and empowerment in the highest levels of un-manifest reality. These experiences and rites result in the release of a floodgate of power that pour down through the layers of progressive manifestation, building up awareness, understanding, and ultimately raw potential as you move from sphere to sphere through the rites, ultimately culminating in the anointing of the magician as Priest-King directing the forces that climax in your personal daily experience of the Joy of your life. This book isn't about physical or spiritual mastery, it is entirely about understanding that you, personally, are beloved, honored, blessed, and highly favored of every intelligence, spirit, angel, and god of every sphere. This is about understanding who you are and what you can accomplish as a human being manifest upon the surface of the Earth. Spiritual enlightenment and material mastery will be yours, if you do the work described. "There are few in the field today that have both technical expertise and a genuine love of the spirits. A man who is as on-fire with the Holy Spirit as a tent-revival preacher, but who can make complex evocation instruction as clear as your ABC's. Rufus Opus is that kind of Priest-Magician. For years he has been making laying down his brand of hermetic magic with style and sass on his blog and in his courses. Now with this book, he will be blowing open the gates for an even wider audience." -Jason Miller, author of Sex, Sorcery, and Spirit "Rufus Opus is a frequent speaker and panelist at Crucible convention that features active magical leaders from known and exotic paradigms. He has shown a great ability to add a combustive dynamic to his life through his own personal workings." -Arthur Moyer, Omnimancer, host of Crucible Convention "Rufus is a well-educated and experienced occultist who firmly knows and strongly communicates his field without scaring or dumbing down for an audience. He is one of my go to authors for collected works on the topic." -Andrei Freeman Note: This book is a stand-alone series of rites that can empower you and change your life if you do the magical rites as described in the book. However, it is also intended to be a textbook for a series of courses provided by Rufus Opus. If you are interested in additional training and more useful information, please contact Rufus at rufusopus@rufusopus.com.

From Christobel Kent—whose psychological thrillers have been called “terrifyingly good,” “perfectly paced,” “addictive,” “tense, dense, extremely well-plotted and beautifully written”—a new nerve-racking novel about a disappeared barmaid and the friend who will do anything to find her. When Beth disappears, everyone says she’s run off with another man. She’s just a fly-by-night party girl who can’t be trusted. But Natalie, her best friend, doesn’t believe it, not at all. She’s sure something more sinister is going on. So sure that proving it just might kill her . . . Meanwhile, Victor, one of Beth’s and Nat’s favorite bar patrons, has fallen and ended up in the hospital. When he hears that Beth is gone, he doesn’t buy it either. And slowly, a hazy memory comes back to him. Something menacing . . . something important . . . something just out of his grasp . . . As Nat tries to piece together the events—and people—in Beth’s life, it becomes more difficult to discern who can and can’t be trusted. The little town in the English countryside takes on an ominous air, with a threat behind every corner, outside every window. And someone is always watching . . . Kent’s most recent novel, *The Loving Husband*, was an international bestseller, and it is in no way hyperbole to declare *The Day She Disappeared* her very best. It is as brutally unsettling as *The Loving Husband*, but even more intricate and surprising; as claustrophobic and atmospheric as *The Crooked House*, but even more heartbreaking in its truths. Kent has been compared to such masters as Daphne du Maurier and P. D. James. With *The Day She Disappeared*, a new crop of writers will be compared to Christobel Kent.

## Restaurants & Institutions

## Food Management

Originally published in 1984, this collection of 14 short stories set in Arkansas and Mississippi went on to win that year’s National Book Award for fiction, confirming Ellen Gilchrist’s place as one of the preeminent literary talents of her generation. *Victory Over Japan* takes us into the lives of an unforgettable group of Southern women — beautiful, complicated, enchanting, and sometimes dangerous — in and out of bars, marriages, divorces, lovers' arms, and even earthquakes, in an attempt to find happiness, or at least some satisfaction. Throughout these stories, one hears echoes of Flannery O'Connor and Eudora Welty, but Ms. Gilchrist has her own unique literary voice, and it is outrageously funny, moving, tragic, and always appealing. PRAISE: “To say that Ellen Gilchrist can write is to say that Placido Domingo can sing. All you need to do is listen.” —Jonathan Yardley, *The Washington Post* “She is what they call a natural, writing with passion, authority and a noticeable lack of the self-consciousness that weighs down much of contemporary fiction.” —San Francisco Examiner-Chronicle “Ellen Gilchrist’s achievement is to create lives which refuse to be bound on the page by words and sentences . . . the writing is full of understanding that doesn’t advertise itself as perception or insight.” —London Daily Telegraph
