After a human uprising was brutally put down by the Elders—a primitive and lethal form of the Others—the few cities left under human control are far-flung. And the people within them now know to fear the no-man's-land beyond their borders—and the darkness. As some communities struggle to rebuild, Lakeside

Courtyard has emerged relatively unscathed, though Simon Wolfgard, its wolf shifter leader, and blood prophet Meg Corbyn must work with the human pack to maintain the fragile peace. But all their efforts are threatened when Lieutenant Montgomery's shady brother arrives, looking for a free ride and easy pickings. With the humans on guard against one of their own, tensions rise, drawing the attention of the Elders, who are curious about the effect such an insignificant predator can have on a pack. But Meg knows the dangers, for she has seen in the cards how it will all end—with her standing beside a grave

Marked In Flesh

In this startling, disturbing, and compelling memoir, Tuvia Feldman takes you from the hustling streets of New York City to the peaceful hills of Vermont and the clamor of Tijuana. Tuvia begins his tale on Manhattan's Lower East Side, where he lives with his addicted artist mother and two sisters after having been abandoned and abused by his wealthy father. "Adopted" by an inner-city black family, Tuvia finds love and kindness while also receiving tutoring in the intricacies and dangers of the drug trade. Veering between outrage and tenderness, Tuvia recalls his story in the uncompromising language of the street and in a voice that is at once cynical and innocent, harsh and lyrical. As Tuvia struggles to find a place and love in a world he hates—and a reason to go on living—the reader gets to decide what to make of this extraordinary, but perhaps also all-too-common, life.

Still Life with Crows

In the late nineteenth and early twentieth centuries imprisoned black women faced wrenching forms of gendered racial terror and heinous structures of economic exploitation. Subjugated as convict laborers and forced to serve additional time as domestic workers before they were allowed their freedom, black women faced a pitiless system of violence, terror, and debasement. Drawing upon black feminist criticism and a diverse array of archival materials, Sarah Haley uncovers imprisoned women's brutalization in local, county, and state convict labor systems, while also illuminating the prisoners' acts of resistance and sabotage, challenging ideologies of racial capitalism and patriarchy and offering alternative conceptions of social and political life. A landmark history of black women's imprisonment in the South, this book recovers stories of the captivity and punishment of black women to demonstrate how the system of incarceration was crucial to organizing the logics of gender and race, and constructing Jim Crow modernity.

The forces of Light and Darkness have co-existed in a delicate balance for hundreds of years until now. Even as the Night Watch polices the Dark Others--among them vampires, witches and shape-shifters--a chain of mysterious events triggers a dreaded, age-old prophecy: An immortal with special powers will come to switch sides, shattering the balance and unleashing an apocalyptic war unlike any the world has ever known.

The Murders in the Rue Morgue

“The sun came out after the war and our world went Technicolor. Everyone had the same idea. Let’s get married. Let’s have kids. Let’s be the ones who do it right.” *The Way the Crow Flies*, the second novel by bestselling, award-winning author Ann-Marie MacDonald, is set on the Royal Canadian Air Force station of Centralia during the early sixties. It is a time of optimism--infused with the excitement of the space race but overshadowed by the menace of the Cold War--filtered through the rich imagination and quick humour of eight-year-old Madeleine McCarthy and the idealism of her father, Jack, a career officer. Ann-Marie MacDonald said in a discussion with Oprah Winfrey about her first book, “a happy ending is when someone can walk out of the rubble and tell the story.” Madeleine achieves her childhood dream of becoming a comedian, yet twenty years later she realises she cannot rest until she has renewed the quest for the truth, and confirmed how and why the child was murdered.. Publishers Weekly, in a starred review, called *The Way the Crow Flies* “absorbing,

Trust me when I say platitudes don't do a damn bit of good when you're in the middle of it. I'm Kit Davenport, and my heart is breaking.

NATIONAL BESTSELLER WINNER OF THE PULITZER PRIZE The searing, post-apocalyptic novel about a father and son's fight to survive. A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of

Often claimed to be among the first modern detective stories written, "The Murders in the Rue Morgue" exemplifies Poe's interest in the workings of the mind when facing cases that need to be solved. C. Auguste Dupin, the protagonist, is the forefather of all great detectives such as Sherlock Holmes, Hercule Poirot, and Philip Marlowe. Different from Poe's terror or horror-laden tales, the story nonetheless abounds in

strange occurrences and horrific depictions. It has been made into several movie and TV adaptations, as well as radio programmes. Edgar Allan Poe (1809-1849) was an American poet, author, and literary critic. Most famous for his poetry, short stories, and tales of the supernatural, mysterious, and macabre, he is also regarded as the inventor of the detective genre and a contributor to the emergence of science fiction, dark romanticism, and weird fiction. His most famous works include "The Raven" (1945), "The Black Cat" (1943), and "The Gold-Bug" (1843).

In *A Murder of Crows*, Larry D. Thomas has artfully assembled decades of his writing about birds into a single volume of poetry. Thomas divides the collection into four sections. The first, "With Concentrated Grit," begins with a sparrow that "hops / easily its height, and quietly // explodes into flight / flaunting for a moment its earth // tone browns and grays." It ranges through a whole aviary, from sparrows and pigeons ("the urban version / of the buzzard") to yellow-rumped warblers, house finches, and an old blue jay "arrogant / as a late Picasso, / raging beneath a blanket / at an auction." Section two, "Eyeing the Gulf," begins with "the mad / weightless dash" of a sanderling chick's life and continues through herons

that could be "outgrowths / of the river itself" through laughing gulls "in rowdy reverence" through a whole range of seabirds. The third section, "Deft at Tearing Out Hearts," begins with the eagle for whom "everything that moves / is potential prey" and follows a "trajectory of violence" that includes the hawk "preying for rain" in Presidio whose "only water / was the blood of his prey" and the falcon "praying / his scarlet prayer / of devourment." The crow, the heart and soul of the collection, is the subject of the final section, which shares its title, "A Murder of Crows," with the whole. "History reeks," Thomas writes, with "the ineradicable / blackness" of the crow's ink. His crow poems speak to the crow "as metaphor, / for thousands / of years, / you've charged // our psyches, / forging / the dark iron / of your being // into symbols / of life, death / and the scales / of justice." Thomas offers the reader a primeval, poetic force appropriate to the terror of our times, "revealing as we breathe / the ravenous, reeking / psyche of our kind" -- a fitting tribute to the author of *Crow*, Ted Hughes, whose work Thomas has long admired, and to whose memory the collection is dedicated.

Much Ado About You

A Pulitzer Prize-winning history of the mistreatment of black Americans. In this 'precise and eloquent work' - as described in its Pulitzer Prize citation - Douglas A. Blackmon brings to light one of the most shameful chapters in American history - an 'Age of Neoslavery' that thrived in the aftermath of the Civil War through the dawn of World War II. Using a vast record of original documents and personal narratives, Blackmon unearths the lost stories of slaves and their descendants who journeyed into freedom after the Emancipation Proclamation and then back into the shadow of involuntary servitude thereafter. By turns moving, sobering and shocking, this unprecedented account reveals these stories, the companies that profited the most from neoslavery, and the insidious legacy of racism that reverberates today.
