American English File Second Edition retains the popular methodology developed by world-renowned authors Christina Latham-Koenig and Clive Oxenden: language + motivation = opportunity. With grammar, vocabulary, and pronunciation practice in every lesson, students are equipped with a solid foundation for successful speaking. Plus - an array of digital resources provides even more choice and flexibility. Students can learn in the classroom or on the move with Online Practice. language assessment. The first goal is to explore the difference between fairness and justice in language assessment. The authors distinguish internal and external dimensions of the equitable and just treatment of individuals taking language tests which are used as gatekeeping devices to determine access to education and employment, immigrant status, citizenship, and other rights. The second goal is to show how the extent of test fairness can be demonstrated and improved using the tools of psychometrics, in particular the models collectively known as Rasch measurement. "This book will have an enormous impact on the field of language assessment. Using Rasch analysis models to explore and identify sources of unfairness, the authors make a compelling case for fairness in the design and implementation of language assessment instruments and for justice in the interpretation and use of test results. A real strength of the book is that it guides readers through analytical techniques in an accessible way." Dan Douglas, Professor Emeritus, Applied Linguistics Program, Iowa State University.

## **New Headway English Course**

New Headway Pre-Intermediate extends and revises many of the structures covered at Elementary level. This new edition keeps to the successful framework of the original, but has been transformed by fresh material throughout, a more accessible feel, and a completely new design. The majority of the reading and listening texts have been replaced with vibrant new material on up-to-date topics with a more global outlook than before. There is now a higher proportion of speaking activities, maintaining the balance between communicative and more traditional approaches. At this level, related

areas of grammar are explored and then practised in discriminatory exercises. All of the main tenses are included, and their uses are compared and contrasted where appropriate. Integrated skillswork continues to be an important feature, with skills work becoming more challenging. As at Elementary level, an emphasis on thorough practice is retained, ranging from the very controlled to freer tasks. The vocabulary syllabus continues to be developed through a variety of approaches to lexical input and integrated pronunciation work. A new 'Starter' section at the beginning of each unit has a warm-up activity, often personalized, to lead into the topic and grammar of the unit. A new, separate Teacher's Resource Book is available with photocopiable games and activities to supplement the main course material.
