McCarthy is the worthy disciple both of Melville and Faulkner," writes esteemed literary scholar Harold Bloom in his Introduction to the Modern Library edition. "I venture that no other living American novelist, not even Pynchon, has given us a book as strong and memorable." Cormac McCarthy's masterwork, *Blood Meridian*, chronicles the brutal world of the Texas-Mexico borderlands in the mid-nineteenth century. Its wounded hero, the teenage Kid, must confront the extraordinary violence of the Glanton gang, a murderous cadre on an official mission to scalp Indians and sell those scalps. Loosely based on fact, the novel represents a genius vision of the historical West, one so fiercely realized that since its initial publication in 1985 the canon of American literature has welcomed *Blood Meridian* to its shelf. "A classic American novel of regeneration through violence," declares Michael Herr. "McCarthy can only be compared to our greatest writers." From the Hardcover edition.

During the twentieth century, civil and military aviation has played a prominent role in the history and development of New Mexico. Commercial operators have exploited the advantages offered by aircraft to overcome the unique challenges of geography and climate. By virtue of New Mexico's comparative isolation which suited the secrecy of innumerable military projects, a wide variety of military aircraft have been based there through the years. The list of military aircraft types that made up the tapestry of New Mexico aviation is as extensive as the list of legendary figures who have contributed to its amazing history. While most of the military aircraft

types no longer grace the airspace over New Mexico, many can be viewed in their former splendor as they stand as gate guards or museum exhibits. This booklet provides a comprehensive guide to where these restored aircraft can be found. Complementing the details concerning aircraft specifications and roles, the author has included many facts. Finally, the descriptions of the recovery, restoration and preservation efforts stand as a tribute to the many volunteers who have devoted time, energy and financial support to ensure this rich heritage is preserved. This handbook is designed to provide aviation enthusiasts with a simple checklist on where to find retired military aircraft that are preserved in New Mexico.

New Mexico: A Guide to the Colorful State

An adventurous story of a frontier boy raised by Indians, *The Light in the Forest* is a beloved American classic. When John Cameron Butler was a child, he was captured in a raid on the Pennsylvania frontier and adopted by the great warrior Cuyloga. Renamed True Son, he came to think of himself as fully Indian. But eleven years later his tribe, the Lenni Lenape, has signed a treaty with the white men and agreed to return their captives, including fifteen-year-old True Son. Now he must go back to the family he has forgotten, whose language is no longer his, and whose ways of dress and behavior are as strange to him as the ways of the forest are to them. Church History 1805 to 1832. This volume is the first of three on Church History and the Doctrine and Covenants. It covers Church history and the revelations in the Doctrine and Covenants from the birth of Joseph Smith in 1805 through the beginnings of the Kirtland and Missouri periods. We learn concerning the First Vision, the coming forth of the Book of Mormon, the restoration of the priesthood, and many early revelations given to individual members of the Church. We study the organization of the Church in 1830 and the migration of the Saints to Kirtland, Ohio, where the law and order of the Church is given, the law of consecration begins, and spiritual gifts are manifested. We also read concerning the early events in Missouri, where the land of Zion is dedicated for the gathering of the Saints. In all, it covers 27 years of Church History, and covers sections 1-99 of the Doctrine and Covenants and the Joseph Smith History in the Pearl of Great Price. The cover features "Young Joseph," a painting of the Prophet Joseph Smith pondering in the Sacred Grove, by Walter Rane.

Begun in 1927 by University of Oklahoma history professor Edward Everett Dale, the Western History Collections gathers and preserves rare research materials for scholars in anthropology, Native American studies, Oklahoma history, and the history of the American West. This guide has been compiled to make the photographs in the collections more accessible. The second edition adds descriptions of 165 new collections comprising 159,000 photographs. The 826 photograph collections that this guide thus details encompass Native American culture; frontier and pioneer life in Oklahoma and Indian territories; Wild West shows; the range cattle industry; the petroleum industry; and gunfighters, outlaws, and lawmen. New additions include the Lucille Clough Collection of 1,800 prints, postcards, and stereograph cards of American Indians and Alaska Natives, and First Peoples of Canada.

Church History Study Guide, Pt. 3: Latter-Day Prophets Since 1844. This volume is the third of three on Church History and the Doctrine and Covenants. It covers Church history during the administration of all of its Prophet-Prophets since Joseph Smith. It begins with the succession of the Apostles after Joseph Smith's martyrdom, the building of the Nauvoo Temple, and the trek to the west of the Latter-day Saint pioneers. We follow them through Iowa, Winter Quarters, and on to Utah. We witness the colonization

of the state of Deseret, while the rest of the country suffered from Civil War. Then we follow events through the administrations of all of the 19th-Century, 20th-Century, and 21st-Century prophets from John Taylor to Thomas S. Monson. We become familiar with the early lives, missions, marriages, and callings of each of these prophets, seeing how the Lord prepared them for the particular time that they led the Church. We finish with a look toward the future as we await the Second Coming of our Lord. The cover features a beautiful photograph of the Salt Lake Temple, taken at dusk during the Christmas season from the roof of the Joseph Smith Memorial Building.

This anthology, a companion to the Santa Fe 400th Anniversary Commemoration publication, All Trails Lead to Santa Fe, affords Native American authors the opportunity to unreservedly express their ideas, opinions and perspectives on the historical and cultural aspects of Santa Fe using their own voice and preferred writing styles that are not necessarily in accord with western academic and writing conventions. One cannot truly contemplate the history and culture of Santa Fe without the voices of the Native Americans—the original inhabitants of Po’oge, “White Shell Water Place”. Indeed, much of Santa Fe’s story is conveyed from a western colonial perspective, which, until fairly recently, has predominantly relegated Native Americans to the

fringes. However, over the last thirty years colonial narratives regarding Native American history and culture have been, and continue to be, disputed and amended as the pursuit of academic, intellectual and cultural self determination gains momentum in respective Native American tribal and academic communities. The Santa Fe 400th Commemoration has created an opportunity for the Native American voice to be heard. This anthology is a ceremony of Native voices, a gathering of Native people offering scholarly dialogue, personal points of view, opinions, and stories regarding the pre and post-historical and cultural foundations of Santa Fe.

2015 Recipient of the American Book Award The first history of the United States told from the perspective of indigenous peoples Today in the United States, there are more than five hundred federally recognized Indigenous nations comprising nearly three million people, descendants of the fifteen million Native people who once inhabited this land. The centuries-long genocidal program of the US settler-colonial regimen has largely been omitted from history. Now, for the first time, acclaimed historian and activist Roxanne Dunbar-Ortiz offers a history of the United

States told from the perspective of Indigenous peoples and reveals how Native Americans, for centuries, actively resisted expansion of the US empire. In *An Indigenous Peoples' History of the United States*, Dunbar-Ortiz adroitly challenges the founding myth of the United States and shows how policy against the Indigenous peoples was colonialist and designed to seize the territories of the original inhabitants, displacing or eliminating them. And as Dunbar-Ortiz reveals, this policy was praised in popular culture, through writers like James Fenimore Cooper and Walt Whitman, and in the highest offices of government and the military. Shockingly, as the genocidal policy reached its zenith under President Andrew Jackson, its ruthlessness was best articulated by US Army general Thomas S. Jesup, who, in 1836, wrote of the Seminoles: "The country can be rid of them only by exterminating them." Spanning more than four hundred years, this classic bottom-up peoples' history radically reframes US history and explodes the silences that have haunted our national narrative.
