### **Review Notes and Study Guide to the Major Plays of Shaw**

A true modern classic from one of the twentieth century's most significant writers, *Long Day's Journey into Night* is an intensely autobiographical, magnificently tragic portrait of the author's own family - a play so acutely personal that he insisted it was not published until after his death. One single day in the Tyrone's Connecticut home. James Tyrone Sr is a miser, a talented actor who even squanders his talent in an undemanding role; eldest son Jamie is an affable, whoremongering alcoholic and confirmed ne'er-do well; youngest son Edmund is poetic, sensitive, suffering from a respiratory condition and deep-seated disillusionment; and their mother Mary, living in a haze of self-delusion and morphine addiction. Existing together under this roof, and the profound weight of the past, they subtly tear one another apart, shred by shred. 'Set in 1912, the year of O'Neill's own attempted suicide, it is an attempt to understand himself and those to whom he was irrevocably tied by fate and by love. It is the finest and most powerful play to have come out of America'

Christopher Bigsby Eugene O'Neill's play *Long Day's Journey into Night* was written in 1939-41, and first published in 1956 (after O'Neill's death in 1953). It was first performed at the Royal Dramatic Theatre, Stockholm, in February 1956, and had its first

NATIONAL BESTSELLER WINNER OF THE PULITZER PRIZE The searing, post-apocalyptic novel about a father and son's fight to survive. A father and his son walk alone through burned America. Nothing moves in the ravaged landscape save the ash on the wind. It is cold enough to crack stones, and when the snow falls it is gray. The sky is dark. Their destination is the coast, although they don't know what, if anything, awaits them there. They have nothing; just a pistol to defend themselves against the lawless bands that stalk the road, the clothes they are wearing, a cart of scavenged food—and each other. *The Road* is the profoundly moving story of a journey. It boldly imagines a future in which no hope remains, but in which the father and his son, "each the other's world entire," are sustained by love. Awesome in the totality of its vision, it is an unflinching meditation on the worst and the best that we are capable of: ultimate destructiveness, desperate tenacity, and the tenderness that keeps two people alive in the face of total devastation. NEW YORK TIMES BESTSELLER • A thrilling novel based on actual events, about the nature of genius, the cost of ambition, and the battle to electrify America—from the Oscar-winning screenwriter of *The Imitation Game* and author of *The Sherlockian* NAMED ONE OF THE BEST BOOKS OF THE YEAR BY THE WASHINGTON POST AND THE PHILADELPHIA INQUIRER • SOON TO BE A MAJOR MOTION PICTURE STARRING EDDIE REDMAYNE New York, 1888. Gas lamps still flicker in the city streets, but the miracle of electric light is in its infancy. The person who controls the means to turn night into day will make history—and a vast fortune. A young untested lawyer named Paul Cravath, fresh out of Columbia Law School, takes a case that seems impossible to win. Paul's client, George Westinghouse, has been sued by Thomas Edison over a billion-dollar question: Who invented the light bulb and holds the right to power the country? The case affords Paul entry to the heady world of high society—the glittering parties in Gramercy Park mansions, and the more insidious dealings done behind closed doors. The task facing him is beyond daunting. Edison is a wily, dangerous opponent with vast resources at his disposal—private spies, newspapers in his pocket, and the backing of J. P. Morgan himself. Yet this unknown lawyer shares with his famous adversary a compulsion to win at all costs. How will he do it? In obsessive pursuit of

victory, Paul crosses paths with Nikola Tesla, an eccentric, brilliant inventor who may hold the key to defeating Edison, and with Agnes Huntington, a beautiful opera singer who proves to be a flawless performer on stage and off. Arriving one year after the Haitian-American's first novel (*Breath, Eyes, Memory*) alerted critics to her compelling voice, these 10 stories, some of which have appeared in small literary journals, confirm Danticat's reputation as a remarkably gifted writer. Examining the lives of ordinary Haitians, particularly those struggling to survive under the brutal Duvalier regime, Danticat illuminates the distance between people's desires and the stifling reality of their lives. A profound mix of Catholicism and voodoo spirituality informs the tales, bestowing a mythic importance on people described in the opening story, "Children of the Sea," as those "in this world whose names don't matter to anyone but themselves." The ceaseless grip of dictatorship often leads men to emotionally abandon their families, like the husband in "A Wall of Fire Rising," who dreams of escaping in a neighbor's hot-air balloon. The women exhibit more resilience, largely because of their insistence on finding meaning and solidarity through storytelling; but Danticat portrays these bonds with an honesty that shows that sisterhood, too, has its power plays. In the book's final piece, "Epilogue: Women Like Us," she writes: "Are there women who both cook and write? Kitchen poets,

they call them. They slip phrases into their stew and wrap meaning around their pork before frying it. They make narrative dumplings and stuff their daughter's mouths so they say nothing more." The stories inform and enrich one another, as the female characters reveal a common ancestry and ties to the fictional Ville Rose. In addition to the power of Danticat's themes, the book is enhanced by an element of suspense (we're never certain, for example, if a rickety boat packed with refugees introduced in the first tale will reach the Florida coast). Spare, elegant and moving, these stories cohere into a superb collection.
