Subject Guide to Women of the World is designed to be used in conjunction with Norma Olin Ireland's Index to Women of the World from Ancient to Modern Times: Biographies and Portraits and the Supplement. Together these books guide their users to approximately 24,000 women mentioned in 1385 collected biographies and special magazine supplements. Entries are listed alphabetically by last name, followed by author, short title information, and page number of the original

bibliographic source. Ireland's indexes are useful to those who require biographical information about women whose names are known. The Subject Guide will identify women by occupation or subject area and lead the user to the woman's name and appropriate Ireland index. Great care has been taken to preserve consistency between the Subject Guide and the Ireland indexes and to provide access to information through as many subjects as possible. Comprehensive in scope and meticulously organized, the Subject Guide to Women of the World is an essential resource for those owning the Ireland indexes.

Roman Catholic sisters first traveled to the American West as providers of social services, education, and medical assistance. In *Across God's Frontiers*, Anne M. Butler traces the ways in which sisters challenged and reconfigured contemporary ideas about women, work, religion, and the West; moreover, she demonstrates how religious life became a vehicle for increasing women's agency and power. Moving to the West introduced significant changes for these women, including public employment and thoroughly unconventional monastic lives. As nuns and sisters adjusted to new circumstances and immersed themselves in rugged environments, Butler argues, the West shaped them; and through their labors and charities, the sisters in turn shaped the West. These female religious pioneers built institutions, brokered relationships between Indigenous peoples and encroaching settlers, and undertook varied occupations, often without organized funding or direct support from the church hierarchy. A comprehensive history of Roman Catholic nuns and sisters in the American West, *Across God's Frontiers* reveals Catholic sisters as dynamic and creative architects of civic and religious institutions in western communities.

Annie Leake Tuttle was born in Nova Scotia in 1839 and died there in 1934, yet her

search for education and self-support took her far afield. During her life she filled important positions from Newfoundland to British Columbia, as an educator of teachers and as the matron of a Methodist rescue home for Chinese immigrant women who had worked as prostitutes. Her autobiography paints a vivid picture of the joys and hardships of growing up on a pioneer farm and documents her spiritual and educational quests and conquests. In addition, readers see the independence and strength of character that enable Annie Tuttle to take on family obligations that fall to an unmarried daughter and sister, and to meet the challenges of step-motherhood, the adjustments of aging and ultimately the prospect of death. Marilyn Färdig Whiteley gently frames Tuttle's autobiography by placing it into social and historical context. She delineates the way in which Annie claimed her identity as she began to record her life story and demonstrates how her evangelical faith enabled her to show, in her narrative, that "One above" was always "working for the best," helping her in the work she was intended to do. In *The Life of Annie Leake Tuttle: Working for the Best*, we find a rich collection of the writings of an articulate woman who shows herself to be both ordinary and extraordinary. It is a fascinating chronicle of the spiritual and secular life of an independent and spirited woman in early Canada.
