Where Do We Go from Here

In less than six hours in August 1942, nearly 1,000 British, Canadian and American commandos died in the French port of Dieppe in an operation that for decades seemed to have no real purpose. Was it a dry-run for D-Day, or perhaps a gesture by the Allies to placate Stalin's impatience for a second front in the west? Historian David O'Keefe uses hitherto classified intelligence archives to prove that this catastrophic and apparently futile raid was in fact a mission, set up by Ian Fleming of British Naval Intelligence as part of a 'pinch' policy designed to capture material relating to the four-rotor Enigma Machine that would permit codebreakers like Alan Turing at Bletchley Park to turn the tide of the Second World War. 'A fast-paced and convincing book that clears up decades of misinformation about the ignoble raid' Toronto Star

The Deep End of the Ocean

From the winner of the Nobel Prize in Literature, here is the universally acclaimed novel—winner of the Booker Prize and the basis for an award-winning film. This is Kazuo Ishiguro's profoundly compelling portrait of Stevens, the perfect butler, and of his fading, insular world in post-World War II England. Stevens, at the end of three decades of service at Darlington Hall, spending a day on a country drive, embarks as well on a journey through the past in an effort to reassure himself that he has served humanity by serving the "great gentleman," Lord Darlington. But lurking in his memory are doubts about the true nature of Lord Darlington's "greatness," and much graver doubts about the nature of his own life.

Ulysses

Aspiring to be the fastest sprinter on his elite middle school's track team, gifted runner Ghost finds his goal challenged by a tragic past with a violent father.

Ants and Some Other Insects

A fresh argument for rioting and looting as our most powerful tools for dismantling white supremacy Looting--a crowd of people publicly, openly, and directly seizing goods--is one of the more extreme actions that can take place in the midst of social unrest. Even self-identified radicals distance themselves from looters, fearing that violent tactics reflect badly on the broader movement. But Vicky Osterweil argues that stealing goods and destroying property are direct, pragmatic strategies of wealth redistribution and improving life for the working class--not to mention the brazen messages these methods send to the police and the state. All our beliefs about the innate righteousness of property and ownership, Osterweil explains, are built on the history of anti-Black, anti-Indigenous oppression. From slave revolts to labor strikes to the modern-day movements for climate change, Black lives, and police abolition, Osterweil makes a convincing case for rioting and looting as weapons that bludgeon the status quo while uplifting the poor and marginalized. In *Defense of Looting* is a history of violent protest sparking social change, a compelling reframing of revolutionary activism, and a practical vision for a dramatically restructured society.

Krakatoa

A NEW YORK TIMES NOTABLE BOOK OF 2020 New York Times bestselling author Lesley M.M. Blume reveals how one courageous American reporter uncovered one of the deadliest cover-ups of the 20th century—the true effects of the atom bomb—potentially saving millions of lives. Just days after the United States decimated Hiroshima and Nagasaki with nuclear bombs, the Japanese surrendered unconditionally. But even before the surrender, the US government and military had begun a secret propaganda and information suppression campaign to hide the devastating nature of these experimental weapons. The cover-up intensified as Occupation forces closed the atomic cities to Allied reporters, preventing leaks about the horrific long-term effects of radiation which would kill thousands during the months after the blast. For nearly a year the cover-up worked—until New Yorker journalist John Hersey got into Hiroshima and managed to report the truth to the world. As Hersey and his editors prepared his article for publication, they kept the story secret—even from most of their New Yorker colleagues. When the magazine published “Hiroshima” in August 1946, it became an instant global sensation, and inspired pervasive horror about the hellish new threat that America had unleashed. Since 1945, no nuclear weapons have ever been deployed in war partly because Hersey alerted the world to their true, devastating impact. This knowledge has remained among the greatest deterrents to using them since the end of World War II. Released on the 75th anniversary of the Hiroshima bombing, *Fallout* is an engrossing detective story, as well as an important piece of hidden history that shows

how one heroic scoop saved—and can still save—the world.

Wonder

The celebrated civil rights leader outlines the trends in the African American struggle during the sixties, and pleads for peaceful coexistence between the African American and white communities.

One Day in August

Saleem Sinai is born at the stroke of midnight on August 15, 1947, the very moment of India's independence. Greeted by fireworks displays, cheering crowds, and Prime Minister Nehru himself, Saleem grows up to learn the ominous consequences of this coincidence. His every act is mirrored and magnified in events that sway the course of national affairs; his health and well-being are inextricably bound to those of his nation; his life is inseparable, at times indistinguishable, from the history of his country. Perhaps most remarkable are the telepathic powers linking him with India's 1,000 other "midnight's children," all born in that initial hour and endowed with magical gifts. This novel is at once a fascinating family saga and an astonishing evocation of a vast land and its people—a brilliant incarnation of the universal human comedy. *Midnight's Children* stands apart as both an epochal work of fiction and a brilliant performance by one of the great literary voices of our time. From the Trade Paperback edition.

The Glass Castle

With its trademark "you are there" style, Mark Zuehlke's tenth Canadian Battle Series volume tells the story of the 1942 Dieppe raid. Nicknamed "The Poor Man's Monte Carlo," Dieppe had no strategic importance, but with the Soviet Union thrown on the ropes by German invasion and America having just entered the war, Britain was under intense pressure to launch a major cross-Channel attack against France. Since 1939, Canadian troops had massed in Britain and trained for the inevitable day of the mass invasion of Europe that would finally occur in 1944. But the Canadian public and many politicians were impatient to see Canadian soldiers fight sooner. The first major rehearsal proved such a shambles the raid was pushed back to the end of July only to be cancelled by poor weather. Later, in a decision still shrouded in controversy, the operation was reborn. Dieppe however did not go smoothly. Drawing on rare archival documents and personal interviews, Mark Zuehlke examines how the raid came to be and why it went so tragically wrong. Ultimately, *Tragedy at Dieppe* honors the bravery and sacrifice of those who fought and died that fateful day on the beaches of Dieppe.

One Day in August

After her "stand-in mother," a bold black woman named Rosaleen, insults the three biggest racists in town, Lily Owens joins Rosaleen on a journey to Tiburon, South Carolina, where they are taken in by three black, bee-keeping sisters.

That One Day in August

Fallout

- More than 500 appearances on national bestseller lists
- #1 Wall Street Journal, New York Times, and USA Today
- Won 12 book awards
- Translated into 35 languages
- Voted Top 100 Business Book of All Time on Goodreads

People are using this simple, powerful concept to focus on what matters most in their personal and work lives. Companies are helping their employees be more productive with study groups, training, and coaching. Sales teams are boosting sales. Churches are conducting classes and recommending for their members. By focusing their energy on one thing at a time people are living more rewarding lives by building their careers, strengthening their finances, losing weight and getting in shape, deepening their faith, and nurturing stronger marriages and personal relationships. YOU WANT LESS. You want fewer distractions and less on your plate. The daily barrage of e-mails, texts, tweets, messages, and meetings distract you and stress you out. The simultaneous demands of work and family are taking a toll. And what's the cost? Second-rate work, missed deadlines, smaller paychecks, fewer promotions--and lots of stress. AND YOU WANT MORE. You want more productivity from your work. More income for a better lifestyle. You want more satisfaction from life, and more time for yourself, your family, and your friends. NOW YOU CAN HAVE BOTH — LESS AND MORE. In The ONE Thing, you'll learn to * cut through the clutter * achieve better results in less time * build momentum toward your goal* dial down the stress * overcome that overwhelmed feeling * revive your energy * stay on track * master what matters to you The ONE Thing delivers extraordinary results in every area of your life--work, personal, family, and spiritual. WHAT'S YOUR ONE THING?

One Day in August

Some days are just too crazy to be believed. Rebecca Graves has taken one such day from her hometown history and woven diverse events into a colorful tapestry of hilarious misadventures, surprises, and soul-searching developments. When the hippie fair coincides with the Republican annual picnic right across the street, the protagonist tries to pull off a successful sidewalk sale at her local business, and travel-weary Pakistani visitors show up unannounced, the lives of Leni, Hank, Maryka, Dim, Pete, Nancy, Boris, and Halana intersect in wild and wacky ways. Collapsing structures, a pregnancy test that may or may not be positive, and the Grateful Dead dance through this story that takes the reader on a journey of one day but countless changes in attitudes and relationships.

The ONE Thing

THE NEW YORK TIMES BESTSELLER “[A] wise, wildly unique” (Entertainment Weekly) love story from the bestselling co-author of Nick and Norah's Infinite Playlist and Will Grayson, Will Grayson about a teen who wakes up every morning in a different body, living a different life. Every day a different body. Every day a different life. Every day in love with the same girl. There's never any warning about where it will be or who it will be. A has made peace with that, even established guidelines by which to live: Never get too attached. Avoid being noticed. Do not interfere. It's all fine until the morning that A wakes up in the body of Justin and meets Justin's girlfriend, Rhiannon. From that moment, the rules by which A has been living no longer apply. Because finally A has found someone he wants to be with—day in, day out, day after day. With his new novel, David Levithan, bestselling co-author of Will Grayson, Will Grayson, and Nick and Norah's Infinite Playlist, has pushed himself to new creative heights. He has written a captivating story that will fascinate readers as they begin to comprehend the complexities of life and love in A's world, as A and Rhiannon seek to discover if you can truly love someone who is destined to change every day. “A story that is always alluring, oftentimes humorous and much like love itself—splendorous.” —Los Angeles Times

The Answer Is . . .

"One day in August is a chronological account of events that took place on a hot summer day in 1946. It is a fascinating narrative of an Iowa town team manager and the controversy stirred up when he contracted a Texas barnstormer to pitch the opening game of the county fair tournament. Tension escalated from the moment the hired gun arrived, increased with each passing hour, and erupted in the final at bat in one of the greatest town team games ever played." (from author).

The Remains of the Day

A true modern classic from one of the twentieth century's most significant writers, Long Day's Journey into Night is an intensely autobiographical, magnificently tragic portrait of the author's own family - a play so acutely personal that he insisted it was not published until after his death. One single day in the Tyrone's Connecticut home. James Tyrone Snr is a miser, a talented actor who even squanders his talent in an undemanding role; eldest son Jamie is an affable, whoremongering alcoholic and confirmed ne'er-do well; youngest son Edmund is poetic, sensitive, suffering from a respiratory condition and deep-seated disillusionment; and their mother Mary, living in a haze of self-delusion and morphine addiction. Existing together under this roof, and the profound weight of the past, they subtly tear one another apart, shred by shred. 'Set in 1912, the year of O'Neill's own attempted suicide, it is an attempt to understand himself and those to whom he was irrevocably tied by fate and by love. It is the finest and most powerful play to have come out of America'

Christopher Bigsby Eugene O'Neill's play *Long Day's Journey into Night* was written in 1939-41, and first published in 1956 (after O'Neill's death in 1953). It was first performed at the Royal Dramatic Theatre, Stockholm, in February 1956, and had its first American production at Helen Hayes Theater, New York, in November that year. It won the Tony Award for Best Play, and O'Neill was posthumously awarded the 1957 Pulitzer Prize for Drama. This edition includes a full introduction, biographical sketch and chronology.

Every Day

At the turn of the 21st century, the CEO of Darkroast Coffee-America's largest and most popular corporation-launches a major holiday called National Darkroast Day. The holiday is supposed to be a national celebration complete with baristas, festivities, free coffee, and an entertaining Moon Laser Show. Secretly, National Darkroast Day is an evil plot to take over and destroy the entire country. A group of heroes must race against the clock to stop the CEO and save America. In doing so, these heroes unravel a blockbuster secret about Darkroast's CEO and company origins-a secret that makes their battle a death-defying showdown against the ultimate enemy.

This Is How We Do It

Midnight's Children

From the best-selling author of *One Day* comes a bittersweet and brilliantly funny coming-of-age tale about the heart-stopping thrill of first love—and how just one summer can forever change a life. Now: On the verge of marriage and a fresh start, thirty-eight year old Charlie Lewis finds that he can't stop thinking about the past, and the events of one particular summer. Then: Sixteen-year-old Charlie Lewis is the kind of boy you don't remember in the school photograph. He's failing his classes. At home he looks after his depressed father—when surely it should be the other way round—and if he thinks about the future at all, it is with a kind of dread. But when Fran Fisher bursts into his life and despite himself, Charlie begins to hope. In order to spend time with Fran, Charlie must take on a challenge that could lose him the respect of his friends and require him to become a different person. He must join the Company. And if the Company sounds like a cult, the truth is even more appalling: The price of hope, it seems, is Shakespeare, *Romeo and Juliet* learned and performed in a theater troupe over the course of a summer. Now: Charlie can't go the altar without coming to terms with his relationship with Fran, his friends, and his former self. Poignant, funny, enchanting, devastating, *Sweet Sorrow* is a tragicomedy about the rocky path to adulthood and the confusion of family life, a celebration of the reviving power of friendship and that brief, searing explosion of first love that can only be looked at directly after it has burned out.

One Day in August

A RECOMMENDED SUMMER READ BY THE NEW YORK TIMES, USA TODAY, TIME, AND NEWSWEEK Longtime Jeopardy! host and television icon Alex Trebek reflects on his life and career. Since debuting as the host of Jeopardy! in 1984, Alex Trebek has been something like a family member to millions of television viewers, bringing entertainment and education into their homes five nights a week. Last year, he made the stunning announcement that he had been diagnosed with stage four pancreatic cancer. What followed was an incredible outpouring of love and kindness. Social media was flooded with messages of support, and the Jeopardy! studio received boxes of cards and letters offering guidance, encouragement, and prayers. For over three decades, Trebek had resisted countless appeals to write a book about his life. Yet he was moved so much by all the goodwill, he felt compelled to finally share his story. "I want people to know a little more about the person they have been cheering on for the past year," he writes in *The Answer Is...: Reflections on My Life*. The book combines illuminating personal anecdotes with Trebek's thoughts on a range of topics, including marriage, parenthood, education, success, spirituality, and philanthropy. Trebek also addresses the questions he gets asked most often by Jeopardy! fans, such as what prompted him to shave his signature mustache, his insights on legendary players like Ken Jennings and James Holzhauer, and his opinion of Will Ferrell's Saturday Night Live impersonation. The book uses a novel structure inspired by Jeopardy!, with each chapter title in the form of a question, and features dozens of never-before-seen photos that candidly capture Trebek over the years. This wise, charming, and inspiring book is further evidence why Trebek has long been considered one of the most beloved and respected figures in entertainment.

One Day in August

2011 Reprint of 1954 Edition. Richard Walker, the author of this work, is the second most popular Twelve Step recovery author in total sales, after Bill Wilson. Walker has helped untold numbers of alcoholics through his writings. "Twenty-Four Hours a Day" is a book of meditation, thought, and prayer that is soul inspiring, spiritually uplifting, and filled with sage words of wisdom. While geared toward members of Alcoholics Anonymous to help them in their daily program of recovery, the book has much to offer any individual who is working on self-improvement and personal growth, and who is searching for spiritual uplifting and guidance. The book is divided into the 365 days of the calendar year, offering a thought, meditation, and related short prayer on each day. Much of the material is based on the Big Book and other A.A. literature. A classic work.

One Day at a Time in Al-Anon

Can a girl who risks her life for books and an alien who loves pop music work together to save humanity? A beautiful and

thrilling debut novel for fans of Marie Lu and Veronica Roth. Two years ago, a misunderstanding between the leaders of Earth and the invading Ilori resulted in the deaths of one-third of the world's population. Today, seventeen-year-old Ellie Baker survives in an Ilori-controlled center in New York City. With humans deemed dangerously volatile because of their initial reaction to the invasion, emotional expression can be grounds for execution. Music, art and books are illegal, but Ellie still keeps a secret library. When young Ilori commander M0Rr1S finds Ellie's library, he's duty-bound to deliver her for execution. The trouble is, he finds himself drawn to human music and in desperate need of more. Humanity's fate rests in the hands of an alien Ellie should fear, but M0Rr1S has a potential solution—thousands of miles away. The two embark on a wild and dangerous journey with a bag of books and their favorite albums, all the while creating a story and a song of their own that just might save them both.

Everybody Lies

The lives of five Virginians are changed forever by a hurricane which kills one hundred people. The protagonists range from a peach farmer to a runaway girl and the novel chronicles their activity on that fateful day in minute detail.

A Day in August

Auggie Pullman, who was born with extreme facial abnormalities, goes from being home-schooled to entering fifth grade at a private middle school in Manhattan, which entails enduring the taunting and fear of his classmates.

Sicily 43 (air/ire/exp)

Simon Winchester's brilliant chronicle of the destruction of the Indonesian island of Krakatoa in 1883 charts the birth of our modern world. He tells the story of the unrecognized genius who beat Darwin to the discovery of evolution; of Samuel Morse, his code and how rubber allowed the world to talk; of Alfred Wegener, the crack-pot German explorer and father of geology. In breathtaking detail he describes how one island and its inhabitants were blasted out of existence and how colonial society was turned upside-down in a cataclysm whose echoes are still felt to this day.

In Defense of Looting

Hiroshima is the story of six people--a clerk, a widowed seamstress, a physician, a Methodist minister, a young surgeon, and a German Catholic priest--who lived through the greatest single manmade disaster in history. In vivid and indelible prose, Pulitzer Prize-winner John Hersey traces the stories of these half-dozen individuals from 8:15 a.m. on August 6, 1945, when

Hiroshima was destroyed by the first atomic bomb ever dropped on a city, through the hours and days that followed. Almost four decades after the original publication of this celebrated book, Hersey went back to Hiroshima in search of the people whose stories he had told, and his account of what he discovered is now the eloquent and moving final chapter of Hiroshima.

The Secret Life of Bees

Foreword by Steven Pinker Blending the informed analysis of *The Signal and the Noise* with the instructive iconoclasm of *Think Like a Freak*, a fascinating, illuminating, and witty look at what the vast amounts of information now instantly available to us reveals about ourselves and our world—provided we ask the right questions. By the end of an average day in the early twenty-first century, human beings searching the internet will amass eight trillion gigabytes of data. This staggering amount of information—unprecedented in history—can tell us a great deal about who we are—the fears, desires, and behaviors that drive us, and the conscious and unconscious decisions we make. From the profound to the mundane, we can gain astonishing knowledge about the human psyche that less than twenty years ago, seemed unfathomable. *Everybody Lies* offers fascinating, surprising, and sometimes laugh-out-loud insights into everything from economics to ethics to sports to race to sex, gender and more, all drawn from the world of big data. What percentage of white voters didn't vote for Barack Obama because he's black? Does where you go to school effect how successful you are in life? Do parents secretly favor boy children over girls? Do violent films affect the crime rate? Can you beat the stock market? How regularly do we lie about our sex lives and who's more self-conscious about sex, men or women? Investigating these questions and a host of others, Seth Stephens-Davidowitz offers revelations that can help us understand ourselves and our lives better. Drawing on studies and experiments on how we really live and think, he demonstrates in fascinating and often funny ways the extent to which all the world is indeed a lab. With conclusions ranging from strange-but-true to thought-provoking to disturbing, he explores the power of this digital truth serum and its deeper potential—revealing biases deeply embedded within us, information we can use to change our culture, and the questions we're afraid to ask that might be essential to our health—both emotional and physical. All of us are touched by big data everyday, and its influence is multiplying. *Everybody Lies* challenges us to think differently about how we see it and the world.

I Promise

Sweet Sorrow

How the British, ANZACs and Canadians finally broke the German army on the most decisive day of the Great War. The

British attack at Amiens was the most decisive day of the Great War. In earlier offensives, a gain of a few hundred yards counted as a 'victory', but this time our troops advanced seven miles in a day and broke clean through the German defences. The long agony on the Western Front was nearly over. Spearheaded by tanks and armoured cars and supported by the RAF, the attack was led by the Australian and Canadian Corps, with British and French troops on the flanks. Elaborate deception measures were employed to ensure surprise. Drawing on both primary and secondary sources, as well as eyewitness accounts, this book describes how the attack was conceived, the preparations, and the actual assault itself, as well as what happened on the subsequent days and how Amiens paved the way for the final victorious Allied advance.

The Day We Won The War

NOW A MAJOR MOTION PICTURE starring ANNE HATHAWAY and JIM STURGESS It's 1988 and Dexter Mayhew and Emma Morley have only just met. But after only one day together, they cannot stop thinking about one another. Over twenty years, snapshots of that relationship are revealed on the same day—July 15th—of each year. Dex and Em face squabbles and fights, hopes and missed opportunities, laughter and tears. And as the true meaning of this one crucial day is revealed, they must come to grips with the nature of love and life itself. "One of the most hilarious and emotionally riveting love stories you'll ever encounter." —People #1 INTERNATIONAL BESTSELLER

Ghost

Centred around one of Canada's most storied regiments, Seven Days in Hell tells the epic story of the men from the Black Watch during the bloody battle for Verrières Ridge, a dramatic saga that unfolded just weeks after one of Canada's greatest military triumphs of the Second World War. O'Keefe takes us on a heart-pounding journey at the sharp end of combat during the infamous Normandy campaign. More than 300 soldiers from the Black Watch found themselves pinned down, as the result of strategic blunders and the fog of war, and only a handful walked away. Thrust into a nightmare, Black Watch Highlanders who hailed from across Canada, the United States, Great Britain and the Allied world found themselves embroiled in a mortal contest against elite Waffen-SS units and grizzled Eastern Front veterans, where station, rank, race and religion mattered little, and only character won the day. Drawing on formerly classified documents and rare first-person testimony of the men who fought on the front lines, O'Keefe follows the footsteps of the ghosts of Normandy, giving a voice yet again to the men who sacrificed everything in the summer of 1944.

Twenty-Four Hours a Day

"I hold this book to be the most important expression which the present age has found; it is a book to which we are all

indebted, and from which none of us can escape." T.S. Eliot Ulysses depicts a day in Leopold Bloom's life, broken into episodes analogous to Homer's Odyssey and related in rich, varied styles. Joyce's novel is celebrated for its depth of learning, earthy humor, literary allusions and piercing insight into the human heart. First published in Paris in 1922 Ulysses was not published in the United States until 1934. Immediately recognized as an extraordinary work that both echoed the history of English literature and took it in new, unheralded directions, Joyce's book was controversial. Its widespread release was initially slowed by censors nitpicking a few passages. The novel is challenging, in that it is an uncommon reader who will perceive all that Joyce has put into his pages upon first reading, but it is uniquely rewarding for anyone willing to follow where the author leads. Far more than a learned exercise in literary skill, Ulysses displays a sense of humor that ranges from delicate to roguish as well as sequences of striking beauty and emotion. Chief among the latter must be the novel's climactic stream of consciousness step into the mind of the protagonist's wife, Molly Bloom, whose open-hearted acceptance of life and love is among the most memorable and moving passages in English literature. With an eye-catching new cover, and professionally typeset manuscript, this edition of Ulysses is both modern and readable.

Seven Days in Hell

The Sound of Stars

An Instant #1 New York Times Bestseller! An Instant Indie Bestseller! An Amazon Best Book of the Month! A perfect BACK-TO-SCHOOL tool for students and teachers who need an encouraging boost to start the year! NBA champion and superstar LeBron James pens a slam-dunk picture book inspired by his foundation's I PROMISE program that motivates children everywhere to always #StriveForGreatness. Featuring James's upbeat, rhyming text and vibrant illustrations perfectly crafted for a diverse audience by New York Times bestselling artist Nina Mata, this book has the power to inspire all children and families to be their best. Perfect for shared reading in and out of the classroom, I Promise is also a great gift for graduation, birthdays, and other occasions. Plus check out the audiobook, read by LeBron James's mother and I Promise School supporter Gloria James!

One August Day

Magnificent and engrossing, One Day in August reveals in full for the first time the "Ultra Secret" story behind one of WW2's

most controversial mysteries--and one of Canada's most sorrowful moments. In a narrative as powerful and moving as it is authoritative, David O'Keefe rewrites history, connecting Canada's tragedy at Dieppe with an extraordinary and colourful cast of characters--from the young Commander Ian Fleming, later to become the creator of the James Bond novels, and his team of crack commandos to the code-breaking scientists of Bletchley Park (the closely guarded heart of Britain's wartime Intelligence and code-breaking work) to those responsible for the planning and conduct of the Dieppe Raid--Admiral John Godfrey, Lord Louis Mountbatten, British Prime Minister Winston Churchill and others. The astonishing story critically changes what we thought we knew. For seven decades, the objective for the raid has been one of the most perplexing mysteries of WWII. In less than six hours on August 19, 1942, nearly one thousand Canadians--as well as British and Americans--lay dead or dying on the beaches around the French seaside town, with over two thousand other Canadians wounded or captured. These awful losses have left a legacy of bitterness, recrimination and controversy. In the absence of concrete reasons for the raid, myriad theories ranging from incompetence to conspiracy developed. Over almost two decades of research, sifting through countless recently declassified Intelligence documents, David O'Keefe skillfully pieces together the story like a jigsaw puzzle to reveal the prime reason behind the raid: a highly secret mission designed, in one of Britain's darkest times, to redress the balance of the war. One Day in August provides a thrilling, multi-layered story that fundamentally changes our understanding of this most tragic and pivotal chapter in Canada's history.

Hiroshima

During August of 2005 when word first spread across New Orleans about Hurricane Katrina, no one took it seriously. As the storm swept closer, 17-year-old Louis Devereux is forced to stay behind with his family, while his girlfriend, Monroe Le Blanc, evacuates the city with her parents. After the storm settles and months pass without any contact, Louis goes on a mission to find her by any means necessary. Meanwhile, Monroe has already moved on and accepted the fact that he's dead. But if Louis has anything to do with it, not a human or hurricane will keep them apart.

National Darkroast Day

Journalist Walls grew up with parents whose ideals and stubborn nonconformity were their curse and their salvation. Rex and Rose Mary and their four children lived like nomads, moving among Southwest desert towns, camping in the mountains. Rex was a charismatic, brilliant man who, when sober, captured his children's imagination, teaching them how to embrace life fearlessly. Rose Mary painted and wrote and couldn't stand the responsibility of providing for her family. When the money ran out, the Walls retreated to the dismal West Virginia mining town Rex had tried to escape. As the dysfunction escalated, the children had to fend for themselves, supporting one another as they found the resources and will to leave home. Yet Walls describes her parents with deep affection in this tale of unconditional love in a family that, despite

its profound flaws, gave her the fiery determination to carve out a successful life. -- From publisher description.

One Day

"Masterful A big story about human connection and emotional survival" - Los Angeles Times The first book ever chosen by Oprah's Book Club Few first novels receive the kind of attention and acclaim showered on this powerful story—a nationwide bestseller, a critical success, and the first title chosen for Oprah's Book Club. Both highly suspenseful and deeply moving, The Deep End of the Ocean imagines every mother's worst nightmare—the disappearance of a child—as it explores a family's struggle to endure, even against extraordinary odds. Filled with compassion, humor, and brilliant observations about the texture of real life, here is a story of rare power, one that will touch readers' hearts and make them celebrate the emotions that make us all one.

The Book of Common Prayer, and Administration of the Sacraments, Together with the Psalter

A new history of the hitherto inexplicable Dieppe raid of 1942 and its true purpose.

Tragedy at Dieppe

Born and raised in Newark, NJ, the Author allows us to share her personal memories of life in a Public Housing Project in the 1960s. After the death of her father, she began to seek refuge into her childhood memories as well as digging deeper into her ancestry as a way of removing herself from the pain of her loss, only to re-discover the blessings that her father left behind. During her journey, she is exposed to many heart breaking and joyful lessons, causing much confusion and pain along the way. Remembering how it was and knowing how it is, would allow her to create a balance between past and present that would ultimately find a life that has come full circle.

Long Day's Journey Into Night

Follow the real lives of seven kids from Italy, Japan, Iran, India, Peru, Uganda, and Russia for a single day! In Japan Kei plays Freeze Tag, while in Uganda Daphine likes to jump rope. But while the way they play may differ, the shared rhythm of their days—and this one world we all share—unites them. This genuine exchange provides a window into traditions that may be different from our own as well as a mirror reflecting our common experiences. Inspired by his own travels, Matt Lamothe transports readers across the globe and back with this luminous and thoughtful picture book.
