The Rivals and The School for Scandal

Within hours of the September 11 attacks, Sean M. Maloney deciphered that Osama bin Laden and al Qaeda were the aggressors behind the despicable act. A war in Afghanistan then was inevitable. As a military historian, Maloney was determined to go there to study and record the events for posterity, if for no other reason than the education of his future students at Canada's Royal Military College. What resulted is an in-depth and up-close look at the planning stages, deployment, and aftermath of Operation Enduring Freedom in Afghanistan. In *Enduring the Freedom*, Maloney presents a rare on-the-spot view from such important locations as Kabul, Bagram, and Kandahar. He describes the American-led intervention in Afghanistan and the conduct of the war through early 2003, then discusses the events of 2003 from the

three locales in detail. Some critics contend that the war in Afghanistan is another Vietnam. Maloney rebuts that appraisal, pointing out that as opposed to the vague language of the Vietnam era, American objectives were clearly stated for Afghanistan. Those objectives were: to destroy al Qaeda's networks, training camps, resources, and communication systems; to destroy any governmental entity providing support or sanctuary to al Qaeda; and to undertake reconstruction efforts to ensure international terrorists can never again use the country as a base. The first objective has more or less been achieved. How to accomplish the last two is still widely debated, and Maloney offers some insightful thoughts and opinions. Finally, he offers educated advice going forward in the hopeful completion of Operation Enduring Freedom.

The rivals. Tracy's ambition. By the author of 'The collegians'. by G. Griffin

Rivals is both the ultimate directory of football derbies and a collection of the stats that 'really matter' for the English League Clubs. Forget the dry and oft-quoted football facts, 'Rivals' arms the reader with a completely new set of fan-based stats. Find out which club has the highest 'nutter rating' (arrests per 1,000 attendance), or the worst 'Your ground's too big for you' ranking! Which club offers their supporters the worst 'Fans' value-for-money' (admission price as a ratio of 5 year league position!) There are many intriguing, often funny, stories behind the web of little publicised, though frequently intense, rivalries between clubs and fans. With many contributions from supporters, the book examines the extraordinary cult of British Football Derbies, looking at the inter-town and regional biases, stereotypes, and opinions that fans have about their footballing rivals. At 240pp, Rivals is a light-hearted collection of statistics, fans' testimony and boundless trivia. The book uncovers the amusing, bizarre, and sometimes alarming portraits of the intensity of fans' feelings, and the way in which they perceive other teams, towns and cities. It has a clear format pulling together diverse facts. Attractively designed with information given under headings allowing the reader to compare various facts on a club-to-club basis, the text can be read from cover to cover or dipped into.

The Twin Rivals, a Comedy

The wild gallant. The rival-ladies. The Indian queen. The Indian Emperor. Secret love, or the maiden queen

Six long years have passed since Angela Sullivan set eyes on a man. Six years since the man she loved ruined her—and her parents banished her to Stanbrook Abbey, where she's now preparing to take her vows of poverty, obedience, and chastity. But when the abbey takes in a handsome—if impudent—injured rogue, it will take divine intervention for Angela to quell her sinful thoughts. If Lord Phillip were not in such pain from his riding accident, he would consider himself lucky to be staying in a building full of women. But his rakish reputation has preceded him. True, Phillip may not be his angelic twin brother, but as days become weeks, his thoughts of Angela grow nobler—even as Angela's thoughts of him become less than holy. . . .
