Chinese grammar is characterized by its simple structure, lack of inflections, and

wide use of monosyllabic morphemes. With the increasing popularity of learning Chinese as a second language, there is a demand for a guide to Chinese grammar that's targeted at second language learners. This four-volume set is one of the earliest and most influential works on Chinese grammar, with a special focus on teaching and learning Chinese as a second language. Utilizing their rich teaching experience, the authors analyze a myriad of authentic examples to describe the Chinese grammatical phenomenon and rules. This volume introduces the functional words in modern Chinese grammar, which include prepositions, conjunctions, auxiliary verbs, onomatopoeia, and interjections. Since the first edition came out in 1983, this set has been revised twice and remained one of the best sellers in this topic. Practitioners and scholars of teaching Chinese as a second language, as well as students with a basic knowledge of Chinese, will find it a handy reference.

Essentials of Business Research

Private Correspondence of William Cowper, Esq

This book puts forward a new epistemological framework for a theory of religion and gender's role in the public sphere. It provides a sophisticated understanding of gender and its relation to religion as a primarily performative category of knowledge production, rooting that understanding in case studies from around the world. Gender and religion are examined alongside biopolitics and the influence of capitalism, neoliberalism and empire. The book analyses the interdependence of religion, gender and new nationalisms in the Palestinian territories, South Africa and the USA, scrutinising the biopolitical interferences of nation states and dominant political and religious institutions. It then moves on to uncover counter-discourses and spaces of activism and agency in contexts such as East Germany and the Occupy Wall Street movement. Using gender, queer and trans theory in tandem with postcolonial and post-secular perspectives, readers are shown a more nuanced understanding of critical contemporary questions related to religion, gender and sexuality. This is a bold new take on religion, gender and public life. As such, it will be of keen interest to scholars of Religious Studies and Gender Studies, as well as those working on religion's interaction with Politics, Sociology and Social

Activism.

In the not-too-distant future, food industry giants and mega pharmaceutical companies unite, creating a bizarre and powerful alliance: The Deli-ceutical industry. Promoting pancake mix and anti-psychotic pills to a drug-hungry public takes a special kind of company and a slightly off-centered group of individuals to bring these unique products to market: a drug-crazed president who openly declares himself the first trisexual; the ghost of a depressed, mass murderer advertising executive; the son of Satan; dwarfs dressed in cowgirl outfits; a syphilis-riddled Nazi informer; and a pair of intoxicated cannibals. Happy New Year, Conrad Buddy is the ultimate dark comedy about the dangers of exploring uncharted business territories while having the misfortune of being led by a serotonin-depleted Moe, Larry and Curly.

Fragments of Horror

Happy New Year, Conrad Buddy

This is an extraordinary story of ordinary people facing challenges, leading to delighting success and disheartening failure. It has unforgettable moments of glee and pathos, success and failure, humility and arrogance, gratitude and greed, fidelity and betrayal, and birth and death. One might find shades of his or her life story within these pages of glare of hope and gloom of hopelessness. Thoma is exiled from his parental home by his siblings, an astonishing instance of proverbial backstab. He hits the street with his wife, Ann, and children. "Somewhere in this

world, there is a place for us," Thoma tells the stranded family. They drift from rental to rental and end up in Mannuthy. Chettiar, the landlord, a distortion in the four-dimensional space continuum, takes hold of Thoma's life. Ann deploys the weapon of prayer to steer them toward a dignified life. The children grow up and leave. Josh goes overseas to Canada, bringing hope to the family and purchasing property in Amballore, whereto the family moves. The four youngest children come to be known as Gang of Four, and there was a stage revolt against Thoma, falsifying his will to get their hands on the entire property. Old man death hauls Thoma and Ann to outer space. Thoma's long arm reaches out from beyond the grave to serve justice to the gang members. Josh encounters Thoma's and Ann's ghosts. He and Ann visit their old rental. Bhavany narrates Mannuthy's mysterious September full moon massacres of young women. Josh puts a stop to the murders. He gets visions of the attic, leading him to solve the curse on the Thoma family. The novel embraces multiple genres to present a gripping story of horror and suspense. It seamlessly delves into surreal elements, draping it in magical realism, seemingly acknowledging the supernatural to explain the reality of life.
