millions of manuscripts are prepared each year without a clear path to publication by a peer-reviewed medical journal. Enter "The Gutkin Manual." Drawing from the author's distinguished, nearly 30-year career, this comprehensive and supportive guide helps to get your paper accepted—and by the journal of first choice. Elucidating pivotal principles of quality, and biostatistics, and informed by the belief that your writing can be engaging, elegant, and memorable—no matter how technical and complex the subject matter, this volume can be your trustworthy companion as you seek to enhance both the structure and substance of your manuscripts.

The Social Norms Approach to Preventing School and College Age Substance Abuse offers educators, counselors, and clinicians a handbook for understanding and implementing a new and highly successful alternative to traditional methods for preventing substance abuse among young people. The proven "social norms" approach outlined in this book identifies young people's dramatic misperceptions about their peer norms and promotes accurate public reporting of actual positive norms that exist in all student populations. The contributors to this important book are the originators, pioneers, and active proponents of this new approach. Many of them have successfully applied the social norms approach in secondary and higher
