Returning Pride

The BSAVA Manual of Rodents and Ferrets is a new title to the BSAVA range. The Manual is split into two distinct sections: the first part is dedicated to rodents covering biology, husbandry and clinical techniques, as well as the diseases particular to these animals. The second part of the Manual is devoted to ferrets and discusses biology, husbandry and clinical techniques, and diseases by body system. Coverage includes main disease conditions as well as medicine and surgery. The straightforward and clinical approach ensures that veterinarians in practice will find it useful as a general reference text.

Baby Owner's Manual

Everything seems to be going lian's way, he has a successful restaurant, a beautiful home, family, and friends. He's even overcome the loss of his hearing, but why does he still feels like something is missing? Allison has worked hard to make a name for herself in the art world; now all she wants is peace and quiet to

work on her passion. But, with her mother overtaken by illness, she has less time than ever. When everything is stripped away in one tragic blow, and she's being stalked by a mad-man, she'll need the help of her hometown and an old flame, to turn everything around and find what she's been looking for.

BSAVA Manual of Rodents and Ferrets

For fathers and their partners, a humorous laugh-out-loud introduction to the chaotic world of parenting, packaged as a retro car manual. Regardless of the model you have taken delivery of, your baby will have certain standard equipment in common with all babies, and some which vary from model to model. No two Mother Nature Heavy Industries (MNHI) babies are identical. A humorous operating guide for fathers, this book likens a new baby to the other love in a man's life—no, not his wife, his car! This essential handbook covers everything from delivery of baby from Mother Nature Heavy Industries, regular servicing of your baby, standard equipment, the cooling system and liquid waste disposal, warning signs, even optimizing economy, and getting the most out of your baby. This is a must-have book for any father-to-be.
