That Weekend in Paris

Annal have two rules in life:1.Never marry someone you're not in love with.2.Do what makes you happy and not what's expected of you. I flew to Paris to spend my honeymoon alone after I left my fiancé and my life standing at the altar in California. I had my reasons and I wasn't going to let a perfectly good trip go to waste. My first night, I met a captivating man who was there on business and leaving the next morning to fly back to the States. I knew nothing about him, only his first name. Our one night together left a mark on me that I'd never forget. Little did I know that when I moved to New York, he'd be the man I'd be working for, a temporary job that fell into my lap by accident. My life was complicated enough, and it was about to get a whole lot more complicated.
Wes
One night in Paris. That was all it took to make my trip complete. She was beautiful, smart, and addicting. I wanted to stay, but I couldn't. Why make things harder than they had to be? I flew back to New York and went about my business, trying to forget the one night we shared. Imagine my shock when I saw her standing in the doorway of my conference room as my temporary personal assistant. I had trust issues as it was when it came to women and for good reason. She lied to me and I couldn't trust her. She was complicated. Her life was complicated and now my life was feeling the same way.

All the Beautiful Bodies

Showing that truth is stranger than fiction, Sylvain Neuvel weaves a sci-fi thriller reminiscent of Blake Crouch and Andy Weir, blending a fast moving, darkly satirical look at 1940s rocketry with an exploration of the amorality of progress and the nature of violence in A History of What Comes Next. Always run, never fight. Preserve the knowledge. Survive at all costs. Take them to the stars. Over 99 identical generations, Mia's family has shaped human history to push them to the stars, making brutal, wrenching choices and sacrificing countless lives. Her turn comes at the dawn of the age of rocketry. Her mission: to lure Wernher Von Braun away from the Nazi party and into the American rocket program, and secure the future of the space race. But Mia's family is not the only group pushing the levers

of history: an even more ruthless enemy lurks behind the scenes. A darkly satirical first contact thriller, as seen through the eyes of the women who make progress possible and the men who are determined to stop them At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

A suspenseful and dramatic story of impossible love between a German soldier and a French Resistance fighter in World War Two Paris. In 1943, Michel Roth is a young soldier working in the German army's back offices in occupied Paris. But his fluency in French gets Roth a new task when the Gestapo find themselves in need of a translator for the confessions of interrogated French resisters. After work Roth chooses another path - he slips out of his hotel carrying a bag of civilian clothes and steals into an alley where he changes personas, becoming Monsieur Antoine, a young Frenchman. He strolls the streets of Paris, where one day he meets Chantal, daughter of an antiquarian bookseller. They fall in love, and when Chantal warns him away from the notorious café Turachevsky, favoured nightspot for German officers and the French women who entertain them, Michel believes it is out of jealousy. Too late he discovers that she is a member of the Resistance, and his naiveté leaves Michel on the other side of the SS interrogation machine. What follows is a tale of desperate cat and mouse through Paris, and into the devastated French countryside at the end of the war, when neighbours are quick to betray neighbours, and even to take revenge into their own hands.

A Leaf and a Rose a Paris Munich Romance Novelette

[Book 1 in the "Year of the Chick" series. There's a bit of a cliffhanger to end this book, but the sequel addresses any unanswered questions] An awkward family homecoming at Christmas. A humiliating public weigh-in, with two judging parents

as the audience. The announcement of a deadline for arranged marriage doom. And that's just the first two chapters. In "Year of the Chick," Romi Narindra must find love before her parents find her a husband (a seemingly absurd concept that's the norm in many cultures). To escape her fate, Romi wades through the waters of secret-dating, where self-consciousness is at an all-time high, and experience at an all-time low. It's the sort of thing that would turn almost anyone into a man-crazy freak with romance tunnel-vision, and that's exactly what happens to her. All the while, a lack of inspiration in her corporate job leads Romi to her love of writing, in what quickly becomes a man-quest play-by-play. From whiskey-breath scum bags to uni-brow creeps and everything in between, Romi and her wingmen come up empty time after time. And that's when she meets a fellow writer. On the Internet. So will it be arranged marriage doom, or an Internet affair that's not as creepy as "To Catch a Predator"? Time will tell in the "year of the chick," a twelve-month quest to find love. Tick-tock. ----- "Year of the Chick" is book 1 in a series, and the sequel "Last-Minute Love" is available now! The Other Sleep

Woman scorned? Maybe. When award-winning songwriter Dillon Blake heads to Paris to see country music star Klein Matthews perform in concert, she has a bit of an ax to grind with her soon-to-be ex-husband Josh Cummings. She's considering starting her own Nashville publishing company, and her first goal is to sign Klein away from Josh. After all, Dillon is the one who brought Klein to his attention seven years ago after hearing him play at the Bluebird Cafe in a writers' round. She's not proud of her motivation, but then Josh robbed her of any desire to play fair when he'd had an affair with a Vanderbilt co-ed. What Dillon hasn't taken into consideration, though, is the fact that seeing Klein again reminds her of the intense

attraction she'd felt for him the first night they'd met. She'd been married to Josh then and spent a number of counseling sessions addressing her guilt for the thoughts she'd had about him, but had finally agreed with her therapist that it was okay to be attracted to someone as long as you didn't act on it. But so much has changed since then. Dillon's failed marriage has made her question everything she thought to be true about vows and commitment. And she's in the city of love, staying in the same luxury hotel as Klein. The attraction is still there, despite the therapy sessions. Turns out, he's attracted to her, too. The question is, do they act on it? Or not?

She sells her house, leaves her job as a Shakespeare professor, and packs her husband and two protesting children off to Paris. Grand plans are abandoned as she falls under the spell of daily life as a Parisienne — exquisite food, long walks by the seine, reading in bed, displays of effortless chic around every corner, and being reminded of what really matters in a place where people seem to kiss all the time. While the Gods Were Sleeping

"Sarah Maza has written a vivid, gripping and clear-eyed account of the celebrated Violette Nozière case, which captivated French society in the 1930s. A bold and imaginative story, Violette Nozière opens an unexpected and revealing window onto interwar Parisian life." — Colin Jones, author of Paris: Biography of a City
"Sarah Maza's absorbing new book on Violette Nozière—flapper, fantasist, and perpetrator of one of the most sordid and sensational French homicides of the 1930s—is a scholarly 'true crime' tale of the most intelligent sort. Why might a seemingly respectable little mademoiselle from a 'nice' bourgeois family want to poison her maman et papa at the breakfast table? Alongside her riveting account of the crime and its aftermath, Maza investigates the various pathologies—familial, social, economic, cultural, psychosexual—that may have figured in the mayhem. (At her trial Nozière claimed, among other things, that her father had sexually abused her for years.) The result is both a fascinating case history—Greek tragedy rewritten as seedy policier—and a chilling glimpse into the less salubrious aspects of French lower middle-class life between the wars." — Terry Castle, author of The Professor
"One of those rare and sophisticated works that tells a gripping story while evoking a complex historical period. There exist very few cultural histories of the interwar years."—Carolyn Dean, author of Aversion and Erasure: The Fate of the Victim after the Holocaust
"Sarah Maza's book tells an arresting story that deftly combines conventional social history with a subtle analysis of gender and culture. Using all the arts of the best storytellers, she is careful not to give too much away, and it is only with time and a remarkable conclusion that we realize that Violette Nozière is no ordinary tale." — Ruth Harris, author of Dreyfus: Politics, Emotion, and the Scandal of the Century

One Christmas in Paris

From one of our boldest, most celebrated new literary voices, a novel about a young woman's efforts to duck the ills of the world by embarking on an extended hibernation with the help of one of the worst psychiatrists in the annals of literature and the battery of medicines she prescribes. Our narrator should be happy, shouldn't she? She's young, thin, pretty, a recent Columbia graduate, works an easy job at a hip art gallery, lives in an apartment on the Upper East Side of Manhattan paid for, like the rest of her needs, by her inheritance. But there is a dark and vacuous hole in her heart, and it isn't just the loss of her parents, or the way her Wall Street boyfriend treats her, or her sadomasochistic relationship with her best friend, Reva. It's the year 2000 in a city aglitter with wealth and possibility; what could be so terribly wrong? *My Year of Rest and Relaxation* is a powerful answer to that question. Through the story of a year spent under the influence of a truly mad combination of drugs designed to heal our heroine from her alienation from this world, Moshfegh shows us how reasonable, even necessary, alienation can be. Both tender and blackly funny, merciless and compassionate, it is a showcase for the gifts of one of our major writers working at the height of her powers.

The Paris Wedding

"Love and marriage brought American anthropologist Elizabeth Enslin to a world she never planned to make her own: a life among Brahman in-laws in a remote village in the plains of Nepal. As she faced the challenges of married life, birth, and childrearing in a foreign culture, she discovered as much about human resilience,

and the capacity for courage, as she did about herself. *While the Gods Were Sleeping : A Journey Through Love and Rebellion in Nepal* tells a compelling story of a woman transformed in intimate and unexpected ways. Dancing with Paris

Patricia Engel's collection of stories, *Vida*, quickly established her as one of our country's best young writers, winning praise from Junot Díaz, Uzodinma Iweala, Francisco Goldman, and others. Her first novel is a vibrant and wistful narrative about an American girl abroad in Paris, who navigates the intoxicating and treacherous complexities of independence, friendship, and romance. Lita del Cielo, the daughter of two Colombian orphans who arrived in America with nothing and made a fortune with their Latin food empire, has been granted one year to pursue her studies in Paris before returning to work in the family business. She moves into a gently crumbling Left Bank mansion known as "The House of Stars," where a spirited but bedridden Countess Séraphine rents out rooms to young women visiting Paris to work, study, and, unofficially, to find love. Cautious and guarded, Lita keeps a cool distance from the other girls, who seem at once boldly adult and impulsively naïve, who both intimidate and fascinate her. Then Lita meets Cato, and the contours of her world shift. Charming, enigmatic, and weak with illness, Cato is the son of a notorious right-wing politician. As Cato and Lita retreat to their own world, they soon find it difficult to keep the outside world from closing in on theirs. Ultimately Lita must decide whether to stay in France with Cato or return home to fulfill her immigrant family's dreams for her future. *It's Not Love, It's Just Paris* is a spellbinding love story, a portrait of a Paris caught between old world grandeur and the international greenblood elite, and an exploration of one woman's journey to distinguish honesty from artifice and lay claim to her own life.

Kiss Me While I Sleep

This book is *The Nightingale* meets *All the Light We Cannot See*, only it's all true—a thrilling wartime adventure story of downed American aviators rescued by French resistance fighters, taken to Nazi-occupied Paris, and hidden under the very noses of the Gestapo. *Escape from Paris* is the true story of a small group of U.S. aviators whose four B-17 Flying Fortresses were shot down over German-occupied France on a single, fateful day: July 14, 1943, Bastille Day. They were rescued by brave

French civilians and taken to Paris for eventual escape out of France. In the French capital, where German troops walked on every street and Gestapo agents hid around every corner, the flyers met a brave Parisian resistance family living and working in the HOTEL des Invalides, a complex of buildings and military memorials, where Nazi officials had set up offices. Hidden in the complex the Americans, along with dozens of other downed Allied pilots and resistance operatives, hatched daring escape plots. The danger of discovery by the Nazis grew every day, as did an unlikely romance when one of the American airmen begins a star-crossed wartime romance with the twenty-two-year old daughter of the family sheltering him—a noir tale of war, courage and desperation in the shadows of the City of Light. Based on official American, French, and German documents, histories, personal memoirs, and the author's interviews with several of the story's key participants, *Escape from Paris* crosses the traditional lines of World War II history with tense drama of air combat over Europe, the intrigue of occupied Paris, and courageous American and Allied pilots and French resistance fighters pitted against Nazi thugs. All of this set in one of the world's most beautiful and captivating cities.

Sleeping with Napoleon

This explosive narrative reveals for the first time the shocking hidden years of Coco Chanel's life: her collaboration with the Nazis in Paris, her affair with a master spy, and her work for the German military intelligence service and Himmler's SS. Gabrielle "Coco" Chanel was the high priestess of couture who created the look of the modern woman. By the 1920s she had amassed a fortune and went on to create an empire. But her life from 1941 to 1954 has long been shrouded in rumor and mystery, never clarified by Chanel or her many biographers. Hal Vaughan exposes the truth of her wartime collaboration and her long affair with the playboy Baron Hans Günther von Dincklage—who ran a spy ring and reported directly to Goebbels. Vaughan pieces together how Chanel became a Nazi agent, how she escaped arrest after the war and joined her lover in exile in Switzerland, and how—despite suspicions about her past—she was able to return to Paris at age seventy and rebuild the iconic House of Chanel.
