### **Essential Concepts in Sociology**

In its pursuit to bring about an awakening among students of nursing about human social behavior, this second edition of Sociology for Nurses continues to build on sociological theories that are of relevance to the nursing community. Conforming to the syllabus prescribed by the Indian Nursing Council and catering to the needs of second year B. Sc Nursing students, this book provides jargon-free explanation of even the most difficult concepts to the student's benefit.

### **Study Guide for Kimmel and Aronson Sociology Now**

SAGE Readings for Introductory Sociology is a concise, affordable anthology that contains 22 popular sociology statements designed to introduce readers to the sociological perspective. Kimberly McGann puts together readings that cover core topics in sociology, including culture, socialization, interaction, deviance, gender, class, and race. An alternate, topical table of contents suggests ways to match readings to other subfields in sociology (like family, education, work, and religion), and identifies readings that reflect four theoretical traditions: functionalism, symbolic interactionism, conflict theory, and feminism.

### **Essentials of Sociology**

This best-selling comprehensive book conveys the relevance of sociology by presenting a timely collection of theories,

research, and examples -- including its signature first-person accounts that open many chapters. These lived experiences are relevant to students and introduce themes that provide a framework for learning the chapter material. Kendall's vivid and inviting writing style, emphasis on applications, and eye for compelling current examples further highlight sociology's relevance to all students. Now in its eleventh edition, *SOCIOLOGY IN OUR TIMES* is acclaimed for being the first textbook to integrate race, class, and gender issues, and for its thorough presentation of sociological theory, including contemporary perspectives such as feminism and postmodernism. This edition focuses more on social/global change and on the contemporary world, presenting such current debates as bullying and social media abuse, digital-age methods to increase school attendance, food trucks and the spread of culture, modern slavery, and weight bias. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

### **Sociology**

The *Sociology of Work and Occupations, Second Edition* connects work and occupations to the key subjects of sociological inquiry: social and technological change, race, ethnicity, gender, social class, education, social networks, and modes of organization. In 15 chapters, Rudi Volti succinctly but comprehensively covers the changes in the world of work, encompassing everything from gathering and hunting to working in today's Information Age. This book introduces students to a highly relevant analysis of society today. In this new and updated edition, globalization and technology are each given their own chapter and discussed in great depth.

### **Life in Society**

"For courses in Introductory Sociology." Inspire each student's sociological imagination. Authored collaboratively by members of the NYU Sociology Department, "The Sociology Project 2.0" draws on the collective wisdom of expert faculty to reveal how individuals are shaped by the contexts in which they live and act. Organized around the big questions in every subfield of the discipline, "The Sociology Project 2.0" shows how sociologists analyze our world and sets students off on their own journeys of sociological inquiry. At its core, "The Sociology Project 2.0" seeks to inspire each student's sociological imagination and instill in each reader a new determination to question the world around us. "The Sociology Project 2.0" is available via REVEL. Fully digital and highly engaging, REVEL offers an immersive learning experience designed for the way today's students read, think, and learn. Enlivening course content with media interactives and assessments, REVEL empowers educators to increase engagement with the course, and to better connect with students. Available exclusively in REVEL for The Sociology Project 2.0, videos integrated throughout the narrative depict the author of each chapter talking through key content, inspiring and engaging students. And Social Explorer interactives allow students to apply the concept that was just explained using specific data from their own city, county, or state, which boosts the relevance and relatability

of course material. NOTE You are purchasing a standalone product; REVEL does not come packaged with this print textbook. If you would like to purchase access to the REVEL version of this text, please search for ISBN-10: 0133884317 or ISBN-13: 978-0133884319. REVEL should only be purchased when required by an instructor. "

## **Introduction to Sociology 2e**

Offering instructors complete flexibility, SEEING SOCIOLOGY: AN INTRODUCTION, 3rd Edition combines up-to-the-minute coverage with an easy-to-manage approach featuring brief, self-contained modules in each chapter that instructors can assign based on the needs of their class. The Third Edition includes such contemporary topics as globalization's connection to technology and gay rights, the anti-aging industry, and The Affordable Care Act, and many others, reflecting the latest developments in the field. Extremely student-friendly and engaging, the text continues to make photos an integral part of the learning process—resulting in a stronger, more memorable learning experience for students. The new “What Do Sociologists See?” feature includes a sociologist's insights on everyday images, showing students how sociological concepts can be applied to daily life. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

## **McDonaldization**

A complement to any Introduction to Sociology text, this reader includes a variety of timeless, well-known selections keyed to introductory sociology topics. Fundamental topics can be explored from their foundations up as the ground-breakers who built

## **Sociology in Our Times: The Essentials**

Join the conversation with one of sociology's best-known thinkers. Essentials of Sociology, Second Edition adapted from George Ritzer's Introduction to Sociology, Third Edition, provides the same rock-solid foundation in a shorter and more streamlined format. Like the original Ritzer text, Essentials of Sociology illuminates traditional sociological concepts and theories, and focuses on some of the most compelling contemporary social phenomena: globalization, consumer culture, the Internet, and the “McDonaldization” of society. As technology flattens the globe, students are challenged to apply a sociological perspective to their world, and to see how “public” sociologists are engaging with the critical issues of today.

## **Sociology in Our Times**

Latest update of this internationally popular anthology from George Ritzer.

## **Gale Researcher Guide for: Theoretical Frameworks in Sociology**

The new, updated edition of the authoritative and comprehensive survey of modern sociology The Wiley Blackwell Companion to Sociology, Second Edition is an authoritative survey of the major topics, current and emerging trends, and contemporary issues in the study of human social relationships and institutions. A collection of contributions from globally-recognized scholars and experts explore the theoretical and methodological foundations of sociology, new and established debates, and the most current research in the field. Broad in scope, this book covers a multitude of topics ranging from crime, urbanization, sexuality, and education to new questions surrounding big data, authoritarian capitalism, and the rise of nationalism. Since the first edition of the Companion was published, new developments have emerged and new problems have been created such as the omnipresence of social media, political and institutional upheaval, and the global refugee and immigration crises. This revised and updated second edition describes and explains social changes that have occurred in the past several years, both within the field of sociology and society as a whole. Previous material has been updated to reflect current research, while eleven new chapters address topics including feminist theory, debt and social change, and armed conflict and war. This comprehensive volume: Offers an engaging and accessible guide to the field of sociology, revised and updated for the second edition Presents wide-ranging, comprehensive coverage of the discipline Explores issues of contemporary relevance such as digital media and consumption Reflects state-of-the-art scholarship and contemporary debates New chapters for the second edition cover essential topics including feminist theory, armed conflict, big data, authoritarian capitalism, debt and social change, and the rise of nationalism The Wiley Blackwell Companion to Sociology, Second Edition is an invaluable resource for academics and graduate students, researchers, scholars, and educators in the discipline of sociology and allied fields such as anthropology, human geography, political science, and psychology.

## **Homeland Security**

Gale Researcher Guide for: Theoretical Frameworks in Sociology is selected from Gale's academic platform Gale Researcher. These study guides provide peer-reviewed articles that allow students early success in finding scholarly materials and to gain the confidence and vocabulary needed to pursue deeper research.

## **Introduction to Sociology**

Henslin's best-selling brief paperback text shares the excitement of sociology with the acclaimed down-to-earth approach

and personal writing style, which highlights the sociology of everyday life. This text is a brief version of the highly successful hardcover introductory text, *Sociology: A Down-to-Earth Approach*, 5/e. The essential 15 chapters cover all of the topics in the 22-chapter text, and retain the dual emphases on micro and macro (individual and structural) sociology. The author has a unique ability to engage students without talking down to them. With wit, personal reflection, and illuminating examples, Henslin is able to share his passion for sociology with his readers like no other author of an introductory text.

### **Exam Prep for: Sociology Now; The Essentials Census Update,**

Wake up your introductory sociology classes! *Sociology in Action* helps your students learn sociology by doing sociology. *Sociology in Action* by Kathleen Odell Korgen and Maxine P. Atkinson will inspire your students to do sociology through real-world activities designed to increase learning, retention, and engagement with course material. Packed with new activities and thought-provoking questions to help explain key concepts, the Second Edition of this innovative bestselling text immerses students in an active learning experience that emphasizes hands-on work, application, and learning by example. Each chapter has been updated to reflect recent societal changes including: the causes for and ramifications of the 2016 election; the latest issues facing the LGBT community, people of color, immigrants and refugees, and the shrinking middle class; and student loan debt. The comprehensive Activity Guide that accompanies the text provides everything you need to assign, carry out, and assess the activities that will best engage your students, fit the format of your course, and meet your course goals. Also available as a digital option (courseware). Contact your rep to learn more about *Sociology in Action*, Second Edition - Vantage Digital Option.

### **An Introduction to the Sociology of Work and Occupations**

Accessible and up-to-date, the Seventh Edition of *SOCIOLOGY IN OUR TIMES: THE ESSENTIALS*, Seventh Edition, builds on the best of previous editions while offering new insights, learning tools, and opportunities to apply the content of each chapter to relevant sociological issues of the twenty-first century. Acclaimed in the field for being first to integrate race, class, and gender issues, Kendall continues her focus on diversity and inequality, emphasizing social consciousness and active participation in bettering the world around us. Compelling examples, a vivid writing style, and chapter themes grounded in timely social issues already familiar to students get students involved in sociology by showing them how they can make a difference in their own communities. Among its other changes, the Seventh Edition includes a new *Sociology Works!* feature; new assignable *Reflect & Analyze* questions that conclude selected features; two new photo essays, each with new assignable video activities; a vibrant new interior design; improved concept review tables; and more photos and illustrations, making this text the most up-to-date, applications-oriented introduction to sociology available. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook

version.

## **Discover Sociology: Core Concepts**

Comprehensive and research based, the second edition of NSCA's Essentials of Personal Training is the resource to rely on for personal training information and guidance. With state-of-the-art knowledge regarding applied aspects of personal training as well as clear explanations of supporting scientific evidence, NSCA's Essentials of Personal Training, Second Edition, is also the authoritative preparation text for those preparing for the National Strength and Conditioning Association's Certified Personal Trainer (NSCA-CPT) exam. This essential reference was developed by the NSCA to present the knowledge, skills, and abilities required for personal trainers. With contributions from leading authorities in the field, the text will assist both current and future personal trainers in applying the most current research to the needs of their clients: A discussion on nutrition outlines the role of the personal trainer in establishing nutrition guidelines, including the application of nutrition principles for clients with metabolic concerns. The latest guidelines on client assessment from prominent organizations—such as the American Heart Association (AHA) and Centers for Disease Control and Prevention (CDC)—keep personal trainers up to speed on the latest assessment protocols. New information is presented on flexibility training and cardiovascular exercise prescription as well as a discussion of research on the effectiveness of stability ball training. Revised information on design of resistance training programs incorporates the latest information on the application of periodization of training. New information addressing injuries and rehabilitation prepares personal trainers to work with clients with special concerns such as orthopedic conditions, low back pain, ankle sprains, and hip arthroscopy. New guidelines for determining resistance training loads will assist those whose clientele includes athletes. A variety of fitness testing protocols and norms allows readers to select from several options to evaluate each component of fitness. A new instructor guide and image bank aid instructors in teaching the material to students. NSCA's Essentials of Personal Training, Second Edition, focuses on the complex process of designing safe, effective, and goal-specific resistance, aerobic, plyometric, and speed training programs. Featuring over 200 full-color photos with accompanying technique instructions, this resource offers readers a step-by-step approach to designing exercise programs with special attention to the application of principles based on age, fitness level, and health status. Using comprehensive guidelines and sample clients portrayed in the text, readers can learn appropriate ways to adjust exercise programs to work with a variety of clients while accommodating each client's individual needs. Personal trainers will appreciate the book's presentation of detailed exercise programming guidelines for specific populations. Modifications and contraindications to exercise are given for prepubescent youth, older adults, and athletes as well as for clients who are overweight or obese or have eating disorders, diabetes, heart disease, hypertension, hyperlipidemia, spinal cord injury, multiple sclerosis, and cerebral palsy. In addition, the book provides clear, easy-to-understand guidelines for initial client consultation and health appraisal. For those preparing for the NSCA-CPT exam, this second edition features new and revised study questions at the end of each chapter. These questions

are written in the same style and format as those found on the NSCA-CPT exam to fully prepare candidates for exam day. For efficient self-study, answers to study questions and suggested solutions for the applied knowledge questions are located in the back of the text. Chapter objectives and key points provide a framework for study and review of important information, while sidebars throughout the text present practical explanations and applications of scientific concepts and theory. The second edition of NSCA's Essentials of Personal Training is the most comprehensive resource available for current and future personal trainers, exercise instructors, fitness facility and wellness center managers, and other fitness professionals. Unmatched in scope, this text remains the leading source for personal training preparation and professional development.

## **Nutrition Essentials, a Personal Approach**

Discover Sociology: Core Concepts explores sociology as a discipline of curious minds, with the theoretical, conceptual, and empirical tools needed to understand, analyze, and even change the world—all in a more streamlined format. It is adapted from Discover Sociology, Third Edition and offers in-depth coverage of 12 high-priority topics that are at the core of almost all introductory sociology courses. Core Concepts maintains its reader-friendly narrative and the hallmark themes of the parent book, including the unequal distribution of power in society (“Inequality Matters”), the sociological imagination (“Private Lives, Public Issues”), and career skills (“What Can I Do With a Sociology Degree?”). A new feature, “Discover and Debate,” shows students how to take effective, evidence-based positions on important social issues, and how to argue in a respectful manner that recognizes the value of different perspectives. Also available as a digital option (courseware). Contact your rep to learn more about Discover Sociology: Core Concepts - Vantage Digital Option.

## **Sociology for nurses 2/e**

## **Essentials of Entrepreneurship Second Edition**

This social theory text combines the structure of a print reader with the ability to tailor the course via an extensive interactive website. Readings from important classical and contemporary theorists are placed in conversation with one another through core themes—the puzzle of social order, the dark side of modernity, identity, etc. The website includes videos, interactive commentaries, summaries of key concepts, exams and quizzes, annotated selections from key readings, classroom activities, and more. See the website at [www.routledgesoc.com/theory](http://www.routledgesoc.com/theory) New to the second edition: Expanded web content. Teacher/student feedback employed to clarify difficult concepts. Reframed contemporary section now offers readings by Robert Merton, Bruno Latour, David Harvey, Zygmunt Bauman, and Anthony Giddens.

## **The Wiley Blackwell Companion to Sociology**

A concise exploration of globalization and its role in the contemporary era Driven by technological advancements and global corporations, more and more people are swept up by globalizing processes, creating new winners and losers. Globalization: The Essentials explores the flows, structures, processes, and consequences of globalization in the modern economic, political, and cultural landscape. This comprehensive introduction offers balanced coverage of areas such as global economic and cultural flows, environmental sustainability, the impact of technology, and racial, economic, and gender inequality — providing readers with foundational knowledge of globalization. Extensively revised and updated, this second edition includes expanded coverage of human trafficking and migration, global climate change, fake news and information wars, and transnational social movements with increased emphasis on examples from Central and South America, Africa, and Asia: Offers a straightforward approach to the multiple facets of globalization and their positive and negative influences on contemporary society Employs unique metaphors and a coherent narrative structure to promote intuitive understanding of abstract concepts Introduces cutting-edge research, updated statistics, and real-world examples in areas such as rising global populism, social justice movements, blockchain technology, and cryptocurrencies Provides an efficient and flexible pedagogical structure, allowing integration with instructor's own course material Emphasizing student comprehension, a wide range of source material is incorporated including empirical research, relevant theories, newspaper and magazine articles, and popular books and monographs. Examples of current research and recent global developments, such as emerging economies and global health concerns, encourage classroom discussion and promote independent study. Globalization: The Essentials — a compact edition of the authors' full-sized textbook Globalization: A Basic Text — provides concise coverage of the central concepts of this dynamic field. Offering a multidisciplinary approach, this textbook is an invaluable primary or supplemental resource for undergraduate study in any social science field, as well as coursework on economics, migration, inequality and stratification, and politics.

## **Essentials of Sociology**

## **Essentials of Human Behavior**

Now with SAGE Publishing, and co-authored by one of the foremost authorities on sociological theory, George Ritzer and Jeffrey Stepnisky's Classical Sociological Theory, Seventh Edition, provides a comprehensive overview of the major theorists and schools of sociological thought from the Enlightenment roots of theory through the early 20th century. The integration of key theories with biographical sketches of theorists and the requisite historical and intellectual context helps students to better understand the original works of classical authors as well as to compare and contrast classical theories. New to this

Edition · In Ch. 1, Colonialism is now discussed as a major social force in development of modern society. · In Ch. 2, there is an expanded discussion of the historical significance of Early Women Founders and the contributions of W.E.B. Du Bois. · The chapter on Du Bois (Ch. 9) includes new material about his intellectual influences. · New contemporary commentary about Durkheim has been added to Ch. 7. · Ch. 9 includes new material from recently translated later writings of George Simmel, providing new context for his overall theory. · Addition of Historical Context boxes throughout text. · Sections on contemporary applications of classical theory have been added to each chapter.

## **Essentials of sociology**

A much-needed, often startling debate on the personal and political dimensions of masculinity.

## **Ways of Social Change**

Identities in Everyday Life explores how identity theory in social psychology can help us understand a wide array of issues across six areas of life including psychological well-being; authenticity; morality; gender, race, and sexuality; group membership; and early-to-later adult identities. Bringing together over 45 scholars presenting original theoretical or empirical work, the chapters build upon prior work to understand the source, development, and dynamics of individuals' identities as they unfold within and across situations. These studies not only advance scholarly research on identities, but they also provide an understanding of the relevance of identities for people's everyday lives. The findings are relevant to a broad-based set of researchers in the academy across disciplines in the social sciences, education, and health, to students at both the graduate and undergraduate level who are interested in identities at both a personal and professional level, to mental health professionals, and to the average person in society.

## **Seeing Sociology: An Introduction**

Essentials of Sociology, adapted from George Ritzer's Introduction to Sociology, provides the same rock-solid foundation from one of sociology's best-known thinkers in a shorter and more streamlined format. With new co-author Wendy Wiedenhof Murphy, the Third Edition continues to illuminate traditional sociological concepts and theories and focuses on some of the most compelling features of contemporary social life: globalization, consumer culture, the internet, and the "McDonaldization" of society. New to this Edition New "Trending" boxes focus on influential books by sociologists that have become part of the public conversation about important issues. Replacing "Public Sociology" boxes, this feature demonstrates the diversity of sociology's practitioners, methods, and subject matter, featuring such authors as o Michelle Alexander (The New Jim Crow) o Elizabeth Armstrong and Laura Hamilton (Paying for the Party) o Matthew Desmond

(Evicted) o Arlie Hochschild (Strangers in Their Own Land) o Eric Klinenberg (Going Solo) o C.J. Pascoe (Dude, You're a Fag) o Lori Peek and Alice Fothergill (Children of Katrina) o Allison Pugh (The Tumbleweed Society) Updated examples in the text and "Digital Living" boxes keep pace with changes in digital technology and online practices, including Uber, Bitcoin, net neutrality, digital privacy, WikiLeaks, and cyberactivism. New or updated subjects apply sociological thinking to the latest issues including: the 2016 U.S. election Brexit the global growth of ISIS climate change further segmentation of wealthy Americans as the "super rich" transgender people in the U.S. armed forces charter schools the legalization of marijuana the Flint water crisis fourth-wave feminism

## **Globalization**

### **The Politics of Manhood**

THE HOEFNAGELS STORY... The second edition of Biology: The Essentials epitomizes what the market has come to recognize as Mariëlle Hoefnagels' distinct and student-friendly writing-style. Mariëlle presents up-to-date information through "What's the Point?", "Why We Care", and "Burning Questions"—pedagogical tools designed to demonstrate to readers, and her own students, that biology is everywhere. Biology: The Essentials, 2nd Edition offers a broader and more conceptual introduction to biology, simplifying the more complex biological content to the essential elements that students need to act as framework for the details. Mariëlle Hoefnagels is dedicated to helping students find the relevancy of biology and science in their everyday lives. A recipient of the University of Oklahoma General Education Teaching Award and the Longmire Prize (the Teaching Scholars Award from the College of Arts and Sciences), Mariëlle has been engaging, educating, and inspiring students since 1997. She believes that the right tools can make all of the difference in reaching non-majors students. Because of this, the content in this textbook is deeply integrated with the digital tools in Connect and Mariëlle has worked hard to create Connect questions and activities that go beyond simply memorizing vocabulary and facts. Static images are brought to life through animated tutorials, specifically designed to guide students through tough topics. Whether in class or at home, Biology: The Essentials, 2nd Edition with Connect Plus provides all of the resources a student needs to succeed in biology.

### **SAGE Readings for Introductory Sociology**

This brief and economical reader, edited by Jim Henslin, is specifically designed to be used as a companion to "Sociology: A Down-to-Earth Approach," Eighth Edition. There is one reading per text chapter, including a selection to accompany the online chapter, "The Sociology of Human Sexuality." Readings New To This Edition The Hmong Meet the Melting Pot / Anne

Fadiman Diary of a Homeless Man / John R. Coleman Fraternities and Rape Culture / A. Ayres Boswell and Joan Z. Spade The Uses of Poverty: The Poor Pay All / Herbert J. Gans How the Jews Became White Folks / Karen Brodtkin College Athletes and Role Conflict / Peter Adler and Patricia A. Adler Border Blues: The Dilemma of Illegal Immigration / Farai Chideya

## **Introduction to Sociology**

Far beyond detailing NFL star Michael Vick's conviction for dog fighting, his prison sentence, and comeback, Kenneth N. Robinson raises important issues concerning the way race and deviance are treated in America. His book offers a critical analysis of the broader sports culture of the NFL and its dominant alliance, including the media, corporate sponsors, and the politics of the state. The book examines differential treatment by race and how this pertains to Vick, when compared to high-profile whites in the NFL (i.e., Ben Roethlisberger and Bill Belichick). In addition, the harmful impacts of negative labeling show the detrimental effects of Vick being typecast as the face of animal cruelty. Not only did the strong social reaction have a deleterious effect on Vick's criminal case, but following the police raid of his home in Smithfield, Virginia, on April 25, 2007, the number of African-Americans arrested for dog fighting increased disproportionately by race from the five years prior. This makes them the only group to see a percent increase in their arrests and convictions in the five years that preceded and followed the April 25th raid of Vick's property. This data raises serious questions of selective enforcement by race. Overall, the strength of this work lies in Robinson's unique analysis of Michael Vick's fall and rise. I don't think I have ever described an academic work as creative, but each section of this book is just that innovative, original, and inspired. I say this because of the specific comparisons that Robinson utilizes (i.e., dog fighting to bestiality; Vick's treatment to Roethlisberger's; the NFL to China), which have never previously been discussed so thoroughly and sophisticatedly, but are undeniable in proving the point that racial discrimination is alive and well in America. Adrienne N. Milner, Ph.D., University of Alabama at Birmingham (About the Author) Kenneth N. Robinson, M.S., is an adjunct professor of sociology at his alma mater, Buffalo State, in Buffalo, New York. Publisher's website: <http://sbprabooks.com/KennethNRobinson> "

## **Biology: The Essentials**

Essentials of Human Behavior combines Elizabeth D. Hutchison's two-volume Dimensions of Human Behavior to present a multidimensional framework for understanding human behavior. Integrating person, environment, and the life course, this best-selling text leverages its hallmark case studies and balanced breadth and depth of coverage to help readers apply theory and general social work knowledge to unique practice situations. Now in four color and available with an interactive eBook, the Second Edition features a streamlined organization, the latest research, and original SAGE video to provide the most engaging introduction available to human behavior.

## **From Vick-Tim to Vick-Tory**

Social life is in a constant process of change, and sociology can never stand still. As a result, sociology today is a theoretically diverse enterprise, covering a huge range of subjects and drawing on a broad array of research methods. Central to this endeavour is the use of core concepts and ideas which allow sociologists to make sense of societies, though our understanding of these concepts necessarily evolves and changes. This clear and jargon-free book introduces a careful selection of essential concepts that have helped to shape sociology and others that continue to do so. Going beyond brief, dictionary-style definitions, Anthony Giddens and Philip W. Sutton provide an extended discussion of each concept which sets it in historical and theoretical context, explores its main meanings in use, introduces relevant criticisms, and points readers to its ongoing development in contemporary research and theorizing. Organized in ten thematic sections, the book offers a portrait of sociology through its essential concepts, ranging from capitalism, identity and deviance to globalization, the environment and intersectionality. It will be essential reading for all those new to sociology as well as anyone seeking a reliable route map for a rapidly changing world.

## **Social Theory Re-Wired**

Essential Anesthesia is a concise, accessible introduction to anesthetic practice. Now in its second edition, it provides a thorough overview of the science and practice of anesthesia. Part I describes the evaluation of the patient, the different approaches to anesthesia, and the post-operative care of the patient in pain. Part II introduces the essentials of physiology and pharmacology and their role in understanding the principles of anesthesia. The final part presents a step-by-step description of 14 clinical cases. These clinical vignettes give a very real introduction to the practicalities of anesthesia and will give the non-anesthetist physician an idea of how to prepare a patient for a surgical procedure. All chapters have been expanded and updated and an entirely new chapter on safety in healthcare has been added. This is the perfect introductory text for medical students, junior doctors and all operating theatre and critical care staff.

## **Sociology in Action**

Homeland Security: The Essentials expertly delineates the bedrock principles of preparing for, mitigating, managing, and recovering from emergencies and disasters. Taking as its starting point the content included in Introduction to Homeland Security, Fourth Edition, by the same author team, this new textbook lays a solid foundation for the study of present and future threats to our communities and to national security, and challenges readers to imagine more effective ways to manage these risks. This concise version outlines the risks facing the US today and the structures we have put in place to deal with them. From cyber warfare to devastating tornados to car bombs, all hazards currently fall within the purview of

the Department of Homeland Security. Yet the federal role must be closely aligned with the work of partners in the private sector. This book examines the challenges involved in these collaborative efforts. It retains the previous version's ample full-color illustrations, but in a streamlined and more affordable paperback format. A companion website offers material for student use, and the instructor-support web site includes an online Instructor's Guide (complete with chapter summaries and a test bank containing multiple-choice, true-or-false questions, and essay questions); PowerPoint Lecture Slides and Interactive Video; and other new case-study material created for this text. The BH Learning Library offers support for teaching your students the key skills of critical thinking, writing, and research. This book will appeal to students in Homeland Security and government/modern history programs; government officials and national policy-makers; private security and risk assessment professionals; professionals involved in state, federal, and private security training programs; and emergency management personnel. Highlights and expands on key content from the bestselling textbook Introduction to Homeland Security, 4th Edition Concisely delineates the bedrock principles of preparing for, mitigating, managing, and recovering from emergencies and disasters Instructor materials include Learning Library modules to support writing, critical thinking, and research skills Instructor websites offer valuable material for expanding the curriculum, including an Instructor's Guide, test banks, PPT Lecture Slides, and Interactive Video

### **Essential Anesthesia**

Drawing from the most up-to-date research, Victimology is an accessible, student-friendly text that provides students with an overview of the field of Victimology. Renowned authors and researchers Leah E. Daigle and Lisa R. Muftic expertly relay the history and development in this growing field to equip students with a strong foundation from which to build. Students will develop an understanding for why people are victimized, as well as how the Criminal Justice system and other social services interact with victims and each other. Students will also receive information about specific types of victimization, including contemporary issues such as stalking, hate crimes, human trafficking, terrorism, and more!

### **Wadsworth Classic Readings in Sociology**

Drawing on their own creativity, energy, and personal experience, entrepreneurs identify and seek to fill needs not currently being met by existing products or services. By doing so, they create financial/and or social value. This text examines all phases of the entrepreneurial process: ideas for something new and better than what currently exists, determining whether these ideas suggest viable business opportunities, obtaining needed financial and human resources, securing intellectual property protection, launching the new venture, developing strategies for gaining and maintaining competitive advantage, and building a customer base. In discussing these and other topics, the text draws on research findings that help identify variables that play a role in entrepreneurs' effective performance of these tasks, and

so-ultimately-in their success.

## **The Sociology Project 2.0**

### **Identities in Everyday Life**

"Sociology Now reflects the discipline today and explores the big questions about multiculturalism and globalization that sociologists ask." Sociology has always offered a way to make sense of the complex and sometimes contradictory forces that shape our social lives in any era. As "Sociology Now" explains sociology as both a body of knowledge and a "way of seeing," it shows how two such forces in particular have come to preoccupy sociologists and influence the way they look at the events and experiences of the early twenty first century: The first is globalization--the economic, political, cultural, and social interconnections among people and institutions all over the world. The second is multiculturalism--the recognition that race, ethnicity, class, gender, sexuality, religion, and other statuses are sources of social inequality, but also the foundations of our identities. Michael Kimmel, a leading sociologist and gender researcher, and co-author Amy Aronson, a journalist and media scholar, address these questions head-on as they make a compelling case for the importance of sociology in the contemporary world.

### **NSCA's Essentials of Personal Training**

Introduction to Sociology 2e adheres to the scope and sequence of a typical, one-semester introductory sociology course. It offers comprehensive coverage of core concepts, foundational scholars, and emerging theories, which are supported by a wealth of engaging learning materials. The textbook presents detailed section reviews with rich questions, discussions that help students apply their knowledge, and features that draw learners into the discipline in meaningful ways. The second edition retains the book's conceptual organization, aligning to most courses, and has been significantly updated to reflect the latest research and provide examples most relevant to today's students. In order to help instructors transition to the revised version, the 2e changes are described within the preface. The images in this textbook are grayscale. Authors include: Heather Griffiths, Nathan Keirns, Eric Strayer, Susan Cody-Rydzewski, Gail Scaramuzzo, Tommy Sadler, Sally Vyain, Jeff Bry, Faye Jones

### **Victimology**

This Fourth Edition of George Ritzer's Introduction to Sociology shows students the relevance of sociology to their lives.

While providing a rock-solid foundation, Ritzer illuminates traditional sociological concepts and theories, as well as some of the most compelling contemporary social phenomena: globalization, consumer culture, the digital world, and the “McDonaldization” of society. With examples on every page from current events and contemporary research, and stories about “public” sociologists who are engaging with the critical issues of today, the text demonstrates the power of sociology to explain the world, and the diversity of questions that sociologists seek to answer. New to this Edition New “Trending” boxes focus on influential books written by sociologists that have become part of the public conversation about important issues. Replacing “Public Sociology” boxes, these boxes demonstrate the diversity of sociology's practitioners, methods, and subject matter, and feature such authors as: Michelle Alexander (The New Jim Crow) Elizabeth Armstrong and Laura Hamilton (Paying for the Party) Randol Contreras (The Stick-Up Kids) Matthew Desmond (Evicted) Kimberly Hoang (Dealing in Desire) Arlie Hochschild (Strangers in Their Own Land) Eric Klinenberg (Going Solo) C.J. Pascoe (Dude, You're a Fag) Lori Peek and Alice Fothergill (Children of Katrina) Allison Pugh (The Tumbleweed Society) Updated examples in the text and “Digital Living” boxes keep pace with changes in digital technology and online practices, including Uber, bitcoin, net neutrality, digital privacy, WikiLeaks, and cyberactivism. New or updated subjects apply sociological thinking to the latest issues including: the 2016 U.S. election Brexit the global growth of ISIS climate change President Trump's proposed Mexican border wall further segmentation of wealthy Americans in the “super rich” transgender people in the U.S. armed forces charter schools the legalization of marijuana the Flint water crisis fourth-wave feminism

### **Classical Sociological Theory**

The world is at our fingertips, but understanding what is going on has never been more daunting. Garth Massey’s *Ways of Social Change* is a primer for making sense of both rapidly moving events and the cultural and structural forces on which social life is built, while teaching critical thinking skills needed to understand social change. With an approach that is fresh, timely, challenging, and engaging, *Ways of Social Change* shows students how social change is both a lived experience and the result of our actions in the world. It invites the reader into the realm of social science, where clarification, understanding, and inquiry provide for both informed opinions and a path to effective involvement. The core of the book focuses on five forces that powerfully influence the direction, scope and speed of social change: science and technology, social movements, war and revolution, large corporations, and the state. A concluding chapter encourages students to examine their own perspectives and offers ways to engage in social change, now and in their lifetime.

### **Sociology Now**

Join the conversation with one of sociology’s best-known thinkers. The Third Edition of *Introduction to Sociology*, thoroughly revised and updated, continues to show students the relevance of the introductory sociology course to their lives. While

providing a rock-solid foundation, George Ritzer illuminates traditional sociological concepts and theories, as well as some of the most compelling contemporary social phenomena: globalization, consumer culture, the Internet, and the “McDonaldization” of society. As technology flattens the globe, students are challenged to apply a sociological perspective to their world, and to see how “public” sociologists are engaging with the critical issues of today.
