### **Solutions Manual to Accompany Introduction to Financial Accounting**

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Relevance for majors and non-majors—accounting concepts explained in a business context. Financial Accounting: A Business Process Approach explains accounting concepts in a way all readers can understand by organizing the material around how a business works. This text's business process approach presents a business topic and then shows the accounting concepts behind it—rather than solely explaining accounting concepts based on the balance sheet order.
