Blood Curse

The Dreaming Jewels

A wizard without family A warrior without memory A world without hope One thousand years ago, the world was broken and reborn beneath the boot of a nameless, ageless tyrant. He erased all history of the time before, enslaving the people and hunting those with the power to unseat him. The power of magic. Eryn is such a girl. Born with the Curse, she fights to control and conceal it to protect those she loves. But when the truth is revealed, and his soldiers come, she is forced away from her home and into the company of Silas, a deadly fugitive tormented by a fractured past. Silas knows only that he is a murderer who once hunted the Cursed, and that he and his brothers butchered armies and innocents alike to keep the deep, dark secrets of the time before from ever coming to light. Secrets which could save the world. Or destroy it completely.

Some of Your Blood

As the Gypsies gather in the ancient village of Les-Saintes-Maries-de-la-Mer for the annual celebration honoring their patron saint, a mystical convergence of events brings four adolescents together at a haunted house and sets them on a perilous quest to locate a centuries-old manuscript that holds the power to release the

devastating force of the Ancient Ones upon the Earth. Fifteen-year-old Sarah and her younger brother Luca are lonely Gypsy kids who travel about Europe with their parents. Forced by their Gypsy father to beg and pick pockets for money, Sarah and Luca find it impossible to earn their father's approval. Fifteen-year-old Edgar cannot stand his parents (and the feeling is mutual) when the family moves from New Jersey to France so that his parents can live out their dream of being French aristocracy. Fourteen-year-old Aleck's world is turned upside down when his parents are killed in a car crash and his older sister decides that he would be better off in France with their Aunt and Uncle whose real concern is their own lavish lifestyle. Beset by their parents and guardians, the four young people must also survive the mercurial activities of a spirit haunting the house that holds clues to the location of the manuscript which is also sought by a secret society bent on locating it for their own purposes. In a frenzied chase that takes them from the ancient villages of Provence through the blood-soaked quarries of Roussillon to the macabre catacombs of Paris, the four must put aside their differences and suspicions to outwit the evil forces who would stop at nothing to get their hands on the ancient book. "From the Grave: The Prayer" is a classic tale of terror, suspense and intrigue set in southern France, written by the Master of the Macabre, William Castle.

This epic of class, ambition, and murder in the early twentieth century is “[a] masterpiece...America’s Crime and Punishment” (Kirkus Reviews). Theodore Dreiser’s *An American Tragedy* is the story of a weak-willed young man who is both a villain and a victim of the valueless, materialistic society around him. Inspired by the true story of an early twentieth-century murder and adapted into a classic film under the title *A Place in the Sun*, *An American Tragedy* follows Clyde Griffiths as he is drawn into a circle of wealthy friends despite his own poverty-stricken background. Leaving the needs of his family behind as he buys expensive presents to impress a rich girl, Clyde finds that his new life leads him into a tragedy born of recklessness. Yet he continues to yearn ambitiously for money and status—a desire that will be his downfall. “Dreiser is widely regarded as the strongest of the novelists who have written about America as a business civilization. No one else confronted so directly the sheer intractability of American social life and institutions.”—*The New Yorker*

The Blood Chalice

The arrival of a mysterious savior transforms a small town in this provocative parable from “a master storyteller certain to fascinate” (Kurt Vonnegut). Everything changes when Godbody comes to town. He appears out of nowhere, enigmatic and breathtaking, to touch the lives of a chosen few. To them he offers a vision of what life could be—spreading his message of love, generosity,

sensuousness, and freedom—and before long he has erased their sadness and opened their hearts. Still, there are those in town who, corrupt and powerful, are threatened by what Godbody brings, and for this reason he must pay the ultimate price. But before his preordained end, Godbody will accomplish something truly miraculous. The final book of Theodore Sturgeon's fabled career, published posthumously, *Godbody* is a powerful, moving, thought provoking, and sweetly erotic tale of love, truth, and otherworldly second comings that, once read, will never be forgotten. This ebook features an illustrated biography of Theodore Sturgeon including rare images and never-before-seen documents from the University of Kansas's Kenneth Spencer Research Library and the author's estate, among other sources.

Theodore Sturgeon was a model for his friend Kurt Vonnegut's legendary character Kilgore Trout, and his work was an acknowledged influence on important younger writers from Harlan Ellison and Robert Silverberg to Stephen King and Octavia Butler. His work has long been deeply appreciated for its sardonic sensibility, dazzling wordplay, conceptual brilliance, memorable characters, and unsparing treatment of social issues such as sex, war, and marginalized members of society. Sturgeon also authored several episodes of the original Star Trek TV series and

originated the Vulcan phrase “Live long and prosper.” This twelfth volume of North Atlantic’s ambitious series reprinting his complete short stories includes classic works such as the award-winning title story, which won both the Hugo and Nebula Awards in 1971, as well as “Case and the Dreamer,” a well-crafted tale of an encounter with a trans-spatial being that is also a meditation on love, and “The [Widget], the [Wadget], and Boff,” a creative exploration of the human ability to achieve self-realization in response to crisis. The book includes a new Foreword, an illuminating section of Story Notes, and a comprehensive index for the entire series.

Though only eight years old, little Horton "Horty" Bluett has known a lifetime of sadness. Tormented and abused by his adoptive family, he's had enough—and with a beloved broken toy he calls "Junky" as his sole companion, the desperate little boy runs away to join a carnival. There, among the fortune tellers, fire-eaters, sideshow freaks, and assorted "strange people," Horty hopes to find acceptance and, at long last, a real home. is no ordinary entertainment, and its performers are not what they appear to be. The Maneater has sinister plans for the world that go far beyond fleecing unsuspecting rubes and other easy marks—a dark and terrible scheme that requires unleashing the extraterrestrial power of the dreaming jewels, and the unwitting assistance of a young boy who may be far more remarkable than he's ever imagined. The full-length debut by Theodore Sturgeon, a legendary writer who won Nebula and Hugo Awards and authored such classics as *More Than Human*, this journey into a circus of shadows is “an intensely written and very moving novel of love and retribution” (The Washington Star). that their father, former boy bander Don Masters, found in an ad in a truck stop coupon magazine. But this year was different. Where they went couldn't be found on any map or in any truck stop coupon book. They passed through a portal to a place called Turtle Island, an alternate version of America that diverged from our history before the pilgrims landed at Plymouth Rock. It was there where they met world famous action movie star Jordie Paine -- star of such films as I Plan to Kill You Now and the sequel, I Plan to Kill You Now, Too, the ninja film, Chuck Butcher: Sword Wielding Jackal, as well as the light-hearted romp, Harry Hinklehoffer and the Giant Dancing Toad of East Nebraska -- who would be their guide in this strange new world. Jordie, they later learned, brought the Masters family to Turtle Island for a very specific reason. Because they look just like the ruthless first family of Turtle Island, the Masters are pawns in a coup to overthrow the dictator. But things don't go as planned and the Masters wind up in the Survival Games, Turtle Island's national pastime/system of justice where criminals competitors, or crimpetitors, compete for their freedom. In this scifi comedy, the stakes are very simple -- if they win, they rule, if they lose, they must suffer the consequences.

One of the Horror Writers Association's Top 40 Horror Books of All Time—the story of a troubled soldier and his bizarre, violent obsession with vampirism. Referred to as George Smith in official papers and records, the prisoner comes under the observation of Army psychiatrist Philip Outerbridge, who asks the young man to put his story down on paper. The result is a shocking tale of abuse, violence, and twisted love, a personal history as dark and troubling as any the doctor has ever encountered. Believing the patient to be dangerously psychotic, Dr. Outerbridge must dig deeper into his psyche. And when the truth about the strange case of George Smith is fully revealed, the results will be devastating. Told through letters, transcripts, and case studies, *Some of Your Blood* is an extraordinary, poignant yet terrifying, genre-defying novel. Hero Tales from American History

From Hugo and Nebula winner Theodore Sturgeon comes a seeming utopia: a world with only one gender and no poverty, pollution, or war—but at what cost? Charlie Johns has been snatched from his home on Earth and delivered to the strange future world of Ledom. Here, violence is a vague and improbable notion. Technology has triumphed over hunger, overpopulation, pollution, and even time and space. But there is a change Charlie finds even more shocking: Gender is a thing of the past. Gone are the tensions between male and female. Gone is the human preoccupation with sex. As Charlie explores Ledom and its people, he finds his engrained human precepts are profane in this new world. But then why are his hosts so eager for his approval? Something isn't right about Ledom's ideal existence. And when cracks begin to appear in its flawless facade, Charlie must unearth the city's terrible secrets . . . before it's too late. Theodore Sturgeon's visionary tale is literary science fiction at its most brazen and inventive. A scathing critique of American puritanism that unabashedly explores questions of sexuality and gender, it remains as relevant, insightful, provocative, and troubling as when it first appeared in print. Awards, this latest volume finds Theodore Sturgeon in fine form as he gains recognition for the first time as a literary short story writer. Written between 1957 and 1960, when Sturgeon and his family lived in both America and Grenada, finally settling in Woodstock, New York, these stories reflect his increasing preference for psychology over ray guns. Stories such as "The Man Who Told Lies," "A Touch of Strange," and "It Opens the Sky" show influences as diverse as William Faulkner and John Dos Passos. Always in touch with the zeitgeist, Sturgeon takes on the Russian Sputnik launches of 1957 with "The Man Who Lost the Sea," switching the scene to Mars and injecting his trademark mordancy and vivid wordplay into the proceedings. These mature stories also don't stint on the scares, as "The Graveyard Reader"—one of Boris Karloff's favorite stories—shows. Acclaimed novelist Jonathan Lethem's foreword neatly summarizes Sturgeon's considerable achievement here.
