To Middle-Earth and Back Again

The authorized biography of the creator of Middle-earth. In the decades since his death in September

1973, millions have read THE HOBBIT, THE LORD OF THE RINGS, and THE SILMARILLION and become fascinated about the very private man behind the books. Born in South Africa in January 1892, John Ronald Reuel Tolkien was orphaned in childhood and brought up in near-poverty. He served in the first World War, surviving the Battle of the Somme, where he lost many of the closest friends he'd ever had. After the war he returned to the academic life, achieving high repute as a scholar and university teacher, eventually becoming Merton Professor of English at Oxford where he was a close friend of C.S. Lewis and the other writers known as The Inklings. Then suddenly his life changed dramatically. One day while grading essay papers he found himself writing 'In a hole in the ground there lived a hobbit' -- and worldwide renown awaited him. Humphrey Carpenter was given unrestricted access to all Tolkien's papers, and interviewed his friends and family. From these sources he follows the long and painful process of creation that produced THE LORD OF THE RINGS and THE SILMARILLION and offers a wealth of information about the life and work of the twentieth century's most cherished author.

Marguerite Makes a Book

"[A] winningly obsessive history of our relationship with underground places" (The Guardian), from sacred caves and derelict subway stations to nuclear bunkers and ancient underground cities--an exploration of the history, science, architecture, and mythology of the worlds beneath our feet NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR When Will Hunt was sixteen years old, he discovered an abandoned tunnel that ran beneath his house in Providence, Rhode Island. His first tunnel trips inspired a lifelong fascination with exploring underground worlds, from the derelict subway stations and sewers of New York City to sacred caves, catacombs, tombs, bunkers, and ancient underground cities in more than twenty countries around the world. Underground is both a personal exploration of Hunt's obsession and a panoramic study of how we are all connected to the underground, how caves and other dark hollows have frightened and enchanted us through the ages. In a narrative spanning continents and epochs, Hunt follows a cast of subterraneaphiles who have dedicated themselves to investigating underground worlds. He tracks the origins of life with a team of NASA microbiologists a mile beneath the Black Hills, camps out for three days with urban explorers in the catacombs and sewers of Paris, descends with an Aboriginal family into a 35,000-year-old mine in the Australian outback, and glimpses a sacred sculpture molded by Paleolithic artists in the

depths of a cave in the Pyrenees. Each adventure is woven with findings in mythology and anthropology, natural history and neuroscience, literature and philosophy. In elegant and graceful prose, Hunt cures us of our "surface chauvinism," opening our eyes to the planet's hidden dimension. He reveals how the subterranean landscape gave shape to our most basic beliefs and guided how we think about ourselves as humans. At bottom, *Underground* is a meditation on the allure of darkness, the power of mystery, and our eternal desire to connect with what we cannot see. Praise for *Underground* "A mesmerizingly fascinating tale . . . I could not stop reading this beautifully written book."--Michael Finkel, author of *The Stranger in the Woods* "Few books have blown my mind so totally, and so often. In Will Hunt's nimble hands, excursion becomes inversion, and the darkness turns luminous. There are echoes of Sebald, Calvino, and Herzog in his elegant and enigmatic voice, but also real warmth and humor. . . . An intrepid--but far from fearless--journey, both theoretically and terrestrially."--Robert Moor, *New York Times* bestselling author of *On Trails*

It Devours!

“Shows how Finnish mythology and folk tales were

instrumental to how Tolkien created his own legendarium.”—Boston Globe Kullervo, son of Kalervo, is perhaps the darkest and most tragic of all J.R.R. Tolkien’s characters. “Hapless Kullervo,” as Tolkien called him, is a luckless orphan boy with supernatural powers and a tragic destiny. Brought up in the homestead of the dark magician Untamo, who killed his father, kidnapped his mother, and tried three times to kill him when he was still a boy, Kullervo is alone save for the love of his twin sister, Wanōna, and the magical powers of the black dog Musti, who guards him. When Kullervo is sold into slavery he swears revenge on the magician, but he will learn that even at the point of vengeance there is no escape from the cruelest of fates. Tolkien himself said that The Story of Kullervo was “the germ of my attempt to write legends of my own,” and was “a major matter in the legends of the First Age.” Tolkien’s Kullervo is the clear ancestor of Túrin Turambar, the tragic incestuous hero of The Silmarillion. Published with the author’s drafts, notes, and lecture essays on its source work, the Kalevala, The Story of Kullervo is a foundation stone in the structure of Tolkien’s invented world. “A fascinating read.”—NPR

Clockwork Or All Wound Up

"[A] powerful work. . . . Provides a road map for any Christian seeking greater racial justice."--Publishers Weekly Reconciliation is not true reconciliation without justice! Brenda Salter McNeil has come to this conviction as she has led the church in pursuing reconciliation efforts over the past three decades.

McNeil calls the church to repair the old reconciliation paradigm by moving beyond individual racism to address systemic injustice, both historical and present. It's time for the church to go beyond individual reconciliation and "heart change" and to boldly mature in its response to racial division. Looking through the lens of the biblical narrative of Esther, McNeil challenges Christian reconcilers to recognize the particular pain in our world so they can work together to repair what is broken while maintaining a deep hope in God's ongoing work for justice. This book provides education and prophetic inspiration for every person who wants to take reconciliation seriously. *Becoming Brave* offers a distinctly Christian framework for addressing systemic injustice. It challenges Christians to be everyday activists who become brave enough to break the silence and work with others to dismantle systems of injustice and inequality.

The History of the Hobbit: Mr Baggins and Return to Bag-End

A Hobbit Devotional

From award-winning investigative journalist Kyle Swenson, *Good Kids, Bad City* is the true story of the longest wrongful imprisonment in the United States to end in exoneration, and a critical social and political history of Cleveland, the city that convicted them. In the early 1970s, three African-American men—Wiley Bridgeman, Kwame Ajamu, and Rickey Jackson—were accused and convicted of the brutal robbery and murder of a man outside of a convenience store in Cleveland, Ohio. The prosecution’s case, which resulted in a combined 106 years in prison for the three men, rested on the more-than-questionable testimony of a pre-teen, Ed Vernon. The actual murderer was never found. Almost four decades later, Vernon recanted his testimony, and Wiley, Kwame, and Rickey were released. But while their exoneration may have ended one of American history’s most disgraceful miscarriages of justice, the corruption and decay of the city responsible for their imprisonment remain on trial. Interweaving the dramatic details of the case with Cleveland’s history—one that, to this day, is fraught with systemic discrimination and racial tension—Swenson reveals how this outrage occurred

and why. Good Kids, Bad City is a work of astonishing empathy and insight: an immersive exploration of race in America, the struggling Midwest, and how lost lives can be recovered.

J.R.R. Tolkien

Lesson Plan from the year 2017 in the subject English - Pedagogy, Didactics, Literature Studies, grade: 1,7, University of Augsburg, language: English, abstract: The lesson described in this paper is based on the book The Hobbit by J.R.R. Tolkien. The lesson is intended for a year 10 class in a grammar school, the recipients of the lesson will therefore be 14 to 17 year old pupils. The fantasy novel The Hobbit was chosen for several reasons. The book was originally written for children which means that it contains relatively easy vocabulary and is fun to read at the same time. Pupils are likely to enjoy this book as it is set in a fictional world that is lovingly described and is packed with action as the protagonists have to survive many exciting adventures. Furthermore, J.R.R. Tolkien is listed in the syllabus for Realschulen as an author that could be discussed in year 10. As the pupils at grammar school are the same age, should have similar competences and most likely have similar interests as pupils in a Realschule, the book should be

appropriate for grammar school pupils too. The lesson described in this paper would be the first of about eight lessons on the book and would be 45 minutes long. The main focus of the lesson is set on reading comprehension and so the overall goal of the lesson is for the pupils to be capable of summarising the first two chapters of "The Hobbit" in their own words as well as being able to reflect on the novel. This goal is based on the syllabus for English in grammar schools in year 10. The aims of reading comprehension that should be attained by the end of year 10 are described here. Among other things, Pupils should be able to read long and complicated literary texts and understand them on their own. This is expected of the pupils in the lesson on The Hobbit, as the homework due for the lesson is to read the first two chapters of The Hobbit on their own. In the section on understanding texts, there is a passage stating that pupils in year 10 should read either a novel or a drama of the twentieth or twenty-first century and understand, interpret and give their own opinion on the text (ISB 2004). The novel The Hobbit fits into the category of novels from the twentieth century as it was published in 1937 (Tolkien 1997) and in the course of the lesson will be understanding, interpreting and giving their own opinion on the text.
