Voodoo Histories

This book addresses the crucial question of how the essential needs of the growing human population can be met without breaking the Earth's already-stretched life-support system. With four out of five people predicted to be urban dwellers by 2080, 'One Planet' Cities proposes a pathway to genuine sustainability for cities and neighbourhoods, using an approach based on contraction and convergence. Utilising interviews with key players, including the Global Footprint Network, World Future Council, WWF, mayors and government officials, and case studies from across the globe, including Europe, North and South America, Australia, South Africa, China and India, David Thorpe examines all aspects of modern society from food provision to neighbourhood design, via industry, the circular economy, energy and transport through the critical lens of the ecological footprint and relevant supporting international standards and indicators. Recommendations on managing supply chains and impacts, how the transition to a world within limits might be financed, and a deep examination of the Welsh Government's pioneering efforts follow. It concludes with an imagined vision of what a genuinely sustainable future might be like, and an appeal for 'one planeters' everywhere to step up to the challenge. This book will be of great interest to practitioners and policymakers involved in governance, administration, urban environments and sustainability, alongside students of the built environment, urban planning, environmental policy and energy.

The Doomsday Book

The power to "Push" can alter reality. This ability makes seventeen-year-old Kaylin a high-value target. Thirty years after greed and corruption tore American society aᵗ relentless sector groups recruit powerful youths, often by force, to mold the populace to expand their reach. Kaylin has been on the run, hiding her untapped abilities for six years, but rescuing a mysterious young man risks exposing the depths of her power. Life has never been easy, but fighting back is even harder. This harsh, new world will no longer allow her to remain hidden.

Now in paperback: a #1 New York Times–bestselling author’s gripping chronicle of “two doctors . . . bringing light to those in darkness” (Time) The publisher will donate a portion of its proceeds on the sale of this book to the Himalayan Cataract Project. *Second Suns* is the unforgettable true story of two very different doctors with a common mission: to rid the world of preventable blindness. Dr. Geoffrey Tabin was the high-achieving “bad boy” of his class at Harvard Medical School. Dr. Sanduk Ruit grew up in a remote village in the Himalayas, where cataract blindness—easily curable in modern hospitals—amounts to an epidemic. Together, they pioneered a new surgical method, by which they have restored sight to over 100,000 people—all for about \$20 per operation. Master storyteller David Oliver Relin brings the doctors’ work to vivid life through poignant portraits of their patients, from old men who can once again walk treacherous mountain trails, to children who can finally see their mothers’ faces. The Himalayan Cataract Project is changing the world—one pair of eyes at a time.

The Sun Dwellers

“In wildness is the preservation of the world,” wrote Thoreau in his iconic deathbed essay “Walking.” Celebrates the bicentennial of Thoreau’s birth in 1817. This summation of his life’s work, published posthumously in 1862, became a seminal

influence in the modern environmental movement and is no less relevant today than 150 years ago. "Above all, we cannot afford not to live in the present," he wrote. He extolled walking as a delightful and necessary idleness, an antidote to the burdens of civilization, a means of immersing ourselves in nature and awakening to the moment. "Walking" is recognized by most scholars as Thoreau's "other" masterpiece, *Walden* in a more concise form. In the introduction of this edition, Adam Tuchinsky accessibly and engagingly unpacks the essay's nineteenth-century associations, highlights the startling modernity of its sentiments, and reveals why Thoreau remains the towering figure in the history of American nature writing. Exquisite contemporary nature photographs curated by Denise Froehlich grace this handsome book. antique-looking paper B&W nature photos from Kurito Koichiro and other fine art photographers captioned with memorable lines from Thoreau's writings.

Crossing the Unknown Sea

In 2157, a mysterious gas known as Variant spreads across the globe, killing or mutating most organic life. The surviving humans take refuge in an underground city, determined to return home. But after generations of failures and botched attempts, hope is beginning to dwindle. That is, until a young scientist makes a unique discovery—and everything changes. Suddenly, there's reason to hope again, and it rests within a group of genetically engineered children that are both human and Variant. Terry is one of these children, modified and trained to endure the harsh conditions of a planet he cannot begin to understand. After years of preparation, Terry thinks he knows what to expect. But the reality is far stranger than anything he can imagine—and what he will become is far more dangerous.

Stargazing with Binoculars

In the spirit of fantasy epics like George R.R. Martin's *A Game of Thrones* and Brandon Sanderson's *The Way of Kings*, *The Fatemarked* promises immaculate world building, an ancient prophecy, a mysterious source of magic, interesting characters, war, political intrigue, and romance. The Hundred Years War rages on, with tensions between kingdoms growing ever more strained. While Annise Goric and her forces march on Castle Hill to retake the northern throne, her cousin, Rhea Loren, wages a naval war against Blackstone. Meanwhile, Roan Loren and Gwendolyn Storm struggle to breach the gnarled, vine-choked undergrowth of the Tangle in their quest to reach Knight's End and learn more of the true purpose of the fatemarked. In the south, a Calypsian empress is murdered, and her daughters fight to claim the empire and wage a civil war against their estranged father's armies. In Phanes, slavery runs rampant while a rebel group fights to free the oppressed people. A master named Jai Jiroux looks to help the rebel cause, an act of treason punishable by death. Surrounding the Four Kingdoms is the pall cast by the Kings' Bane, who continues his quest to kill eight rulers and thus fulfill the Western Oracle's ancient prophecy, which he believes will pave the way to peace across the realms.

In this inspirational memoir, internationally bestselling author David Vann tells the true story of building his own sailing ship and of the disastrous voyage that ensues. As a thirty-year-old tourist in Turkey, David Vann stumbles across the steel frame of a ninety-foot sailboat and decides to fulfill a long-buried dream: he will rebuild the boat. From friends, family, and credit cards, he borrows \$150,000 to construct the ship and achieve his ambition. However, when the Turkish builders take shameless advantage of him, eventually charging him over \$500,000, Vann finds himself on the edge of financial ruin and decides to start a chartering business. Battling with construction nightmares, spiraling debts and freak storms, Vann begins to wonder if he is merely repeating his father's failures at sea, and a career that led to tragedy. At once a page-turning memoir of adventure on the open ocean and a tale of one man's attempt to overcome fate and realise his dream, A Mile Down is an unforgettable story of struggle and redemption by a writer of rare power.

The Jungle Book

Someone must die before another can be born As sea levels rise and livable landmasses shrink, the Reorganized United States of America has instituted population control measures to ensure there are sufficient resources and food to sustain the growing population. Birth authorization must be paid for and obtained prior to having a child. Someone must die before another can be born, keeping the country in a population neutral position at what experts consider to be the optimal population. The new laws are enforced by a ruthless government organization known as Pop Con, responsible for terminating any children resulting from

unauthorized births, and any illegals who manage to survive past their second birthday, at which point they are designated a national security threat and given the name Slip. But what if one orphan slipped through the cracks? What if someone knew all the loopholes and how to exploit them? Would it change anything? Would the delicate resource balance be thrown into a tailspin, threatening the lives of everyone? And how far would the government go to find and terminate the Slip? In a gripping story of a family torn apart by a single choice, Slip is a reminder of the sanctity of a single life and the value of the lives we so often take for granted.

The Martian Chronicles

"Exciting Post-Apocalyptic Tale world building is rich, detailed, and believable. Readers who enjoyed Blood Red Road by Moira Young will absolutely love this book!" - Mike Mullin, bestselling author of ASHFALL "Fire Country is a fast, fierce read. You will root for the protagonist, Siena, and her story will rake you across the coals. I will be keeping an eye on David Estes. You should too!" - Emmy Laybourne, bestselling author of MONUMENT 14 "Strong world building and vivid characters make Fire Country stand out from other post-apocalyptic YA novels. Young Siena is spunky and believable, and readers will pull for her to escape the clutches of her father and the dystopian society in which she lives." - Rysa Walker, bestselling author of TIMEBOUND In a changed world where the sky bleeds red, winter is hotter than hell and full of sandstorms, and summer's even hotter with raging fires that roam the desert-like country, the Heaters manage to survive, barely. Due to toxic air, life expectancies are so low the only way the tribe can survive is by forcing women to procreate when they turn sixteen and every three years thereafter. It is their duty as Bearers. Fifteen-year-old Siena is a Youngling, soon to be a Bearer, when she starts hearing rumors of another tribe of all women, called the Wild Ones. They are known to kidnap Youngling girls before the Call, the ceremony in which Bearers are given a husband with whom to bear children with. As the desert sands run out on her life's hourglass, Siena must uncover the truth about the Wild Ones while untangling the web of lies and deceit her father has masterfully spun.

A Narrative of the Life of David Crockett, of the State of Tennessee

After rescuing her father and younger sister, Adele is forced to leave her family and Tristan behind to find her mother in the cruel and dangerous realm of the star dwellers. Amidst blossoming feelings for Adele, Tristan must cast his feelings aside and let her find her own way amongst the star dwellers, while he accompanies Adele's father to meet with the leaders of the moon dwellers and decide the fate of the Tri-Realms. Will Adele be able to rescue her mother and make it back to the Moon Realm before the President and the sun dweller soldiers destroy her family? Can Tristan convince the moon dweller puppets of the error of their ways? Was Adele's lost kiss with Tristan her one and only chance at love? In her world there's only one rule: Someone must die.

The Earth Dwellers

In a desperate attempt to escape destruction decades earlier, humankind was forced underground, into the depths of the earth, creating a new society called the Tri-Realms. 17-year-old Adele, a member of the middle-class moon dwellers, is unjustly sentenced to life in prison deep underground. When a war breaks out within the Tri-Realms, Adele must escape from prison and seek to uncover her parents' true past, armed with only a wicked roundhouse kick and two fists that have been well-trained for combat by her father.

The Moon Dwellers

For Kivrin, preparing an on-site study of one of the deadliest eras in humanity's history was as simple as receiving inoculations against the diseases of the fourteenth century and inventing an alibi for a woman traveling alone. For her instructors in the twenty-first century, it meant painstaking calculations and careful monitoring of the rendezvous location where Kivrin would be received. But a crisis strangely linking past and future strands Kivrin in a bygone age as her fellows try desperately to rescue her. In a time of superstition and fear, Kivrin -- barely of age herself -- finds she has become an unlikely angel of hope during one of history's darkest hours. Five years in the writing by one of science fiction's most honored authors, *Doomsday Book* is a storytelling triumph. Connie Willis draws upon her understanding of the universalities of human nature to explore the ageless issues of evil, suffering and the indomitable will of the human spirit. Everything You Need to Know But Have Never Been Told

Angel Evolution- the first book in the young adult fantasy trilogy: The Evolution

Trilogy When Taylor meets Gabriel at college, she is in awe of the subtle glow that surrounds him. No one else, not even her best friend, seems to notice. Something about him scares her. Is all as it appears? While Taylor struggles for answers, she finds herself in the middle of a century old war centered on one miraculous revelation: evolution.

Aquaman by Peter David Book One

"I want to make it clear before we start what the title represents. Everything You Need To Know, But Have Never Been Told does not refer to all that people need to know in terms of information and knowledge. How could you put that between two covers? Religious books claim to do this but they are works of self-delusion and perceptual imprisonment. Everything You Need To Know in this case refers to the information necessary to open entirely new ways of thinking and perceiving reality, both in the seen and unseen, from which everything else will come. This book is a start not a finish. It is written in layers with information placed upon information that together reveals the picture by connecting the parts. The parts are fascinating, but the picture is devastating. Prepare for a perception reboot]] "

Infested

Demon Evolution- the second book in the young adult fantasy trilogy: The Evolution Trilogy Spreading darkness Guilty of treason for which the penalty is death, Taylor's angel boyfriend, Gabriel, has been captured. The fate of the world sits on a knife's edge, with Taylor being the key to everything. Taylor's aura is growing stronger, but will it be enough to save Gabriel and defeat the Archangel Council.

'One Planet' Cities

In the spirit of fantasy epics like George R.R. Martin's A Game of Thrones and Brandon Sanderson's The Way of Kings, The Fatemarked Epic promises immaculate world building, an ancient prophecy, a mysterious source of magic, interesting characters, war, political intrigue, and romance. The Hundred Years War has ravaged more than three generations of kings, queens, and citizens across the Four Kingdoms. Corrupt rulers dominate. Religious intolerance runs rampant. The cycle of vengeance continues to turn with the seasons. An ancient prophecy by a legendary oracle has been long forgotten. The prophecy promises the return of peace to the Four Kingdoms on the backs of a chosen few, the fatemarked, individuals marked at birth and blessed with specific magical powers. One shall be the Kings' Bane, and will bring death to the warmongering rulers, using fear to force peace; another shall be the Peacemaker, bestowed with the rare ability to heal. Opposite sides of the same coin, dark and light, death and life, the Kings' Bane and the Peacemaker are responsible for the fate of an entire continent. As they fight to achieve their destinies, adversity will hinder them in every realm: in the frozen north, assassination attempts and a brutal power struggle; in the holy west, a vicious queen and her self-righteous army of warriors; in the mysterious iron-clad forest of the east, revenge and glory rule the day; and in the southern empires of Calyp and Phanes, maturing dragons, slaves, and a civil war. To truly

fulfill the oracle's prophecy of peace, both the Kings' Bane and the Peacemaker, as well as the other fatemarked, will need to overcome those who seek to destroy everything in their pursuit for power.

Oath of Fealty

The Earth Dwellers is the 4th book in BOTH The Dwellers Saga and The Country Saga. The author recommends that BOTH series are read in their entirety before reading this book (The Moon Dwellers, The Star Dwellers, The Sun Dwellers, Fire Country, Ice Country, Water & Storm Country). Your favorite Dwellers and Country Saga characters come together in this epic seventh book! As President Borg Lecter threatens to annihilate the Country tribes in order to expand his glass-domed empire, Adele ventures into the belly of the beast. Her only hope of survival is the consolidation of Dwellers and Country power before it's too late. Former demagogue President Nailin is eliminated, yet civil unrest infects every alliance. To save Adele, President Tristan faces his greatest challenge yet: unifying unfriendly Dwellers in the Tri-Realms to raise an army against Lecter. Meanwhile, Dazz must convince the Ice Country leaders to march with Siena and the Tri-Tribes on the gates of the Glass City. The world sits on the edge of a knife. Will Adele, Tristan, Dazz, and Siena defeat Lecter and his army of killers before the Glassies wipe them off the face of the Earth?

"The oldest and strongest emotion of mankind is fear, and the oldest and strongest kind of fear is fear of the unknown." --H. P. LOVECRAFT, "Supernatural Horror in Literature" Howard Phillips Lovecraft forever changed the face of horror, fantasy, and science fiction with a remarkable series of stories as influential as the works of Poe, Tolkien, and Edgar Rice Burroughs. His chilling mythology established a gateway between the known universe and an ancient dimension of otherworldly terror, whose unspeakable denizens and monstrous landscapes--dread Cthulhu, Yog-Sothoth, the Plateau of Leng, the Mountains of Madness--have earned him a permanent place in the history of the macabre. In Tales of the Cthulhu Mythos, a pantheon of horror and fantasy's finest authors pay tribute to the master of the macabre with a collection of original stories set in the fearsome Lovecraft tradition:

- The Call of Cthulhu by H. P. Lovecraft: The slumbering monster-gods return to the world of mortals.
- Notebook Found in a Deserted House by Robert Bloch: A lone farmboy chronicles his last stand against a hungering backwoods evil.
- Cold Print by Ramsey Campbell: An avid reader of forbidden books finds a treasure trove of deadly volumes--available for a bloodcurdling price.
- The Freshman by Philip José Farmer: A student of the black arts receives an education in horror at notorious Miskatonic University.

Angel Evolution

In the spirit of fantasy epics like George R.R. Martin's A Game of Thrones and Brandon Sanderson's The Way of Kings, The Fatemarked Epic promises immaculate world building, an ancient prophecy, a mysterious source of magic, a diverse cast of characters, war, political intrigue, and romance. Despite the efforts of several of the fatemarked, turmoil and violence continue to plague the Four Kingdoms To the north, Annise Goric ventures into the Hinterlands to discover the truth of the Sleeping Knights, who may be the only hope for her kingdom. Meanwhile, Tarin Sheary travels to Darrin in a desperate bid to repel the eastern forces amassing at Crow's Nest. Unbeknownst to either of them, a new threat rises in Blackstone. In the west, Rhea Loren seeks to ransom her prisoners, Gareth Ironclad and Gwendolyn Storm, which will bring her one step closer to her goal of controlling the fatemarked. Relying on her ability to summon the ancient sea creature, Wrathos, she seeks to unify her people while persuading them that the child growing inside her was placed there directly by Wrath. With his fatemarked sister in tow, Grey Arris sails toward Pirate's Peril in search of the truth about Shae's marking and the cause of her recurring dream of a pirate. In the southern empire of Phanes, a slave rebellion is brewing, with Jai Jiroux and Shanti Parthena Laude at its core. But the Hoza brothers will not relinquish their power without a fight. Finally, in Calyp, Raven Sandes' dragonia are growing, and she must decide whether to use them against the east, who continue to attack her desert borders. Simultaneously, Roan Loren shows up at her palace with an offer she cannot refuse, as he strives to learn the truth of the Western Oracle's prophecies and the origins of the fatemarked. As always, Bane is lurking in the shadows with his new partner, Chavos the plaguemarked, plotting how to destroy those who would stand in the path of

peace.

Sustainable Energy--without the Hot Air

Dazz, a hard-edged, fun-loving Icer, likes fighting, particularly while at his favorite watering hole. However, while recovering from a particularly bad break up, his decision to engage in a brutal pubroom brawl leads to a series of events that thrust him into a dark and mysterious scandal involving King Goff, the ice country ruler. When his seven-year-old sister is abducted in the dark of night, Dazz pledges to do whatever it takes to get her back, embarking on a quest that threatens to rip apart the very fabric that's barely holding his shattered family together. Along the way he meets a group of unlikely allies in the form of a travelling group of fire country natives. Can Dazz, when joined with his best friend, Buff, and new tan-skinned friends, defeat the King and his guards before it's too late for his sister?

Ice Country

"Meticulous in its research, forensic in its reasoning, robust in its argument, and often hilarious in its debunking a highly entertaining rumble with the century's major conspiracy theorists and their theories." --John Lahr, National Book Critics Circle Award-winning author of Tennessee Williams From an award-winning journalist, a history so funny, so true, so scary, it's bound to be called a conspiracy. Our age is obsessed by the idea of conspiracy. We see it everywhere- from Pearl Harbor to 9/11, from the assassination of Kennedy to the death of Diana. In this age of terrorism we live in, the role of conspiracy is a serious one, one that can fuel radical or fringe elements to violence. For David Aaronovitch, there came a time when he started to see a pattern among these inflammatory theories. these theories used similarly murky methods with which to insinuate their claims: they linked themselves to the supposed conspiracies of the past (it happened then so it can happen now); they carefully manipulated their evidence to hide its holes; they relied on the authority of dubious academic sources. Most important, they elevated their believers to membership of an elite- a group of people able to see beyond lies to a higher reality. But why believe something that entails stretching the bounds of probability so far? In this entertaining and enlightening book, he examines why people believe conspiracy theories, and makes an argument for a true skepticism: one based on a thorough knowledge of history and a strong dose of common sense.

Second Suns

In a desperate attempt to escape destruction decades earlier, humankind was forced underground, into the depths of the earth, creating a new society called the Tri-Realms. After her parents and sister are abducted by the Enforcers, seventeen-year-old Adele, a member of the middle-class moon dwellers, is unjustly sentenced to life in prison for her parents' crimes of treason. Against all odds, Adele must escape from the Pen and find her family, while being hunted by a deranged, killing machine named Rivet, who works for the President. She is helped by two other inmates, Tawni and Cole, each of whom have dark secrets that are better left undiscovered. Other than her friends, the only thing she has going for her is a wicked roundhouse kick and two fists that have been well-trained for combat by her father. At the other end of the social spectrum is Tristan, the son of the President and a sun dweller. His mother is gone. He hates his father. Backed by only his servant and best friend, Roc, he leaves his lavish lifestyle in the Sun Realm, seeking to make something good out of his troubled life. When a war breaks out within the Tri-Realms, Tristan is thrust into the middle of a conflict that seems to mysteriously follow Adele as she seeks to find her family and uncover her parents true past. In their world, someone must die.

The Moon Dwellers

The science fiction epic of our time has arrived. Three years ago, an object one hundred miles across was spotted on a trajectory for Earth's sun. Now, its journey is almost over. As it approaches, two competing manned vehicles race through almost half a million kilometers of space to reach it first. But when they both arrive on the entity, they learn that it has been sent toward Earth for a reason. An intelligent race is desperately attempting to communicate with our primitive species. And the message is: Help us.

The Star Dwellers

Includes a bonus Dwellers Short Story (Anna's Story) and a sneak peek at David Estes' follow up YA dystopian series, Fire Country! With those she's closest to dying around her, Adele embarks on a secret mission to the Sun Realm to assassinate the President. Along the way she'll uncover secrets about her relationship with Tristan that she might not be ready to face. Tristan has a secret, too, one that's been eating him up inside ever since he met Adele. Will he reveal all, and risk the loss of friendship and love at a time when he needs it the most? At the same time, Adele's mother, General Rose, must lead her soldiers into battle to face the sun dweller army in the hopes of holding them off until Adele can complete her mission. Can she outlast the strength of President Nailin's elite fighting force? There's only one truth in their world: someone must die.
