Autobiography

'The sales slogan was 'Make way for the Austin Freeway'. Car buyers did more than that. 'They gave it the widest berth possible.' You may not recall the Falcon EA. But Ford certainly does. It had to recall tens of thousands of them.' During 27 years, the Trabant evolved from a primitive, badly built deathtrap into a primitive, badly built deathtrap with a 12-volt electrical system.' In this laugh out-loud sequel to the bestselling LEMON!, Tony Davis inducts 65 more cars into his Motoring Hall of Shame. Read about cars like the East German Trabant, with its cotton-reinforced body; or the dafter-than-you'd-believe-possible Lightburn Zeta Sports, which the brochure bizarrely dubbed a 'super car' (the only thing it could leap in a single bound was out of gear). There's the appalling Piazza, the ridiculously hyped Tucker 48 and the explosive Ford Pinto: all shining examples of the hair-brained, the unsightly, the excruciatingly dull and the magnificently unsuccessful. EXTRA LEMON will make you wince, groan and avert your eyes - once you've stopped laughing. More heroic failures of motoring by the author of the bestselling LEMON!

The Fred Opert Story

This comprehensive manual has step by step instructions for all chapters to help the weekend repairer or motor mechanic with everything from changing the oil there to solving and repairing sophisticated problems. Engine chapters cover diesel engines 5L, and 5LE, 1KZ-T and 1KZ-TE turbocharged series. Four cylinder petrol/gasoline engines 4 Cylinder Petrol 1RZ-E and 3RZ-FE plus the V6 series 5VZ-FE are also covered in detail. Explicit instructions accompany ample photographs and live illustrations to help the reader work with minor or major work. The comprehensive diesel fuel chapters cover injection components, ECM values plus sensor checks for injection systems including injectors, fuel pumps and fuel tank. Petrol/gasoline and Ignition chapters provide good detail on the ECM and injection systems for 1RZ-E, 3RZ-FE and V6 engine 5VZ-FE including injectors, fuel pump and fuel tank.

The Economies of the Middle East

Here is the definitive book on the sensational Chrysler Valiant Chargers of Australia. 1971 Wheels Magazine car of the year, the Charger still has a strong cult following.

Chrysler Valiant

Automotive Technology

Cannonball!

"60 Years of Holden" builds on the success of its predecessors (45 and 50 Years of Holden), bringing together vast amounts of technical information and specifications on the 100 model series that Holden has produced since it began manufacturing. Beginning with Holden's pre-1948 history, this book charts Holden's course in Australia, with

Hubert Platt

Webster's Dictionary lists the term showman as "a notably spectacular, dramatic, or effective performer." In the art of drag racing, Hubert Platt checked all boxes. Known as the "Georgia Shaker," Platt cut his motoring teeth on the long straightaways and twisty back roads of South Carolina while bootlegging moonshine. After a run-in with the law in 1958, Platt transferred his driving skills from illegal activity to sanctioned drag racing and began one of the most dominant runs in drag racing history until his retirement in 1977. After stints in 1957, 1958, and 1962 Chevrolets, Platt's next ride was a Z11 Impala, which carried his first "Georgia Shaker" moniker. Once Chevrolet pulled out of sanctioned racing, Platt found a new home with Ford for 1964 and remained there until he hung up his helmet. Some of the cars he campaigned became icons in their own right. His factory-backed and personal machines included a 1963 Z11 Impala, 1964 Thunderbolt, 1965 Falcon, 1966 Mustang Funny Car, 1967 Fairlane 427, 1968-1/2 Cobra Jet, 1969 CJ Mustang, 1970 427 SOHC Mustang, and 1970 Boss 429 Maverick. A 1986 NHRA Hall of Fame member, Platt's lasting legacy on the sport can't be denied. Whether he was launching his Falcon with the door open, conducting a Ford Drag Team seminar, or posting low E.T. at the 1967 US Nationals in his Fairlane, Platt's imprint on drag racing was all-encompassing. His son and biggest fan, Allen Platt, shares his dad's iconic career in, Hubert Platt: Fast Fords of the "Georgia Shaker"!

Torana Tough

Haynes. Covers all front-wheel drive models, 1986-1999.

David Vizard's How to Build Horsepower

Holden Improved Performance

An integrated collection of a dozen of Peter Earl's lively and thought-provoking essays, carefully edited and updated. Theoretical topics include the prediction of corporate behaviour, the economic foundations of marketing and shopping mall design, pricing strategy and its relationship with the existence of second-hand markets, and the microfoundations of macroeconomics. Case studies include co-operation in the car industry, managerialist reforms in New Zealand and the university sector, structural change in the advertising industry and the place of GB Richardson and GLS Shackle in the literature of economics.

60 Years of Holden

Whether you're interested in better performance on the road or extra horsepower to be a winner on the track, this book gives you the knowledge you need to get the most out of your engine and its turbocharger system. Find out what works and what doesn't, which turbo is right for your needs, and what type of set-up will give you that extra boost. Bell shows you how to select and install the right turbo, how to prep your engine, test the systems, and integrate a turbo with EFI or carbureted engine.

Toyota Hilux

Maximum Boost

Max Ellery. Volume 2 - Diesel vehicle engine repair, maintenance and service manual. Volume 2 features Ford - Maverick 1988-1997, Isuzu - Jackaroo 1992-1996 & Rodeo 1993-1997, Mitsubishi - Triton 1986-1996, Nissan - Cabstar HD40 & F22 1982 on, Navara - Patrol Y60 TD42 1988 on & Urvan E24 TD27 1987-1993, Toyota - Dyna 2L & 3L 1985 on, Hiace 3L & 5L 1988 on, Hilux/4Runner 2L & 3L 1988-1997 & Landcruiser 4.2 1980 on & 3.4 1990 on. This manual covers engine and fuel checks, timing belt replacement, engine tightening torque specifications, fuel system adjustments, fuel pre-heating, fuel system component checks, fuel system electrical circuits, terminal and ECU information, service details, engine diagnosis and trouble-shooting. Step by step instructions with plenty of illustrations and diagrams. Ideal for the DIY or mechanic.

Historic Racing Cars in Australia

Since the first model in 1948 Holden has transcended the bounds of being a product or a brand. This year Holden celebrates 60 years of the best selling Aussie family car of all time and this book looks at what it is like to be a Holden owner.

Hey, Charger

Extracting maximum torque and horsepower from engines is an art as well as a science. David Vizard is an engineer and more aptly an engine building artist who guides the reader through all the aspects of power production and high-performance engine building. His proven high-performance engine building methods and techniques are revealed in this all-new edition of How to Build Horsepower. Vizard goes into extreme depth and detail for drawing maximum performance from any automotive engine. The production of power is covered from the most logical point from the air entering the engine all the way to spent gasses leaving through the exhaust. Explained is how to optimize all the components in between, such as selecting heads for maximum flow or port heads for superior power output, ideal valvetrain components, realizing the ideal rocker arm ratios for a particular application, secrets for selecting the best cam, and giving unique insight into all facets of cam performance. In addition, he covers how to select and setup superchargers, nitrous oxide, ignition and other vital aspects of high-performance engine building.

The Book of the Standard Motor Company

Krause Publications' Standard Catalog series is available by specific marque, in individual volumes or a set. Each book contains in-depth profiles of specific makes by model, factory photos, and up-to-date vehicle pricing. The I-to-conditional pricing system assures readers of accurate values, whether a vehicle is a #1 low-mileage, rust-free beauty or a #6 parts-only heap. "Techs & specs", original factory prices, production and serial numbers, and engine/chassis codes are noted by model, thus helping you determine authenticity accuracy. Historical, technical and pricing information are combined from hundreds of sources. James Flammang values each model according to the popular 1-6 grading system invented by Old Cars magazine.

Measures for Research and Evaluation in the English Language Arts

The engaging story of Fred Opert, whose brief time in a New York jail led him into a roller-coaster life of automobiles and motorsport. The author takes you into Opert's world of spotting talent in both drivers and crew members: 20 future F1 drivers who drove for Opert on their way to F1, and future team owners like Barry Green and Dick Bennetts of WSR who cut their teeth with Opert. Read their stories and the adventures they had with this larger than life character, through to the tribulations of managing the ATS F1 team. Then the tragedy that turned him away from the sport after he was lured back to run a team, only to have his driver and friend, Olivier Chandon, killed during testing. Peter Hill met Fred Opert in the 1970s during Opert's championship winning years with Keke Rosberg. He has interviewed at length most of Opert's drivers, including Keke Rosberg, Alan Jones, Brian Redman and Bobby Rahal. He has written this biography with the co-operation of Opert's family, friends and ex-employees.

Diesel Maintenance, Tune-Up and Engine Management

Automotive Bodywork and Rust Repair

Standard Catalog of Imported Cars, 1946-1990

The Torana has captured the hearts and minds of Holden enthusiasts for the past 40 years. Written over 20 months, the book contains insights of the designers and engineers who built both the production Toranas (HB . UC) and still born Torana GTR-X. Specific chapters cover the LC XU-1, LJ XU-1, LJ V8 XU-1, L34 and A9X.

A Forest of Tigers

Hillier's Fundamentals of Motor Vehicle Technology

Starting with the original Standard prototype of 1903, this book covers the scores of Standard models built until the brand was discontinued in 1963 (Britain) and 1987 (India). It also covers the Ferguson tractor involvement, millitary aero-engine manufacture, military aircraft manufacturer (including Beaufighter and Mosquito

fighter-bombers), Rolls-Royce Avon turbo-jet military engine manufacture, and Triumph cars.
