THE GREATEST BOXING COACH IN HISTORY 'The Cus D'Amato Mind' teaches the principles and philosophies of the great trainer D'Amato, which took young boys such as Mike Tyson and Floyd Patterson to the heavyweight championship in a few short years. THE MAN WHO MADE MIKE TYSON In 1980, a young Mike Tyson was in the Tryon school for juvenile delinquents. By the age of 13, Mike had already been arrested dozens of times, had suffered bullying, and often engaged in criminal activities like armed robbery and house burglary. He was heading down a certain path to death or a life of prison. Fast forward six years later, and Mike Tyson had become the youngest heavyweight champion at 20 years old, after destructively crafting a route to the top. What had happened? How could such a change happen in such a short space of time? The answer is Cus D'Amato. The great boxing coach Cus D'Amato was a revolutionist. He was a modern-day philosopher. He was a leader who changed the lives of those he helped. Cus would literally take juvenile kids of the street, and house them in his fourteen-room mansion. Impressively, he was able to instill them with the character of champions, so they would be able to go out and conquer the world, whether they were fighters or not. Cus D'Amato created champions. LEARN HIS SECRETS In this book, we break down the mental strategies that any fighter (or anyone) can use in order to excel towards greatness. Fighters all over the world are able to acquire trainers that can teach technique. But they are unable to find teachers, like the Cus D'Amato's and the Angelo

Dundee's, who can instill them with charismatic confidence, and help them deal with anxiety and fear before matches. The book consists of five sections. Each section is designed to empower you in a different area. The five sections are: * Character * Fear * Anxiety * Resistance * Leadership Without knowing what makes a champion, and how you can become one too, you will never be able to achieve it. After learning what makes 'The Cus D'Amato Mind', you will be more charismatic, confident, with a greater sense of control over your path to boxing greatness.

Car Audio For Dummies

Phil Edmonston, Canada's automotive "Dr. Phil," pulls no punches. He says there's never been a better time to buy a new car or truck, thanks to a stronger Canadian dollar and an auto industry offering reduced prices, more cash rebates, low financing rates, bargain leases, and free auto maintenance programs. In this all-new guide he says: Audis are beautiful to behold but hell to own (biodegradable transmissions, "rodent snack" wiring, and mind-boggling depreciation) Many 2011-12 automobiles have "chin-to-chest head restraints, blinding dash reflections, and dash gauges that can't be seen in sunlight, not to mention painful wind-tunnel roar if the rear windows are opened while underway) Ethanol and hybrid fuel-saving claims have more in common with Harry Potter than the Society of Automotive
