### **The Survival Home Manual**

This publication summarizes current information on heating, cooling, and ventilation systems used in low-rise residential buildings with regards to their effect on indoor air quality. An introductory section provides background on the house as a system as applied to heating & ventilation. Subsequent sections cover space heating & cooling and water heating equipment, ventilation & air filtration principles, heating & ventilation system retrofits, filtration & air cleaning systems, and water treatment systems. The generic product or equipment reports provided in these sections give information on such aspects as common product names, typical applications, installation considerations, health issues, typical maintenance requirements & operating costs, and sources of the product. A discussion focussed on the specific needs of the environmentally sensitive is presented at the end of each section. Appendices contain lists of equipment suppliers, indexed by both type of equipment and by supplier.

Jill Winger, creator of the award-winning blog The Prairie Homestead, introduces her debut The Prairie Homestead Cookbook, including 100+ delicious, wholesome recipes made with fresh ingredients to bring the flavors and spirit of homestead cooking to any kitchen table. With a foreword by bestselling author Joel Salatin The Pioneer Woman Cooks meets 100 Days of Real Food, on the Wyoming prairie. While Jill produces much of her own food on her Wyoming ranch, you don't have to grow all—or even any—of your own food to cook and eat like a homesteader. Jill teaches people how to make delicious traditional American comfort food recipes with whole ingredients and shows that you don't have to use obscure items to enjoy this lifestyle. And as a busy mother of three, Jill knows how to make recipes easy and delicious for all ages. "Jill takes you on an insightful and delicious journey of becoming a homesteader. This book is packed with so much easy to follow, practical, hands-on information about steps you can take towards integrating homesteading into your life. It is packed full of exciting and mouth-watering recipes and heartwarming stories of her unique adventure into homesteading. These recipes are ones I know I will be using regularly in my kitchen." - Eve Kilcher

These 109 recipes include her family's favorites, with maple-glazed pork chops, butternut Alfredo pasta, and browned butter skillet corn. Jill also shares 17 bonus recipes for homemade sauces, salt rubs, sour cream, and the like—staples that many people are surprised to learn you can make yourself. Beyond these recipes, The Prairie Homestead Cookbook shares the tools and tips Jill has learned from life on the homestead, like how to churn your own butter, feed a family on a budget,

### **Home Improvements Manual**

Guide for builders on practical steps which can be taken to improve energy efficiency in new housing, including planning, designing and building. The guide provides advice on energy efficient techniques suitable for low-rise housing such as singles, semis and duplexes, row housing, and walk-up three-storey apartments. Provisions of the 1983 Ontario Building Code were taken as the basis upon which to develop and evaluate improvements. Detailed instructions on air infiltration, air changes and moisture, the building shell, space heating and cooling systems, domestic hot water heating, lighting and appliances, energy efficiency in the complete dwelling, and marketing energy conservation features in new housing are included.

There cannot be a hunter and angler who has not, at some time or other, daydreamed about building his or her own camp. Hunting & Fishing Camp Builder's Guide provides the concepts, plans, and know-how to turn a daydream into a reality. Monte Burch applies decades of how-to skills to describe the "ins and outs" of design and construction. From the cabin to the furniture inside, you can do it all yourself and create the camp or lodge of your dreams.

### **Off the Grid**

Multistate Guide to Sales and Use Taxation: Construction provides guidance to construction contractors for dealing with the difficult sales and use tax issues inherent in their businesses, particularly if they operate in several states. In addition to the usual problems in complying with different bodies of law, administering a hodge-podge of state and local tax rates, and dealing with a variety of tax agency audit programs, the contract process and insufficient recordkeeping further complicate an already complicated task.
